

Chapter 9

In the luxurious private room, five naked men were surrounding a delicate woman in the middle. They kept sneering and touching her.

When the door opened, because of the angle, no one saw the girl's face. The first thing they saw was her naked white back.

However, because it had been ravaged by the five middle-aged men before, the skin on her back, which should have been very delicate, was now full of scratches and bite marks, which made people blush.

Apparently, the girl was tortured. As soon as the door was opened, her pitiful cries were heard.

Seeing this scene, all the guests standing at the door were shocked. Some of them even dropped their glasses to the ground as if they couldn't believe their eyes.

Standing in the front, Mr. Su and Wang Suping were also stunned.

However, unlike Mr. Su's unbelievable expression, Wang Suping put on a cold smile secretly.

All in all, all of this was part of her plan. Now that she saw how the little b*stard, Su Yan was ruined by the five men she arranged, she was too happy!

However, on the surface, she could not put her happiness on the table openly.

So in the shortest time, Wang Suping had already put on a fake expression, and deliberately shouted with a pale face, "What's going on? Su Yan, why are you doing such a thing with these five men in the room?"

"Mom, help me!" A shrill female scream sounded the next moment, interrupting Wang Suping's next move to call the security guards.

The moment Wang Suping heard the scream, she suddenly started to shout.

Because the voice that called her "mother" was too familiar!

It even sounded like...

Wang Suping turned her head in disbelief and looked at the girl who was tortured by the five men. At the same time, because of the appearance of many people, the men also stopped their original movements. They covered their key parts and looked for the clothes they had taken off before.

So, the face of the girl in the middle was exposed in front of everyone!

To everyone's surprise, this girl was not Su Yan, who Wang Suping had said before that she should be in the room. Instead, she was the eldest daughter of the Su family as well as the most popular young star in the entertainment industry, Su Zhile!

"Oh my god, it's so shocking. I didn't expect this little girl who always looks obedient and gentle had such a habit!"

"That's right! There are five men! I'm scared to death just by looking at them!"

"No wonder Su Zhile went to the entertainment circle despite being a lady of a wealthy family. I guess her private life is too messy, so she wanted to enter the entertainment circle. All in all, everyone knows that the entertainment circle is the most chaotic place!"

"Oh my god, your words remind me. Isn't the director of the TV series played by Su Zhile an old man? She didn't use her body to exchange the female lead's position, did she?"

"It's possible! Wang Suping used to brag to us that her daughter had a strong ability, but now I think... Like mother, like daughter. I don't think Wang Suping is a good person too!"

The crowd was whispering.
