

Dragon Husband

1066-1070

Chapter 1066 Blood and Light Disaster!

"Mom! What are you going to do!" Xiao Haitang suddenly asked with an ominous premonition in her heart.

Lan Feng'er did not answer directly, but suddenly gently took off Xiao Wangqing behind him and hugged her in his arms.

Xiao Wangqing slept in a daze, instinctively hugged Lan Feng'er with her hands.

Lan Feng'er's heart hurt, so she didn't dare to look at Xiao Wangqing.

She stared at Master Hu Bing suddenly and sternly shouted: "Master Hu Bing! I know what you are looking for when you come down this time!"

Master Hu Bing looked cold, and said cruelly: "I know, so what!"

"But! Do you really think that the refuge spring water is a stream of spring water? Do you really think that the refuge spring water is in that blood pool? Hahaha!" Lan Feng'er suddenly laughed.

With laughter, everyone got goose bumps all over.

Hu Bingshi frowned!

The reason why he knew this was because others had told him.

Is the information wrong?

Since Lan Feng'er knew that he had taken refuge in spring water and had been in this place for several years, it must be clearer.

Is it really as Lan Fenger said?

The refuge spring is not spring water, nor is it in the blood pool?

"Then you are going to talk about it! What is the refuge spring water! Where is it!" Master Hu Bing asked sharply.

A smile appeared at the corner of Lan Feng'er's mouth, as if he had already thought about it, and said, "Converting to spring water is not spring water, but a bloodline!"

This sentence made many people exclaimed!

what!

Refuge in spring water, it is not spring water!

It's blood!

There is such a weird thing in the world!

“Don’t you talk nonsense to me here to delay time! Believe it or not, I will kill you right away!” Hu Bingshi’s body was steaming.

Lan Fenger did not hesitate to threaten Master Hu Bing, and continued: “Hoho, do you know the origin of this group of people? You only know that they were once the servants of your Gu Yue Hu family? Ridiculous, you are simply It’s so ignorant!”

Being laughed at by Lan Feng’er for ignorance in public made Hu Bingshi’s expression even more ugly!

However, he insisted on holding back this murderous intent, because he wanted to know what secret Lan Fenger would tell!

“You can tell me clearly!” Hu Bingshi said coldly.

Lan Feng’er looked at the dull and weak group of people behind him, and said softly: “They, they are not ordinary servants. They have a lot of history. They are all from the blood-forgotten race!”

Forget the blood!

As soon as these four words came out, the people of Gu Yuehu’s family shouted out in unison!

“How is this possible! Fart!”

“Ho ho, of course you don’t believe it, you can’t believe it at all, let alone believe it with dignity! After all, they are the real masters of the Gu Yue Hu family!” Lan Feng’er directly revealed this shocking secret!

The faces of Gu Yuehu’s family all changed!

Lan Fenger was wrong!

This is the greatest secret of Gu Yue Hu’s family!

Forgetting blood, what a terrifying and powerful existence it was!

At first, it was not called the Wangxue clan, but the Wangxue clan!

The name comes from a line of poem, Wang Dichun cares the cuckoo in his heart.

And the cuckoo, crying blood!

With the blood secret technique, the blood-seeking clan is rampant in the world!

At that time, the Gu Yue Hu family was their servant, even in a lower status.

The Wangxue clan dismissed the Gu Yuehu family at all.

Back then, the first generation of the Gu Yue Hu family took advantage of the hundred-year catastrophe of the Wangxue clan, and took advantage of the chaos to destroy the secret blood dependence of the Wangxue clan for survival.

Then the dove occupied the magpie's nest and oppressed the head of the blood watching!

However, they were still jealous of the name of the Wangxue clan, and in order to deceive themselves, they concealed their ears and stolen the bells and changed the name of this clan to the Wangxue clan.

Because of the destruction of the foundation and the death of many masters in the calamity, the Wangxue clan let the people of Gu Yuehu's family follow.

Since then, the exchange of master and servant status has continued to this day.

The world has gradually forgotten the origin of the Forgotten Blood.

The reason why the Gu Yue Hu family hates these people so much is because of inferiority from the bottom of my heart!

The blood of the Gu Yue Hu family is the real slave blood!

They are afraid that the Forgetful Blood family will make a comeback one day after they escaped.

Therefore, Master Hu Bing said that he must eradicate the Forgetting Blood.

This kind of past secrets, or shameful secrets, was told by Lan Feng'er, Gu Yue Hu's face was ugly!

Hu Bingshi even ordered to kill in his heart!

Everyone here today is going to die!

Anyone who knows this secret should die!

However, Hu Bingshi didn't know why Lan Fenger had to talk about this.

Sure enough, Lan Feng'er continued to smile: "So, who is the master and who is the slave! Whoever is born is cheap! Everyone has their own destiny! And, you really think that the one who forgets the blood will never Has it fallen? Hoho, so naive! Really naive! Do you know why the realm of these villagers has improved so quickly in recent years?"

This question made the people of Gu Yuehu's family stunned!

They showed incredible expressions!

Could it be!

Back then, the people of the Gu Yue Hu family destroyed the secret blood dependence of the Forgetting Blood!

Without such a secret blood dependence, the people of the Forget-blood clan can only survive generations.

Even in this generation, they have almost become ordinary people.

In other words, ordinary people are not as good.

The physique is extremely poor!

After being said by Lan Feng'er, the people of Gu Yue Hu's family had only one idea!

Could it be that the secret blood dependence of the Forgotten Blood clan has appeared again!

Only this one is possible!

Let the Forgetting Blood Clan rejuvenate!

Responding to everyone's suspicions, Lan Feng'er smiled and said: "You have been investigating, right? There has been a bloody sky every night in the forbidden mountain for the past few years? Did the investigation reveal anything?"

This sentence was once again for Gu Yuehu's family to drink a head!

They can't find out anything at all!

Later, it was only because the blood blast was harmless to people.

Thinking about it now, the blood is shining into the sky, is it the secret blood dependence of the Forgetting Blood!

The people of Gu Yuehu's family shivered!

If the secret blood dependence of the Forget-Blood clan really reappears in the world, then the Gu Yue Hu family is definitely a disaster!

"Say! Has the secret blood dependence of the Forgotten Blood Clan reappeared! Where is it! Could it be that you just said, take refuge in the spring water!" Hu Bing couldn't help it anymore and shouted sharply.

But at this time, Lan Fenger suddenly raised Xiao Wangqing, who was sleeping in her arms, with her hands high up in the sky.

There was a hearty laughter!

"You guessed it! Taking refuge in spring water is the bloodline dependency of this generation of Forgotten Blood! And this bloodline dependency is what you see right now!"

"This little girl!"

While talking, Lan Feng'er ran a finger across Xiao Wangqing's arm!

A drop of blood dripped from Xiao Wangqing's arm!

At this moment!

"boom!"

Bloodlight disaster!

Come back to the world!

Chapter 1067: Forget the Blood Clan!

This bloody light carries an extremely strong fragrance of blood!

It actually caused that pool of blood to churn again!

For the first time, everyone felt the disaster of blood and light that appeared every night in the forbidden mountain guarding area so close, and they were all shocked!

What kind of blood dependence is this!

There is such a terrifying power!

A drop of blood!

It will create such a wonder!

What made the Gu Yuehu family feel more shocked is that the blood dependence of this generation of Forgetting Blood actually appeared in a little girl!

Good fortune and tricks, supernatural work!

Mulan and Xiao Haitang watched Xiao Wangqing dripping blood into madness, and their eyes were about to fall to the ground!

This!

It turned out to be Xiao Wangqing's true identity!

However, should Xiao Wangqing be regarded as a little girl, or a tool for the rise of the Wangxue family?

I don't know what Wiliam would think after learning about this?

Mulan couldn't help looking at Wiliam in her arms.

Although Wiliam was in the ice, his eyes were always open.

Obviously heard this thing too.

His eyes are even redder.

Xiao Wangqing's body was bleeding, shaking slightly, her hands tightly holding Lan Feng'er's hand.

This scene made Mulan's heart sore.

In her heart, Xiao Wangqing is a little cute baby who knows nothing.

It is inexcusable to let a little girl bear such a heavy task of revival!

Mulan was also unhappy with Lan Feng'er's move.

But she still endured it.

At this time, a weird scene appeared!

With the emergence of this bloody disaster!

The smell of blood on the scene is more intense.

Those villagers who had fallen to the ground due to their weaknesses seemed to have eaten delicious supplements.

One by one, they stood up slowly.

This scene also made the Gu Yuehu family back a few steps!

The poison on these villagers has been solved!

by!

What kind of baby is this bloody disaster!

This bloodline dependence has such a magical effect!

The people of Gu Yuehu's family turned red to this little girl!

Or, kill her on the spot!

Once again block the blood dependence of the forget-blood clan!

Or, take it away and study it carefully, maybe it can help the Gu Yuehu family take off again!

And Lan Feng'er seemed to know what the Gu Yue Hu family thought, and she sneered, "Ho ho! Do you want to take it away? Now, it's too late! Do you know what I have experienced over the years!"

Lan Feng'er hid here by chance a few years ago in order to escape the killing of Gu Yuehu's family.

In the beginning, she just lived as an outsider.

And she gradually learned the true identities of these villagers.

But everything changed with the appearance of a little girl.

Three years ago, a newborn baby appeared on the edge of the blood pool somehow.

It happened to be picked up by Lan Fenger.

Because Lan Feng'er missed Xiao Haitang, she pinned her motherhood on this little baby.

It is strange to say that the birth of the baby brought disaster to this group at first! These villagers, because of their blood, have worse physique from generation to generation.

This generation has gone to the extreme.

The appearance of the little girl caused some old people in the village to die one after another.

This is something that has never happened.

And more people obviously feel that their physique is weaker.

So they all attributed the sin to this little baby who appeared inexplicably.

They want to kill the baby.

Lan Feng'er refused. During the struggle, the little baby's finger was cut by a knife, and blood flowed out!

Also at that moment!

The disaster of blood and light is officially present!

All the people were so untenable by this bloody light!

Even frightened!

But after the short blood and light disaster, they suddenly felt that their bodies were nourished as never before!

This discovery made everyone ecstatic!

The clever Lan Fenger knew that the appearance of this little baby was probably not accidental at all!

It's a gift from heaven to continue this dying race.

So she made a decisive decision and immediately let the little baby shed a drop of blood for verification.

Everyone believed this verification.

They also knelt on the ground together.

Treat the little babies, including Lan Feng'er, as gods.

Because Lan Feng'er rescued the genocide crisis, he won the trust of the villagers and became the leader of this group.

In the beginning, the villagers tasted the benefits of physical recovery, and wanted to take as much blood as possible from Xiao Wangqing.

But Lan Fenger stopped it.

Lan Feng'er knew the truth of drinking poison to quench thirst.

If this bloodline dependency is a thing, maybe it's okay.

But the bloodline dependency is a person, a living life!

Therefore, Lan Feng'er did a good job of ideological work for everyone, taking a drop of blood every night for everyone to gradually restore their physical vitality.

In this way, it caused the blood and light disaster of guarding the mountain forbidden every night!

And because the baby was taken blood every day, the whole person became confused and extremely lethargic.

Almost all these years have been spent in deep sleep.

Lan Feng'er is well versed in human nature and fears that a baby will be killed by an adulterer when she is sleeping, so she carries the baby on her back every day.

Her waist just collapsed.

This time lasted for more than a year.

Then, the baby learned to speak.

But the first sentence she spoke was not to call her mother.

It's grandma!

Gradually, Lan Fenger felt this little girl weird.

As if some memory was engraved in her head, she actually knew she had a grandma!

Lan Feng'er also began to worry about the little girl and imprisoned her in one place.

I don't know, Xiao Wangqing suddenly woke up some time ago, and then escaped from the cage without knowing what way.

The disaster of blood and light stopped.

At this moment, the villagers were all messed up, hurriedly looking for Xiao Wangqing.

But after all, they were trapped in this ninth valley, and there was no way to find it for a while.

It wasn't until a few days ago that the disaster of blood and light reappeared here, and the villagers did not know that Xiao Wangqing had not run far.

Today, it appeared again.

"I also have hatred in my heart! I hate the Gu Yuehu family! But I also have love in my heart! To my daughter! I will not change the persistence of these simple villagers! So, do you want to take it! It's too late! You guys! Do you think of something!" Lan Feng'er's face showed a wild and painful smile.

Everyone looked at her blankly.

"With a drop of blood every day, the health of the villagers recovers so quickly! And if it is, I will release all the blood of this little girl at once! Villagers, so what! What situation will you face! "

"I'm sorry, baby! I'm sorry to you, and to your grandma."

"Our fate is over."

Lan Feng'er, burst into tears!

"I, Lan Fenger, be a villain today, kill you and let your blood!"

Chapter 1068 Breaking Ice!

People at the scene heard what Lan Feng'er said, not to mention how complicated their expressions were.

The hearts of the Gu Yuehu family all mentioned their throats!

This secret blood dependence, if all released, the strength of the Forgetting Blood clan will soar to what level!

At that time, the Gu Yue Hu family, how could it be the opponent of the Forgetting Blood!

Damn Lan Fenger!

Damn secret blood dependence!

And the people of the Wangxue clan were Xiao Wangqing who looked at Xiao Wangqing who was still sleeping while being held up high in the air.

On their faces, some hope, some can't bear it.

But more, it is helpless.

The tree wants to be quiet but the wind keeps on, probably so.

Perhaps only blood is their eternal support in this life.

However, Mulan and Xiao Haitang shouted together, "No!"

Xiao Haitang almost rushed to her mother's body and shouted sharply: "Mom! No! No! Don't kill Xiao Wangqing!"

They got along with Xiao Wangqing for a few days, and they had already fallen in love with this cute little foodie girl.

And even if there is no such relationship, Xiao Wangqing is a life anyway!

Little Begonia tears.

She just heard Lan Feng'er say to do a bad thing, but she never thought about it!

Killing a little girl in public is simply too sinful.

However, Xiao Haitang understood the dilemma and suffering her mother was facing.

She knows that her mother has always been a kind-hearted person.

Without a last resort, how could she do such an angry thing.

Mother doesn't want to die, mother wants to live with herself.

My mother is now the leader of this group of villagers. She has the obligation to sacrifice personal interests in order to continue the blood of the ethnic group.

Do evil for God!

Hu Bingshi wanted to make his men fight to the death.

But seeing Xiao Haitang come forward, he stopped his men again.

He knew that Lan Feng'er wanted to kill the little girl to get blood, but in a moment, all of them had no time to stop.

And if Xiao Haitang could use the fetters of family affection to make Lan Feng'er give up this move, maybe things could turn around.

"Mom! Let go! Don't kill Xiao Wangqing! She is innocent!" Xiao Haitang still cried out crying.

Looking at Xiao Haitang, Lan Feng'er felt very sad.

But the more reluctant, the more determined her heart.

Just as her hand was about to work hard, Mulan also called out, "Auntie! Do you know the consequences of doing this!"

Mulan reluctantly stood up and shouted sternly: "I know, you are thinking about the lives of this group of people. But have you ever thought about a problem! How can their bodies bear it? I can see that they are extremely weak. Do they have the ability to accept so much blood dependence at once?"

Mulan's words made Lan Feng'er's hand froze.

The situation was critical just now, and she had never thought about it.

Seeing that there was a play, Mulan put the frozen Wiliam on the ground, and continued to walk over and said: "This may make these innocent people soar in a short time. But after a long time? They may accept too much. Bloodline, the body burst and die! At that time, who else can survive? Don't forget, the bloodline of the blood-forgotten family is here, and everyone will be forced to accept the bloodline dependency you released. At that time, even someone If you don't want to accept it, you have to accept it! In this way, wouldn't it really cause the extinction of the race!"

"I know you are thinking about the continuation of their race in the future, but by doing so, you are indirectly helping the people of the Gu Yue Hu family to destroy the Forgetting Blood!"

Mulan spoke fiercely, and tears rolled in her eyes.

These things were temporarily thought of by her to stop Lan Feng'er's crazy actions.

Mulan is just a little woman, so how can she care for her righteousness?

The reason why she didn't want to see Xiao Wangqing die was that of course she had feelings with Xiao Wangqing.

But more importantly, she looked at Wiliam on the ground with her eyes open and unable to move.

Wiliam, whose eyes were red, now tears finally flowed down.

Frozen tears.

Mulan has only one more important idea.

That's why Wiliam and Xiao Wangqing have such a good relationship.

Will Wiliam watch Xiao Wangqing die?

He finally suppressed the evil aura on his body.

What if he falls into madness again because of Xiao Wangqing's death?

Based on this, Mulan hoped that Lan Fenger would do it for himself.

Lan Feng'er's tears burst out!

She suddenly laughed miserably!

She understands the truth!

but!

What can she do if she has a bad life!

What better choice can she have!

She looked at the villagers behind her.

The villagers slowly knelt down towards Lan Feng'er, as if they had a sharp heart.

Bow your head, bow your head.

It was like giving the fate of the entire village, the fate of the entire ethnic group, to this crazy woman.

Lan Feng'er, the tears were even more fierce.

What else can I do?

Would rather fight vigorously for this unyielding life!

Better to die here humiliatingly!

Forgetting blood should have the last blood!

When she thought of this, her eyes were fierce!

Made the final decision!

Her hand wanted to tear it hard!

Tear Xiao Wangqing apart!

Xiao Wangqing obviously felt the pain, and suddenly burst into tears in her sleep!

This cry is like magic!

“boom!”

A crisp crack!

An electric figure suddenly attacked Xiao Wangqing in the air!

This scene is very fast!

Lan Feng'er didn't react at all, Xiao Wangqing had disappeared from her hands.

And everyone looked at that figure, and they were all speechless!

Mulan's tears were more than mad!

The sound of cracking ice!

It's Wiliam!

Wiliam exhausted his last strength and broke out of the ice, capturing Xiao Wangqing!

And because his body was not guarded by the ice, hemorrhage and fog burst into the air!

When the whole person fell to the ground, he was already a blood person.

He used his last strength.

He is like a fish that is glorious in spite of defeat, firmly protecting Xiao Wangqing under him.

After he finished this action, he was completely unconscious!

“Wiliam!”

Mulan flew towards Wiliam!

At the scene, Xiao Wangqing's cries, Mulan's shouts!

Make this world more sad.

Everyone understands the intention of Wiliam's last blog.

But after all, there is not enough power.

In Wiliam's arms, Xiao Wangqing cried heartbreakingly when she saw Wiliam's body covered in blood!

“Dad! Don't die, father! Baby don't want father to die! Dad!”

The cry of Xiao Wangqing moved everyone.

And everyone could tell that Wiliam's life was gradually passing away.

He was hurt too badly.

"Dad! Daddy! You get up! Daddy, do you feel so painful? Is it good for the baby to touch you..."

Xiao Wangqing cried and cried, and suddenly thought of something, she cried out in a milky voice:
"Daddy! Can you drink the baby's blood? Don't leave the baby..."

Chapter 1069 Blood Hate!

Xiao Wangqing's sudden words shocked everyone!

How could she say such a thing?

When everyone was stunned, Xiao Wangqing suddenly bit his arm!

This time, the bite was extremely firm!

Yanhong's blood appeared instantly!

Without hesitation, she brought her arm to Wiliam's mouth!

blood!

drop!

"boom!"

The disaster of blood and light once again appeared on the scene!

And this time!

The disaster of blood and light is violent!

Compared with before, with extremely sad and murderous!

With blood blasting into the sky, a gust of wind suddenly appeared at the scene.

This gang wind overturned all the people around Wiliam.

Mulan was anxious, this sudden change pushed today's event to a completely unpredictable ending!

She said before that the villagers were so weak that they could not accept the excessive blood dependence.

But what about Wiliam!

Wiliam is on the verge of death!

Can he accept it!

What made her even more disturbed was that Wiliam was not a member of the blood-forgetting clan at all!

He just accepts the secret blood dependence, will he be rejected!

Mulan was so anxious that she wanted to rush over again, but found that the wind was so fierce that she couldn't get close at all!

Everyone just stared blankly at the scene that suddenly appeared on the scene.

Especially those of Lan Feng'er and Wangxue.

Lan Feng'er murmured to herself, "It's over, this is all over, this kid is dead."

"Mom! What's going on! What will happen to Wiliam!" Xiao Haitang shouted anxiously.

"This kid is not a member of the Forgotten Blood Clan. To accept the Secret Blood Dependence is simply looking for a dead end. If the Forgetting Blood Clan's Secret Blood Dependence can be used by others, it would have been plundered long ago..." Lan Feng'er was tearful Said.

Xiao Haitang sat on the ground all over, lost in consciousness.

Wiliam, did it really die like this?

At the scene, Xiao Wangqing was like a ignorant doll.

With the most instinctive mind, she kept crossing the blood in her hand to Wiliam's mouth.

She even saw that Wiliam was still awake, and bit her other hand, and put it together on Wiliam's mouth.

Xiao Wangqing's blood is very strange. Once it flows out, if there is no external force to stop it, it will not stop by itself.

Therefore, a steady stream of blood flowed into Wiliam's mouth, and the blood and light disaster caused by this has never stopped!

This world seems to be completely illuminated by blood, killing wildly!

Everyone wants to stop, but they can't stop it.

In the end, they could only be forced to retreat continuously by the disaster of blood and light.

"Xiao Wangqing! Don't feed Wiliam anymore! He will die!" Mulan shouted heartbreakingly.

But how could Xiao Wangqing hear it.

With the loss of too much blood, her face became paler and paler.

But a pair of dark eyes became dull.

She muttered to herself: "Dad, why are you still awake, Dad, why are you still not good? Is the baby's blood not good?"

“But the baby obviously feels that everyone likes to drink the baby’s blood.”

Blood is flowing like a shot!

That pool of blood seemed to be completely boiling!

Like a volcano, it is constantly splashing!

Everyone looked at this scene, only feeling that there was something to come out of their hearts!

Killing intent, angry!

All kinds of negative emotions become more and more serious as the fragrance of blood overflows!

Everyone’s faces became extremely red, and their eyes turned red.

“Really! Kill me! Kill me! Kill me all!” Hu Bingshi suddenly ordered as if he couldn’t restrain his intent to kill for the first time!

The people around him, following this order, rushed out together!

And Lan Feng’er’s eyes became sullen!

No fight at this time!

When will you wait more!

She saw it!

Seeing this strong fragrance of blood, all the bloodliness of the Forget-Blood Clan returned!

Speaking of which, I really want to thank that kid Wiliam!

Although Xiao Wangqing’s blood does not have the strength to directly become the Wangxue clan.

However, her blood ignited the blood of the Forgetting Blood!

In the traditional blood training of the Forget-blood clan, there is an exciting factor in this kind of blood.

Now that Wiliam died, he maximized this factor!

That’s it!

Kill him in the dark!

“Kill!” Lan Fenger shouted violently!

The villagers also rushed out!

Mulan grabbed Guo Wuji and Xiao Wangqing and hid in the back.

They are only concerned about the life and death of one person.

This battle has nothing to do with them.

The strength of the Wangxue clan has actually returned to its strongest period.

They are at odds with the current Gu Yuehu family.

Lan Fenger's body rickets, like a ghost, raging on the scene.

If she doesn't have any hate in her heart, who will believe it!

She is the person with the strongest hatred in the field!

What did she do wrong!

She was forcibly possessed by an evil man!

And pregnant with flesh and blood!

Because she couldn't bear it, she gave birth to Xiao Haitang in private.

And this is the beginning of her nightmare!

After all, where did she go wrong!

Why be so bullied!

Then today, let these hatreds go free!

I'm wronged!

Indebted!

Her eyes stared at someone suddenly!

Master Hu Bing!

She rushed towards Hu Bingshi!

But Master Hu Bing also had murderous intent on his face at the moment. Seeing Lan Feng'er rushing over, he shouted, "You are looking for death!"

He also rushed over!

More than a hundred people on the scene, all fighting together!

Howl!

Shout!

Vent!

Unstoppable!

Scarlet, completely enveloped the sky!

The people of the Forget-Blood clan got red eyes.

But when they are weak, they are weak, and they don't have any weapons to take advantage of them.

But the Gu Yue Hu family held sharp weapons one by one.

In a short while, more than a dozen villagers fell on the scene.

Their blood penetrated into this land, and the land became darker.

Xiao Haitang watched this scene with tears raining!

Who will stop this!

The people of Gu Yuehu's family are completely crazy!

At this time, everyone noticed that the blood light seemed to gradually weaken.

The smell of blood overflowed at the scene, and it also weakened.

When Master Hu Bing saw this, he shouted excitedly: "Okay! That kid must be dead! The blood smell weakens, and the blood nature of these people will be suppressed again. This is a great time for us to fight back!"

Sure enough, as Master Hu Bing said, as the fragrance of blood diminished, the villagers gradually recovered their consciousness.

Some of them shuddered, and they squatted directly on the ground, regaining their previous solitary appearance.

The loss of blood for several generations can be forcibly restored in a moment.

When Lan Feng'er saw the villagers put down their resistance, they were slaughtered wantonly, and their eyes were cracked!

"No! No! Get up! Do you want to die like that! Get up!"

But the villagers turned a deaf ear, their bodies trembling constantly.

Just when the villagers were helpless, Lan Feng'er was anxious, and the people of Gu Yuehu's family were rampant, there was a sudden "boom" at the scene!

Like, something is full.

Had a full hiccup!

Chapter 1070 Black Eye!

"Boom!"

The voice sounded again.

As if there was magic power, everyone stopped the killing at the same time!

They all looked in one direction.

The gang wind around Wiliam had completely disappeared.

“Boom!”

The voice came from Wiliam’s body!

What sound is this, it makes people stand upside down!

Wiliam, the man is still lying on the ground.

However, his heart is still beating!

“Boom!”

Every time it beats, it’s like something is squeezed into his body!

“Boom!”

This kind of voice is getting clearer and stronger!

It seems that this world is the heart of Wiliam!

Mulan was ecstatic when she saw this scene, “Wiliam! He is dead!”

Everyone’s mouths are wide open!

Wiliam is dead like this!

Lan Feng’er stared at Wiliam closely, her eyes became very strange.

Why is he dead?

Is it an illusion?

Wiliam’s body suddenly moved.

Even Xiao Wangqing, who fell on her body, moved.

Wiliam was slowly getting up.

Like an evil spirit, awakened again and descended into the world!

He stood up!

And Xiao Wangqing, eyes closed, but climbed onto Wiliam’s shoulders!

She just stood on Wiliam's shoulders.

These two people, one big and one small, stood quietly stacking Arhats at this moment.

This scene made everyone get goosebumps!

What happened to Wiliam!

What happened to Xiao Wangqing!

Why is there such a weird picture!

When everyone was stunned, Wiliam suddenly opened his eyes!

"bass!"

Binocular, like a sharp blade out of its sheath!

Cold light suddenly appeared!

Seeing Wiliam's eyes, everyone exclaimed!

Wiliam's eyes turned out to be exactly the same as Xiao Wangqing before!

I have no eyesight at all!

The rest is endless darkness!

This pair of eyes, like a huge abyss, will pull all the people staring into him!

Mulan looked at Wiliam in amazement, covering her mouth for a moment.

And at this time, a vast aura suddenly grew crazily in Wiliam's body!

"boom!"

The black and red gas stirred the audience!

Everyone, regardless of the enemy and me, stepped back several steps in this powerful atmosphere!

too strong!

It's too strong!

What happened to this kid!

Why is it so powerful in an instant!

Before everyone could besiege him.

But now, they have a feeling in their hearts!

fundamental!

Can't be siege!

How many people are there, how many people die!

This kind of weird psychology was born in the hearts of the Gu Yuehu family, and they took a few steps back again.

And Wiliam and Xiao Wangqing, just one big and one small, slowly walked towards the Gu Yuehu family.

"Boom! Boom! Boom!"

Every sound of Wiliam's footsteps seemed to slam on their throats, making it hard to breathe!

Lan Feng'er was really shocked at the moment!

Wiliam is really dead!

He is not a member of the Forget-Blood Clan, and he can accept Xiao Wangqing's secret blood dependence!
what on earth is it!

Although Wiliam's current strong aura was only improved for a while because of the secret blood dependence.

But it's already incredible!

What kind of identity is this kid!

What connection does he have with the Wangxue clan!

"Wiliam! Wiliam! Can you hear me?" Mulan shouted nervously.

However, Wiliam didn't answer at all, as if he couldn't hear him at all.

She trembled and shouted again: "Xiao Wangqing, can you hear me?"

Xiao Wangqing closed her eyes tightly and stood on Wiliam's shoulders like this. As Wiliam walked, her body didn't even shake or sway, and she was even more strange.

There was an ominous premonition in Mulan's heart.

That's it, this time Wiliam seemed to be really instigated.

Is Wiliam in a demon?

Wiliam didn't even know this.

He had seen Xiao Wangqing be killed before, so he tried his last breath to protect Xiao Wangqing.

When he was about to faint, he suddenly felt a warm current pouring into his body from his mouth.

He is like a blood-thirsty child, grabbing the last straw.

He sucked frantically.

At that time, his sanity gradually recovered.

His consciousness thought that he felt this way in his body when he was in Eternal Distress.

Could it be that Xiao Wangqing, the child, secretly gave him blood?

Thinking of this, Wiliam loves Xiao Wangqing even more.

And Wiliam heard what Lan Feng'er said before, and he thought he was going to die.

However, he found that his body could draw Xiao Wangqing's blood well, and he was not subject to any rejection.

Wiliam remembered instantly that he had lived and died with the villagers of Lantern Village, and his blood had already mutated in the blood pool of Lantern Village, and he had melted into the blood of the Wangxue clan.

And he also accepted the blood jade gift from the head of Lantern Village, and the blood was further melted.

Therefore, it is also reasonable for him not to be rejected by Xiao Wangqing's blood dependence.

Even Wiliam thought that when he first met Xiao Wangqing, Xiao Wangqing had said that Wiliam smelled very good.

At that time, Wiliam thought it was the smell of Snake Grass Mother Root.

But Xiao Wangqing said no.

Thinking about it now, it should be because of the smell of the blood pond of Lantern Village on his body, and the blood jade that brought a kind of aroma to his body.

This fragrance attracted Xiao Wangqing and made Xiao Wangqing feel more cordial.

This is also the reason why Xiao Wangqing is afraid of other people and only depends on herself.

After Wiliam wanted to understand this, he relaxed.

But later, something happened that Wiliam couldn't control.

Although Wiliam woke up, he couldn't move.

Xiao Wangqing is still constantly transfusing blood.

As Xiao Wangqing's blood became more and more in his body, Wiliam's head bounced and he completely lost consciousness.

He seemed to be completely integrated with Xiao Wangqing.

As Wiliam walked over step by step, a cold evil spirit swept the audience.

Master Hu Bing couldn't help backing back to everyone, and shouted: "You guys, don't hurry up! Kill this kid for me!"

However, without a fight, the courage is already cold!

Wiliam, who is like a devil like this, who else would dare to fight head-on with him!

Wiliam was already standing in front of this group of people, without doing anything, just standing blankly.

In the end, one person couldn't stand Wiliam's extremely strange black eyes. With a loud shout, the knife in his hand slashed towards Wiliam's neck!

Wiliam didn't move half of his body.

Only when the knife fell, his neck moved slightly.

Coincidentally and accidentally escaped the knife.

Take a stroll in the courtyard.

The man stepped forward again, but Wiliam suddenly stretched out a hand and directly pinched his throat!

“哐啷!”

There is no resistance!

And Wiliam dropped the corpse of this person casually, and suddenly made a single move!

A person uttered a scream!

The long live red lotus scattered with the landing leaves before him!

However, he was summoned back by Wiliam!

The silver needle pierced this person with blood!

Then fly high in the sky, hanging in front of Wiliam!

Everyone saw the silver needle clearly and screamed again!

Silver Needle is no longer like before, flashing red light!

Instead, it became extremely dark!

Black Flowers!

Silver Needle!
