

Dragon Husband

1201-1220

Chapter 1201

The audience suddenly fell silent!

Everyone stared at Wiliam with wide eyes!

This kid, what did you just say?

He wants to remove everyone from their posts and directly expel more than two hundred people from the Yingwu Palace!

by!

After the reaction came, they almost collapsed!

mad!

Crazy lawless!

Does he know how terrifying his first order is?

This is arrogant, self-breaking arm!

Lu Xiaoluan grabbed Wiliam with a rare look of anger, and said to Wiliam: "Hurry up and put this order away from me! Are you crazy! These people are talents that we have finally accumulated, my forefoot Just said, you kick them all out! Do you want to stand here? Do you want to have your own doorman!"

Wiliam smiled without saying a word, looking at the audience in a mess.

His words were enough to shock everyone in the North Lu family!

Also enough to cause turbulence in the entire Fengcheng situation!

Everyone dare not imagine that he would say this sentence and abolish martial arts!

The faces of the three elders also changed.

Wiliam's approach completely disrupted their thinking!

Originally, the three elders ignited secretly, trying to make the people of the Medical Martial Hall trouble Wiliam.

They also knew that Wiliam was very smart and should have a way to deal with the situation.

Therefore, the most inferior ending is for Wiliam Xu to benefit, temporarily comforting these people.

But in the long run, the little stumbling inside is inevitable.

And the most ideal ending is that Wiliam can't comfort these people, and then these people will apply to leave the Medical Martial Palace in accordance with the rules of the North Lu family and transfer to other temples.

At that time, the Palace of Medical Martial Arts can be said to exist in name only, even if this kid is in control, he can't make any waves.

All this is what they thought.

It's just that they never thought that Wiliam would do the opposite!

Unexpectedly, they didn't appease them, and they were driven out of the Palace of Medical Martial Arts.

Although the ending is the same as the medical martial arts hall is in name only.

But there is a lot of attention inside.

If it is the passion of the group, leaving the Medical Martial Palace in anger, this can greatly defeat the bravery of this kid and make him faceless.

But now, Wiliam turned passive to active, and directly expelled everyone from the Palace of Medical Martial Arts!

It was jaw-dropping!

Those who were frustrated were those in the Hall of Medical Martial Arts!

There was a trace of anxiety in the great elder's heart, looking at the people in the Medical Martial Hall.

Most people are still angry, but a small number of people are already regretting it.

They finally joined the North Lu Family's Medical Martial Arts Hall. This is a lifetime honor.

Now, the four elders said they would be expelled!

It is equivalent to cutting off their future with a single blow!

With the great backer of the Medical Martial Arts Hall, where do they go from now on?

The great elder looked at these people's complexions, and suddenly he shook his heart, thinking of a more terrifying ending!

If these people took the initiative to choose the other two temples, then they would completely have the initiative, and they would be able to bring these people under their command, which would frustrate this kid's spirit.

But now, Wiliam expelled them directly!

How do the other two halls receive?

Behind them, the rules of procedure of the North Lu family were engraved on more than a dozen stone slabs for everyone to learn.

In the rules of procedure, it is clearly stated that the three hall masters have the right to expel peripheral disciples directly from the North Lu family without the consent of others!

This is an indisputable rule!

Originally, there was nothing like this rule. After all, the grand master, expelling one or two peripheral disciples, what a big deal!

However, the rules of procedure were not written, and it was impossible to expel all the peripheral disciples of the entire Medical Martial Palace.

Nothing is forbidden!

Therefore, what Wiliam did was in line with the rules of procedure of the Lu family in North!

This kid is so cruel!

Grasping this loophole and infinitely magnifying the effectiveness of this rule is simply frightening!

Watching the elder staring blankly at the rules of procedure behind him, the caring person also looked over.

From this look, someone quickly understood how ruthless Wiliam's hand was!

"Damn! If we were driven out by him, we would really not be able to stay at North Lu's house, let alone join the other two halls!"

"It's over, it's over! This kid is so ruthless! He was one step ahead of us!"

"No! I don't want it, I have a family to support! I am wrong, the four elders, I am wrong, please let me go!"

Soon someone knelt down towards Wiliam.

This kneeling, countless people followed suit, kneeling together!

The fact is before their eyes, as the order given by the master of the palace, they are not qualified to join the other two halls!

Only a dozen people from Lujiamen, as well as people from the other two halls, stared blankly at this sudden scene.

From the bottomless abyss to a strong counter-kill, what did Wiliam do?

Only caught a loophole, said a word, and issued an order!

Easily, turn defeat into victory!

Seeing Wiliam with his usual complexion, everyone felt hairy!

This was the first time they saw Wiliam like this!

Strong means!

Wisdom change! state!

The desperation created by their family's strength made this kid break with a word!

The three elders saw that the situation was beyond their control now, and a trace of despair emerged in their hearts.

This time, it failed completely.

Damn Lu Family Rules!

When the ancestors set the rules, how could they have imagined that a few hundred years later, a young man who was so arrogant would expel all his disciples without breaking the ban!

The methods are cruel!

However, the great elder really began to admire Wiliam!

He has been watching him act since Wiliam went to the Lu family.

A blockbuster at the Youth Medical Association, medical and martial arts fellow practitioners, Qi Dao peak!

He was born as a dark horse and scored an unprecedented three-percent perfect score, still to humiliate the results of the Lu family after deliberately releasing the water!

Then, when dealing with the conspiracy of the Chen family of Liehan, he demonstrated his unparalleled medical skills and his terrifying connections!

The October deadlock in the North Lu family was broken in one fell swoop!

Just now, he called the Patriarch of the Liehan Chen family by one phone call.

Now another sentence brings the situation back to life!

No matter what, can ordinary people do it?

If you can do one of them, you will be shocked!

And Wiliam, effortlessly!

This kid's hole cards are simply unfathomable!

He has the strength, and his contacts are well connected!

Is it wrong to target him all the time?

Do you want to try to win him over and really use it for the Lu family?

It's better than every time you deal with him, he will kill him so much!

Thinking of this, the great elder was determined, and Lanxess said: "Since you have the intention of repentance, I think the four elders will definitely be magnanimous..."

“Hold on!” Wiliam interrupted the elder, and suddenly smiled coldly, “Legacy is the business of your three elders. The decision I made by Wiliam...”

“There is no reason to take it back!”

Chapter 1202

“What!” The eyes of the Great Elder were directly rounded!

He never thought that Wiliam would answer like this!

What exactly does Wiliam want to do!

The great elder originally thought that Wiliam’s earth-shattering reversal was meant to bring about such a satisfactory ending before him!

Taking advantage of these peripheral disciples to subdue, he forcefully recruited these people under his command, and forgave them later on not daring to make another mistake.

He has achieved the goal!

But why!

Why not give everyone a step down now!

He doesn’t even give himself a step down!

If you really want to expel these people from the North Lu family, the vitality of the North Lu family will be greatly injured!

“Four elders! Say it again!” The third elders were clearly puzzled by Wiliam’s methods, and shouted sharply.

Lu Xiaoluan grabbed Wiliam and hurriedly roared, “Wiliam, enough! It’s already very good now. If you go down, you really won’t be able to get back the scene!”

Lu Xiaoluan will be scared to death by Wiliam!

When she understood Wiliam’s smashing hand, her hair was horrified!

It turns out that this kid is using the rules reasonably, bold and careful!

Turn the situation around in one fell swoop.

This was originally a great good thing, and it gave Lu Xiaoluan the excitement of being in a desperate situation.

And this again reorganized Lu Xiaoluan’s perception of Wiliam.

Never thought, this kid will continue to do things!

She felt like a desperado was walking a tightrope next to Wiliam.

Whenever it will fall to pieces!

"Have you heard?" Wiliam asked indifferently.

No one can hear it!

Everyone does not understand why!

Isn't his purpose to subdue the people in the Doctor Wuying Palace in front of him!

Is it completely destroyed?

When the third elder thought of this, he suddenly shocked!

correct!

That's not it!

This kid came back this time because of impure motives, but to avenge the Lu family!

He is doing this now, isn't he trying to take advantage of his power and power to weaken the strength of the Lu Family in one fell swoop!

His heart is not to subdue these people at all, but to deal with the Lu Family!

If you think about it this way, it makes sense!

The three elders had numb scalp, and quickly pulled the two elders, whispering their thoughts.

And the two elders were called by the three elders, and they also showed incredible expressions.

If this is the case, then this kid's heart is too dirty!

The second elder was not angry, and directly shouted: "Four elders, you can't do this! We absolutely don't allow you to behave like this!"

Wiliam smiled faintly, "Why can't I do this? Intolerance of the law? Or is it incompatible with love?"

Wiliam turned out to be a bit aggressive for a while, "Yu Fa, as the master of the Medical Martial Palace, I have the right to expel peripheral disciples from the Lu family in North. Yu Qing, these people were disrespectful to me at first, and were absent-minded. I, I will drive out the alien, why can't it?"

Wiliam's rhetorical question made the second elders speechless for a while.

The elder looked at Wiliam deeply, and suddenly said: "Wait, this matter is too important, we three elders have to discuss it."

After speaking, he took the two elders to the inner hall.

The elder sighed in the inner hall and said: "We have followed this kid's way again. He has too many eyes to guard against. Now you can tell me, what can I do to stop him?"

The third elder had the most violent temper, and said directly: "He was directly removed from his position as an elder, and he was expelled from the North Lu family, so that he would never suffer from future troubles!"

But the elder shook his head and said, "You, it's still too presumptuous. You don't see what's going on outside? Everyone is staring at me. And you don't even notice a detail. This kid started from one point. At the beginning, we stared at the family rules of our North Lu family, indicating that he was talking about the law. Now we want to remove him from the position of elder, on what basis? This is not tolerated by the law, and we will become Fengcheng It's a laughingstock. So we have to think of a comprehensive plan for this matter."

The three elders scolded angrily: "Well, everything! The three of us don't have half of that kid's brains together! We will be played to death by him."

The two elders stagnated.

Although this is a bit of a hurt to self-esteem, the reality seems to be like this.

Several people thought hard, and finally the elder made a final decision: "I have an expedient plan, listen to it."

The two elders directly pricked their ears.

"That kid did this, although it was reasonable and reasonable, but it weakened our Lu Family's strength after all. Starting from this point, we can do something about it," the elder said.

"What article?" the two asked.

"First of all, we are not qualified to refute him to expel those people. But we can stand from the perspective of thinking about the future of the North Lu family. Since the kid has weakened the strength of the Lu family, we ask him to make up for the weakened strength! If he can't make it up, we have reason not to let him do it." The elder said.

The two elders pondered for a while, what the great elder said was so reluctant.

If Wiliam's kid was bitten to death in one bite, then the elder's method would be no way.

But now they have no other way. They can only nod their heads, "Let's do it."

The three returned to the court again.

The elder general said just now at the scene.

Suddenly, there was a round of applause at the scene, praising the great elders for their understanding of righteousness.

And Wiliam smiled faintly, "How does the great elder's so-called complementing the strength of the Lu Family?"

The Grand Elder looked at the scorching eyes of more than two hundred peripheral disciples at the scene, and said the excuse he had thought up, "They are all the elites of our Medical Martial Arts Hall, and the role of the team is great. So how many people you lose, you will How many people need to be replaced."

Lu Xiaoluan's scalp numb!

by!

This idea was even thought of by the great elder.

The words of the elder continue, "If you can't make up for it, then we will never allow you to expel these people. We will attract them to the other two halls."

There was another cheer at the scene.

The Great Elder gave them the last hope.

The third elder said in a weird way: "Okay, this is the final result of our discussions. Are you not very capable? Then you will fill me up with these strengths within three days, otherwise, everything No talk!"

Lu Xiaoluan suddenly got up again, "Third Elder, isn't it difficult for you to be strong! Three days, where can I make up!"

But Wiliam laughed and said quietly, "It seems that you really took great care of me and gave me water. Hoho, it doesn't take three days, just take your favorite, one hour. "

Wiliam looked around, "In one hour, I will make up for these strengths for you!"

Chapter 1203

Everyone was shocked by Wiliam's words again.

Does he know what he is talking about!

Those who were expelled from the scene were more than two hundred medical and military elites who were snatched from all over the world!

It is already difficult to make up for these strengths in three days.

He even said for an hour!

It's just a idiot dream!

It seems that everyone here is garbage bought in the vegetable market!

The third elder laughed directly, "Four elders, you are afraid that you don't fully understand what I meant with the elders."

He smiled and said: "What we mean by making up the strength is not just going outside and picking up some migrant workers to make up the number."

The corner of Wiliam's mouth twitched, and he asked, "Oh? How do you understand what the three elders said to complement your strength?"

Seeing that Wiliam had understood him wrong, the third elder laughed and said, "Naturally, the overall strength is better than the two hundred peripheral disciples."

"How can you beat them?" Wiliam asked thoroughly.

The third elder continued: "It's easy to handle. Let's just start a melee between the two sides. Click until the end, and the winner will be the winner."

Wiliam smiled, "This method is a good one."

The third elder stared at Wiliam, "So, we give you three days, you can go and recruit talents."

However, Wiliam interrupted the words of the third elder directly, "Didn't I say that it doesn't take three days, it only takes an hour, can't you hear it?"

Eh?

The audience was dumbfounded.

This kid said for an hour before, it can be understood that he didn't know what the three elders meant.

But now that he explained so clearly, he still has to put pressure on himself?

Is he a man or a ghost?

The third elder laughed angrily by Wiliam, "Okay! Okay! Okay! You want to die, no one stops you! Everyone has heard it! It's not that our Lu family didn't give him a chance! It was his own request that only takes an hour. Yes! Don't say we bully people again then!"

The disciples who were expelled by Wiliam looked at Wiliam mockingly, as if they were looking at a fool.

They can't wait for this kid to be ashamed in public!

But there was one person on the scene, and his heart was shocked!

Lu Xiaoluan!

Lu Xiaoluan didn't understand what Wiliam meant at first, and was worried about Wiliam.

But now it only takes an hour to see Wiliam so sure that Lu Xiaoluan's head exploded.

She seemed to understand what Wiliam meant!

I also know what Wiliam is going to do!

In one hour, more than two hundred talents were recruited.

Normal is absolutely impossible.

unless!

Unless Wiliam already has reserves!

And does Wiliam have a reserve!

Lu Xiaoluan's answer is definitely incomparable!

William Sanfan took her to meet their so-called unicorn power twice, aren't those people William's subordinates!

Moreover, Lu Xiaoluan has also seen the strength of those people!

Especially Mulan, Wenrenqingxin, God of Wealth, and Numa are all in the realm of strength!

Moreover, the four of them are all weird, ordinary and small, afraid that they will not be able to cause harm to them at all!

If these people join the Hall of Medical Martial Arts together, what will be the end!
Thinking of this, Lu Xiaoluan's scalp numb!

She was completely frightened by William's bold and reckless stealing!

William is going to pull the entire Qilin power into the Palace of Medical Martial Arts!

From then on, the Palace of Medical Martial Arts will be completely controlled by William!

Even William will build up a powerful force in the Lu Family of North!

Enough to compete with the three elders!

This!

That is William's real purpose!

At first, Lu Xiaoluan, like everyone else, thought that William expelled these people for the purpose of killing chickens and monkeys, making them afraid.

And now, I totally understand.

William didn't need to kill chickens and monkeys.

Because these chickens were useless to William.

What he wanted was to introduce a pack of wolves into the Lu family!

What a terrible William!

Although Lu Xiaoluan understood these ideas of William, he also knew that once William's strategy succeeded, the Lu family in North would completely change the sky.

But she didn't know why, she didn't shake these things out.

It can be regarded as helping William secretly.

She is now very entangled in her heart, afraid that she will sink deeper and deeper.

Although the Great Elder didn't have the same insight into William's strategy like Lu Xiaoluan, but he started to recoil in his heart.

The repeated failures in front of Wiliam caused the elder to be completely confident to follow the kid to counter these tactics.

When he saw that Wiliam was sure that it only took an hour twice, he felt something wrong in his heart.

This kid can't do things with confidence.

Even more will not kill himself, surrendering the position of the elder and the master of the medical martial arts palace that he has finally won.

There is only one answer left.

Wiliam is confident enough to do this!

And where does his heart come from?

The Great Elder has no idea.

He even started to feel annoyed.

The fact that Wiliam was able to agree to the three elders' claims of complementing his strength so quickly showed that he had already thought that the people on his side would make things difficult for him.

in other words!

From the very beginning, Wiliam expelled so many people from North's Lu family, is it just to prepare for the current and even the next?

by!

If this is true, then this kid is too scary.

The next step is a hundred steps!

What is even more terrifying is that if he really does it, the strength that complements it will belong to his own real power!

The elder faintly thought of this, and his scalp was numb.

However, it had already happened, and he had absolutely no reason to go back on the spot.

Because when he said this, he gave hope to countless people on the scene, and those people were thanking him.

Once again, I am not a person inside and outside.

I hope I think too much.

The elder thought tremblingly, and heard Wiliam say: "It's time to start, then you come with me and show you a good show."

With that, Wiliam took Feliicity's hand and walked towards the lobby.

When everyone is unclear, keep up.

Wiliam stood still in the lobby, took a remote control and turned on the TV.

He changed the channel and finally fixed the channel on the local channel of Fengcheng.

Wiliam looked at Feliicity, and Feliicity nodded slightly, as if to say that things are done.

Wiliam smiled slightly, pointed to the TV, and said, "Please watch TV."

On TV, a live interview with the Blood Moon Group by Fengcheng officials is being broadcast.

God of Wealth is talking into the microphone.

At this time, the phone of God of Fortune on the TV rang, and he took it over and took a look.

The next moment, he showed a harmless smile on the TV, and said: "Just now you asked us what the Blood Moon Group plans for in the future. Now I can tell you."

"There are more than 200 core middle and high-level people in the Blood Moon Group. From now on, they will formally join the North Lu Family's medical martial arts palace, under the direct management of Wiliam, the fourth elder of the North Luo Lu Family.

Chapter 1204

The news that God of Wealth burst out suddenly stunned the interviewer.

North Lujia!

Fengcheng super medical martial arts family!

And this newly rising Blood Moon Group actually wants to directly join the North Lu Family!

The hostess didn't know how to answer the conversation.

But the director at the scene was excited.

This is the most exciting content of today's interview!

He yelled to the hostess in the headset: "Hurry up and ask, ask what is going on! Why did you say this suddenly!"

The director's experience over the years told him that this message is enough to detonate the city!

The hostess recovered and continued to ask the question the director just said.

The God of Wealth smiled and said: "I also just received the message that the four elders of the Lu family in North are making up for the strength of the Lu family in accordance with the rules of the Lu family. Therefore, we made this decision temporarily. ."

But the hostess was dumbfounded.

Interview with North Lu's family?

I'm afraid I'm looking for death!

But the information revealed by the God of Wealth is still worth a thousand dollars.

At this moment, everyone who watched the live broadcast in front of TV was going crazy.

Is the North Lu family's big move, is it going to change?

The people of North Lu's family were also dumbfounded when they heard this message.

This is what Wiliam said to complement the strength?

Is the Blood Moon Group the person Wiliam said he was looking for?

The great elder is not well.

He doesn't care how strong the Blood Moon Group is.

He only knew that Wiliam had been pitted again!

Wiliam used the mouth of this fat man on TV to make the North Lu family's ability to supplement their strengths public.

Moreover, it is in accordance with North Lu's rules.

In this way, everyone knows.

Even if the Lu family wants to go back, they can't do it!

This kid is terrible.

Ring after ring!

Since he insisted on expelling the peripheral disciples, everyone had fallen into this kid's pit, no matter how hard he tried, there was no way to get rid of the shackles!

"Okay, that's the end of today's interview. I have to gather people to go to Lu's house in North." The God of Wealth smiled at the host and left first.

The people of North Lu's family were still in a daze.

The North Lu family actually knew the Blood Moon Group.

They even knew that Wiliam was in charge of the Blood Moon Group.

After all, Wiliam bought a Xiushan First Grade on the spot last night, and this thing couldn't be covered.

But everyone sneered.

People who practice martial arts have long turned a blind eye to money.

They want money, more.

They just thought it was Wiliam and didn't want to cast aside the earthly copper smell, and laughed.

Unexpectedly, Wiliam actually wanted to bring the entire Blood Moon Group to Lu's house in North.

The third elder laughed straight out, "It seems that the fourth elder still remembers his old ministry. But you still don't seem to understand what I mean. Are some disciples in the dust eligible to join our North Lu family and become peripheral disciples? "

The people at the scene burst into laughter.

Especially those who were expelled by Wiliam laughed particularly presumptuously.

They felt humiliated by Wiliam.

Actually want to replace them with people of dust?

Are these dusty people also worthy?

OK!

As long as they dare to come!

Ask them to cry back!

Wiliam said indifferently: "Dust people also have the ability of dust people, didn't you just say that? As long as the two sides are facing each other, the judgment will be made?"

There was a hint of sinisteress in the eyes of the third elder, "Okay, since the fourth elder is so confident, let us see how these disciples of the dust can overthrow the disciples we have painstakingly collected."

Those disciples became more restless.

They are holding a breath!

Let this kid know that no one can replace them!

"Then wait and see." Wiliam smiled and went back outside again.

The people on the scene did not say anything any more, and they were also calm.

After half an hour.

God of Wealth, they are here.

A large team of people, more than two hundred people.

It is the unicorn power!

Walking in the front is naturally Mulan and the four of them.

Wen Renqing regained her appearance as a child, looking odious.

When the peripheral disciples saw these people coming over, they all laughed together, "I just count on these crooked melons, and want to defeat us, dream!"

And the third elder also took this opportunity to cheer everyone up, "You, don't underestimate the enemy, after all, this is the old part of the fourth elder. If you want to stay in our North Lu family, there is only one choice, and that is to defeat them!"

"Let us see your strength!"

"Roar!" The peripheral disciples roared together, as if they were suppressing others.

On the other hand, these people who look at the unicorn power are all carefree and indifferent.

William's mouth hooked.

For William, the outcome was already doomed.

William observed that the peripheral disciples of these medical martial arts halls were mainly internal martial artists, and some were even healers.

There are only five or six real Huajin fighters, of which Lu Zhi is the strongest.

And William's strength here is comparable.

However, the real gap is not in the realm of this bright face.

William smiled and said to the three elders: "The rules are already clear, so let's just start."

The third elder stared at William viciously and nodded, "Come on, divide the weapons."

With that said, a group of people carried out the weapons they had prepared long ago.

Dozens of boxes.

There is a knife in the box.

The blade has no edge.

But it was smeared with bright red cinnabar.

As long as the cinnabar contaminates the vital parts of a person, even if that person loses, he cannot continue to do it.

This can be regarded as the end.

Under the sign of Mulan, the people of Qilin power went to get knives one after another.

The disciples outside the Palace of Medical Martial Arts also went to get the blade, and Lu Zhi stood in the front.

Lu Zhi sighed in his heart, deliberately trying to find William to vent his breath.

He provocatively said to Wiliam: "Four elders, why don't you end up in person? Let us pay tribute to the strength of the four elders."

Wiliam smiled slightly, "I don't have to, on the one hand, it's not time yet. On the other..."

"You are not worthy!" Wiliam said to Lu Zhi with a smile.

Lu Zhi's face flushed red, "You! Wait for me! Then you will be there to watch, how can I lead the people of the Palace of Medical Martial Arts to kill these trash men of yours!"

As the great elder announced the start of the game, the two phalanxes screamed together!

At the same time, there was a burst of energy on both sides!

This energy swept the audience!

The first time hedging!

A phalanx suddenly exclaimed in disbelief!

The corner of Wiliam's mouth ticked slightly, the outcome was already doomed.

The strength of Qilinshi seems to be almost the same as the strength of the outer disciples of the Medical Martial Palace.

However, there is one more thing.

The decisive thing!

Really tempered in the blood of Shishan!

Blood evil spirit!

Chapter 1205

The North Lu family has lived so easily these years.

They live in Fengcheng and dominate their families, and no one can shake their identities.

And they don't want to make progress, they have no experience outside.

Therefore, not only these peripheral disciples, including the people of the North Lu family, use the flowers in the greenhouse to describe them, but it couldn't be more appropriate.

The people of Qilinshi are completely different from them.

From the beginning of the establishment, their purpose was to always be prepared for an earth-shaking struggle.

Even at the beginning of its establishment, Guhougu struggled with them all the time.

If you don't say far, just say near.

These people, but followed Wiliam, experienced the battle against the Li family in the south.

All of them crawled over from flesh and blood.

So their bodies are more or less contaminated with blood.

Bloody air makes people brave!

The first time there was a fierce blast, the whole audience was full of anger, and the medical martial arts palace was almost immediately suppressed.

There is a strong smell of blood in the sky!

This scene made the people of North Lu family dumbfounded!

They seemed to see a group of monsters crawling out of hell!

Just now, they were clearly a group of people who were arrogant. The moment they picked up the knife, everyone's temperament completely changed!

Their faces were covered with unprecedented seriousness and harshness.

"This, what's going on!" The Third Elder murmured.

He had no idea that a group of people who were originally considered to be trash had become so brave!

He knows deeply in his heart that if two people of similar realm, the final winner is that one breath!

A breath of blood!

Some people, the more they fight, the more fearful they are.

And some people belong to the more courageous in the war.

Now on the field, who is cold and who is brave, at a glance!

"Keep watching, now we still can't see the realm of this group of Blood Moon Group, and the outcome is unpredictable. Maybe they are all in one go, then decline, and exhaust." The elder said with a cold face.

Lu Zhi stood in front of him, and for the first time he was a little dizzy by the blood and courage, and he almost fell in love!

There seemed to be countless demons in his mind, about to tear his body apart.

And he was so scared that he wanted to raise a knife to fight wildly.

In the end, he just survived, but he was already in a cold sweat.

He didn't dare to care about this group of people anymore.

"Everyone, keep your mind, don't be scared by their bluff! Come on with me!" Lu Zhi shouted, holding the knife and killing it first.

The people behind him glanced at each other and followed.

Lu Zhi rushed halfway, only to feel that there was a flower in front of her, and a cold voice rang in her ear, "Hahaha, young and handsome little guy, I like it the most."

He turned his head and saw that he got goose bumps all over his body.

I don't know when, a short clown woman grabbed his shoulder with one hand and hung on him.

"Damn! Ghost!" Lu Zhi raised his knife and slashed at the ugly old woman.

But by the knife, people have long since disappeared.

A chubby young man said angrily: "Dare to scold my goddess sister, you are looking for death!" With that said, the fat man rushed towards Lu Zhi crazy.

Lu Zhi's whole person is not good.

The goddess sister in the fat man's mouth was referring to the ugly old woman just now?

This product tastes heavy!

Lu Zhi was immediately entangled by Tongmao and Guo Wuji, no matter how good he was, he was suppressed to breathe.

And these two people seemed to be playing games, they were just trapping Lu Zhi and not giving him a chance to surprise.

Lu Zhi's eyes are cracked!

The entire Palace of Medical Martial Arts is his highest realm, and most of the others are internally energized, and some pure healers have to be removed.

He wanted to support the Northeast and the West and help others.

I didn't know that I was so entangled in the beginning!

What can others do!

He once again pinned his hopes on the remaining few Huajin fighters.

But at first glance, the whole person almost collapsed.

The few Huajin fighters were all entangled.

There was even a warrior who had just stepped into Huajin and was kicked into the air by a long-legged woman.

The long-legged woman stretched her body, followed by flying up, and rubbed the man's neck.

The man's neck was dyed with cinnabar, and he was solved in the first round!

by!

Where did this group of people pop up!

And the others, under the blood and courage of those in the Blood Moon Group, almost had no power to fight back.

In a short while, dozens of people in the Palace of Medical Martial Arts lost.

If this continues, the people on your side will lose, and they will lose miserably!

Lu Zhi's eyes were red, and he shouted, "Ugly monsters! Get out of me!"

Tong's grandmother smiled sorrowfully, and she drew herself up, but she really retreated back and sat on a tree.

However, Guo Wuji was completely angered. He roared, a fascinating red light flashed between his eyebrows, and a red vine tattoo slowly appeared on his face.

The boy's grandmother on the tree shook, and the smile on her face disappeared.

She suddenly held her head and wailed in pain.

At this time, everyone let out a cry of exclamation, and even forgot the action in their hands.

I saw the bones of this ugly old woman crackling, and within a short while, she turned out to be a woman all over the country.

If it wasn't for her clothes or the clothes of the child's grandmother before, everyone would feel hallucinations.

That's weird.

It's just that those men swallowed again.

This woman looks too defying.

Lu Zhi was even more straightforward.

This ugly old woman turned out to be a beauty?

No wonder that fat man just now called her the goddess sister.

Wenren loved the scrupulous gaze of the people around her, she rubbed her head in a gloomy tone, and muttered to herself: "It's weird, this fat guy is angry, showing the tattoo on the other side, I was led by him. And he too. The power of this reverse traction is getting stronger recently. Is this fat man really my destiny? Damn it."

From the very beginning, only Wen Ren showed his tattoos on the other side in order to lead Guo Wuji.

But recently I don't know why, Guo Wuji can actually influence her in turn.

This made her very surprised.

“Bang!” Guo Wuji seemed to see and hear people falling in love, only the one who insulted his goddess in his eyes.

While Lu Zhi was still in shock, he blasted Lu Zhi into flight with a punch.

Then, without giving Lu Zhi a chance at all, he directly pressed Lu Zhi on his body, punched and punched Lu Zhi’s face desperately.

“Oh!” Lu Zhi suddenly roared like a pig.

“Let you be disrespectful to my goddess sister! I can’t kill you!” Guo Wuji was covered in tattoos at this moment, as if he was a barbarian, and his strength was so amazing that Lu Zhi couldn’t resist.

Just when Lu Zhi couldn’t bear the pain and wanted to take the initiative to admit defeat and withdraw from the game, Guo Wuji didn’t know whether it was intentional or not.

A punch hit Lu Zhi’s chin, knocking out his mouth!

Chapter 1206 Fight alone!

With this blow, Lu Zhi collapsed!

There is only one word in his heart!

grass!

He was going to admit defeat and quit the game.

Now the mouth is blown off!

How does this make him speak!

It must be intentional!

William must be secretly instructing him to retaliate against himself!

The people of the Lu family on the field were also anxious. They stood up one by one and stomped their feet on the spot!

In this game, players on the field can only withdraw from the game in two ways.

One is planting cinnabar at the key points.

The other is to admit defeat.

And the point of the game is that there is no life-threatening.

The situation on the court is changing rapidly, and there is no eye for fists and feet, and there is no injury wherever it can be done!

Lu Zhi is like this, although his life is not in danger, but it is too miserable.

Seeing that Lu Zhi's face was bloody, he was almost unconscious.

At this time, Wen Ren who was sitting on the tree turned his heart and body and fell to the frenzied Guo Wuji.

She was not afraid of Guo Wuji, who was both enemy and us at this moment. She bent down and kissed Guo Wuji lightly between his brows.

This kiss seemed to be magical.

The tattoo on Guo Wuji's body slowly disappeared.

Guo Wuji looked at Lu Zhi, who was already bloody and stunned, as if he didn't know what was happening.

Wen Ren said to Guo Wuji in a heart-warming manner: "You little fat guy, don't get angry casually in the future, let alone expose this other shore tattoo casually, understand?"

Guo Wuji nodded blankly, then got up, kicked Lu Zhi's body at will, and kicked it to the Lu family.

Someone from the Lu family immediately helped Lu Zhi heal.

And with Lu Zhi's tragic ending, the people at the Medical Martial Palace at the scene still have half fighting spirit.

They were almost crushed and beaten by the unicorns.

In the end, they didn't resist, and simply surrendered.

Less than ten minutes have passed since the time on the court.

In such a short period of time, a victory of more than 400 people was divided.

This made all the Lu family stunned.

It is not an exaggeration to say that it was a crushing victory.

Seeing that the other party conceded, the Qilin-like people dropped their knives one after another, regaining their former lazy temperament.

After this battle, they hardly suffered any damage.

And the people of the Lu family, how dare you to underestimate these people.

William looked at the three elders, "How is it? How can I make up for this strength?"

The three elders were going crazy.

From a normal point of view, William is here to complement his strength.

It directly raised the strength of the Medical Martial Palace by a lot.

This was a gratifying thing.

But all of these people were under Wiliam's direct control, which was disgusting.

If this kid had this strength in the Lu Family, he could walk sideways in the future.

The other three elders are even less of him.

How can such a thing be succeeded by this kid!

The elder wanted to slap himself.

Thinking of the strength of the woolen yarn, maybe Wiliam is waiting for him.

Now it's alright, the other party can justifiably pull all the forces in his hand into the Lu family to use for him.

What else can I refute here?

At the same time, the elder became more and more frightened by Wiliam.

What has this kid experienced in this world in the past ten years?

Not to mention his own strength, he even recruited such a large number of good players.

"Why? Do the three elders have any comments or suggestions?" Wiliam asked with a smile again seeing the three elders not answering.

At this time, the elder cleared his throat and said, "Sure enough, the four elders are heroes, and they have these good players. This is a great thing for the Lu family, ho ho."

He has been ho ho, but there is no following.

The third elder suddenly intervened and said, "Well, the fourth elder, I have a little doubt, you see, our hall is called the Medical and Martial Arts Hall, and it is for medical and martial arts fellow practitioners. What you have just shown is just Martial arts, I don't know their medical skills..."

The Grand Elder's face was shocked, right!

There is also this excuse, why didn't I think of it.

He immediately made a positive look at the Third Elder, and motioned to the Third Elder to continue speaking.

The three elders understood, and continued: "If this person in the Medical Martial Arts Hall does not know how to heal, wouldn't it be a joke if this spread out..."

Wiliam smiled, as if he knew that the Three Elders had already said that.

He looked around and said, "It is indeed a problem to say that. These subordinates of mine are crude people, and they don't know the slightest medical skills..."

The three elders listened together in full bloom!

If so, that would be great.

Grasp this mission attack for a while, if it can delay some time, delay some time!

“Oh, if this is the case, it would be a little difficult. For example, we had fifty or sixty pure healers just now, and none of them were playing. Their medical skills are very good. If they are driven out Doesn't it make the Lu Family's strength weaker? After all, as we said just now to supplement their strength, medical skills are also a very important part. The Lu Family relies on medical skills to gain popularity.” The third elder pretended to regret.

William raised his eyebrows, “Oh? There are fifty or sixty pure healers? Where are you, stand up and let me see.”

The third elder immediately gave an order: “The doctors who were not on the court in the Medical Martial Arts Hall just stepped forward.”

Those people immediately followed the order and stood up. There were indeed fifty to sixty people.

The elder did not want to make this matter too stiff, and said: “Four elders, although we are very happy that you can have these powerful warriors, and they are willing to join us, this is a good thing. But they do not know how to heal. After all, it can't be justified. How about this, we will take a step back this time, you can only select a hundred warriors to join the Palace of Medical Martial Arts, and these original healers are all retained. What do you think?”

The great elder considered that today's things are really too much, if they don't regress, it will be difficult to end.

It would be better to take a step back as it is now.

The Lu family could not only store some healers, but also weaken William's strength.

At the same time, these healers remain in the Hall of Medical Martial Arts, and they can always help stare at William.

Isn't this a good way to get the best of both worlds.

And he was confident that William would agree to it.

After all, it would not be good for William if he stayed frozen all the time, he should know what it means to accept as soon as he sees it.

But at this time, William smiled and said, “The elder really considered things carefully. It's just that you have forgotten one of the things I just said? Just now Lu Zhi told me to leave the game. I said it, it's not time. Now. It's time.”

“As the head of the Palace of Medical Martial Arts, I am naturally considered a part of my strength, right?”

“Then let me alone fight these fifty-odd healers alone.”

Chapter 1207 Preaching!

“What! You challenge the fifty-odd healers alone!” The Great Elder shouted directly, as if he couldn't hear William clearly.

I'm afraid this kid is crazy!

One person fights more than fifty people!

This is what people do!

But Wiliam smiled and said, "Yes, according to your theory and logic just now, the medical martial arts palace is divided into two parts of martial arts and medical martial arts. I have already made up the martial arts strength just now. I just missed medical martial arts, right? "

"It's wrong to say that..." The Great Elder hesitated.

Wiliam interrupted him, and said, "I will fill in the medical way. It's in line with the rules."

Everyone took a breath!

This kid is really arrogant!

More than two hundred people made up the martial arts strength, and then he alone tried to make up the strength of the entire medical martial arts palace!

They have never seen such an arrogant person in their lives!

They want to ask Wiliam, where is your confidence!

The grand elder's expression became ugly, "Four elders, do you know what you are talking about?"

Wiliam nodded, "Naturally know. By the way, let me tell you a simple theory."

He faced everyone and talked freely, "Medical Dao is not the same as Martial Dao. Martial Dao pays attention to killing and killing. It can even be said that the greater the number, the stronger the strength. But the medical path is different. "

"The way of medical treatment is about treating diseases and saving people. It is not about the number of people, but about the superb medical skills. To put it bluntly, the more than fifty people on the scene, the ability to cure diseases and save people, add up to me. This is not considered a supplement. A way to bring strength together."

Everyone was speechless.

It seems to be the reason.

To give a simple example, the Liehan Chen family sent a patient a few days ago.

No matter how many Lu family members are, there is no one that can solve the problem.

But Wiliam can do it alone.

Doesn't this mean that he alone can carry the banner of Lu Family Medicine?

The elder's throat moved, and just as he was about to speak, he was preempted by Wiliam.

"But Lu Jiaru insisted on saying that the number of people is also very important, and I don't have anything to say about medical inheritance and so on."

The third elder snorted, "The inheritance of the medical path is naturally very important. If the number of people is too small and the wisdom of these people is not good, then the medical path will be interrupted?"

William sneered, "Okay. Then I'll talk to you about the inheritance of the path of medicine. The inheritance you just called refers to the teaching of what you have learned throughout your life in your twilight years, right?"

Everyone nodded, isn't it?

If there are a few disciples with Huigen as the inheritance, then when the time comes, where can I find someone to inherit?

"Well, I agree with everyone's concept. But you seem to have forgotten one thing." William looked around and said with a smile, "You seem to have forgotten. The biggest difference between me and the other three elders lies in my age. Ah. I am only in my twenties, not to mention that I am in my prime of life, and I am still far from the dying years."

William's words made the audience stupid.

correct!

They even forgot such an important thing!

In the medical inheritance that you mentioned just now, subconsciously it is thought that the older ones are preaching to the younger ones.

But this guy in front of him is clearly a bug!

He is only in his twenties, but his medical skills have reached the pinnacle, and even the three elders cannot be underestimated!

If he starts accepting disciples at this age, how many proud disciples should he accept? Doesn't it mean that the world should be full of peaches and plums?

In other words, the number theory of the three elders just now does not hold true for this kid!

He alone can completely raise the medical martial arts palace, and even the entire North Lu Family's medical skills, to another level through the future opening of branches and leaves.

The three elders are heartbroken.

How do you fight this kid?

Young is the advantage!

The three elders have completely exerted their shameless style now, "Four elders, what you said just now is quite right, but that is a future thing after all, how long can you live, or whether you can improve your medical skills in the future and help other Lu family members? , These are things that no one can predict in the future. We are just talking about the immediate things now."

Lu Yezhen was angry, but followed the words of the three elders and said: "Okay, let's just say that in front of me, I fight these fifty people alone. Can't it represent the strength of the Medical Martial Palace?"

The heads of the three elders all hurt.

Paralyzed by this kid go around.

What kind of medical inheritance Hu Xu taught everyone was confused.

Now they took the initiative to just look at them, didn't they agree to Wiliam's proposal of fighting alone?

The great elder took a deep breath, rubbed his head, and said, "What the fourth elder said is also reasonable. Then since the fourth elder wants to fight alone to treat the doctors of the Wuying Palace, we must reconsider a rule and give us some time."

After speaking, he took the two elders to the back hall again.

"Damn! What to do now! Things are getting more and more complicated! We will be played to death by that kid!" the elder said angrily.

He is always bored with such uncontrollable things.

The second elder frowned and said: "That kid's medical skills, although we have not really seen it before, I don't think it should be underestimated."

The first time they saw Wiliam's medical skills, it was at the first two passes of the Youth Medical Association. Wiliam showed off his ability to distinguish diseases quickly and use silver needles.

Then it was the matter of suspending the life of Liehan Chen's patient with a silver needle.

To be precise, they hadn't seen Wiliam really cure the disease and save people, but they only saw him know how to make a needle.

But this kid accepts people like the master of the museum as a disciple. Where can his medical skills go?

"Anyway, you can't directly compare medical skills with him, otherwise the fifty people will not be enough to look at them, and they will not be able to beat the kid alone." The elder said directly.

At least he admits what Wiliam said before, that the number of doctors is not the better, but the level of medical skills.

Isn't the Lu family making a fool of yourself?

So you can't use the normal method of comparing medical skills to give this kid the score.

"Then what else can I do to suppress this kid in the medical way? Don't forget, this is an opportunity we finally won. If we lose again, it will not only be shameful, we will be directly affected by that kid in the Lu family. Overwhelmed!" The Great Elder was obviously serious too.

At this moment, the third elder thought suddenly, and whispered to the elder: "Elder, do you remember that when Lu Lingfeng was alive, there was something left in our Lu family? If we give that thing to If you take it out, will there be any change in this matter?"

The elder's face changed drastically, and he said sharply: "You said, but the Needles of Red Flower he left behind!"

Chapter 1208 Shoot each other!

The third elder nodded quickly and said: "It is Long live safflower. I don't know where Lu Lingfeng obtained the materials during his lifetime to forge such magical long live safflower silver needles. These silver needles are soaked in blood. It's been a long time, now it's powerful! If you can use these silver needles by surprise to defeat that kid's most proud silver needle technique, wouldn't he be completely convinced of the loss?"

The great elder's brows instantly frowned.

In fact, only half of what the Three Elders said is correct.

The long live safflower that Lu Lingfeng left in the Lu family is not the real long live safflower.

To be precise, it was the defective product of Lu Lingfeng forging Long Live Safflower.

The real Needles of Ruby Flower had already escaped with Lu Lingfeng and was taken away by him.

And these inferior long live safflowers were accidentally discovered by the three elders when they searched Lu Lingfeng's sleeping quarters and wanted to find "Medical Scriptures of Wuchang".

There are more than 500 roots.

It can be seen that Lu Lingfeng forged the perfect long live safflower in the first place, and how hard it was to experiment.

But even if it is a broken Needles of Red Flower, its power is very terrifying.

The three elders have done experiments, and these inferior long live safflowers will become extremely sharp after soaking in blood.

It can be directly inserted into the human body with just one click.

If the internal force is used to stimulate, these long live safflowers are enough to become a killing weapon.

If that kid didn't pay attention, he would surely understand.

But the elder still had concerns. He said, "But the defective product of Long Live Safflower was left by Wiliam's grandfather after all. If Wiliam recognizes it, wouldn't it make him resent again?"

The third elder sneered and said: "What are you afraid of, the elder? When Lu Lingfeng forged these inferior long live safflowers, the kid didn't even know. And even if he knew it, as long as he was careless at first today, he might be straightforward. Let Xitian lose his life, let him take these grievances to netherworld."

The elder's face became stiff, and he suddenly sighed, "In other words, we are going to kill that kid after all! But the people from the medicine knife family clearly said..."

The three elders said, "Are you stupid, the elder? We just agreed and didn't take the initiative to play tricks on this kid. But today, this kid alone proposed it, and so many people have witnessed it. What will happen then? Mistakes, it is his own fault, what does it have to do with us?"

The elder elder thought carefully for a few minutes, and finally said, "Well, you go to do this right away. Tell Wiliam, take a half-hour break, and we can also arrange it secretly."

The killing intent of the three elders was rising, and he went to handle it immediately.

When Wiliam and Feliicity returned to the room, Lu Xiaoluan looked anxious, "Wiliam, do you think they would play any tricks again?"

Mulan sneered directly, "Insidious tricks? Playing insidious tricks with our young master on the path of medicine is simply a trick."

Lu Xiaoluan looked at the leaders of the unicorn power in front of him, really wondering how they built up such confidence in Wiliam.

It seemed that the people around Wiliam had a kind of honey confidence in Wiliam.

Feliicity seemed to see through Lu Xiaoluan's thoughts and smiled, "As long as you stay with my husband for a long time, you will have this kind of confidence. After all, his name is a miracle." After half an hour, everyone returned to the compound again.

The three elders obviously arranged everything.

He smiled and said: "Just now we finally discussed a more reasonable and reasonable medical test rules. The four elders proposed to fight alone. We are deeply impressed. In order to make this test fair and just, we choose the silver that the four elders are best at. Let's try the acupuncture technique, so that we can open our eyes again."

Lu Xiaoluan's eyes widened directly, "No way! Try the silver needle technique?"

She would never have thought that the people of the Lu family would choose the silver needle technique that Wiliam was best at.

Is this self-abandoning therapy?

She thought that the Lu family must have chosen some weird methods of competition.

The third elder smiled and said: "That's natural. After all, the four elders fight against many people. It is already a disadvantage. How can our Lu family take advantage of the four elders, so we will choose the silver needle technique. What is the opinion of the elders?"

Wiliam said lightly, "Thank you for the completion of the third elder. Just don't know how to compare the silver needle?"

The third elder said: "The silver needle technique is nothing more than finding acupuncture points to save people. Before finding acupuncture points, we have already experienced the four elders' demeanor at the Youth Medical Association, and saving people, we will not live like the Liehan Chen family. The patient was created. So we thought of a comparison method, which is to shoot with silver."

"Silver target shooting?" Lu Xiaoluan called out directly, "This is not fair! Wiliam is alone! If many people shoot silver needles at Wiliam, wouldn't he suffer a big loss? Is this what you call fairness?"

The third elder said: "There is a bit of a loss, but the fourth elder proposed that one enemy will suffer a loss no matter what method is adopted, so we want the fourth elder to compete with the silver needle that he is best at, and hope that he will create miracles again. . Of course the final decision lies with the four elders, and we fully respect him."

Lu Xiaoluan pulled Wiliam's clothes, Wiliam smiled and said, "Okay, if the silver needles shoot each other, the silver needles shoot each other."

Lu Xiaoluan stomped her feet with anger.

This girl started to make his own mind again.

"Then I will simply follow the rules. We are already in front of the flat ground, marking out a circle of about 20 meters. You can only shoot silver needles in the circle, and you lose if you run out of the circle. Then if the four elders are Ten silver needles on one's body are considered to be a loss. Others only need to drop one silver needle on their body and they lose. Of course, the most important point is that peace is the most important thing." The third elder said with a smile.

He played a trick. He used to talk to the end. This time he said that harmony is the most important thing, which clearly avoided the issue of life and death.

"Alright. Let's start." Wiliam walked towards the front circle first, standing in the center.

Lu Xiaoluan is going to be pissed to death, where is it not good to stand, stand in the middle, are you ready to be a human rake?

"The fifty or so people before can come in." Wiliam said with a smile, and a servant gave him a hundred ordinary silver needles.

But at this time, someone suddenly said grimly: "Since the four elders are going to use one person to supplement the medical skills of the Medical Martial Hall, the Medical Martial Hall can heal, but there are more than 50 people, and we, Fellow practitioners of medical martial arts, they have also studied medical techniques and silver needles. We can be regarded as the medical martial arts level of the palace of medical martial arts."

"Four elders, if you don't allow us to participate, it won't be considered as a real complement to the strength, you can figure it out."

The voice fell, more than 80 people stood out again, add it up!

One hundred and forty people!

Chapter 1209

Lu Xiaoluan was so scared that she got goose bumps all over her body.

She shouted directly: "You are still shameless? You can do such a shameless thing! One hundred and forty people beat one person, if this thing is spread, the Lu family's face will be even more?"

The grand elder's expression remained unchanged, and he said lightly: "These people are also reasonable, but the final ruling is still handed over to the fourth elder, the fourth elder, what do you think."

Wiliam said casually: "Fifty people are rubbish, and one hundred and forty people are rubbish. There is no difference. If you want to go, let's go together."

Lu Xiaoluan was going to be pissed to death by Wiliam, she was about to rush up to beat Wiliam fat, but Feliicity dragged her down.

"Don't worry, Wiliam won't do things that are sure, we just watch it." Feliicity said with a smile.

Lu Xiaoluan stomped her feet bitterly.

Wiliam looked at the elder, "If I win these hundred and forty people, what would you say?"

The elder knew that Wiliam was asking the Lu family to express his opinion.

He smiled kindly and said: "Then naturally you won. Our Lu family completely agreed with you to take over the Medical Martial Palace, and at the same time, agreed that you should absorb your subordinates. Then these people from the original Medical Martial Palace, we will never again. If you stay with them, there will be no more objections, everyone said."

The Lu family nodded together and agreed.

Are you kidding me?

One hundred and forty people beat one person, this kid is looking for a dead end.

Maybe in the first round, he will be pierced into a hedgehog by a silver needle.

What's more, the Lu family has some killer tricks.

Young man, you will eventually have to pay a heavy price for your arrogance.

One hundred and forty people stood on the stage together, their eyes fixed on Wiliam, and they had regarded Wiliam as the number one enemy.

They are also elites anyway, how can a young man keep scolding like rubbish?

They only had ten silver needles in their hands, but they were more than enough.

"Well, since both sides have no objections, then the game will officially start." The elder yelled from the court, withdrew, and handed the stage to the people on the court.

The one hundred and forty people looked at each other, and all shot the first round of silver needles towards Wiliam.

"Wow!" Exclaimed from the audience.

I saw silver needles shining white light from the hands of these one hundred and forty people, and these battles were also very shocking.

These silver needles fluttered all over the sky, heading towards Wiliam Qi.

It almost blocked his retreat in all directions!

How did Wiliam deal with these silver needles?

But in the next second, they saw Wiliam smile.

I saw that Wiliam's body had already risen into the air before the Silver Needle arrived!

The silver needles clinked under his feet, making a slight impact, and then all fell to the ground.

Everyone was dumbfounded.

Can you hide into the sky?

However, some people showed a playful look.

Hiding towards the sky?

This is just a temporary stopgap.

It seems to have avoided all the silver needles, but the drawbacks are completely exposed in front of everyone.

In the air, how could his body hide at will?

Sure enough, in the second round, those people had already separated half and covered the sky above Wiliam.

Wiliam no longer had a way to jump like just now.

Unless he wants to be a living target in midair.

Just as everyone wanted to jokingly watch how Wiliam planned to hide this round, a terrifying scene appeared again.

He held the hundred ordinary silver needles in Wiliam's hand with one hand, forming a small fan.

He held such a mini silver needle fan and kept shooting down the silver needles that fell in front of him.

After a slight sound, Wiliam was evaded again this round, and he was unharmed.

At this time, the three elders on the side could not help shouting: "Four elders? Do you remember that this game was where silver needles shot each other? You are like this, you are completely avoiding, there are no silver needles, and this will happen again next time. Circumstances, don't blame us directly for ruling you to lose."

Lu Xiaoluan directly replied from the side: "Three Elders! You are too much! There are only a hundred silver needles in Wiliam's hand. How can you let him shoot one hundred and forty people! Even if one silver needle beats one person, it is not enough. Yes! Obviously it is difficult for a strong man!"

The third elder sneered: "There are so many silver needles at the scene, so you can use it for him. As long as the silver needles appear on the court, we will not count them."

The three elders said this deliberately, in order to prepare for the ineffective Needles of Red Flower that suddenly appeared at the last moment.

"Do you shoot each other? All right!" Wiliam sneered in the center, flipping the silver needle in his hand and rushing towards those people on his own initiative.

The one hundred and forty people were stunned by this charge.

This kid, looking for death?

Come over!

They madly fired the silver needle in their hands towards the landing leaf.

But this time, something changed.

As Wiliam's trajectory changed, the silver needles shot in disorder, some of them even hit his own body.

And Wiliam's realm is considered the highest among these people.

He shuttled among the crowd like a dragon, instantly making the situation more complicated.

Those people were dumbfounded.

Wiliam's body was already in the crowd, how could he shoot?

I'm all around!

Might as well let that kid be the target in the center!

These people were stunned, but Wiliam's hands didn't stop.

His silver needles shot out one by one.

Every silver needle directly hit a person's neck!

The person with the silver needle in the body is directly out!

In almost a minute, Wiliam killed more than 30 people!

And his figure is still moving, almost no one can keep up with his speed.

Even if he could keep up, the silver needle finally fell on his own body.

The audience suddenly became aggrieved, and they all looked at the three elders.

What the third elder said just now was nothing but a disservice!

The three elders were also shocked by this reversal scene.

Unexpectedly, this kid was so cunning that he hid in the crowd!

But as time went by, the hundred silver needles in Wiliam's hand were finally finished.

At least a hundred people have withdrawn from Yuandi.

This record is also jaw-dropping.

There was no silver needle in Wiliam's hand, and his body retreated violently.

At this time, someone shouted, "This is the time!"

As soon as the voice fell, Wiliam felt a strange bloody smell on the scene!

His eyes wink!

I saw that those who were left had red lights in their hands.

In the next second, these red lights shot towards Wiliam overwhelmingly!

There is no room left for Wiliam!

Seeing these red lights, Wiliam's body was shocked, his heart was turbulent, and he shouted in disbelief: "Hurray Honghua!"

Chapter 1210

Of the forty people left on the scene, all still had the last vigor.

This energy is now completely released.

The shining red light, with a fierce killing intent, struck towards Wiliam!

I don't know how many times stronger than the silver needle just now!

This is their last killer, success or failure depends on this!

On the other hand, Wiliam seemed to be stupid, standing still.

In my eyes, there is only the red light, and in my heart, there are only those four words!

Long live safflower!

Long live safflower, how can it appear here!

Didn't grandpa give all of his Needles of Red Flower to himself?

What are these appearing on the field now!

No, it should not be Needles of Red Flower.

Although they all look the same, these long live safflowers flash with a vicious and violent breath.

It seems to kill one life at any time!

"what!"

Lu Xiaoluan's exclamation came from the scene!

Wiliam, there is no hiding!

In other words, Wiliam was still in shock, and he simply forgot to dodge!

The three elders were very excited to see this scene!

That's what they are waiting for!

All these things just let Wiliam relax.

Now, taking advantage of his unpreparedness, use the broken long live safflower.

Even if he is only sluggish for a second, that is enough!

"Ah!" Wiliam suddenly let out a painful roar!

A few red lights had already entered Wiliam's body extraordinary!

He was beaten up in the air and fell heavily to the ground!

"One, two, three, four, five, six, seven**!" The three elders counted with scorching eyes on the side, and in the end it was a thigh!

Nine!

Nine needles pierced Wiliam's body!

That's just one point!

As long as there is one more, Wiliam will lose this game completely!

This kid really didn't know where the luck came from, he was hit into the air by Needles of Ruby Flower and escaped other needles.

However, the regret of the three elders disappeared immediately.

Because of Wiliam on the ground, her body has changed!

The nine long live safflower flowers in Wiliam's body seemed to burst completely.

Wiliam's body was trembling violently on the ground, and blood mist burst out from time to time!

One of the needles stuck in Wiliam's heart!

A thick blood mist burst out of his heart.

Can you live like this!

In just a few seconds, a young man who was a wizard of heaven fell in such an instant!

Lu Xiaoluan's eyes were cracked, and she was about to rush to rescue Wiliam.

But immediately stopped by the three elders.

"Three elders! What are you doing! Do you want to kill Wiliam! You are so cruel!" Lu Xiaoluan roared angrily.

She was completely confused by this scene.

She had never seen such a weird silver needle.

I never thought that the power of the silver needle is so great.

The needles of these silver needles seem to be sealed with demon.

It is raging in Wiliam's body now!

How could ordinary disciples have such a mysterious and weird silver needle.

I want to know with my toes, whose hand these silver needles came from!

The three elders actually wanted to kill Wiliam in front of everyone!

The third elder sneered and said: "I just said that the silver needles that appeared on the stage, we will not investigate where they came from."

Lu Xiaoluan cursed directly: "You fart! These silver needles are basically what you gave to those people! Now Wiliam is about to die, you still don't let me save him! The point is good! You are blatantly trampling on the rules.!"

The third elder smiled even more presumptuously, and he said jokingly: "Just now the elder didn't say anything to the end. What he said is that harmony is the most important thing..."

Lu Xiaoluan's scalp is tingling!

It turned out that this group of dogs had already thought about killing Wiliam on this occasion!

So I set up a language trap again and again!

Wiliam, you bastard!

Aren't you usually very smart!

Why are these people's ways?

Lu Xiaoluan was not as strong as the three elders, and was held down by the three elders, helpless.

She looked at Feliicity, but she saw that Feliicity's eyes were horrified, and she covered her mouth. The whole figure seemed stunned, without any behavior.

She looked at other people with unicorn power.

Their expressions were the same as Feliicity, and they were obviously stunned.

Lu Xiaoluan stomped his feet severely and shouted: "Wiliam! Get up quickly! Don't die!"

She didn't even know that Feliicity and these unicorns were not frightened by Wiliam's scene.

They have seen Needles of Red Flower.

Naturally, I also know the origin of Needles of Red Flower.

Like Wiliam, they are completely confused as to where these long live safflowers came from!

Wiliam's body was lying on the ground, completely motionless.

At this time, the third elder shouted loudly: "Attention everyone, as long as the fourth elder doesn't surrender or has ten needles in his body, he is not a failure, and this game will continue."

What he meant by these words couldn't be more clear.

He wanted the forty people on the scene to continue to prick the needle at Wiliam!

As long as he enters another one, Wiliam will not only fail, but also have to confess his life.

Those on the court reacted and immediately went to the ground to find Silver Needle, and then rushed towards Wiliam.

Lu Xiaoluan's eyes were red when she saw it, and she shouted sadly: "Wiliam! Get up! Are you still having things to do! Do you want to die like this! Are you willing!"

This roar filled all Lu Xiaoluan's expectations for Wiliam!

At this time, Feliicity reacted.

As soon as she got up, she fell in front of the three elders, with a chill on her face, "Let go of sister Xiaoluan!"

The three elders were taken aback.

Isn't Feliicity having a good relationship with Wiliam?

Why now, she didn't have to save Wiliam.

Instead, let him let Lu Xiaoluan go?

However, the three elders thought that as long as this little girl didn't bully and ruin the game, then let her go.

So the three elders let go of Lu Xiaoluan bachelor.

Lu Xiaoluan grabbed Feliicity's hand and eagerly shouted: "Feliicity, go and save your Wiliam! What are you waiting for!"

However, Feliicity shook her head and said, "My family, Wiliam, doesn't need me to help."

"What do you mean?" Lu Xiaoluan's head stiffened.

Feliicity pointed to the field.

At this time, there was a burst of incredible exclamation!

I saw that the forty people flew the silver needle towards Wiliam again.

However, Wiliam, who was in doubt about his life or death, was like a thread-pull puppet, and he stood tremblingly from the ground.

And in an extremely strange posture, he avoided all the silver needles.

His body is full of blood!

He opened his eyes and flashed red!

The voice of an evil spirit in hell came from his throat.

“There are no people who can trample on my grandfather’s dignity wantonly!”

“No one!”

He yelled up to the sky, a fierce and tyrannical aura, raging from him!

Wiliam, angry!

Chapter 1210

Of the forty people left on the scene, all still had the last vigor.

This energy is now completely released.

The shining red light, with a fierce killing intent, struck towards Wiliam!

I don’t know how many times stronger than the silver needle just now!

This is their last killer, success or failure depends on this!

On the other hand, Wiliam seemed to be stupid, standing still.

In my eyes, there is only the red light, and in my heart, there are only those four words!

Long live safflower!

Long live safflower, how can it appear here!

Didn’t grandpa give all of his Needles of Red Flower to himself?

William, there is no hiding!

In other words, William was still in shock, and he simply forgot to dodge!

As soon as she got up, she fell in front of the three elders, with a chill on her face, "Let go of sister Xiaoluan!"

The three elders were taken aback.

Isn't Felicity having a good relationship with William?

Why now, she didn't have to save William.

Instead, let him let Lu Xiaoluan go?

However, the three elders thought that as long as this little girl didn't bully and ruin the game, then let her go.

“There are no people who can trample on my grandfather’s dignity wantonly!”

“No one!”

He yelled up to the sky, a fierce and tyrannical aura, raging from him!

Wiliam, angry!

Chapter 1211 Yao Shi!

Naturally, Wiliam wouldn’t be easily killed by those nine broken long live safflowers.

You know, in his body, there is a real long live safflower.

These long live safflowers had formed a natural barrier in his body.

He was shot just now because of a momentary surprise.

And when the silver needles were in his body, he realized the strangeness of these silver needles.

Not a real long live safflower.

Moreover, these silver needles were only contaminated with a tyrannical aura, which was far from the real Long Live Safflower.

If it is an ordinary person, such a silver needle in the body is already inevitable.

Because the tyrannical aura on the silver needle will completely tear up the human internal organs in the body!

But Wiliam is different!

After Wiliam wanted to understand this, an incomparable anger grew in his heart.

Although I don’t know where these inferior long live safflowers came from.

But it must have something to do with his grandfather.

OK!

People from the Lu family!

Use my grandpa's silver needle to kill me!

I still don't have to pursue you for the crime of murdering my grandpa!

You trampled on the dignity of my grandpa again!

To be honest, Wiliam has since stepped into the Lu family until now.

He was assaulted countless times by the Lu family.

And Wiliam never really got angry.

He just builds bridges through the mountains and rivers, using wisdom and strength to deal with them to the end.

But now, Wiliam was really angry.

Just because they offended Grandpa!

Wiliam stood up amidst the exclamation of the audience.

Those more than forty people were even more dumbfounded.

This kid is still alive!

They were instructed by the three elders, saying that as long as they got a silver needle, they couldn't survive.

This kid got nine silver needles, and he could stand up.

Although he looks embarrassed, what's the matter with his tyrannical vigor?

Moreover, what is more terrifying than his tyrannical spirit is the tone in which he said this sentence.

It is clear that the ice is incomparable, and there is infinite killing intent!

Lu Xiaoluan saw Wiliam stand up, tears fell off her tears, and plunged into Feliicity's arms, crying loudly, "This kid, dead, dead!"

"Yeah! My husband won't die easily. But, they really angered my husband this time. Watch it." Feliicity's eyes also flashed with cold killing intent, but she was very well Cover up.

She knew that Wiliam wanted to stop this matter himself.

When the three elders saw Wiliam stand up, their eyes were about to fall.

Is this kid's body different from ordinary people?

Doesn't it die?

What is his mystery?

Isn't he wearing a treasure armor?

Just when the Third Elder wanted to ask Wiliam if he was cheating, Wiliam suddenly flashed red lights.

Everyone screamed again!

I saw Wiliam slowly poke out a few silver needles!

These silver needles, the needles are vermilion, aren't they the long live safflowers that have just been pierced into Wiliam's body?

Some people quickly counted, and it happened to be nine!

This kid is actually going to force out the silver needle that has been penetrated into the body? Everyone didn't dare to move rashly, staring blankly at the nine silver needles on Wiliam's body, squirming slowly, and slowly getting out of his body.

However, a few seconds later, some people called out again, "No! No! Not nine! Everyone, look at the needles of these needles!"

With this shout, everyone's eyes were on the needles of Wiliam's nine needles.

At this moment, the nine needles had completely penetrated Wiliam's body.

However, these needles did not fall off.

But continue to wriggle outside!

It seems that there is something to come out of Wiliam's body!

A few more coquettish red lights flashed suddenly!

Everyone was shocked and their scalp numb!

I saw that the needles of these nine silver needles were clearly against the other nine silver needles!

It seems that there are nine identical silver needles hidden in Wiliam's body!

Now, these nine silver needles will pierce the nine silver needles in Wiliam's body, and the needles will push out against the needles!

Eighteen!

Until the end, eighteen Needles of Red Flower appeared in everyone's vision.

They are quietly suspended in front of Wiliam's body!

Everyone was dull.

Why, it will be eighteen!

When did nine long live safflowers grow in Wiliam's body?

Just now everyone can count clearly, there are only nine!

The three elders were even more surprised.

However, he immediately yelled, "Eighteen silver needles were planted in Wiliam's body just now, so this time, Wiliam lost!"

Everyone was even more at a loss.

Is it because everyone just counted it wrong?

And the forty-odd people, hearing the words of the third elder, suddenly loosened, and Qi Qi sat on the ground.

Just now they didn't know why, looking at Shang Wiliam's eyes and the terrifying aura on Wiliam's body, they only felt that they had stepped on the door of the ghost!

There is a danger of death at any time.

Well now, if this kid hits eighteen silver needles at the beginning, then he will lose and he can't continue to do it.

Take a small life back.

This feeling of escaping from the dead made them sweat all over.

However, there was a group of people on the scene with weird smiles.

Feliicity laughed extremely coldly.

This group of people is ridiculous!

Eighteen needles?

Do you know how many Long Live Red Lotuses are hidden in Wiliam's body!

His body is his most terrifying existence!

Feliicity felt an inexplicable relief in her heart!

Because, since Wiliam stepped into the Lu family, Wiliam has been concealing some secrets from him.

For example, Long live Honglian, such as "Impermanence Medical Classic", and even more like the blood of the ancestor of his eternal unicorn!

And now, Wiliam's body was in full view, and nine long live red lotus appeared again!

This means!

Wiliam wants to make known to the public the secret of Long Live Honglian!

Finally, you don't have to be aggrieved by concealing secrets!

William!

Be bold!

As long as you want to fight!

I Felicity is the first soldier by your side!

Felicity and Mulan and the others exchanged glances, their eyes were the same!

Burning fighting spirit!

"Ho ho, I lost, ridiculous, ridiculous..." William sounded like a ghost, faintly.

Accompanied by his ho-ho laughter, it looks weird!

At this time, everyone was shocked again!

I saw the eighteen long live safflower flowers that had been suspended in front of William, and nine of them suddenly crumbled into dregs!

And the other nine real long live red lotus, red light suddenly released!

William's body also bloomed dazzling red at the same time!

He was born out of a shining red lotus!

Tenth!

Eleventh!

Until a hundred long live red lotus was completely exposed to everyone, everyone got goose bumps all over!

"Those rubbish things stigmatize my grandfather's name! Let you see and see!"

"Real hell scenery! Real!"

"Long live Guren!"

Chapter 1212 Answer, wrong!

A coquettish red lotus, slowly blooming in front of everyone!

As if until, there is no light in the world!

In everyone's eyes, there is only this arrogant lotus flower!

In my heart, it is endless incredible!

There are so many silver needles hidden in Wiliam's body!

And these silver needles look even more spooky than the ineffective Needles of Red Flower before!

Full of a weird and mysterious taste!

How can there be so many silver needles hidden in a person's body anytime and anywhere!

Won't he die?

And when they saw the original nine silver needles shattered in front of this even stranger silver needle, their scalp numb again.

If this is the case, then where is the eighteen silver needles in Wiliam before.

He didn't lose!

In the presence, the most shocking people were the three elders!

Hell scenery!

Long live safflower!

This is really the most shocking hell scenery!

Their instincts told themselves that the long live safflower shown by Wiliam now in the incarnation of Honglian is the real and complete long live safflower!

Even the long live safflower that Lu Lingfeng has always held!

The three elders thought they would get Long Live Safflower and "Impermanence Medical Classic" after they joined forces to kill Lu Lingfeng.

Who knows, Long live safflower disappeared with the disappearance of Lu Lingfeng.

But I have no idea that it will be at this time today!

It will be on Lu Lingfeng's grandson!

Seeing the long-lost safflower again, the three long faces were filled with mixed feelings, and at the same time killing intent!

Long live safflower, why did it appear on this kid!

"Wiliam! Where did you get the long live safflower! How could you have the long live safflower of our Lu family!" The three elders' eyes were cracked, and he shouted sharply.

However, Wiliam closed his eyes and said nothing.

The third elder was about to rush up, but was held back by the big elder.

The great elder gave the third elder an angry look and whispered: "You are looking for death!"

The third elder's heart shuddered, and he understood something instantly.

Together, they suppressed the killing intent in their hearts.

Because once you start to deal with Wiliam now, it means that the three elders and other high-level leaders will completely make the murder of Lu Lingfeng public.

North Lu's family medical practice was originally a humble and benevolent image.

If the scandal of internal murder spreads, they will be completely ruined!

And there is something extremely scared in their hearts!

If things spread out, if you accidentally let Wiliam's father know!

North Lujia!

The disaster of extinction!

They endure the horror and watch the changes!

And those who heard the words of the three elders screamed again.

"Needles of Ruby Flower! Could it be that the hundred weird silver needles on the four elders were the old elder Lu Lingfeng's Needles of Ruby Flower!"

"See you for a long time! I didn't expect to see Long live safflower here today. What is going on? Long live safflower didn't mean it was lost?"

"Surely this kid stole the Long Live safflower by some means, damn it! This is our Lu family's treasure!"

Wiliam in the red light, like a hell demon, slowly opened his eyes.

He stretched his hand forward, and a hundred long live red lotus was suspended in his hand so quietly, as Wiliam breathed, red light flashed.

Long live Honglian seemed to be able to feel Wiliam's heart, becoming extremely tyrannical!

Wiliam stretched out his hand!

A hundred long live red lotus blooms like fireworks in the sky!

But it flew to the forty people who were sluggish on the court!

In the next second, everyone was shocked!

Every two people have two long live red lotus on their foreheads and back of their heads!

They felt the cold touch on their foreheads, and their bodies stiffened.

When they reacted, there was no chance of escape at all.

And the people off the court felt a chill from the soles of their feet!

What is going on with these Needles of Red Flower!

It seemed to merge with Wiliam.

He could listen to Wiliam's heart call, and he could hang directly in the air without falling down.

This has completely exceeded their knowledge of things outside the body.

Could it be long live safflower, every root has its life!

Wiliam moved.

He slowly raised his foot and walked forward.

Every step he took, the remaining ten Long Live Gulian followed him.

Like his most loyal personal guard.

He walked up to the nearest person, said in a cold tone, "Where did you get the silver needle?"

The person he was staring at happened to be a thorn in the Palace of Medical Martial Arts.

He stared at Wiliam bitterly, and suddenly sighed fiercely, "Come on! Kill me! I don't believe it, you dare to kill me in front of so many people! After killing me, I'm afraid you, the elder, just I'm going to be guilty of murder! I'm a fate, I can die with you! I'm worth it!"

This person seems carefree, but he has a deep understanding of the situation in front of him.

This is a game with hundreds of people present.

If this Wiliam dared to kill in public against the rules of the game, then Wiliam would definitely be to blame.

He knew the hatred of Wiliam by those high-level officials in North's Lu family.

I also know that Wiliam is very knowledgeable about current affairs.

This kid definitely won't leave anything to the elders of the North Lu family because of a small life.

So, this kid is just pretending!

He didn't dare to kill at all!

Seeing that Lu Yezhen was talking, the man laughed jokingly, "What? Speaking of your pain? Don't you dare to kill me? I persuade you to let me go! Otherwise, I will definitely be with you. Finish!"

At this time, Wiliam smiled.

He laughed extremely coldly.

"wrong answer....."

Wiliam's heart moved!

Under the eyes of everyone, the person in front of him suddenly uttered a scream!

And everyone on the sidelines also screamed in unison, their eyes widened!

Just because they saw an extremely cruel scene!

The long live red lotus on this person's forehead is like an invincible insect.

Slowly drilling on his forehead!

By the way!

This person does not leave a drop of blood!

Everyone just watched the long live red lotus on this person's forehead, completely not in his head!

And this person is even more in purgatory!

Him!

Is eager!

Wait to die!

This feeling of being close to death every second makes everyone feel the same!

Everyone fought a cold war together, until they saw that the man was paralyzed and fell directly to the ground, completely silent.

William!

kill!

Everyone looked at William in amazement, they really didn't expect him to be so vicious!

Kill in front of hundreds of people!

The third elder screamed, "William! You are so bold! You dare to break the rules! I want you to pay for it!"

However, William turned around and looked at the Third Elder coldly.

The third elder stiffened, as if being stared at by a wild monster!

William's voice was still cold.

"Rules? Are you talking about rules with me? Not what you said. There is no end to this scene?"

Chapter 1213 Four-word murder!

The face of the three elders turned pale instantly!

He was so full of hatred!

Before, the great elder deliberately played word games, and he didn't say anything to the end, but said that harmony is the most important thing.

If Wiliam killed people from the beginning, the third elders could also reprimand Wiliam.

But now!

Just now the third elder saw the nine needles in Wiliam's body unconscious on the ground, and had already broken the word game in front of everyone.

Now, where does the Lu family stand to accuse Wiliam of killing?

It's the people of the Lu family who take the blame!

And the three elders are even more depressed!

If Wiliam used other means to kill someone, they could still punish Wiliam.

Unfortunately, Wiliam used the silver needle to kill!

The Grand Elder said before that in this game, as long as the silver needle appeared on the field, the Lu family would not pursue it, and it was within the scope of the rules.

And the long live safflower that Wiliam appeared out of thin air was of course within the rules.

Moreover, this game is a test shot.

This person died under Wiliam's silver needle, and there was no foul.

For a time, the three elders felt as if they had been hit hard by a big rock, and he vomited blood!

Obviously all the rules are used to deal with this kid!

But why!

Up to now, all the rules have become a weapon for this kid to counterattack!

Those of us, do we want to kill this kid or help this kid!

What a shame!

The people at the scene obviously also thought of the various rules of the previous game, and they believed that Wiliam killed a person, although it was intolerable, but it was based on law.

So everyone is angry too!

The IQ of hundreds of people from the North Lu family is not enough to be smart enough for a kid!

It's too frustrated.

Wiliam saw that everyone had nothing to say, and continued to walk towards the next person.

Lu Xiaoluan could hardly grasp her throat when she looked beside her.

She couldn't help holding Felicity's hand, and whispered, "Felicity! Wiliam killed someone! Wiliam killed someone! Go and stop him!"

Although Lu Xiaoluan was full of enthusiasm, he never killed anyone since he was a child.

Seeing Wiliam murder, she worried for Wiliam for no reason.

However, Felicity laughed, her eyes cold.

"Good kill! It's a pity, I can't go on the court to kill him!"

Lu Xiaoluan stared at Felicity in disbelief.

These murderous Ling Ran words were spoken by a pure chick?

Felicity, you're afraid that Wiliam was completely ruined!

Is this a couple of immortals or a couple of demons!

"Tell me, where did the Silver Needle come from!" Wiliam said coldly to the person in front of him.

This person watched as one of his companions was slowly tortured to death by Wiliam because he didn't answer Wiliam's question.

He is already terrified!

He couldn't help but look in the next direction.

However, what is ushered in is a pair of sinister eyes!

The man became stiff, and curled his neck and said, "I, I don't know..."

Wiliam's cold smile appeared again, "Answer, wrong..."

Long live Honglian on this person's forehead moved again, and went directly into this person's head!

At this moment, the man made a scream and fell directly to the ground.

Another person died!

Wiliam bore two lives!

What does he want to do!

Do you want to kill all these forty people on the court today!

He dare!

Everyone looked at Wiliam in horror, feeling angry, but completely unable to escape!

Because the game continues.

And the one hundred people on the sidelines who had been eliminated before suddenly felt like a survivor.

They were fortunate for the first time, and they just failed very quickly.

Otherwise, stay on the stage and wait for them, this kind of purgatory on earth!

William walked to the third person, "You will answer my question."

The man's throat moved, and his voice trembled, "This needle is mine..."

"wrong answer."

When the voice falls, people die!

Kill three people in a row!

Do not frown!

Don't blink!

Even his face is as usual!

The phrase "Answer, wrong" is like a magic sound brain, deeply imprinted in everyone's head!

That's it!

Some people who don't know what they know are very angry.

This William is a total demon!

What is the answer he wants!

Four words to kill, the sky has no eyes!

Those who stayed on the court fought a cold war deeply.

They finally know that they are afraid!

They finally discovered that the indifferent young man in front of them was the biggest demon of the Lu Family!

Regarding human life as a waste!

what should I do now!

These people cast their eyes helplessly to the sidelines for help.

Because they know that what awaits them is death!

At this time, someone should come to stop the game!

Someone should come to save their lives!

unfortunately.

The people off the court, especially the three elders, although their eyesight was completely split, but their hearts were so sharp that they didn't have to stop the game.

Just kidding, how do you stop?

Stopped, Wiliam won directly!

In the future, he will hold such a huge force in his hands, and everyone will be overwhelmed by him!

And if you continue to wait, there may be a turning point.

In the hearts of the three elders, what did the forty-odd cheap fortune telling?

Compared with a hazy in case of a turnaround, it is not as good as it is.

Therefore, the game continues.

Wiliam stood in front of several people this time.

He saw from the left to the right, and said coldly: "What about your answer?"

Those few people, look at me, I look at you.

He only hesitated for three seconds.

"wrong answer....."

Wiliam's expression remained unchanged, and his legs moved.

Behind them, five people fell!

Now, the scene is exploded!

This kid is getting more and more arrogant!

Before, one person asked!

Kill one by one!

Good now!

Bundle directly to kill!

Even just now someone was about to answer, but because of the hesitation of the person next to him, he suffered the crime of sitting down!

"William! Do you dare to continue!" Someone suddenly couldn't stand the cruel scene and shouted directly beside him.

but!

"Wow!"

A red light broke through the sky!

A long live red lotus hung on that person's forehead.

"I dare to continue, do you dare to come over?" William said indifferently without looking back.

That person, sweating like rain!

The body is already limp to the ground!

Everyone felt their hearts jumping out.

It's crazy!

Some people looked at William with complete fear.

They had never seen William look like this since William came to the Lu family.

Before the Lu family treated him all kinds of things, he was just accepting it in adversity and resolving it with wisdom.

Now they really saw it!

The terrible side of William!

William moved so angry!

In their hearts, a motto was planted deeply!

Ten million!

Don't anger William!

William stood in front of a group of people again.

This time, almost without waiting for William's questioning, some people already cried out like a concubine.

"I say I say! I tell you everything! Don't kill me!"

Chapter 1214 Secret Disclosure!

These people are really scared.

The companion who watched him fell beside him.

Just because of four words.

wrong answer.

And what awaits them is this kind of upcoming devil's questioning.

Death seems to have never been so close to them.

Therefore, they admitted it.

Speaking out may die.

But if you don't say it, you must die!

They no longer dared to doubt whether Wiliam dared to kill or not.

Wiliam looked at these people and asked faintly, "Where did your silver needles come from?"

The few people shouted almost in unison: "The Third Elder! Where did you get it from the Third Elder!"

After speaking, there was a cry of exclamation from the audience!

Those who didn't know the truth looked at the three elders.

And the third elder actually mentioned his throat with a heart just now.

He thought that under his own deterrence, these people dared not speak out.

He didn't wrinkle his brows until he saw Wiliam killing people.

He knew that he had miscalculated.

Human will, under such suffering, is the easiest to collapse.

Obviously, the rest of the people in front of him are close to collapse.

So, the answer will come out soon.

The few people finished speaking, then looked at Wiliam together, with infinite love and hope in their eyes.

The silver needles on their heads did not penetrate into their brains.

Wiliam turned around and looked at the Third Elder.

All of a sudden, the five people, and even the others, heaved a sigh of relief.

They knew that as long as they didn't wait for Wiliam's urging "Answer Wrong", they would have recovered a small life temporarily.

Wiliam looked at the three elders, still indifferent, "You gave them this inferior long live safflower?"

The three elders were found out, and they simply admitted.

He said coldly: "Yes! I gave it, so what! These people have contributed to our Lu family. I rewarded them some time ago. Why not?"

These words made Wiliam laugh directly.

Even Lu Xiaoluan thought it was ridiculous!

Judging from a moment ago, although those are ineffective long live safflowers.

But the power is also different from ordinary silver needles.

She has never seen Long Live Safflower in the Lu family, except in the hands of Father Lu Lingfeng.

Even if it is the ineffective Needles of Red Flower, several elders regard it as a treasure.

They will be willing to reward others, and they are some peripheral disciples.

It's a lie with your eyes open!

Lu Xiaoluan also understood that this was a conspiracy against Wiliam.

If Wiliam had shown his long live safflower just now, maybe he would have died tragically in the hands of the Lu family.

Thinking about it this way, Lu Xiaoluan suddenly felt very relieved when he saw Wiliam killing someone!

"I want to ask you! Where did you get the Needles of Red Flower! How could you have our Lu Family heirloom treasure! What exactly did you use to steal it!" Seeing Lu Yezhen's words, the third elder suddenly beat him up.

Lu Xiaoluan was so angry that he laughed directly, "Three elders, you are so nonsense! When is the long live safflower heirloom of our Lu family? Obviously it is the personal possession of Grandpa Wiliam during his lifetime."

The third elder sneered and said: "Personal things? In our Lu family, even the people belong to our Lu family, so things are naturally considered to be our Lu family."

Lu Xiaoluan's heart was almost lost.

If people are shameless, they are truly invincible in the world!

"You really want to care about me, where did my long live safflower come from?" Wiliam suddenly looked at the third elder coldly.

The third elder was about to speak, but suddenly became dumb.

He looked at the great elder.

The elder's eyes were sharp, revealing four words!

Don't be fooled!

The three elders suddenly converged and stopped talking.

Going on, Lu Lingfeng's affairs will be shaken out sooner or later.

Seeing that the situation on the field froze, the elder stood up and said, "Well, although the process of today's competition was a bit bumpy, the ending was a happy one. The four elders showed us the profound silver needle skills, worthy of our Lu family. The most outstanding talents of the younger generation, ho ho. It seems that the four elders have been so outstanding since childhood, ho ho."

However, no one cares about the nonsense of the Great Elder.

Obviously he gritted his teeth with hatred.

Seeing that the situation is still very cold, the Grand Elder reluctantly said: "I declare that the winner of this game is the Fourth Elder."

At this moment, the people of the unicorn power burst into applause.

Feliicity rushed up for the first time, making Lu Xiaoluan dumbfounded!

What a special thing, the speed of light!

However, when Feliicity plunged directly into Wiliam's arms, Lu Xiaoluan seemed to understand something.

She smiled bitterly and murmured to herself: "Che, what you say you believe in your husband, and what you say you don't have to worry about your husband are all pretends. This is not when the game is over, you will fly faster than anyone else. , Despise you Feliicity."

But where does Lu Xiaoluan know Feliicity's mood at this moment?

I believe that Wiliam is true, from beginning to end.

And it was true to worry about Wiliam, even if Wiliam had a strong wind or wave or a small disaster.

Her heart is only for Wiliam alone.

And what she cares more about now is Wiliam's mood.

She nestled in Wiliam's arms, rubbed her head against Wiliam's chest, and said coquettishly, "Wiliam, don't be angry, okay?"

Feliicity knew that Wiliam had a real fire just now.

She didn't want Wiliam to get angry anymore.

Even if he immediately killed the Quartet with a horizontal knife, as long as Wiliam could relieve his qi, Feliicity felt it was worth the money.

Wiliam rubbed Feliicity's head habitually, and said softly, "I'm not angry anymore."

Only two people could make Wiliam's mood fluctuate.

One is grandpa, the other is Feliicity.

Wiliam knew better and cherished the person before him.

He also didn't want Feliicity to worry.

When everyone was below, they were confused again.

Is that right?

What about killing people?

How could it become a soft finger in front of a woman?

Are you a real man?

At this time, Lu Xiaoluan and Lu Xiaobin also came to Wiliam's side.

Lu Xiaobin was more heartbroken. He asked curiously, "Brother Wiliam, where did the Needles of Red Flower on your body come from?"

In the surrounding area, countless eyes were cast instantly.

The dark gazes of the three elders were also among them.

After Lu Xiaobin asked, he was caught in the armpit and punched hard.

"Don't ask if you shouldn't ask!" Lu Xiaoluan vaguely knew that Wiliam was unspeakable, so he directly helped Lu Yeyuanchang.

However, Wiliam looked around, as if to satisfy everyone's curiosity.

It also seemed to make a big secret public.

He said lightly: "My grandpa gave it to me, by the way, my grandpa..."

"Not dead!"

This secret shocked the entire Lu family!

The exclamation is endless!

Chapter 1215 Confession!

"What! Lu Lingfeng is dead!" Many people on the scene exclaimed in unison!

You know, the death of Lu Lingfeng that year caused turmoil in the entire Lu family!

After all, at that time, Lu Lingfeng was unparalleled in medicine in the Lu family, and suddenly died overnight, making many people puzzled.

However, when everyone saw Lu Lingfeng's coffin sink into the ground, they were convinced that Lu Lingfeng was really dead.

Now, Wiliam actually said that his grandfather was not dead, what was going on!

The faces of the three elders were completely pale.

Damn it!

This kid!

Do you have to shake everything out today!

Never let him speak out!

Thinking of this, the elder pretended to be horrified, and asked Wiliam: "You said your grandpa is dead! This is great! This is really good news!"

Wiliam looked at the elder jokingly, and asked faintly, "Is this really good news for you?"

The elder's face became stiff, and he immediately returned to normal, "Of course it is true! The death of the old man made me feel heartbroken back then. Now I am happy to hear that he is dead. How can I not be happy for him! Where is he now? Welcome him back to the Lu family! He is the glory of our Lu family!"

With the words of the great elder, everyone's expressions cheered up.

Lu Lingfeng is definitely another legend besides Wiliam's father to the Lu family.

He has painstakingly studied the teachings of medicine, and the most incredible thing is that he has even completed the "Impermanent Medical Classics".

This is a once-in-a-lifetime opportunity for the Lu family.

If the Lu Family of North were on the top of the crowd because of the supplemented version of "The Medical Classics of Impermanence", Lu Lingfeng would definitely take credit.

Unfortunately, not long after Lu Lingfeng made up the "Impermanent Medical Classics", he died suddenly.

The "Impermanent Medical Classics" also disappeared with his disappearance.

If Lu Lingfeng returned to the Lu family, it would definitely be a matter of time for the Lu family to see all the mountains.

It's a pity that these people only know the face, not the inside story.

"I don't know where my grandfather is, but I want to ask one thing. If my grandfather does come back, will it be a good match or a calamity for you?" Wiliam asked with a smile.

The three elders look at me, and I look at you, but dare not tell the truth.

What a good match!

Surely never die!

It's a pity that they dare not move Wiliam rashly now.

And they secretly rejoiced that although this Wiliam was a genius, he was still young and fledgling, and he didn't dare to confront the Lu Family head-on.

Now that Wiliam said that Lu Lingfeng was dead, but he didn't say what happened to Lu Lingfeng before, it showed this point.

The three elders also understood why Wiliam had to say this deliberately.

He was using the old scandal to threaten the entire Lu family.

The three elders had to bow their heads to Wiliam.

"Ho ho, we will discuss your grandfather's affairs in detail later. There are still so many people at the scene. We are waiting to congratulate the four elders to officially take over as the palace of medical martial arts, and your old department can join our Lu family, we Lu The strength of the family will surely rise to a higher level, this is double happiness." The elder said kindly. The corner of Wiliam's mouth twitched slightly, and there was nothing to say.

The three elders were actually only half right.

He deliberately said the message that his grandfather was not dead, half of which was to force the Lu Family to bow his head.

The other half is a warning!

Lu Family, you will eventually pay a heavy price for your ugly behavior back then.

It was only the first step for me to take over the Medical Martial Arts Hall.

Next, I will make it difficult for you!

There was a compliment on the scene, "Congratulations to the four elders."

Wiliam nodded amid the compliments of everyone, which was regarded as a sign that he had taken over the palace of medical martial arts.

However, in the midst of compliments, someone suddenly wailed in pain.

"We, what can we do?"

It was the nearly two hundred people who were expelled from the Palace of Medical Martial Arts by Wiliam himself.

These people, from the beginning, because of the secret support of Lu Zhi and the third elders, they deliberately tried to embarrass Wiliam.

Unexpectedly, in the end, even the three elders could not keep them.

They worked hard, but in exchange they were displaced.

After finally joining the North Lu family, now I have a big dream.

For them, it is definitely a deep blow.

The Grand Elder looked at these people on the scene, heartbroken, and said, "Since you have been expelled from the Lu Family by the Fourth Elder, please come back.

In the heart of the great elder, how can the future of hundreds of people be compared with the Lu Family scandal.

We still have to give Wiliam some face so that we don't have to be too embarrassed today.

When those people heard that the elder was so unfeeling, their eyes were red.

Someone immediately jumped out and said, "Elder, we used to be cattle and horses for the Lu family for so many years! Do you not even read any of your old feelings?"

"Also! Today, we were completely obedient to the orders. In the end, this is the result. We are not convinced!"

"Yes! Dissatisfied! We were simply blind and followed you who are ruthless people! If we knew this, we might as well be loyal to the Fourth Elder from the beginning!"

When it comes to allegiance to the Fourth Elder, some wise people are startled.

correct!

Right now they have only one way left.

They were expelled by the four elders, but what if the four elders take their lives back?

Then they have nothing to do?

Thinking of this, some people, regardless of their shame, knelt down directly at Wiliam, crying bitterly and said: "Four elders, we were obsessed with ghosts for a while and we did something wrong, but we are also involuntary. Now we regret it, we are willing At any price, as long as the four elders can take their lives back, let us stay in the Lu family!"

These big men cried directly.

It wasn't because of how loyal they were to the Lu family, but because they were reluctant to lose such a beautiful job out of thin air.

Lu Xiaoluan's heart softened as he watched these people cry.

She whispered to Wiliam: "Wiliam, otherwise you should consider this matter. After all, many people in this area are still being instructed or threatened. So many people are expelled at once. I am afraid that they will jump the wall in a hurry. It's not good after all."

However, Wiliam smiled slightly, his expression changed.

He said lightly: "I have said before that it is impossible for me to take my life back."

These words completely chilled the hearts of those people.

Many people just sat on the ground with despair in their eyes.

It's over, this is really over.

It's time to completely roll up and leave.

If this is spread out, how will it be mixed in this life!

Everyone felt dull.

But at this time, Wiliam looked at his subordinates again, and said with a smile: "However, I can give you a chance if you read your sincere confession."

Chapter 1216 Shudder!

When the third elder heard this, his face changed!

"No! Four elders, if they are expelled, they are expelled, and they cannot be allowed to come back!"

The three elders were scared!

These people were loyal to him before, but they were used as a tool by him, and they had already complained in their hearts.

They were facing death just now, and the Lu family did not take action to stop the game, which indirectly killed several people.

These people are afraid that they are already chilling towards the senior leaders of the Lu family.

If they stay in the Lu family, they will definitely cause harm to the Lu family in the future.

What's even more frightening is that if these people are grateful to Wiliam because of Wiliam's recovery, wouldn't Wiliam's power rise to a new level!

So you must not let them stay!

Lu Xiaoluan laughed coldly and said, "Oh, didn't you plan to keep them here before? Why is it the other way around? Why? What are you afraid of?"

The third elder looked cruel, and said lightly: "According to the rules of the Lu family, it is impossible for the evicted person to return to the Lu family!"

The unfeeling speaking made the dullness on the faces of those two hundred people even worse.

They hated the three elders instantly!

Treat them as fools!

Kick it away when you use it up, leaving no way out at all!

But at this time, Wiliam smiled and said, "Who said I want them to return to Lu's house?"

Eh?

The whole audience was dumbfounded.

Isn't the Fourth Elder asking them to return to the Lu family?

What did he just say to give a chance?

As long as these people don't stay in the Lu family, nothing is an opportunity, right?

Even the two hundred people looked at Wiliam in surprise.

Wiliam said lightly: "I said I would give you a chance, but instead of going back to Lu's house, I went to..."

He said, looking at his old ministry.

The God of Wealth immediately understood it, and stood up and said, "Hahaha, the senior management of our Blood Moon Group, isn't it now that we have joined the Hall of Medical Martial Arts, and it just happened to vacate more than two hundred mid-level high-level positions. How about you people? , Are you interested in joining the Blood Moon Group?"

Eh?

Eh eh eh!

The audience was shocked!

Including those two hundred people!

Everyone looked at Wiliam with shocked eyes!

This kid!

Absolutely!

Before he suddenly pulled these people from the Blood Moon Group to the Palace of Medical Martial Arts, everyone thought it was already very shocked!

I thought it was over!

Where can I get it!

There are even post tricks waiting here!

by!

It's terrible!

If this happens, what will it turn out to be!

As a result, these people from the Blood Moon Group will have a huge shift from the people of the original Medical Martial Palace, and all will be replaced!

Who is the final winner!

it goes without saying!

The Fourth Elder not only stood firm in the Lu Family at once, and formed the greatest power.

And he also had two hundred potential future men at once!

It is equivalent to the fact that he has two medical martial arts palaces at the same time!

If Wiliam rebels, it is estimated that the Lu Family will be destroyed if they die!

It's terrible this young kid!

So resourceful!

Ring after ring, even completely unthinkable!

Who would have thought that when Wiliam got the entire Blood Moon Group into the Palace of Medical Martial Arts, he would have already targeted these original people!
There is even a more terrible guess!

The great elder is an old fox, he shuddered when he thought of this!

If Wiliam's ultimate goal is to complete the exchange and acceptance of the two forces, then all his previous actions can be explained clearly!

In the beginning, all these people were expelled from the Lu family by strong means, which laid the foundation for follow-up actions and provided the possibility.

Then, he used cruel methods to kill several people in a row, even with this invisible pressure, causing these people to feel chilled at the disregard of the Lu Family, completely forming an irreconcilable gap between them and the Lu Family!

In the end, when these people were desperate, they had completed their repentance to Wiliam.

Wiliam gave the opportunity.

Be loyal to him!

So far this thing is a perfect ending!

Want to understand this, the elder really feels that his head is not enough!

Now think about these ideas carefully!

It involves murder and fortune-telling!

A young man in his twenties is so hot!

The Grand Elder wanted to jump out and stop this scene from happening.

But he found in despair that the Lu family had completely lost the initiative, and even had no position at all!

These people are no longer under the Lu family.

The Blood Moon Group is also related to Lu Jiazheng.

These people join the Blood Moon Group, they can't even control it!

Could it be that you can only watch Wiliam sweep across the army, infinitely powerful?

The great elder felt weak, and his mentality was about to collapse.

The two hundred people looked at the God of Wealth blankly.

The God of Wealth continued: "You can't find things to do all of a sudden, then go to the Blood Moon Group. Don't worry, I promise that the benefits are definitely better than here. And this is not the key. Know, who are you talking to?"

The God of Wealth looked at Wiliam.

Those people also looked at Wiliam.

Who are you with?

Are you following a monster or a fairy?

A big question mark was drawn in their hearts.

After all, Wiliam's thundering methods and iron-blooded ruthlessness had been deeply experienced.

It's just that they looked at these people in the Blood Moon Group, and they were a little moved.

If Wiliam is a domineering and ruthless person, then his men should treat him respectfully and tremblingly.

But this is not the case at all.

From the beginning, they met the people of the Blood Moon Group. They were happy, laughing and cursing, as if the group cohesion was very high.

Moreover, their attitude towards Wiliam is both a teacher and a friend, and there is no half-fear, and some are just the kind of frank and honesty between friends.

Wiliam treated them the same way as his brothers, he didn't know how to calculate, and he didn't have the domineering attitude.

And it is not pretended.

After all, one person can pretend, how can hundreds of people pretend?

There will always be someone who will show up.

"You guys have seen it too. I'm not polite. Wiliam is our boss and our brother. He is willing to die for us, and we are willing to fight for him. I don't say anything ignorant of my conscience, he is for us. The frequency of selling our lives is definitely more than the number of us selling our lives for him. The Xiushan first product was bought by us a few days ago. Do you know why? It is a gift from the boss to each of us. "The old fox, the God of Wealth, is tempting every word these people.

The complexion of these people slowly changed.

If so, it couldn't be better.

What attracts them is not welfare.

But a good leader.

They experienced this time being framed by the Lu family, and this is unforgettable.

Framed up again, they will collapse.

And being able to stay in Fengcheng is not a good thing.

A few of them did not hesitate anymore and knelt directly towards Wiliam, "The four elders do not dislike us, we are willing to do your best for you!"

Chapter 1217 Borrowing a Knife!

As these people knelt down, others also knelt down slowly, swearing to the heavens, loyal to this life!

Wiliam smiled faintly, and said, "Get up, someone will contact you in the follow-up."

He didn't really care about these people.

Just treat them as some peripheral members.

The reason for this, Wiliam's biggest purpose is to deter!

Form a strong check on the Lu Family!

Among the other peripheral disciples at the scene, some people even showed envy in their eyes.

Everyone saw the Lu Family's treatment of the peripheral disciples' life as a dog.

The two hundred people today may be the future ones.

Who is not afraid of being used as a pawn by the Lu family?

Now over two hundred people are a blessing in disguise...

Good fate!

The three elders of the Lu family obviously saw this scene in their eyes, their mouths opened, but they could not speak.

What can I say.

No standpoint.

And Wiliam's threat was still there.

What a treacherous kid, taking advantage of his grandfather's matter, continued the threat to this point.

Even the last scene of buying people's hearts planted a thunder in the hearts of other peripheral disciples, and they might blow the Lu family to pieces!

If you knew from the beginning that he would do this, shouldn't you turn your face on him from the beginning?

The three elders were weighing this matter in their hearts, but only got one answer.

Wrong step, wrong step!

I have endured it for a while, and now I turn my face again, I'm afraid it will fall short!

That's it!

It seems that this kid doesn't want to turn his face with the Lu Family for the time being, so let's do this first.

This scene of taking over the Palace of Medical Martial Arts finally came to an end.

William became the only winner.

As for the North Lu family, he stepped on his feet again, losing his wife and breaking down!

The God of Wealth led people to approach the old department of these medical martial arts palaces, and William followed Felicity back to the room.

At this moment, the three elders gathered in a meeting room, all of them gloomy.

The third elder finally couldn't hold back and said, "Elder, should we always let this kid grow up under our noses! You can all see, how long has he come to our Lu family! Now it's not only the Lu family elder, but also a doctor. The Master of the Wuying Palace, and directly exchanged our peripheral disciples from the Lu Family! Can we still deal with him now! We will be killed by him sooner or later!"

The first elder and the second elder looked at each other and obviously agreed with the words of the third elder.

The third elder continued to say indignantly: "And don't forget, what this kid said when he came to our Lu family on the first day! He gave us three months, let us give him an answer! Think about it, three Months later, how are we going to answer to him? He obviously knows the truth and wants us to confess our crimes!"

The Grand Elder finally changed his face at this time, "We can't just sit and wait! Hey! Blame us for acting too rashly, and this kid is too cunning! Counting one step at a time, it's hard to guard against!"

"Actually, I think it's possible for us to win him over? Let him be used by our Lu family?" the second elder said weakly.

The third elder snorted coldly, "Shit! We almost killed his grandfather! He can surrender us? What's more, after so many confrontations, although we seem to have had a feast with him, we are already in danger!"

“Actually, I’m curious about one thing.” The elder said slowly, “The kid knew that his grandfather was dead and he got the Needles of Red Flower. Do you think the “Impermanence Medical Classic” is also in his hands? “

These words made the hearts of the two elders come up.

However, the grand elder immediately denied himself, “I thought about it, but I still find it impossible. There are three reasons, one, Lu Lingfeng loves this grandson too much, and he will never let his grandson take risks. He knows that everyone is innocent and guilty. Therefore, until Lu Yezhen has enough strength, he will not let Wiliam have the “Impermanence Medical Scripture” as a target. This can be proved by killing the Lu family alone. If he has the “Impermanent Medical Scripture”, it is basically Dare not come over.”

“The second point is that there is no shadow of “Impermanence Medical Classics” in the medical skills he showed before. You probably know the character of this kid, he is extremely arrogant. If you use it, you won’t endure it until now.”

“The last point, and the most important point. The “Impermanence Medical Classics” has been practiced to the end, and we need to unlock the Qilin bloodline of our North Lu family to continue to study. But how many days this kid has been here, even if we do it, we are not Seeing that he has any blood, it shows that his talents are just so-so. When he has reached the end, he can’t study the “Impermanent Medical Classics” at all.”

The three explanations of the Great Elder convinced both of them.

“Hmph, it seems that this kid had some adventures a few years ago. But without the backing of blood, he turned into inner strength and profound energy. I think his way in martial arts is like this. This is good news.” Said somewhat proudly.

“Then how are we going to deal with him next? Can’t let him take action against us first, right?” the second elder asked again.

The elder groaned for a moment and said, “I understand the lesson before. We can’t participate in it personally to deal with him, otherwise we will be too passive. We have to borrow the knife to kill people! And the farther away the knife is, the better.”

After all, they had used the knife to kill people, which was to use the Chen family of Liehan to deal with Wiliam.

As a result, Patriarch Gou directly threw the knife back to the Lu family, stabbing the Lu family with blood.

“Elder, when you say so, I suddenly have a wonderful plan! We don’t have to take action at all, and we get a chance to breathe temporarily, and this kid will be frustrated!” The third elder slapped his head.

The great elder is overshadowed by this scene, “Don’t do anything to me, I am afraid of you, one by one, all of us are trapped.”

Not all previous conspiracies were proposed by the three elders.

But in the end, it was his own people.

Sometimes the elders wondered if the third elders were undercover agents from Wiliam?

But this time, the three elders were full of confidence, "This time it is absolutely reliable, even if the kid is not really frustrated, we will definitely sit back and relax!"

"Then you tell it to listen." The Great Elder was skeptical.

"Have you forgotten, where Lu Zhi was going to do in a few days?" the third elder asked with a wicked smile.

Lu Zhi?

Lu Zhi who was beaten unconscious by Wiliam's men during the day?

The second elder's thoughts moved, and it was difficult to set the passage: "I rely on! Third, you mean, let that kid Wiliam take the place of Lu Zhi to participate in the Centennial Ceremony of Evil Fist!"

Chapter 1215 Confession!

"What! Lu Lingfeng is dead!" Many people on the scene exclaimed in unison!

You know, the death of Lu Lingfeng that year caused turmoil in the entire Lu family!

After all, at that time, Lu Lingfeng was unparalleled in medicine in the Lu family, and suddenly died overnight, making many people puzzled.

However, when everyone saw Lu Lingfeng's coffin sink into the ground, they were convinced that Lu Lingfeng was really dead.

Now, Wiliam actually said that his grandfather was not dead, what was going on!

The faces of the three elders were completely pale.

Damn it!

This kid!

Do you have to shake everything out today!

Never let him speak out!

Thinking of this, the elder pretended to be horrified, and asked Wiliam: "You said your grandpa is dead! This is great! This is really good news!"

Wiliam looked at the elder jokingly, and asked faintly, "Is this really good news for you?"

The elder's face became stiff, and he immediately returned to normal, "Of course it is true! The death of the old man made me feel heartbroken back then. Now I am happy to hear that he is dead. How can I not be happy for him! Where is he now? Welcome him back to the Lu family! He is the glory of our Lu family!"

With the words of the great elder, everyone's expressions cheered up.

Lu Lingfeng is definitely another legend besides Wiliam's father to the Lu family.

He has painstakingly studied the teachings of medicine, and the most incredible thing is that he has even completed the "Impermanent Medical Classics".

This is a once-in-a-lifetime opportunity for the Lu family.

If the Lu Family of North were on the top of the crowd because of the supplemented version of "The Medical Classics of Impermanence", Lu Lingfeng would definitely take credit.

Unfortunately, not long after Lu Lingfeng made up the "Impermanent Medical Classics", he died suddenly.

The "Impermanent Medical Classics" also disappeared with his disappearance.

If Lu Lingfeng returned to the Lu family, it would definitely be a matter of time for the Lu family to see all the mountains.

It's a pity that these people only know the face, not the inside story.

"I don't know where my grandfather is, but I want to ask one thing. If my grandfather does come back, will it be a good match or a calamity for you?" Wiliam asked with a smile.

The three elders look at me, and I look at you, but dare not tell the truth.

What a good match!

Surely never die!

It's a pity that they dare not move Wiliam rashly now.

And they secretly rejoiced that although this Wiliam was a genius, he was still young and fledgling, and he didn't dare to confront the Lu Family head-on.

Now that Wiliam said that Lu Lingfeng was dead, but he didn't say what happened to Lu Lingfeng before, it showed this point.

The three elders also understood why Wiliam had to say this deliberately.

He was using the old scandal to threaten the entire Lu family.

The three elders had to bow their heads to Wiliam.

"Ho ho, we will discuss your grandfather's affairs in detail later. There are still so many people at the scene. We are waiting to congratulate the four elders to officially take over as the palace of medical martial arts, and your old department can join our Lu family, we Lu The strength of the family will surely rise to a higher level, this is double happiness." The elder said kindly. The corner of Wiliam's mouth twitched slightly, and there was nothing to say.

The three elders were actually only half right.

He deliberately said the message that his grandfather was not dead, half of which was to force the Lu Family to bow his head.

The other half is a warning!

Lu Family, you will eventually pay a heavy price for your ugly behavior back then.

It was only the first step for me to take over the Medical Martial Arts Hall.

Next, I will make it difficult for you!

There was a compliment on the scene, "Congratulations to the four elders."

William nodded amid the compliments of everyone, which was regarded as a sign that he had taken over the palace of medical martial arts.

However, in the midst of compliments, someone suddenly wailed in pain.

"We, what can we do?"

It was the nearly two hundred people who were expelled from the Palace of Medical Martial Arts by William himself.

These people, from the beginning, because of the secret support of Lu Zhi and the third elders, they deliberately tried to embarrass William.

Unexpectedly, in the end, even the three elders could not keep them.

They worked hard, but in exchange they were displaced.

After finally joining the North Lu family, now I have a big dream.

For them, it is definitely a deep blow.

The Grand Elder looked at these people on the scene, heartbroken, and said, "Since you have been expelled from the Lu Family by the Fourth Elder, please come back.

In the heart of the great elder, how can the future of hundreds of people be compared with the Lu Family scandal.

We still have to give William some face so that we don't have to be too embarrassed today.

When those people heard that the elder was so unfeeling, their eyes were red.

Someone immediately jumped out and said, "Elder, we used to be cattle and horses for the Lu family for so many years! Do you not even read any of your old feelings?"

"Also! Today, we were completely obedient to the orders. In the end, this is the result. We are not convinced!"

"Yes! Dissatisfied! We were simply blind and followed you who are ruthless people! If we knew this, we might as well be loyal to the Fourth Elder from the beginning!"

When it comes to allegiance to the Fourth Elder, some wise people are startled.

correct!

Right now they have only one way left.

They were expelled by the four elders, but what if the four elders take their lives back?

Then they have nothing to do?

Thinking of this, some people, regardless of their shame, knelt down directly at Wiliam, crying bitterly and said: "Four elders, we were obsessed with ghosts for a while and we did something wrong, but we are also involuntary. Now we regret it, we are willing At any price, as long as the four elders can take their lives back, let us stay in the Lu family!"

These big men cried directly.

It wasn't because of how loyal they were to the Lu family, but because they were reluctant to lose such a beautiful job out of thin air.

Lu Xiaoluan's heart softened as he watched these people cry.

She whispered to Wiliam: "Wiliam, otherwise you should consider this matter. After all, many people in this area are still being instructed or threatened. So many people are expelled at once. I am afraid that they will jump the wall in a hurry. It's not good after all."

However, Wiliam smiled slightly, his expression changed.

He said lightly: "I have said before that it is impossible for me to take my life back."

These words completely chilled the hearts of those people.

Many people just sat on the ground with despair in their eyes.

It's over, this is really over.

It's time to completely roll up and leave.

If this is spread out, how will it be mixed in this life!

Everyone felt dull.

But at this time, Wiliam looked at his subordinates again, and said with a smile: "However, I can give you a chance if you read your sincere confession."

Chapter 1216 Shudder!

When the third elder heard this, his face changed!

"No! Four elders, if they are expelled, they are expelled, and they cannot be allowed to come back!"

The three elders were scared!

These people were loyal to him before, but they were used as a tool by him, and they had already complained in their hearts.

They were facing death just now, and the Lu family did not take action to stop the game, which indirectly killed several people.

These people are afraid that they are already chilling towards the senior leaders of the Lu family.

If they stay in the Lu family, they will definitely cause harm to the Lu family in the future.

What's even more frightening is that if these people are grateful to Wiliam because of Wiliam's recovery, wouldn't Wiliam's power rise to a new level!

So you must not let them stay!

Lu Xiaoluan laughed coldly and said, "Oh, didn't you plan to keep them here before? Why is it the other way around? Why? What are you afraid of?"

The third elder looked cruel, and said lightly: "According to the rules of the Lu family, it is impossible for the evicted person to return to the Lu family!"

The unfeeling speaking made the dullness on the faces of those two hundred people even worse.

They hated the three elders instantly!

Treat them as fools!

Kick it away when you use it up, leaving no way out at all!

But at this time, Wiliam smiled and said, "Who said I want them to return to Lu's house?"

Eh?

The whole audience was dumbfounded.

Isn't the Fourth Elder asking them to return to the Lu family?

What did he just say to give a chance?

As long as these people don't stay in the Lu family, nothing is an opportunity, right?

Even the two hundred people looked at Wiliam in surprise.

Wiliam said lightly: "I said I would give you a chance, but instead of going back to Lu's house, I went to..."

He said, looking at his old ministry.

The God of Wealth immediately understood it, and stood up and said, "Hahaha, the senior management of our Blood Moon Group, isn't it now that we have joined the Hall of Medical Martial Arts, and it just happened to vacate more than two hundred mid-level high-level positions. How about you people? , Are you interested in joining the Blood Moon Group?"

Eh?

Eh eh eh!

The audience was shocked!

Including those two hundred people!

Everyone looked at Wiliam with shocked eyes!

This kid!

Absolutely!

Before he suddenly pulled these people from the Blood Moon Group to the Palace of Medical Martial Arts, everyone thought it was already very shocked!

I thought it was over!

Where can I get it!

There are even post tricks waiting here!

by!

It's terrible!

If this happens, what will it turn out to be!

As a result, these people from the Blood Moon Group will have a huge shift from the people of the original Medical Martial Palace, and all will be replaced!

Who is the final winner!

it goes without saying!

The Fourth Elder not only stood firm in the Lu Family at once, and formed the greatest power.

And he also had two hundred potential future men at once!

It is equivalent to the fact that he has two medical martial arts palaces at the same time!

If Wiliam rebels, it is estimated that the Lu Family will be destroyed if they die!

It's terrible this young kid!

So resourceful!

Ring after ring, even completely unthinkable!

Who would have thought that when Wiliam got the entire Blood Moon Group into the Palace of Medical Martial Arts, he would have already targeted these original people!
There is even a more terrible guess!

The great elder is an old fox, he shuddered when he thought of this!

If Wiliam's ultimate goal is to complete the exchange and acceptance of the two forces, then all his previous actions can be explained clearly!

In the beginning, all these people were expelled from the Lu family by strong means, which laid the foundation for follow-up actions and provided the possibility.

Then, he used cruel methods to kill several people in a row, even with this invisible pressure, causing these people to feel chilled at the disregard of the Lu Family, completely forming an irreconcilable gap between them and the Lu Family!

In the end, when these people were desperate, they had completed their repentance to Wiliam.

Wiliam gave the opportunity.

Be loyal to him!

So far this thing is a perfect ending!

Want to understand this, the elder really feels that his head is not enough!

Now think about these ideas carefully!

It involves murder and fortune-telling!

A young man in his twenties is so hot!

The Grand Elder wanted to jump out and stop this scene from happening.

But he found in despair that the Lu family had completely lost the initiative, and even had no position at all!

These people are no longer under the Lu family.

The Blood Moon Group is also related to Lu Jiazheng.

These people join the Blood Moon Group, they can't even control it!

Could it be that you can only watch Wiliam sweep across the army, infinitely powerful?

The great elder felt weak, and his mentality was about to collapse.

The two hundred people looked at the God of Wealth blankly.

The God of Wealth continued: "You can't find things to do all of a sudden, then go to the Blood Moon Group. Don't worry, I promise that the benefits are definitely better than here. And this is not the key. Know, who are you talking to?"

The God of Wealth looked at Wiliam.

Those people also looked at Wiliam.

Who are you with?

Are you following a monster or a fairy?

A big question mark was drawn in their hearts.

After all, Wiliam's thundering methods and iron-blooded ruthlessness had been deeply experienced.

It's just that they looked at these people in the Blood Moon Group, and they were a little moved.

If Wiliam is a domineering and ruthless person, then his men should treat him respectfully and tremblingly.

But this is not the case at all.

From the beginning, they met the people of the Blood Moon Group. They were happy, laughing and cursing, as if the group cohesion was very high.

Moreover, their attitude towards Wiliam is both a teacher and a friend, and there is no half-fear, and some are just the kind of frank and honesty between friends.

Wiliam treated them the same way as his brothers, he didn't know how to calculate, and he didn't have the domineering attitude.

And it is not pretended.

After all, one person can pretend, how can hundreds of people pretend?

There will always be someone who will show up.

"You guys have seen it too. I'm not polite. Wiliam is our boss and our brother. He is willing to die for us, and we are willing to fight for him. I don't say anything ignorant of my conscience, he is for us. The frequency of selling our lives is definitely more than the number of us selling our lives for him. The Xiushan first product was bought by us a few days ago. Do you know why? It is a gift from the boss to each of us. "The old fox, the God of Wealth, is tempting every word these people.

The complexion of these people slowly changed.

If so, it couldn't be better.

What attracts them is not welfare.

But a good leader.

They experienced this time being framed by the Lu family, and this is unforgettable.

Framed up again, they will collapse.

And being able to stay in Fengcheng is not a good thing.

A few of them did not hesitate anymore and knelt directly towards Wiliam, "The four elders do not dislike us, we are willing to do your best for you!"

Chapter 1220

Eh?

Lu Xiaoluan and the three elders were stunned.

Lu Xiaoluan stared at Wiliam strangely, this kid didn't know what he wanted to die by himself?

I have analyzed so much just now, does this guy have long ears?

The three elders were even more confused.

They had no idea that Wiliam would agree so simply.

Unscientific!

Is this knowing that there are tigers in the mountains, and tending to go to the mountains?

The elder stared at Wiliam, his eyes were about to fall.

Wiliam said lightly: "What? Didn't you ask me to participate?"

The Great Elder was taken aback and reacted.

The thing is such a thing, but the result should not be such a result.

This kid should resist, should decline, or even turn around and leave.

This is in line with logical thinking.

Seeing that this kid promised so simply, is it possible that there is fraud in it!

Yes, there must be fraud, but I still don't want to understand!

The great elder felt that his head was completely insufficient.

What should we do now?

Wiliam looked at the three elders amusedly as if they had eaten shit, his face was pale, and he shook his head.

A group of stupid people.

When Wiliam heard about the Centennial Ceremony, he had also received some suggestions from Liu Lang before, so there was nothing to entangle Wiliam over this trip.

"Is there anything else?" Wiliam asked.

The elder smashed his head and finally could only say, "Well, since the four elders are so clear and righteous and willing to contribute to our Lu family, I will send you the detailed materials later. We will wait. Celebrated triumphant victory to the four elders."

Wiliam nodded, and went back with them.

Back in Feliicity's room, Lu Xiaoluan couldn't hold it anymore. She clamped Wiliam's head in the armpit, and exclaimed angrily, "You kid! Can't understand people? Why can't you just follow me!" "

Lu Xiaoluan is really tired.

She has never felt so sad since Wiliam came back.

This kid is just a pile of shit.

Do everything against her!

When Lu Xiaoluan said what to do, this kid did the opposite.

There was one time that Lu Xiaoluan was satisfied.

She felt that she had been worrying about men all her life for nothing on the boy Wiliam.

What is even more depressing is that Wiliam is not yet her man.

Wiliam's woman is also a raccoon with him, and she is intolerant of her embarrassment.

Feliicity rescued Wiliam and said with a grin, "Don't worry, Sister Xiaoluan, Wiliam is well-measured."

"Humph! I think he just thinks his life is too long." Lu Xiaoluan was uneasy.

"Well, I have my own plans for this." Wiliam finally set the tone.

Seeing that he had made a decision that the nine cows could not be brought back, Lu Xiaoluan sighed and said, "Then how are you going to go? If you are unfamiliar in life, do you want me to go with you?"

Feliicity directly denied, "Of course I will go with him."

But this time, Wiliam also denied Feliicity, "No, Feliicity, this time you need to stay here."

Feliicity raised her eyebrows and her whole person became faint, "Oh, my husband is going out to ride the wind and waves to enjoy the prosperity, let me be a bitter woman alone in the empty room?" Lu Yeyihan explained, "Feliicity, it's really not what you think. Now I have just pulled the Qilin-like people into the Palace of Medical Martial Arts, and they don't even know the Lu family. Once we are gone, The three elders of the Lu family are likely to take advantage of the chaos to make things difficult for them, so you stay and help me guard them. With you, they dare not move. And Xiao Wangqing, she will stay here to accompany you. ."

Feliicity's mouth flattened, "Oh oh oh, you lay down the river and lift your pants and leave. Let us orphans and widows help you to guard the country and touch your conscience."

Wiliam's whole body is not good.

The Feliicity are black enough, even my husband will not let it go.

Lu Xiaoluan was eating melons with gusto, so he was almost out of a bucket of popcorn.

Finally, Feliicity spread her hands, "Well, you go, I will take good care of home."

Lu Xiaoluan was disappointed, and the strong stimulation was always so short.

Wiliam called Mulan and the others over that night, and gave an explanation. The next day he got up and went to the land of yellow sand.

William did his homework beforehand.

The century-old grand ceremony of the Evil Fist has extremely high specifications.

Can mobilize the whole arena.

It is recommended to participate.

It shows that this game is superior to all aristocratic schools.

It seems that this mysterious school is really terrifying.

This time it was placed in the land of yellow sand and hosted by the ruthless scorpion Huang family.

This ruthless Huang family is not a good crop either.

Very ancient and mysterious family at this moment.

The totem of the Huang family is a fierce black scorpion.

A fatal blow!

Vicious and cruel!

The ruthless Huang family settled down in the arena, not by fighting alone, but by secretly assassinating!

It is recorded in the historical annals of the Huang Family of the Ruthless Scorpion that only ten assassins were dispatched by the Huang family of the Ruthless Scorpion, and they assassinated all the sects in the middle of one night!

Even the master of Huajin Consummation was cut in the moonlight.

On the way, William called He Tiantian, "Sister Tian Tian, where is it?"

Sister Tian Tian's bitter voice came, "I'm retreating at home, the little bitch of Qing Sister, throwing Li Chunfeng away, just throw it to me, Sister Chunfeng is breaking through at an important juncture, I have to stay by her side at all times. ."

Hearing Li Chunfeng's message, William asked more, "Really, it seems that Chunfeng also has a chance, how is she doing?"

Sister Tian Tian said angrily: "Are you a human! Call me and ask other women?"

Lu Yeyihan said, "Normal care, normal care, don't be angry."

"I finally found out that your infatuated talent is the most ruthless. Although our family Liu Lang is passionate, but caring in every aspect, he is a qualified sea king. What about you? With a shake of both hands, the woman was thrown to us directly, even... "Sister Tian Tian said angrily.

"Even what?" William asked back.

"Forget it, don't tell me, you can enlighten it yourself, why are you calling?" Sister Tian Tian asked.

William returned to the topic and said: "Brother Lang told me before that there was a century-old grand ceremony of the Evil Fist, which told me to have a long experience in the past. I am now on my way to the land of yellow sand. Sister Tian Tian, what do you have? Want to explain?"

"Explain the yarn! Just go, but safety first, those who can participate in the competition are not good at it, they are very dangerous. Especially Doughtian and the craftsman, who are famous." Sister Tian Tian was shocked.

William was already mentally prepared for danger, "Apart from Doughtian and Artisan, are there any other dangerous figures?"

At this time, Sister Tian Tian seemed to think of something and said strangely: "By the way, how did I forget that person? That person seems to have participated in the Centennial Celebration this time!"

"Who?" William asked.

Sister Tian Tian smiled and said, "I told you before, another unworldly genius, Lin Jiang!"
