Chapter 1221

Lin Jiang!

This name appeared in Wiliam's head instantly.

Although he had never seen this young man, Wiliam had heard the name more than once from Liu Lang and Tian Tian's sister.

Arrogant, unruly, talented.

Even Wiliam heard some even more shocking things from Liu Lang and the old head of the Gu Yuehu family.

That Lin Jiang seems to have the blood of ancient times!

In the mouth of Old Hu, it is even more terrifying called the Three Disasters of Humanity.

Interesting, so interesting!

Wiliam was suddenly full of endless expectations about this trip. He asked, "Sister Tian Tian, do you know this Lin Jiang?"

Sister Tian Tian said with a grin: "I don't know much, it's Liu Lang who is watching him grow up. That kid's life experience is also very rough, but he is a bit like you. He was originally the young master of the Phoenix Lin family. Mian also escaped from Phoenix Forest, and returned to Phoenix Forest for revenge after learning the arts and martial arts, but now he betrayed Phoenix Forest to stand on his own. Recently, it seems that a sect called Hongchen Sword Sect was established to play. Our medicine knife family also has a young sword Wang joined their organization."

Wiliam digested Sister Tian Tian's words carefully.

Phoenix Forest, it should be said by the great elder, the mainstay family in the snowy area.

It's just the Red Sword Sect, Wiliam has never heard of it.

"If you have the opportunity, you can have a good discussion with him. You are no worse than him. It's a pity that I can't go to my house this time. Otherwise, the three of you can talk about this humanity." Tian Tian said with a smile.

After hanging up the phone, Wiliam suddenly became emotional.

It was like a new world, pushed away by him.

In this new world, although nothing can be seen yet.

However, Wiliam always felt that even the Lu Family in North were just dust ants in this new world, insignificant.

In the evening, Wiliam set foot on the land of yellow sand.

When I first met, Wiliam couldn't help but sigh.

This yellow sand is another scene.

The endless desert.

The wind blew and the yellow sand rose.

It was really desperate.

He took the letter of introduction from North Lu's family and went to Ruthless Huang's family to confirm his qualifications.

The family of Ruthless Scorpion Huang was full of troubles, bustling, and a hot scene.

Wiliam was alone, not even attending the reception dinner that night, waiting for the official competition the next day.

The next day, Wiliam came to the venue of this competition early.

The giant martial arts stage of the Huang family.

At this moment, this side is full of people.

The names of the ten people participating in the competition were all hit on the LED screens on the stage.

Wiliam looked very strange at these names.

Many names just listen in unison without seeing their people.

Lin Jiang, Dao Nianxin, Artisan, Doutian...

When everyone looked at the name that appeared, they exclaimed.

Obviously, those who can come to participate in this competition are young heroes who have been famous for a long time.

In particular, Artisan and Doutian are the existences of the most evil fists that dominate the list.

This time, the artisan represents artisanship, while Doutian represents Sanwu.

Wiliam suddenly noticed that when the name Daonianxin appeared on the scene, there was another wave of waves.

"Wow, this kid is so young. It is said that he is the first knife of the medicine knife family. He can have this accomplishment at a young age and his future is limitless."

"This time he represents the medicine knife family."

William's heart shuddered. Could this knife mind be the knife king of the traditional Chinese medicine knife family of Tian Tian?

When William was suspicious, he saw a man with a serious face and younger than himself slowly standing on the martial arts stage.

William was speechless for a moment.

Does the medicine knife family train freaks?

He actually cultivated an outstanding knife king at such a young age.

The future of this kid is limitless!

It was just that William noticed that this young man named Dao Nianxin was wearing a dress with four big words written on it: Hongchen Sword School.

When everyone saw the clothes he was wearing, they also exclaimed, "Hongchen Sword Sect? Dao Nianxin represents the Hongchen Sword Sect? What is the Red Sword Sect?"

Not to mention William, there are people from all over the world, most of them don't know when the Red Sword Sect was established.

At this time, someone explained in a low voice: "This Red Sword Sect is a sect that has just been established a few days ago. There are only ten people in the sect. Haha, everyone is an elder, protector of the law.

Everyone laughed.

However, they looked at Dao Nianxin with envious expressions, "Although this Red Sword Sect is ridiculous, it is quite good that it can occupy a spot among ten people with the attitude of a new school."

"It is estimated that this place was bought from the medicine knife family? Otherwise, where would their qualifications occupy this tenth."

During the discussion, Lin Jiang's name appeared on the screen again.

William's eyes focused instantly, watching a handsome young man standing on the stage.

This was the first time William saw Lin Jiang Zhenrong.

But the first time I saw it, it made William feel like being drawn inexplicably.

This person named Lin Jiang is so dazzling.

Naturally, there is no need to say more about looking handsome.

He has a white shawl and long hair, the only one among the crowd, adding a bit of evil charm.

And Lin Jiang also wore a dress with the four characters of Hongchen Sword School.

Not only did William find this scene interesting, but the people at the scene also doubted life.

This.....

There are two contestants in a martial art with only ten people!

The Centennial Ceremony, which has only ten places in total, was actually occupied by the Red Sword Sect 20%!

At the scene, even those first-class martial arts families can only have one name at most.

The reputation of the Hongchen Sword Sect was immediately established in the whole arena.

Even if they are here to make up the count, being able to stand on this stage already represents a kind of glory.

Then I went on to introduce a few more, and all of these people are the pride of heaven in the eyes of everyone.

To the last one.

Two words slowly appeared on the screen.

Wiliam.

Wiliam slowly stood on the stage.

The atmosphere is cold.

Wiliam?

“Where did Wiliam come from? Why have you never heard of it before?”

“Uh, look at the introduction. It belongs to the Lu family of North. The Lu family of North is a medical family. He came to the competition on behalf of Shudao.”

“How come there are some inexplicable brats today, it seems that the biggest suspense today is still the little monsters Doutian and Artisan.”

For the following discussion, Wiliam didn't care about it at all.

On the contrary, he was more interested and turned his gaze to the individuals of the Red Sword Sect below.

They are so strange.

But Wiliam's eyes suddenly froze on someone.

A body is very enchanting, but his face is wrinkled, and he is seven to eighty years old, but his body can still be like this, it is absolutely incredible.

This strange collision of beauty gave Wiliam a strange and familiar feeling, as if he had seen it somewhere.

While Wiliam was pondering, the screen suddenly began to match randomly.

The glittering screens must suddenly.

A total of ten people ginseng games, divided into five groups to fight in pairs.

The five teams play against the list, instantly freeze frame.

Seeing this list of matches, the scene suddenly exploded!

Chapter 1221

Lin Jiang!

The glittering screens must suddenly.

A total of ten people ginseng games, divided into five groups to fight in pairs.

The five teams play against the list, instantly freeze frame.

Seeing this list of matches, the scene suddenly exploded!

Chapter 1222

The first group is Dao Nianxin, and this young man is fighting another Sanwu.

Lin Jiang, whom Wiliam had been following all along, was placed in the fourth group. He was actually a craftsman against him!

In the first round, he encountered a seed player-level figure like a craftsman, and the scene suddenly burst.

“Haha! It looks good now! Will the craftsman be invincible like this?”

“That Hongchen Sword faction came two at once, and it’s time to frustrate their spirit.”

“That Lin Jiang is said to be very crazy and offends many people. It seems that it is very difficult to see if he is going to die here today, haha.”

Wiliam is in the fifth group, fighting against a physical martial artist.

Wiliam didn’t pay too much attention to this. Instead, just like the crowd eating melons at the scene, he watched with great interest the drama that happened at the Red Sword Sect at this time.

After seeing the list of this pair of matches, a heroic woman sent by Hongchenjian sent a stubborn sip and punched Lin Jiang, her voice was so loud that everyone could hear, “You ate shit last night, luck So bad.”

And Xuefa Lin Jiang has a speechless expression, as if to say that this can blame me?

“I said you are too sloppy, right? At this point, shouldn’t you gently encourage me to cheer for me?”  
The last Lin Jiang said lightly.

The heroic woman took another sip. This boldness is somewhat similar to Lu Xiaoluan.

“Ho ho ho, this kid seems to be unable to survive today.” Wiliam suddenly heard such a voice from the audience.

He turned his head and saw that it was the organizer of today’s event, a man from the Huang family.

The one who sneered was surprisingly the head of the Huang family.

Wiliam had heard the introduction before, and it seemed to be called Huang Ningyu.

Huang Ningyu looked at Lin Jiang on the stage with a cold face, as if he had a deep hatred with Lin Jiang.

After the match list came out, one thing happened on the scene.

Huang's opening!

It turns out that every year the host has the privilege of opening the market, which can be regarded as a benefit for the host.

Everyone's odds appeared on the big screen one after another.

Everyone looked at the odds, suddenly laughed, and looked at Wiliam and Lin Jiang together.

Wiliam and Lin Jiang have the highest odds in the game.

Up to one to fifty!

This is simply the biggest humiliation to a warrior!

Wiliam changed his mind and understood.

Those who can participate in the competition are either quite famous characters, such as Artisan and Doutian.

Either it is that there is a big backing behind it, like the knife of the medicine knife family, the king of swords.

Wiliam and Lin Jiang grew up savagely. They were wild mushrooms that had attracted attention before.

Wiliam looked at Lin Jiang, Lin Jiang's expression was indifferent, obviously he didn't take this matter to heart...

On the contrary, the heroic woman continued to walk away, "What do they mean by the Huang family! Do you look down on our Red Sword Sect? That Wiliam is a wild single dog, and now there are no people around to support him. The sword faction is here, so it doesn't give us face!"

Wiliam Yihan, this woman is attacking indiscriminately on the full screen.

Shot while lying down?

People at the scene laughed and said: "Oh, brother, do you suppress Wiliam and Lin Jiang? One to fifty, it is not a dream to get rich overnight, just today."

"Cut, you think I'm stupid, there must be a reason why the Huang family can offer such outrageous odds. I'll play steadily, haha."

One by one, they laughed in their mouths, but they all put the money on others.

After a while, everyone was burdened with huge bets.

But only Wiliam and Lin Jiang were empty.

From the scene, Doutian and Artisan's stakes are the highest, because their strength is the strongest.

Wiliam suddenly felt that someone was looking at him at this time, so he looked up.

The person I looked for was Lin Jiang.

Facing each other!

William saw the look in Lin Jiang's eyes, and his heart was slightly disturbed.

He has rarely seen such indifferent people.

He has a weird feeling.

In this Xuefa Lin Jiang's body, he saw his figure.

As if he is him, he is himself.

strange.....

Sister Tian Tian was right, she was a bit like Lin Jiang.

When William and Lin Jiang were staring at each other, the heroic woman suddenly said with a hippie smile: "Boy, don't blame the master, in the face of money, the relationship between master and apprentice is scum."

With that, she put all the few hundred million in Doutian.

This scene made everyone laugh.

"Even the head of his sect doesn't believe in people of his sect, is this Red Sword Sect come to make fun of it?"

William was taken aback for a moment. Is this heroic woman the head of the Hongchen Sword School or the master of Lin Jiang?

It seems that this woman is amazing.

It's just a bit different in character.

After a while, everyone's bets were almost suppressed.

At this time, William moved.

When he moved, his eyes drenched.

He discovered that Lin Jiang had moved almost at the same time as him!

On the live betting screen, there was a sudden jump!

Everyone suddenly exclaimed!

Ten billion!

Ten billion!

Two ten billion, all appeared on the screen!

A ten billion, pressed to Wiliam!

The other ten billion was pressed to Lin Jiang!

The people at the scene were dumbfounded.

Although they have no desire for money anymore, the 10 billion out of them is indeed a solid surprise for everyone!

Wiliam glanced at Lin Jiang in amazement.

Lin Jiang was also looking at Lin Jiang strangely.

Then, Qi Qi laughed.

The action is surprisingly consistent!

It was Lin Jiang that Wiliam pressed for!

As for Lin Jiang, it was Wiliam!

Two people actually pressed each other at the same time!

This scene left everyone at the scene stunned.

Everyone who reacted burst into laughter.

“Hahaha, these two people are interesting, betting on each other, why, are they sympathetic?”

“The poor people on the two courts are a bit of a warm welcome to the group, but it’s really a local tyrant, haha, it’s cheap and ruthless.”

Regardless of everyone’s discussion, Wiliam nodded slightly to Lin Jiang.

Lin Jiang also smiled.

After the two bet, several people from the Red Sword Sect behind Lin Jiang also placed their bets together.

They all pressed Lin Jiang, and in the blink of an eye, Lin Jiang’s bet had soared to 20 billion.

And Wiliam suddenly noticed at this moment that the old lady with a good figure, whom he had always felt familiar and unfamiliar with, had also placed a bet.

But she was not crushing Lin Jiang, nor Dao Nianxin.

But myself!

Ten billion!

Wiliam’s bet also reached 20 billion in an instant.

The two poorest people in the audience before, now instantly became the highest stakes in the audience.

## Chapter 1223

People can't help but sigh, "I want to get rich overnight, I want to be crazy, is this unclear?"

The heroic head of the Red Sword Sect saw that his subordinates directly bet tens of billions to William, and his whole person was not good. "Are you crazy? You don't have to be so rich, right?"

However, the woman with a good figure and an old face smiled: "Look, this little guy named William is very interesting. Compared with Lin Jiang, he is not inferior. Moreover, I smelled it on him. A familiar smell, tusk tusk, like the smell on my body."

"Isn't it? Such a wicked one? There are still people like Lin Jiang in this world? Unscientific." The female head exclaimed in exaggeration.

The old woman stretched out three fingers and said with a smile: "There are three in total."

The female head was confused, "How do you know everything? Where are you holy?"

The old woman smiled slightly, her eyes confused, "I am no more than an old woman who lives on blood and accompanied by beasts. Now I am the elder of your family. Why do you think I am sacred?"

The female head clearly did not believe 10,000.

The Huang family laughed in unison when they saw such a bet.

In their eyes, this is simply giving them money to the Huang family.

William and Lin Jiang, these two people, just forget it when they first came out.

What's more striking is that of these two people, one seems to be Jianwu and the other is a healer.

Everyone knows that weapon martial arts are declining, and sword martial arts is also a branch of weaponry.

And the technique is even weaker.

It is ridiculous to expect a healer to fight.

A bunch of idiots.

The bet is over and the game officially begins.

The Dao Nian Xin of the Hongchen Sword Sect was the first to fight.

His opponent was a young man with an inch, from the Sanwu world.

With the referee's order, the Sanwu rushed towards Da Nianxin!

And Dao Nianxin doesn't seem to know what the retreat is!

He also raised his sword towards Cuntou and killed him!

The atmosphere on the court was instantly ignited!

William also smiled. In the first scene, it was so hard to fight!

So interesting!

"Bang!" A loud bang came from the station!

Two people have already hit each other fiercely!

The voice of Jintie continues!

Everyone exclaimed, the body of the Sanwu Cun, like a copper wall and an iron wall, does not evade the sword of Nianxin.

The long knife slashed on him, and even made the sound of gold and iron!

The two banged abruptly, and then they separated suddenly!

Dao Nianxin's momentum suddenly violent!

"Good! You deserve my best fight!"

"Then let you see, for real!"

"Loyalty, filial piety and benevolence!"

"Loyalty!" A vast momentum spread rapidly from Da Nianxin's body to the blade.

A long knife, instantly contention!

The long sword actually exudes a faint red light!

William couldn't help but admire this sword gesture.

This knife king really has some strength.

Loyalty!

There is a cloud in the opera, the loyal blushes!

This sword is also the color of red!

The violent sword force slashed towards the inch.

There was a violent shout from that inch, without dodge or evasion, a strong internal force burst into both fists!

"Xiao Ya!"

The two auras collided again.

Dao Nian's mind and body were obviously shocked.

However, he immediately roared: "filial piety!"

A light green light burst out instantly, as if the world was covered with a kind of piety of the heart of a child!

Cut in one fell swoop!

Fist the enemy!

The two went head-to-head again!

Dao Nianxin's tiger's mouth burst out blood under the eyes of everyone!

"Jen!" The silver-white light wrinkled brightly!

"Yi!" The blue sword gas gushes!

Four knives!

Dao Nianxin is holding the knife's hand, blood is constantly flowing!

As for the short position, there is actually no step back at all!

This scene silly everyone.

This short position is a bit powerful.

But Wiliam smiled even more.

There is no backlash for this position!

It is impossible to go back!

He has been tightly locked by Dao Nianxin's knife force!

He seemed to have caught it with one knife.

But, loyal, filial, benevolent knife!

It should not be a physical body!

But the mind!

These knives are quite the meaning of illusion.

It depends on the last blow!

Dao Nianxin did not disappoint Wiliam.

He rose into the air, his long sword dancing wildly down!

“Loyalty, filial piety and benevolence!” All of a sudden, the field seemed to be blooming with gorgeous flowers!

It’s so colorful!

But only when you are in it can you know what kind of murderous intent is contained in these colorful lights!

“Exit!” Dao Nianxin shouted!

Stop the knife!

People set!

Fallen down!

The head of the inch was like a camel overwhelmed by the last straw, and fell directly to the ground with a bang, unconscious!

This scene stunned everyone.

What’s the matter!

Just now I had a strong and fierce inch, so I’ll fall for you!

Only those powerful people noticed that when the Cuntou fell, there were no scars on the outside.

However, his body was trembling.

It seems that the heart is cold and the gall is split!

Loyalty, filial piety, benevolence and righteousness, cut all evil and evil!

When the referee announced the victory, Dao Nianxin shook her body and vented her momentum.

His body instantly softened, but he held his body tightly with a long knife in his hand.

Does not fall!

It is loyalty, filial piety and righteousness!

This first game made everyone stunned.

They felt a kind of shock that shocked the soul at Da Nianxin, the youngest fellow among the ten.

What kind of knife is this kid practicing?

Simply unheard of, unseen!

But Wiliam vaguely knew that Nianxin’s sword technique was ordinary, and should be the sword technique of the medicine knife family.

But what makes him unique is that he has no evil intentions.

The heart is right, the knife is right!

The sword is right, then the devil is invincible in the world!

Dao Nianxin relies on the kind of righteousness in his heart.

If one day, Dao Nianxin had the slightest sway in his beliefs, then his entire sword martial arts career would be completely abandoned.

Thinking of this, Wiliam couldn't help feeling crazy for this Dao Nianxin.

This little knife king chose a difficult path to believe that loyalty, piety, benevolence and righteousness will last forever in this world.

The second game also officially started.

This is a person from Blue Ocean who has made the limelight.

He pressed the opponent in the audience and didn't give the opponent any chance to breathe.

However, it took him more than ten minutes to knock the opponent to the ground.

When everyone saw this, they couldn't help sighing, the waves behind the Yangtze River pushed the waves forward.

These younger generations, if they just take out one, can be the pillar of every family's sect.

This world is talking about the lack of martial arts, but there are still endless generations of talents in the sky.

They are the core force in the inheritance of martial arts, and they are the immortal firepower that supports martial arts.

At the beginning of the third game, deafening cheers rang out!

In the third game, Doutian appeared!

Chapter 1224

Doutian is the hottest champion candidate this time.

Won the champion of the mortal fist for two years.

This Doutian looks extremely hideous.

His facial features seem to be twisted together, looking terrifying.

If you want to judge the ugliest in the audience, then Doutian will be the champion without a match.

However, his strength caused everyone in the room to fall through!

A pair of extremely evil iron fists, abruptly blasted the martial arts platform to cracks!

Even if it was the knife of loyalty, filial piety and benevolence just now, it could only make a knife mark on the ground.

Doutian, however, blasted the Yanwutai into numerous cracks.

This scene is enough to make the audience even more crazy.

As an absolute hot player, he used a strong crushing advantage to beat his opponents completely out of reach.

This scene only took about five minutes.

This is the consequence of the opponents knowing that they can't beat them, and flying all over the court to delay time.

Doutian ended in victory, his expression calm.

It seemed that he was numb to such a victory.

William couldn't help sighing, this Doutian seemed to be born to fight.

Born to be a fighter.

His strength, his fighting spirit, are all on the court.

The title of Doutian is too appropriate.

And just as William sighed, he suddenly discovered that Dou Tian looked at him, and then at Lin Jiang, who was not far away.

When Dou Tian looked at William and Lin Jiang, there was a strong desire to fight in his calm eyes.

In front of everyone, he hooked William Linjiang, as if saying, "Boy, come here, I can't kill you."

Only the real strong can feel the pressure from the opponent.

Obviously, although William and Lin Jiang didn't make a move, Doutian already knew that they would be his rivals.

Seeing Doutian actually challenged and demonstrated against the two most presentable people on the court, the audience was in an uproar again.

"Hahahaha! Interesting! The two highest-stakes people have been targeted by Doutian! Now it's fun."

"If it's me, I'll give up in the first round. If you encounter Doutian, you will be disabled if you don't die."

"What are you talking about? Is it possible for these two people to pass the first round? Lin Jiang is facing a craftsman. Although William's opponent is a bit inferior, William is a healer. Obviously, his strength is not at all stage. It seems that Doutian's provocation is going to be fruitless."

Everyone was talking about it, but William just smiled, not at all concerned.

He admitted that Doutian is very strong.

But it is not invincible.

In just five minutes of observation, Wiliam had identified one of Doutian's Achilles' heel.

If this weakness is exploited, defeating Doutian will have difficulties, but there will still be opportunities.

In the blink of an eye, the fourth game has come.

Lin Jiang stand on the stage!

Wiliam was also interested. This was the first time he saw Lin Jiang make a move.

I saw a thin and delicate woman standing opposite Lin Jiang.

Craftsman?

When the craftsman appeared on the stage, he had always been wearing a big black cloak. People who didn't know her thought she was a thin young man.

But after removing the cloak at this moment, everyone discovered that she was a woman!

His face was thin and pale, and he was petite.

There was an uproar below.

Is the famous craftsman a woman?

After the uproar, there was an overwhelming whistle.

Among the ten people who competed today, only one of the craftsmen was a woman.

This is very rare.

Even Wiliam felt incredible.

Lin Jiang on the stage was stunned for a moment, and immediately recovered, staring at the craftsman in front of him.

With a sound, the game began.

The craftsman moved.

Suddenly she bowed to Lin Jiang respectfully and bowed ninety degrees, with a soft voice, "please enlighten me."

She is a very polite woman.

However, as a craftsman, she has such a thin body, how to fight?

And just as everyone was surprised, the craftsman suddenly gave in!

One thing hit the ground of the martial arts platform severely!

Dust and smoke are everywhere!

When the dust and smoke dissipated, everyone shouted loudly!

The one who fell into the martial arts stage was a wooden man!

A weird man made of wood, five meters tall!

In this scene, everyone's eyes were about to fall.

What's this?

Transformers?

Beside the five-meter-high wooden man, the craftsman is even more insignificant.

William's eyes were full of surprise.

It really is a big world, there are no surprises.

The elder of the Lu Family had mentioned to him before, saying that the artisans' fighting methods might be related to the puppets they made.

Unexpectedly, when the real puppet appeared in front of him, he was still amazed.

The wooden man in front of him was very realistic, and his stern look showed a sense of strength.

"This is my weapon, Asu." The craftsman's soft voice sounded again.

Asu?

The people at the scene were confused again.

This wood man with a powerful and beautiful sense actually named Asu.

What a bad taste.

Lin Jiang on the stage held his head high, obviously interested.

It is probably the first time to fight a craftsman.

"I'm going to go." The craftsman said again.

Then, she waved her hand.

Then Asu, as if he heard the words of the craftsman, his whole body rose into the air, and his huge fists slammed into Lin Jiang on the ground!

Lin Jiang seemed to want to test the strength of this wooden man. He mobilized all his strength and blasted towards Asu's double fists!

"boom!"

In the horror of everyone, Lin Jiang's body stepped back ten meters before standing still!

"Wow!" There was thunderous applause again!

Asu, really strong!

After Lin Jiang stood firm, he smiled bitterly on his face, as if he was saying, this wooden man is more terrifying than he looks.

William was also chattering in the audience. He thought it was made of wood. Under Lin Jiang's punch, he would fall apart.

However, Asu was unharmed.

William stared at Asu, and finally noticed that the material made by Asu was definitely not as simple as ordinary wood.

It's a bit like a special kind of wood recorded in the "Medical Classic of Wuchang"-the solitary tree.

William couldn't help but be speechless, the things that can be recorded in the "Granted Medical Classics" are all treasures of heaven and earth.

Ordinary people have to be self-sufficient.

This craftsman, where is the rich woman from?

Actually, he made a five-meter-high wooden man out of a rare wood like the solitary tree.

William was sighing, Asu had rushed towards Lin Jiang again.

At this moment, Lin Jiangzhen has been born as before.

His body flashed to the side.

A strange weapon suddenly appeared in his hand!

A sword, the blade is simple and generous, and also exudes a faintly murderous air!

If you don't drink three thousand blood, how can you be a magical world!

Seeing this evil sword, there was a burst of exclamation below!

"this is!"

"The Demon Sword of Slaughter!"

Chapter 1225

Slaughter the Devil Sword!

William was shocked when he heard the words chanted by everyone!

With this sword, he could obviously feel the evil spurt of the sword body.

Even staring at this sword, it seems to be swallowed by the dark and faint light of the sword.

It is definitely not a mortal soldier!

However, to be worthy of the four-character name "Devil Sword of the Massacre", all soldiers are a bit unworthy of this sword!

And this was also the first time that Wiliam saw the weapon that Jianwu relied on in a real sense.

Although he saw weapons like Meteor Hammer Ball before, he couldn't get on the table after all.

This time I came here, and I really learned a lot.

If such a world-slaughter magic sword is held by a person with extraordinary talents, how terrifying power should it exert?

Sword martial arts decline, why did Lin Jiang take the magic sword and embark on the road of sword martial arts?

I am afraid that Jianwu's retreat will completely become a joke today.

Wiliam suddenly had deeper expectations for the next game.

"The Slaughter Devil Sword is actually on him!"

"Damn! God! He is a sword martial artist! Today's game is absolutely perfect! A sword martial artist before! Now a sword martial artist! And artisanship!"

For everyone, fighting between sports and martial arts has become commonplace.

However, the two on the stage are rare professions, which surprised everyone a bit.

Wiliam returned his eyes to Lin Jiang.

He knew that Lin Jiang's wisdom was superior, and he would definitely not only rely on the magic sword.

Wiliam's eyes were sharp, as if he was saying, can you see it?

Can you see the weirdness of Aso on the stage?

And Lin Jiang on the stage suddenly glanced at Wiliam not far away.

The eyes are facing each other, and there seems to be a flash of light.

Lin Jiang smiled at Wiliam.

As if responding to Wiliam's answer.

See it!

Although the huge Aso is light, his speed is a bit slow.

He observed for a while, and suddenly found something strange.

That's how the craftsman commanded Aso.

Of course, there is no such thing as communion in this world.

The way she commanded Aso was the same as Jianwu Yujian.

Fight people with qi!

A faint inner strength connected the artisan and Aso.

The hand of the craftsman, like operating a puppet, dances in place.

And Asu followed her gestures, making various attacks and defenses!

In this case, the shortcomings of the craftsman are also obvious.

One is the inner strength of the craftsman, who is destined to follow Aso's advancement.

The two cannot be too far apart.

Otherwise, Aso will lose control.

Another more obvious weakness is that Asu's physique is weak, as long as she gets close, she will definitely lose.

These two weaknesses make the craftsman not far away, not near.

Lin Jiang thinks about this clearly, his body advances instead of retreating!

The craftsman's eyes shrank, and she seemed to have guessed Lin Jiang's thoughts.

When Lin Jiang was about to approach, she raised her hand!

Asu rushed over immediately and blocked Lin Jiang.

Suddenly a strange black vigor burst out of Lin Jiang's body, and he slashed over!

William's heart trembled when he saw this black vigor.

This is definitely not ordinary spirit!

It's a bit like inner strength xuanjin!

It's just that this kind of inner strength is so strange that William can feel the horror of this black energy even far away.

As if to swallow the entire world!

William's eyes flickered, and suddenly he remembered a paragraph that Liu Lang said when he introduced Lin Jiang.

"A while ago, after awakening the Suzaku bloodline, the Lin Jiang boy also merged, and finally merged into a strange but powerful aura.

Could it be that the weird but powerful aura that Liu Lang said was referring to the black aura in front of him?

But the next second, Wiliam was stunned again.

The black energy slashed on Asu, and Asu seemed to be unconscious and painless.

Only a faint scratch was left on its body.

Lin Jiang on the stage suddenly shook his head, as if thinking about something.

The people below saw that Asu was so cruel, they immediately applauded excitedly.

The craftsman is indeed well-deserved!

Lin Jiang increased his speed again and rushed towards Asu!

Aso confronted!

With double fists, when he was about to hit Lin Jiang, Lin Jiang's body suddenly fell backward!

The whole person, knees slippery, directly avoided these fists!

Then his body passed directly through Aso's legs.

Before Aso turned around, he suddenly hugged Aso's thigh with both hands!

Flicked to the sky!

Aso's entire huge body was suddenly thrown into the sky!

This shake seemed to exhaust all Lin Jiang's strength!

The distance between Aso and the artisan instantly widened, and the connection between the two became weaker!

Everyone exclaimed and cursed Lin Jiang as shameless.

But Wiliam below smiled slightly, cutting off the connection between the two. It was Lin Jiang's calculations. What are these people watching?

Now in front of Lin Jiang, there are only craftsmen!

To be close!

Everyone, their faces were extremely nervous, and they were very afraid of the craftsman.

But at this time, everyone suddenly saw the craftsman smile.

She actually bowed to Lin Jiang again, then snapped her fingers softly!

Asu, who was falling above Lin Jiang's head, suddenly made a burst of noise!

William raised his head and saw the scene of the sky, his whole body got goose bumps!

Asu, under a snap of his fingers, he disintegrated quickly!

Turned into hundreds of little Aso!

The sky full of Little Asu fell madly towards Lin Jiang!

This scene caused cheers from the audience!

The craftsman's fighting style is really peculiar.

A Su who thought it was ordinary, can actually turn out hundreds of Aso.

What a special Transformers!

But this also shows that Aso's structure is extremely delicate.

When Xiao Asu fell in front of Lin Jiang, Lin Jiang had already retreated.

He doesn't know the attack method of Aso yet, so he can't rush forward.

Little Asu fell in front of the craftsman, and the craftsman suddenly shook his hand.

The weird gesture appeared again!

All the little Asu, Qi Qi rushed towards Lin Jiang!

But some go to the left, some go to the right, and some fly away in different shapes.

Seeing this scene, everyone couldn't help clapping their hands in unison!

Aso's structure is exquisite.

The craftsman's control of these little Aso is even more breathtaking.

Hundreds of little Asu actually came alive, using different methods of attack.

Lu Yedan's scalp numb at all.

Although these little Aso have weakened their attack power, their speed and mobility have increased.

And the key is the quantity!

There are too many ants to kill an elephant!

Lin Jiang on the stage kept flying Little Asu, but those little Asu, like undead warriors, climbed up again after landing.

The people below started laughing.

This scene is really shocking.

It is equivalent to Lin Jiang hitting more than 100 people!

When Lin Jiang hit the end, his anger seemed to rise!

He roared and suddenly rose into the air!

The little Asu below was immediately brought up by him!

The strange black spirit before Lin Jiang was violent instantly!

The entire martial arts field was instantly enveloped in darkness!

And the evil spirit in his hand, amidst the exclaim of everyone, grows in the wind!

It grows to ten meters long!

Chapter 1226

This scene scared everyone!

What the hell is this Demon Sword of World Slaughter!

It can grow bigger and longer!

The craftsman who was obsessed with controlling Xiao Asu suddenly smiled at this moment.

“Sure enough, it is this kind of material, I really want to get it, so that my Aso can be stronger.”

When Wiliam heard this, he actually laughed. The craftsman on the stage was a madman.

She has an almost infatuated hobby for these strange materials.

But what will she do next?

Lin Jiang’s magic sword, combined with the weird and powerful black energy on his body, clearly improved its strength.

I saw the evil spirit in Lin Jiang’s hand, rushing down and cutting it away!

A sharp and broad sword spirit swept towards Little Asu!

Little Asu was immediately beheaded, and all fell back to the ground.

One sword breaks a hundred soldiers!

Lin Jiang landed, and there was no one talking around.

Everyone looked at Lin Jiang with weird eyes.

The shocking cut just now was the most amazing attack they saw so far!

Domineering!

arbitrary!

Make the most of the magical nature of this magic sword!

Lin Jiang, holding a magic sword at this moment, is like a demon god, unstoppable!

Everyone's contempt for Lin Jiang's entry into the top ten was wiped out at this moment!

Not everyone can succeed casually!

This kid can stand here, it has already explained his ability!

This sword cut the world dark!

Thousands of people were shocked by this sword!

This sword even cut out the undefeated soul of Jianwu!

Little Aso was everywhere on the floor.

They all seemed to be out of control and fell to the ground motionless.

The craftsman also stood there, staring at the weapon in Lin Jiang's hand, and asked curiously: "Lin Jiang, do you still have cold gold in your hand? I'm willing to exchange anything with you, OK?"

This manufacturing madman.

The cold gold of heaven and earth should refer to the forging material of this magic sword.

And Wiliam was also a bit speechless. The two on stage were still hostile, so it was not good to just enter the eyes of the public and make a deal.

But looking at the craftsman's innocent and innocent eyes, Lin Jiang on the stage finally sighed and said, "I don't have it either."

The craftsman's eyes suddenly showed full of regret, and he muttered to himself: "Oh, well, then I will find it myself."

"Well, do you still want to fight?" Lin Jiang asked the craftsman.

Because her Aso and Little Aso seem to have lost control.

But the craftsman suddenly showed a simple smile at this time, and bowed again to Lin Jiang, "Well, it was just a warm-up, you deserve my best."

This sentence shocked everyone!

what!

The world has dimmed just now.

In the artisan's mouth, it was just warming up!

What kind of horror does this craftsman have!

Does she still have Asu in her hand!

But even if there is still Asu, Lin Jiang has completely cracked her Asu just now.

It doesn't make sense to come again.

The eyes of everyone suddenly looked forward to it.

And Lin Jiang was taken aback for a moment and smiled slightly, "Oh? Are you still using Asu to fight me?"

The craftsman nodded earnestly, and said, "Yes, I just have Asu a weapon, of course it is it."

"But, don't you think it can't deal with me anymore?" Lin Jiang smiled.

The craftsman thought for a while and said, "Have you discovered my weakness?"

Lin Jiang nodded, "You will lose if you are too far away, and you will lose if you are too close, so if you fight with me, the probability of losing is more than 70%."

Lin Jiang was telling the truth.

If it were before, everyone would definitely think Lin Jiang was bragging.

But the shocking sword just now has completely cut everyone's contempt.

Judging from the scene, Lin Jiang is indeed more likely to win.

But at this time, the craftsman laughed, "But, you have thought about it, if my Asu can overcome these two shortcomings?"

William was stunned by these words.

Overcome these two shortcomings?

If these two shortcomings can be overcome, it will be enough to make the craftsman's strength soar again!

But it is easier said than done.

Everyone looked at the craftsman foolishly.

The craftsman smiled at this moment, her hand moved!

The little Asu on the ground suddenly stood up together!

"I said so much to you just now, but I was a little tired and I was lazy for a while. Lin Jiang, you must be careful next." As the craftsman spoke, the little Asu suddenly gathered together!

Wipe! Wipe!

In the scene before him, Wiliam has a black line!

Ma Dan, this Transformers is over!

Little Aso unexpectedly formed a five-meter-high Aso again.

Wiliam complained, we are here to see you fight, not to see you play with toys.

The craftsman looked at Lin Jiang, who also had a look of lovelessness, bowed again, and then he flew away!

She is in the direction of Aso!

Her voice came in midair.

“Well, please take a good look, how fun craftsmanship is.”

“I told you just now that I can overcome those two shortcomings, that’s it.”

“Mixed.”

Asu’s chest suddenly opened, revealing a small operating room.

The craftsman rushed in, showing one last smile.

Human and machine fit!

Everyone’s eyes are about to fall to the ground!

Can you still play like this!

Everyone just feels that they are not watching the Centennial Celebration of Evil Fist.

Instead, I went back to watching cartoons when I was young!

This is too much!

In Wiliam’s heart, ten million grass and mud horses galloped past.

When is this Transformers end?

The craftsman’s voice came out slowly from Asu’s chest, “Few people could force me to use the human-machine combination before, Lin Jiang, you are very strong.”

The voice spread throughout the audience.

Everyone was shocked again.

Does this Transformer have its own amplifier?

As he spoke, Asu rushed over!

Fast!

Compared with before, Aso's speed has more than doubled!

Lin Jiang on the stage suddenly felt Alexander!

It is too difficult for ordinary people to fight Transformers.

Sure enough, as the craftsman said.

The two weaknesses of Aso and the craftsman's cooperation before, after being combined, completely disappeared.

The craftsman hid in Asu's body, and there was no longer a problem of being close or far away.

Lin Jiang blocked Asu's blow, and his body retreated again, his mouth hurt.

The craftsman is inside, manipulating Aso in a mechanical manner.

So Aso's flexibility has also improved a lot.

The strength has also improved across the board.

The hearts of everyone were immediately mobilized.

Jianwu's fight with Takumi was too eye-opening.

In the past, physical martial arts were rampant, but now both sword martial arts and craftsmanship show unparalleled charm.

They unexpectedly have a weird mind to give up physical martial arts and modify sword martial arts or craftsmanship.

"Boom boom boom!" Asu kept chasing Lin Jiang.

Lin Jiang's anger was beaten out again.

Chapter 1227 Armor Warrior

Lin Jiang once again exploded with all his strength, and smashed Asu with a fierce sword!

"哐!"

With a slight noise, Aso was finally cut through this time!

"Come on! I see how long you can hold on!"

"Look whether I'm exhausted first, or your Asu's body is broken first!" Lin Jiang yelled, the black spirit on his body forming a strong sword force like money!

Sword Qi, flying towards Asu frantically!

“Bang, bang, bang!” Asu dodges left and right, but the martial arts stage is so big, it has eaten several tricks continuously.

At this time, Aso suddenly rose into the sky!

Lin Jiang took a look and shouted, “It’s just right!”

Everyone was surprised!

The craftsman is careless!

Actually put yourself in midair.

Isn’t this a target for Lin Jiang?

Lin Jiang’s sword aura covers the audience!

But at this time, an unexpected change happened again!

Asu in the air suddenly made a wiping sound again!

Its body is changing!

Are you going to become Little Aso again!

However, if it falls into a small Aso, the craftsman will fall out.

This way it is easier to become Lin Jiang’s target.

And Lin Jiang’s eyes stunned!

Not becoming a little Aso!

After Asu’s transformation was completed, the scene rang out with a “Damn!”

Aso is deformed.

At this moment, it turned into a fighter form!

Is it really special!

Speechless!

Lin Jiang couldn’t even scold him!

Don’t bring this to play!

After a while, it became bigger and smaller, and now it has come up with a fighter!

How to fight this!

“Hey, is it fun? Lin Jiang!” Asu, who turned into a fighter jet in the air, suddenly heard the craftsman’s smirk.

“Fun with your sister!” Lin Jiang finally cursed without holding back.

Aso, Aso, how many forms do you have, please tell me!

The fighter was flying flexibly in the air, avoiding Lin Jiang’s sword energy.

Then, as the sword gas shuttled, the fighters continued to sputter unidentified steel toward Linjiang!

Stainless steel is like a sharp arrow, whoosh whoosh!

The sound of breaking the wind sounded.

Ding ding ding sounded on the martial arts stage.

This time it was Lin Jiang’s turn to evade the steel attack from fighter Asu.

Lin Jiang was chased like a dog, and he started to scold his mother directly!

Don’t bring such fun!

Shoot sharp arrows.

You might as well just bring the hot weapon over and shoot it.

“No, I don’t bother to use hot weapons.” The craftsman smiled idiotically.

The people at the scene were speechless.

Disdain to use it, you sky-filled stainless steel arrows, what is the difference between them and hot weapons?

Everyone’s scalp was numb.

This craftsman is really difficult to deal with!

Fortunately, I met a sword fighter today.

Able to issue sword energy long-range attacks.

If today the craftsman encounters a physical martial artist.

Then turned into a fighter jet in the air.

The physical martial arts without long-range attack power will be beaten into a sieve!

Thinking of this, everyone couldn’t help being afraid for a while!

Some people who participated in the competition also fought a cold war together.

Fortunately, I didn't meet a craftsman, otherwise I would be killed!  
However, when everyone scolded their mother, they began to look forward to it.

How will Lin Jiang decipher the craftsman in fighter form?

Lin Jiang finally survived the first round of shots.

But the fighters were still hovering in mid-air, ready to launch the second round of arrows.

No, it can't go on like this.

If this continues, I will be consumed to death!

Even if you can support the fighter to hit all the arrows, don't forget that the fighter can be changed back to Aso.

At that time, if you use strength to fight weakness, you just admit defeat.

Lin Jiang thought, suddenly agitated all over his body!

This time, black air filled the sky again!

Cover the sky!

This move immediately caused the People's Congress present to speak out!

Everyone can't help but applaud!

The sky was so dark just now, and the sky was shocked.

Now the sky is also full of darkness, but the effect is another use.

In the darkness, the fighter was instantly buried.

It lost its eyes!

It can't see Lin Jiang!

After Lin Jiang burst into nothingness, he made Shangxie grow longer again!

This time, more than just getting longer!

Also widened!

Give me long!

Give me width!

Lin Jiang trembled all over!

The people at the scene were speechless.

Is this fighting!

This is a cartoon!

The weapons of both people in the field can change back and forth.

This is a bit fierce!

In the blink of an eye, Lin Jiang's magic sword has reached the upper limit!

Twenty meters long!

Ten meters wide!

His body looks extremely small against the background of the magic sword!

The magic sword, under Lin Jiang's wild dance, madly stirred the black energy in the sky!

Everyone was dumbfounded, and this scene seemed familiar.

Isn't it the King Kong fight in the movie-the plane!

"Bang!" A loud impact!

The magic sword hit the fighter in nothingness aimlessly!

The fighter jet fell down instantly!

Lin Jiang didn't want to lose this ancient opportunity, and he slashed desperately at the fallen fighter!

"Boom!" Everyone can't see how crazy and fast Lin Jiang's sword spirit is!

"哧!" There was a clear cracking sound.

The fighter jet fell apart directly in the air!

This time, it really fell apart, not transformed!

Everyone sighed in relief, and the movie was over.

Lin Jiang also sat down on the ground, and the magic sword shrank quickly.

The craftsman fell out and fell to the ground severely.

Just when everyone thought the competition was over, the craftsman suddenly reddened his eyes and burst into tears, "Lin Jiang, you bastard, you broke my Asu. I hate you! I fight you!"

After speaking, she waved again, and the mess of Asu's wreckage on the ground suddenly flew out and headed toward the craftsman!

this time!

What is it again!

In an instant, everyone understood what this was!

It's a ball!

The remains of Aso, turned into a craftsman's personal armor!

So Transformers is over, now comes the armor warrior?

The craftsman wore armor made from the remains of Aso, and when everyone was amazed, he rushed towards Lin Jiang.

At this moment, Lin Jiang already had no strength in his body.

He staggered back, staggering.

He thought that the artisan was incarnate as an armored warrior, and he was sure that his fighting power was going to blow.

But an unexpected scene appeared.

The craftsman hadn't hit Lin Jiang with this trick, and when Lin Jiang was in a difficult situation, he was a little helpless.

Lin Jiang ran all over the field and the craftsmen chased all over the field.

This scene stunned everyone.

"Hit him! Hit him to death!"

"What's the use of chasing him? You don't like him, punch!"

Everyone's hearts will be broken for the craftsman.

But the craftsman became more and more anxious as he fought, and he made himself a little nondescript.

When Wiliam saw this scene, he burst out laughing.

He finally saw the doorway.

This craftsman is the best, and it can be said that the only thing he is good at is mecha warfare.

It all depends on that Aso.

Now Aso is no longer there, although it has turned into armor.

However, the craftsman's own strength is serious, and he is extremely bad at playing on his own.

She was like a three-year-old kid playing with her family, and she seemed to have no way of avoiding Lin Jiang.

## Chapter 1228

Lin Jiang on the stage had obviously thought of this too, and he felt lingering.

Fortunately, the craftsman's own strength is very weak.

Otherwise, Asu Qiang, no matter how strong she herself is, it would be absolutely against the sky.

Lin Jiang made full use of the escape to recover some internal strength.

Then, under the urgency of the craftsman, Lin Jiang collapsed and rushed towards the craftsman!

When the craftsman saw Lin Jiang suddenly rushing over, he was stunned.

Lin Jiang was there when he said it, he hugged the craftsman's armor tightly with both hands, and then quickly rushed to the sidelines!

Lightning flint!

The craftsman was directly pushed off the court by Lin Jiang.

Lin Jiangsheng!

Craftsman negative!

This ending made everyone's hearts scratching.

Before Transformers fought against the monster Lin Jiang, it was so cool to watch.

How come it's overkill at the end.

Everyone is obviously not enjoying themselves.

After the craftsman was pushed out of the field by Lin Jiang, the armor on her body fell to the ground, and then she cried again in full view of her.

This cry was earth-shattering.

Tears rushed down.

The people at the scene have a black line.

Lin Jiang was even more helpless.

Isn't it a good fight?

Why did you cry after losing?

"Lin Jiang, you bastard, you pay me Asu! You pay! It took me more than ten years to make it successfully, and it was ruined by you. Uuuuu!" The craftsman cried heartily.

Everyone looked at Lin Jiang with angry eyes, as if accusing Lin Jiang of being a scumbag man who always gave up on women.

William was victorious when he saw Lin Jiangsheng, but he looked like he had eaten shit, and he was joking in the audience.

The scene suddenly became uncontrollable.

Even the referee glared at Lin Jiang frantically from the sidelines, as if saying: "The trouble you caused, you quickly get her done."

Lin Jiang was a little dizzy.

How can I do it!

Am I a Transformer for her?

She will either?

However, seeing everyone's angry eyes, Lin Jiang was shocked.

He walked to the craftsman to help her up, but the craftsman threw his hand directly.

"Don't touch me, scumbag!" Artisan Ewha shouted with rain.

Everyone burst out, "The scumbag man!"

Lin Jiang's cold sweat is about to come out, and he quickly said: "Okay, okay, don't cry, I am sorry for you, I shouldn't break the Aso, I will pay you this way in the future?"

Lin Jiang was born incomplete for the skill of comforting women.

But craftsmen are not ordinary women.

She liked to make all kinds of handcrafts since she was a child, and became addicted to it when she grew up.

Because of single-mindedness, so simple.

Her mind can be said to be simpler than that of a teenager.

After hearing Lin Jiang's words, she got up from the ground with a single bone, wiped her tears, and wiped her little face completely black.

She looked at Lin Jiang with her dirty face, "What you said is true?"

What else could Lin Jiang do.

a man of his words.

Besides, at this time, repenting, it is really a scumbag.

Lin Jiang nodded quickly, "But you have to give me some time, where can I get so many solitary trees all at once."

But the simple-minded craftsman immediately grabbed Lin Jiang's clothes, "Huh, you want to lie to me? No way! Don't think I don't understand anything! Grandpa said that lying is a man's nature! I don't care,

anyway, as long as you don't have one day Give me the materials for Aso, and I will follow you in one day! End of the world, never leave!"

Everyone stayed.

Lin Jiang was also stunned.

What the craftsman said is so profound and meaningful.

End of the world will never leave.

And after everyone stayed, someone suddenly asked suspiciously: "If I didn't understand anything wrong just now, is the craftsman going to follow Lin Jiang?"

Everyone was in a trance.

Then there was an even more violent scolding, "This kid is really a scumbag! Not only does it not pay the craftsman, but now even the craftsman has entered!"

"Artisan! You are still too innocent! Don't talk to Lin Jiang! My school also has materials, and I can give it to you. Can you join my school?"

"Beasts! Such a powerful craftsman was taken away in the blink of an eye! Heaven is incompatible!"

The crowd's curses shook the sky, and William's mouth twitched slightly.

interesting.

This Red Dust Sword Sect seems to be one more weird.

The eyes of everyone looking at Lin Jiang were about to breathe fire.

This is a craftsman!

With the extraordinary fighting skills demonstrated by the craftsmen just now, the people present were lying to themselves if they said they didn't move!

A sect, as long as there is a magical figure like a craftsman, it can be said that the strength can be changed a lot!

Think about it, if she has enough materials to equip everyone with an Aso.

Then this school can be said to be invincible in the world!

Everyone patted their thighs, it was too late!

Snatched by this dog thief Lin Jiang!

The atmosphere on the scene, from the anger just now, suddenly became extremely miserable.

The only happy person is probably Lin Jiang who is very good at pulling hatred.

But the matter was a foregone conclusion, everyone had no choice but to return to the outcome of the battle.

On the LED, beside Lin Jiang's name, there was a big win!

Looking around, the atmosphere on the scene was wrong again.

Someone threw a chair on the spot, "Grass! Lin Jiang won, the craftsman lost, then I will lose the money!"

The Huang family was dumbfounded when they heard this.

The bets made by the artisans just now were completely wiped out at this moment.

However, these people are after all a small gamble, although they can afford to lose more than two billion.

As everyone thought about it, their eyes suddenly turned towards the Huang family.

The craftsman lost.

Lin Jiang won.

In other words, those who bet on Linjiang will make a lot of money!

Just now, the bet on Lin Jiang was...

That mysterious white-clothed young man Wiliam.

There are also a few wonderful works of the Hongchen Sword School.

A full 20 billion yuan!

Lin Jiang's odds are fifty times.

In other words, the Huang family would have to pay trillions of funds for the victory of Lin Jiang's battle alone!

Trillions!

Although the martial artist is not very fancy about money, and his own money can not be spent at all.

However, asking an aristocratic family to spend trillions at once is simply not enough to sell the aristocratic family!

The Huang family, their faces are all green!

Like everyone else, Wan Wanwan thought that Lin Jiang would handle the craftsman.

"Trillions, trillions." Huang's Patriarch muttered, and the whole person was lost in despair.

Huang's opening this handicap was self-sufficient.

But behind this, there is a mysterious family with the Evil Fist overseeing it.

If the Huang family dare not lose money and damage the reputation of Extreme Evil Fist...

Thinking of this, Huang Ningyu fought a cold war!

He suddenly cast his eyes on the winner of the game, Wiliam!

Damn it!

Have been calculated by this unknown boy!

Afterwards, I must give this nasty boy a hard hit!

Chapter 1229

Trillions, where is the Huang family looking for so much money!

You can only start with this kid who doesn't know how to lift up.

And suddenly there was another shameless wailing on the scene.

Lu Yexun was the second head of the Red Sword Sect.

Because she didn't believe in Lin Jiang before, she invested all the money in Doutian.

Seeing her distressed look, Lin Jiang couldn't help but said: "You don't have to cry mice in this cat, right? You are fighting against the sky, and you won't lose."

But the female head beat Lin Jiang distressedly, "You bastard! If I crush you, wouldn't I make a profit! My money!"

This person is not good enough to swallow an elephant.

And some people set their sights on the biggest winner of this game.

Wiliam.

Wiliam had crushed Lin Jiang by 10 billion before!

In other words, Wiliam alone can earn 500 billion.

envy, jealousy, hate!

Wiliam saw the eyes of the people around him, stood up, smiled slightly at Lin Jiang, then bowed his hand, thanking Lin Jiang for helping him win so much money.

Lin Jiang reported a laugh.

It seemed that he believed that Wiliam would definitely win the last game.

At this moment, the referee announced on the stage that the last game began.

In the last game, Wiliam played against a physical weapon.

Huang Ningyu's expression was already ugly to the extreme. He reluctantly ordered: "Let people notify me immediately and raise money."

As he spoke, staring at Wiliam who was calm and brisk on the stage, he had a vague premonition in his heart.

Lin Jiang made the Huang family lose one trillion yuan.

And if this Wiliam wins, the Huang family will have to lose another trillion...

What is this...

A rich country!

This Wiliam must never win.

If he thinks this way, he has no confidence in his heart.

Before Wiliam, everyone had never heard of this name.

It seemed to be the abandoned son that North Lu family picked up from the mortal dust.

However, this kid is so clear on stage, there must be something extraordinary.

grass!

Worry!

Huang Ningyu thought depressed, the field has already begun.

Wiliam is a healer and comes from a family of medical martial arts, so he must be flawed in physical martial arts.

This is what everyone thinks.

Including the opponent with a big head.

After the big head gave an order, he rushed towards Wiliam.

The biggest advantage of physical martial arts is that the body is strong, and close combat has an absolute advantage.

He wanted to get closer to Wiliam.

But Wiliam smiled slightly, his feet motionless.

What is he going to do?

In the hearts of everyone, such questions emerged.

A big fist blasted towards Wiliam's head, with a dazzling internal force wrapped in his fist!

Thunderstorm punch!

At this time Wiliam finally moved.

With his head tilted, he escaped the attack of the big head at the moment of the moment.

The big-headed fist hit Wiliam again like a storm.

And Wiliam dodged leisurely like walking in a leisurely courtyard.

Even the big head started to gasp, but Wiliam had a long breath, his expression calm.

This scene made everyone suddenly look at Wiliam a little high.

This Wiliam actually seemed to be playing with this big head.

Five minutes have passed now, and Wiliam hasn't made a single shot.

Lin Jiang in the audience stared at Wiliam closely.

This guy is calm and unhurried, and seems to have everything.

It's weird.

After the big head uttered a rage, he moved back!

He was gasping for breath, but the anger in his eyes was burning!

"What are you hiding? It's a man, just do it directly with me!" The big head roared.

The muscles on his body twitched faintly.

Wiliam smiled at this moment, "Are you sure you want me to take action?"

"Damn!" shouted a big head, grabbed the broken stones on the ground and threw it towards Wiliam!

Wiliam turned aside and smiled again: "If I make a move, then you have no chance."

After all, his hands lit up.

Everyone's eyes stunned!

Silver Needle!

A silver needle appeared in his hand!

It is not unusual for people from a medical family to use silver needles as weapons.

Surprisingly, this silver needle is very strange.

The upper half of the silver needle was shining with a monster blood!

And it seems to be breathing, one light and one light off, it looks very magical.

Long live safflower!

William had already seen through this big head martial arts routine before him.

This barbarian had no fundamental advantage in front of William.

So William was confident enough to defeat this big-headed ghost.

At this moment, it seemed that only the good-looking and old-faced woman could see the mystery of the silver needle on William's body.

"Long live safflower, it is long live safflower, ho ho, interesting." The woman said with a smile.

Lin Jiang turned around and asked what is long live safflower.

The woman pointed to the silver needle and said, "That needle is called Needles of Ruby Flower, but to be precise, it is the set of needles. Because Needles of Ruby Flower has a hundred such needles."

Lin Jiang's eyes suddenly changed in the audience.

One hundred.

There are a hundred such weird needles.

William only took out one!

How strong is his confidence!

After Lin Jiang was stunned, he was also full of interest in William.

William waved his hand, and the silver needle wiped a red light in the air!

I saw the big head right away.

However, everyone on the scene felt that there was a problem with their eyes!

Silver Needle soon!

However, in the eyes of everyone, it is strangely slow!

It's just slow!

Big head, actually slower!

Time seems to have slowed down!

On the forehead of the big head, this long live safflower was inserted in an instant!

And a strange scene appeared.

The swollen muscles of the big head were slowly shrinking.

The blood red on the upper half of Needles of Ruby Flower is even more intense!

As if the whole world, at this moment, only this blood red is left!

Everything has become black and white!

Long live safflower flickered greedily, and after a while, a small drop of dazzling blood came out from the tail of the needle.

this is!

Bloody!

This magical silver needle is eating blood!

Everyone's scalp is numb!

Is this a magic needle or a ghost needle?

William casually moved.

His Long Live Gulian was like an obedient child and flew back into his hand with a swish.

The drop of blood that looked extremely condensed from the tail of the needle fell into William's palm, and then slowly penetrated into his body.

In the blink of an eye, the big head fell to the ground.

Seeing this scene, everyone's chill rose from the soles of their feet.

This white-clothed William is handsome and handsome, and his steps just now are like an immortal.

But his shot is simply a devil!

He is a healer!

He is a genius doctor or a magic doctor!

This needle is to save or kill!

The eyes of everyone looking at him all changed.

With only one move, he knocked the big head to the ground, which can be said to be a spike.

What's more terrifying than the spike is how much strength he still hides!

It seems that just now, he only used one percent of his strength to come out.

Mysterious blood doctor, turned out!

## Chapter 1230

William looked at the big head who was unconscious on the ground, and said with a smile: "Put him down, he is dead, but he has lost too much blood."

Everyone swallowed.

Ma Dan, what kind of monsters appeared on the field today!

Compared with Lin Jiang, the artisan, and the William in front of him, Da Nianxin and Doutian in front of him were all too normal.

The Huang family on the side saw that Lu Yebing had won the opponent without a bloody sword. Everyone's hands and feet were cold.

When it's over, the Huang family can't afford to sell iron.

At this point, all the top five were born.

Xiaozheng Taidao Nianxin!

Doutian!

Blue ocean inch!

Lin Jiang!

William!

Lin Jiang and William, like two dark horses born out of nowhere, pushed this century-old celebration to the peak of the first wave.

The big screen on the field suddenly flickered again.

Everyone knows that it will be matched randomly again.

The screen flashed, everyone saw the list of matches and looked at Lin Jiang together.

Then Qi Qi "Bah".

In the first game, Dao Nianxin VS Lan Hai Cuntou.

In the second game, William VS Doutian.

Lin Jiang bye.

Everyone looked at Lin Jiang, with envy in their eyes.

What kind of shit luck is this?

Forget it if you beat the craftsman.

The second game was a bye.

In other words, Lin Jiang will enter the top three unscathed.

As long as he enters the top three list, he will get rich returns.

I'm jealous!

William also looked at Lin Jiang amusedly. Is this guy so lucky?

But on your own side, you want to fight that fighting day to the death?

The same protagonist, the gap is so big!

The second round of the match is tomorrow, so when the match list came out, everyone broke up.

William returned to his room to rest, preparing for tomorrow's fierce battle with Doutian.

He knows that tomorrow will definitely be a tough fight.

After a rest night, the next day, there were two games.

In the first game, Xiao Zhengtai VS Lanhai Sports.

At the beginning of this game, sparks came out.

Dao Nianxin is the same as before, the knife of loyalty, benevolence and righteousness, playing brilliantly.

And that blue sea martial arts is also exceptionally strong, his body can actually resist the sword spirit of the sword mind.

This game took more than an hour, and the two players were beaten with blood.

In the end, Dao Nianxin narrowly won with one move and stood to the end.

However, his body has almost collapsed.

Obviously, he has no way to participate in the next game.

In this regard, Dao Nianxin seemed extremely unwilling.

But what made William feel a little shameless was that the female head of the Hongchen Sword Sect began to hate again.

The guy didn't care about the murderous look in the sword mind, and laughed with his waist on the edge of the field, "Wow hahaha, I know that our Hongchen Sword faction is the most powerful, look, we will fight two People, both of them made it to the top three. The bull is not bull! The bull is not bull!"

The people at the scene were speechless.

However, even William looked at these people of the Hongchen Sword Sect deeply.

What a weird school this is after all.

All of them are monsters, but now...

The top three accounted for two people.  
Speaking of this record, he can already look down upon the heroes.

It seems that in the future, no one can underestimate this sect called the Hongchen Sword School.

Just as Wiliam sighed, the host on the stage called his name.

Wiliam was shocked and walked onto the stage.

In today's last game, Wiliam confronts Doutian.

Dou Tian is the hottest champion, and the strength he showed before is also a crushing level.

Although Wiliam was mysterious, his victory in the last game was obviously not to be underestimated.

This battle is the most anticipated competition after Lin Jiang's battle against the craftsmen.

However, everyone still felt that Doutian's strength was there, the foundation was solid, and defeating Wiliam would not be a problem.

Sure enough, Doutian showed strong fighting spirit from the beginning.

His claws seemed to tear the sky apart.

With every punch, there will be a clear and audible internal force popping on the court.

In the eyes of everyone, Wiliam, although there was that mysterious Needles of Red Flower, Dou Tian had already been vigilant, and for a while, Wiliam was vaguely at a disadvantage.

The female head of the Hongchen Sword Sect saw this and couldn't help sighing, "Hey, after all, this little handsome guy exposed his big killer too early. Now that he has been targeted by others, this is a bit difficult."

Lin Jiang, who was off the court, smiled slightly, things were not that simple.

The two struggled for half an hour.

Wiliam took a few steps back and moved a little away from Doutian.

Wiliam was feeling the difficulty of this game.

You know, Wiliam possesses the inner power and profound energy that goes against the sky-metaplasia.

Metaplasia can always replenish his physical strength.

But now, Wiliam was sweating profusely.

It can be seen that the battle situation is difficult, and the speed is so fast that even metaplasia can't be supplemented.

And Wiliam's 100 long live safflowers had fallen all over the ground at this moment.

In his hand, he still held the last Needles of Red Flower.

The opposite Doutian saw Wiliam retreat, his mouth grinned, but he was still fighting spirit, and laughed wildly, "You only have a needle left. Next, you will wait for me to attack like crazy!"

Everyone's eyes darkened.

They felt that Wiliam seemed to have tried his best.

But Doutian is too strong.

After playing for half an hour, he was still alive and sturdy.

However, everyone had no complaints about Wiliam.

Because it has been able to support for a full half an hour under Doutian's crazy attack, it is already quite remarkable.

Even the referee shook his head secretly, today the overall situation has been decided.

One stitch determines the outcome.

Dou Tian suddenly attacked Wiliam, his claws were like eagles, as if to split the sky.

Wiliam showed a trace of joking in his eyes, and kept avoiding backwards.

At this moment, Doutian's body trembled suddenly, and he lightly lost his center of gravity.

Wiliam's mouth twitched slightly.

Interesting, this bull still knows a little trick?

It's just that, don't you see who is playing in front of you?

Wiliam threw the last Needles of Red Flower without hesitation.

But after the throw, Doutian's laughter suddenly sounded again.

"Hahaha! Do you really think I'm showing a flaw? Boy, you are still too tender!" Dou Tian laughed wildly, speeding up again.

He dodged the last silver needle of Wiliam while he was flashing.

Wiliam, who had lost all the silver needles, had no support in Doutian's eyes at this moment.

Exclaims sounded on the court.

"This Wiliam was too careless. Why was the last life-saving needle so easily thrown out?"

"I said that Doutian's combat experience is too rich, after all, he specializes in fighting extremely evil fists."

"It's over, now everything is over."

As everyone regretted, Lin Jiang's eyes drenched in the audience.

He looked at the inconspicuous scene on the court in amazement, then turned to look at everyone.

Everyone, can't you see it?

Chapter 1231

No, someone can see it.

Lin Jiang fixed his eyes on the beautiful and old woman.

The woman seemed to feel the look in Lin Jiang's eyes, raised her eyebrows at him, and said: "Look carefully, it will be very beautiful next."

Lin Jiang looked at the stage immediately.

And at the moment on stage.

Doutian triumphantly rushed towards Wiliam who had no counterattack. He decided to solve today's battle with one punch.

But at this time, he suddenly saw that Wiliam, who had been avoiding, did not hide at this moment.

Wiliam just smiled lazily and looked at Doutian jokingly.

Doutian's heart shook.

What is this kid laughing at?

Are you bluffing?

He already has no support!

And just as Doutian was puzzled, there was a horrified inhalation from below!

A lingering killing intent suddenly appeared from behind Doutian!

Doutian instinctively looked back, but this glance made him dumbfounded!

Behind him, there are densely dazzling long live safflowers shining red light!

Needles of Ruby Flower, only one meter away from the back of his neck!

It's like the silver needle is hanging there on purpose!

Demonstration!

Doutian was so scared that cold sweat broke out on the spot!

When!

Aren't all these silver needles on the ground!

Moreover, Doutian had been paying attention to Wiliam's gestures. He knew that Wiliam could control the silver needle with his internal force, and the flying needle would hurt people!

Just now, Wiliam was obviously moving!

These silver needles, as if they had spiritual wisdom, flew up from the ground by themselves!

This is terrible!

Does the needle have the soul of the needle?

This is simply a fantasy!

Wiliam had a faint smile.

Who is it that has all the cards?

In this world, there are probably not many people who know that they can feed needles with their bodies.

Use internal force to manipulate these silver needles?

ridiculous.

No need for internal force, just a thought.

With a shocked expression on Doutian's face, he flew forward frantically.

But everything is too late.

One stitch!

Hundred needles move!

Faster than Doutian, enter the celestial body!

Doutian suddenly looked up to the sky and howled in pain!

In the eyes of everyone, an unforgettable scene suddenly appeared!

Hundreds of Needles of Red Flower are on Doutian's body!

It really made one!

Scarlet needle flower!

A hundred silver needles suddenly flew out of Doutian's body!

in all directions!

Like a flower blooming!

Gorgeous!

And this is not over!

When a flower blooms, its prosperity must decline.

The flowers quickly withered!

All the silver needles once again entered Doutian's body!

Flowers bloom again!

The people at the scene are going to lose their eyes!

Extremely cruel!

The crowd looked at Doutian, whose eyes had been distracted on the stage, in horror, and couldn't bear it.

This murderous mad flower has bloomed a hundred times!

In other words, every silver needle pierced Doutian's body a hundred times!

Doutian's body is already full of blood!

And those flowers seem to be experiencing endless reincarnation.

again and again.

Amazing at first, then cruel!

After the last time, a hundred silver needles burst into the air with a magical red light! The tail of one of the silver needles carried a drop of red blood, and flew towards Wiliam like a swallow returning to its nest.

The blood beads merged into Wiliam's palm again.

And Doutian's body, everyone collapsed suddenly.

Everyone looked straight at Wiliam on the stage at this moment, and they got goose bumps all over.

A hundred silver needles hung in front of Wiliam as if they had life.

Wiliam slightly arched his hand at Silver Needle, as if thanking Silver Needle.

The silver needles all flew into Wiliam's body.

This scene is shocking again!

This Wiliam is raising needles by himself!

It's a demonic crooked way!

Judging from the way he kills, it is also extremely cruel!

Everyone's eyes changed.

Become extremely angry!

"Wiliam! Although it is said that life and death are destined to be on the stage, your methods are too cruel! Do you not fear being condemned by God if you do this!" everyone shouted.

However, Lin Jiang below looked at Wiliam with a little admiration.

He saw what others couldn't.

The strength of this Wiliam was actually similar to Doutian.

However, if he can win, it is because he is so wise and close to the demon!

He is laying out!

In the beginning, the enemy was weak.

Then at the end, the most inconspicuous look on the court broke out.

He also saw Doutian's weakness!

Lin Jiang thought that only he could see it.

But unexpectedly, this Wiliam could also see it.

Dou Tianqiang is strong, but self-esteem is very high.

As the opponent is suppressed by him, his arrogance will become more arrogant.

It is undeniable that Doutian is a born fighter.

Go ahead, never end in a hundred battles!

But unfortunately, he is just brave.

That's why at the last moment, he was killed by Wiliam Jedi.

This Wiliam is a bit interesting.

The people below continued to abuse Wiliam, but Wiliam looked indifferent and unmoved.

Wiliam was just looking at these people, he was looking at the ants.

He turned and walked down the stage.

When the crowd saw that he did not repent, he was about to violent.

At this time, Lin Jiang in the audience suddenly smiled.

Lin Jiang smiled and said, "If you don't save Doutian, I'm afraid he will really die."

"At that time, he will not die in Wiliam's hands, but in your hands."

Everyone was stunned.

Is Doutian still dead?

how can that be!

That was a hundred silver needles, each pierced a hundred times in his body!

If you count it up, it's 10,000!

Doutian's body has been pierced out of the hole, is this still alive?

Lin Jiang smiled calmly, and stopped talking.

Ten thousand, right?

Long live safflower, well-deserved reputation.

Lin Jiang was really amazed by the cruelty of Needles of Ruby Flower at first.

But the more he watched, the weirder and the more frightened.

People may not know that Lin Jiang was very familiar with the acupoints and meridians of the human body under the guidance of his grandfather since he was a child.

Therefore, he discovered that although those silver needles were pierced into Doutian's body, there was actually no one that pierced the acupuncture point!

A full ten thousand shots!

Avoid all vital points!

This requires so precise control.

How much confidence is needed!

Lin Jiang asked himself, he couldn't do it so delicately.

Wiliam, really the first needle in the world!

Wiliam had originally left, but stopped after hearing Lin Jiang's words.

He turned his head, just facing Lin Jiang on all sides.

His eyes are full of sympathy and sympathy.

Also full of arrogance.

Sure enough, Lin Jiang also saw Doutian's weakness.

Even Lin Jiang was good at medicine, and in the audience, he was the only one to see through his silver needle technique.

This made Wiliam very excited, and there was a kind of gratitude that I was not alone.

He slightly nodded to Lin Jiang and left again.

And some people have gone up to check the unresponsive Doutian with the attitude that they would rather be trusted.

During this inspection, the person suddenly exclaimed, "Damn! This innocence is really dead! The air is like a gossamer! Quick! Call the doctor over! Damn! How can this be done! Acupuncture and acupuncture avoid the main points! "

The shout made everyone dull.

It's really dead!

It won't die after being pierced 10,000 times.

by!

Chapter 1232

Everyone thought of a terrifying association.

If it falls into the hands of this Wiliam, then with his cruelty and toughness, he can torture people to the point of surviving and not begging for death!

Don't offend this person!

This is the neat voice of everyone at this time.

At this time, Lu Yesheng was already on the screen.

Moreover, the final grand final also naturally appeared.

Dao Nianxin was seriously injured and unable to play.

Finally, it was Wiliam against Lin Jiang!

Everyone looked at these two names in a trance!

These two people, at the beginning, were the least favored among the ten.

Now, it's actually meeting the finals!

Two dark horses!

No, it's not a dark horse!

The strength of these two people has passed the test of iron and blood!

Lin Jiang defeated the craftsman!

Wiliam defeated Doutian!

Each became famous, a blockbuster!

Tomorrow, you have to watch it!

Those present have already seen the personalities of these two people.

Lin Jiang is crazy!

Wiliam Leng!

It's a wild victory!

Still win coldly!

For tomorrow, everyone began to look forward to it.

And Wiliam couldn't sleep at all that night.

It was the first time that he had this opportunity to watch other people's matches up close, especially after watching Lin Jiang's game against Artisan, Wiliam was excited.

It seemed like something was moved in my heart, and it couldn't be calmed down for a long time.

This shock has continued from yesterday to today.

Wiliam couldn't sleep at all, so he just sat up.

He walked outside and grabbed some wine in the self-service area of Huang's house.

Looking up at the sky, I saw the moon and stars in the sky, and the jackdaw bursts.

A loft, shining under the moon, is particularly conspicuous.

Wiliam slid, holding the wine and headed towards the top of the attic.

On the top of the building, looking flat, the sky is blue.

Looking down, there are thousands of lights like beans, bustling and leisure are in my eyes.

The night scenery is good.

Wiliam drank the wine bit by bit with the beautiful scenery in front of him.

But after a while, Wiliam's eyes suddenly wink.

He saw that in the courtyard under the attic, a figure was quickly approaching his side.

In a short while, that figure had fallen in front of Wiliam.

Wiliam looked at the person in front of him and smiled.

Lin Jiang.

Fortunately.

Lin Jiang looked at Wiliam in front of him, and was also taken aback.

He couldn't sleep either tonight.

After seeing Wiliam's last hand today, Lin Jiang had a faint understanding in his heart.

But when I think about it, I just can't grasp anything.

This feeling of scratching his heart made him very uncomfortable.

He simply got up and walked out.

Just standing in the courtyard, Lin Jiang couldn't help looking up at the moon, his eyes stunned.

Under the moonlight, on the top of the pavilion, there was a lonely figure drinking against the moon.

Lin Jiang recognized the figure.

With a thought, Lin Jiang moved his feet and flew towards the top of the pavilion.

He fell on it extremely lightly.

It really was Wiliam.

The two looked at each other.

Wiliam spoke first.

Say the first sentence when the two met.

"Wiliam."

Lin Jiang arched his hands slightly, "Lin Jiang."

It's a acquaintance.

Wiliam didn't guard against Lin Jiang at all. After all, Liu Lang admired him so much, and he must be a man of love and sex.

He casually threw a few pots of wine to Lin Jiang.

Lin Jiang took it casually and sat down beside him.

The two were silently in the moonlight and drank wine for half an hour.

No one spoke a word.

When the wine was almost finished, Wiliam suddenly looked at Lin Jiang with a trace of confusion in his eyes.

Lin Jiang was also taken aback when he saw Wiliam's eyes.

That is a kind of dazed at the avenue.

"Lin Jiang, have you ever thought about the innate realm, is it a peak?" Wiliam asked suddenly.

Wiliam didn't know why, so he would ask Lin Jiang this question.

However, it may be that the two days of reading the master game gave Wiliam a deeper understanding of the realm.

Or maybe it was because Lin Jiang was one of the few confidants that Wiliam recognized in his heart.

It is strange to say that Wiliam still cited him as a confidant after he had said a word before.

This is not too simple to talk about.

But Lin Jiang was taken aback for a moment, and the faint comprehension from before came to mind again.

Wiliam was stunned when he saw Lin Jiang, but his eyes agreed, and he couldn't help but feel fascinated.

The Guwu world has the lowest external power and the highest chemical power.

And above Huajin, it is half-step congenital and congenital mystery.

All the realms Wiliam knew came to an abrupt end in the Congenital Secret Realm.

Even Wiliam has never seen a real congenital secret master.

Therefore, this innate secret realm seems to be a peak, which is not surprising.

But with this idea, after seeing Lin Jiang's shot yesterday, Wiliam had a faint urge to overthrow it completely.

Of course, Wiliam could almost see Lin Jiang's realm.

Just like myself, it is also a small success.

Same as Huajin Xiaocheng, but equally invincible at the same level.

Even the great master of Huajin is in their hands, and there is no victory.

Above them, there are four realms.

What Lin Jiangzheng thought of the opposite was that Wiliam actually started to have such doubts.

Lin Jiang looked at the moon without talking.

The two were silent again for ten minutes.

Finally, Lin Jiang sighed, "Innate realm is not a peak."

It was an answer to Wiliam's previous question.

If someone hears the conversation between the two of them, they will definitely call them crazy and ignorant.

There are still four realms away from the congenital secret realm, so I am worrying about my future practice. Isn't this nothing to do?

But only Wiliam knew that before Lin Jiang, his confidant thought and confused.

Although it was only the first formal conversation, there seemed to be thousands of tacit understandings in the words.

This is a mutual recognition from the same realm.

Both of them are wise men.

In the road of ancient martial arts, each has different talents.

Wiliam nodded casually, and then asked: "Then you have thought about it, what do you cultivate in the secret realm?"

What are you practicing?

Lin Jiang's thoughts felt like sparks were knocked out.

External strength exercises, internal strength exercises.

Turn your energies and practice qi until the secret realm.

What are you practicing above the secret realm...

Lin Jiang took a sip of wine and spit out two words, "Practice blood!"

After hearing these two words, Wiliam's eyes suddenly burst into light!

"Do you really think so?" Wiliam asked.

Lin Jiang showed a wry smile. Wiliam's words indicate that Wiliam has already explored this road.

And I am ashamed, only when I saw Wiliam make a move today, I have an inexplicable understanding.

Just now, this kind of enlightenment was completely grasped by him.

Practice blood!

It is like Wiliam in front of him, raising needles with his body and feeding needles with blood.

What I practice is the unity of man and needle.

"Lin Jiang, what kind of blood are you in?" Wiliam suddenly asked again.

Lin Jiang's head seemed to be hit hard by the clock, and he suddenly felt empty!

Chapter 1233

What kind of bloodline!

correct!

This is the final posture of blood training!

Bloodline!

In the world, the blood is unremarkable, and there are many.

But Lin Jiang is different!

He bears the blood of the ancient Suzaku, unique in this world.

It seems that his future path lies in the blood of Suzaku!

When Lin Jiang figured this out, he immediately felt an urge to appreciate Wiliam.

He was very fond of the Suzaku bloodline before, but as his sword martial arts grew stronger, the bloodline was gradually ignored by Lin Jiang.

Wiliam gave a word, Daigo empowered!

And seeing Lin Jiang's enlightenment, Wiliam's eyes suddenly brightened.

It seems that this is the case!

Wiliam did explore this road before Lin Jiang.

It can even be said that Wiliam has already begun blood training since he stepped into the realm of martial artist.

From the battle in Lantern Village, Wiliam was soaked in the blood pool.

In the battle at Lingyue Villa, Wiliam changed his blood.

Even in the Lu Family in Beilin, Wiliam stained the earth with blood.

Wiliam couldn't imagine that his birth and death had something to do with blood.

Even the Long Live Red Lotus on his body is closely related to blood.

Therefore, Wiliam always felt that he should step into the path of blood training.

It was just that, on this road, there was no way to see the same people and no support, which made Wiliam very confused.

Until tonight, until Lin Jiang's eyes brightened.

This made Wiliam instantly feel a sense of identity.

The two looked at each other and smiled, with gratitude in their eyes!

I am not alone!

If it were not for the moon tonight, there would be wine tonight.

The two will not gather on top of the tower to discuss the truth.

After this enlightenment of each other, both of them have a feeling.

The road to martial arts in front of me seemed to be longer and wider!

"We all think so, but there is nothing to say about it," Lin Jiang said suddenly.

This is the fact before their eyes.

After all, their level is still too low.

Wiliam nodded, once again a trace of blankness appeared in his eyes.

However, he immediately smiled, "How much wine is in the jug?"

Lin Jiang smiled, "One mouthful."

Wiliam raised the hip flask, "What a coincidence, I won a bite."

Lin Jiang also raised it. At this moment, he suddenly understood what Wiliam was about to say.

"Then what about the agreement to be a man with this last sip of wine!" Wiliam stood up and swept away blankly!

Lin Jiang also stood up, his eyes gradually clear!

"Although I don't know if this road is right! But it doesn't matter. You have a confidant in life, and you will not hesitate to die. Then make an agreement, and go on this road of blood training together, see who, go further!" Lin Jiang said with a big smile.

The hip flask was in the air and hit hard!

The wine is drunk!

Moon is rendered!

The hands of the two were shot in the air!

But at this shot, the bodies of the two people trembled.

Qi Qi saw a shock from the opponent.

This random shot just now loosened the realm of the two people!

A kind of arrogance that is not bound by the sky, and vaguely wants to break through the realm of their transformation!

And reach higher!

And stronger!

Do not hesitate!

"See you tomorrow, I hope you are my opponent." Wiliam stretched his body and left, looking like a fairy in the moonlight.

Lin Jiang laughed loudly, and jumped in and floated in the opposite direction, "Don't worry, I can be your opponent, the world is the only one!"

After they left, the jackdaw sounded again.

A jackdaw braving a green light in the air nodded slightly and made a wild rattle.

It seems to be laughing.

The young hero should be so!

Some people have exhausted their lives, it is difficult to reach the realm.

Some people do everything they can to bury the innate.

Two little guys, interesting!

Wiliam went back to the room and slept extremely comfortably. When he woke up the next day, he felt full of power!

Going to the performance stage, there was a lot of voice at the moment.

Because it was the finals, people from all directions came, and the originally empty martial arts stage was packed with people, a full tens of thousands!

Ten thousand people participated in the grand event.

The performance stage, which was originally 100 meters long, has also been doubled.

It seems that I just want to tell the world that today's Centennial Ceremony Finals is destined to be earth-shattering and go down in history!

The women off the court looked at Lin Jiang and Wiliam on the stage and screamed!

Lin Jiang and Wiliam are both handsome and handsome.

The skill is even more so.

The eyes of those women are about to show up with stars.

The female head of the Hongchen Sword Sect took a sip and cursed and said, "What's so good about that kid. As for all the idiots? If you know that Lin Jiang is married, will you cry and faint? "

The beautiful and old woman on the side smiled suddenly, "That Wiliam is also married. It seems that he is also a kind of infatuation, the one who only takes one scoop of three thousand weak water."

The female head was eager to hear, "Then let these nymphomaniac women go to death, it's a shame for us women!"

With the referee's order, the finals officially began!

In the crowded scene, there was no one who thought that this finals, to the end, would actually make 10,000 people buried together!

When the referee gave an order, Wiliam and Lin Jiang moved almost at the same time!

The two rushed out towards each other!

It seems to spare no effort!

"boom!"

In an instant, the two had collided together!

But this collision made the audience scream loudly!

Two of them, one is an unparalleled healer, and the other is an infinite sword!

At the moment, neither of them can produce a needle!

A non-holding sword!

It was Qi Qi who gave up his best practice and blasted his body!

crazy!

"Damn! What do these two guys want to do! What we want to see is Mars hitting the earth, what are they doing!"

"They are fighting in the state of physical martial arts, right? Is it possible that these two people are still not capable of physical martial arts!"

"I feel crushed by these two people from body to soul!"

Punch!

Another punch!

William and Lin Jiang on the field, when everyone was astonished, they slammed a few punches with their martial arts!

Lin Jiang's fist was wrapped in black energy!

This is Lin Jiang's exclusive inner strength profound energy.

Lin Jiang called it nothingness!

Nothingness, a kind of inner strength and profound energy that devours heaven and earth like a gluttonous!

Swallow the world, vanity!

And in William's hands, a kind of inner strength profound energy also appeared!

The color of turquoise.

Lin Jiang faintly felt familiar with the inner strength of this green color.

Before, his wife Xinyu had this kind of green spirit.

However, in Lin Jiang's view, William's inner strength and profound energy seems to be much more weird!

Lin Jiang naturally didn't know that this was William's inner strength profound energy!

Metaplasia!

Dissolve the common people, endless glory!

Punch punch!

Lin Jiang's emptiness was frantically devouring William's internal force.

But what is strange is that William is not affected by it at all, and he has a state of more courage in the war!

Chapter 1234

The female head of the Red Sword Sect below frowned on the spot.

She knows Lin Jiang's emptiness better than anyone.

Able to swallow human internal strength, and finally win without fighting.

It can be regarded as a masterpiece!

In the previous battle against the craftsman, because the craftsman's Asu is a machine, Lin Jiang's emptiness could not exert any effect.

But now, Lin Jiang is fighting against him, but he is an individual.

Could it be that Wiliam, is there anything that can restrain Lin Jiang's profound energy?

On the contrary, the old woman next to her saw a scene in the field and suddenly smiled, "Interesting, interesting, these two kinds of profound energy of the gods."

Everyone looked at her, but she didn't explain too much.

After Wiliam and Lin Jiang fisted a few times, they moved back together.

Both of them saw a kind of horror in each other's eyes.

Lin Jiang looked at Wiliam deeply and laughed loudly: "I didn't think that we two are really natural enemies!"

Wiliam also laughed, "It's an enemy and a friend! Then, today, let's have a good fight! See if you are withered and strong, or I am prosperous!"

Both people felt that each other's inner strength was two extremes!

Lin Jiang's inner strength profound energy is nothingness, it can swallow everything and wither all things, it is the strongest spear.

And Wiliam's inner strength profound energy is metaplasia, capable of endless growth and continuous growth, and is the strongest shield.

Natural enemies!

The two banged together again.

The people below looked at the two people on the stage who were approaching the extreme, and in the end there were only two groups of white light left, and their eyes were straight.

Is this really a human?

Strength, stronger than the previous Doutian!

But the speed is so fast!

Before everyone thought the two were just playing.

After all, two people are not physical martial arts, but they both use physical martial arts to fight. Isn't this looking down on all the physical martial arts present?

However, after this punch came down, everyone's heart had completely changed.

Where are these two monsters from?

Jian Wu and Yi Dao are already unparalleled, and now their physical martial arts are so terrifying!

The people below can't help thinking, if these two people used physical weapons to fight before, what would happen to the outcome...

Their ideas have only one result!

Those are these two people, reaching the finals, there seems to be no suspense!

Thinking about it, they all got goose bumps.

Shuangdao fellow practitioners, both of them have cultivated to the extreme.

It's horrible!

"One last punch!" Lin Jiang suddenly shouted.

William nodded, "I mean it!"

The people below were surprised!

This is going to go head-to-head!

One last punch!

That shows how powerful this punch should be!

The people who were close to the martial arts platform stepped back at almost the same time.

The martial arts stage has become a distinct yin and yang poles.

Where Lin Jiang was, there was nothingness, and it looked like hell on earth.

And the half where William was, as if everything had revived, a paradise scene.

Their fists are brewing the final blow.

Everyone's breathing fluctuated with the faint breathing ripples on their fists.  
The breath ripples faster and faster.

Stir this metamorphosis and the mad dance of nothingness!

"Come!" Lin Jiang roared!

Rushed out!

And William nodded, and rushed out!

Punch!

"boom!"

The sky full of black and turquoise colors slammed together at this time!

A cruel ripple visible to the naked eye, from between the two of them, quickly rippling around!

The moment the two inner powers collided, there was a shocking explosion!

The entire martial arts stage, under the blow of this fist, actually collapsed directly!

Everyone saw their eyes straight!

You know, any previous battle just left a crack on the martial arts stage!

Now, these two people just hit each other!

Yanwutai turned into a fan!

It is conceivable that the power in this middle is terrifying!

But at this time, the expressions of the great powers present suddenly changed, and they roared together, "Quick back!"

As soon as everyone was about to react, they saw that cruel ripple, among the electric light and flint, had swept everyone!

The people close to the martial arts platform almost at the same time had no chance to escape. They directly affected and fell to the ground.

Blood, shoot off the court!

Everyone looked at this, shocked!

What a terrifying power!

Even Yu Wei can kill people!

"Go back a hundred meters! Don't get close!" Huang Ningyu, the head of the Huang family, as the organizer, said decisively.

No one would have imagined that these two people on the stage, by virtue of physical martial arts alone, can make people retreat!

When the people heard the order, they all backed away.

However, the performance hall was already overcrowded, and if it retreated 100 meters, the scene suddenly became chaotic.

Several other sect patrons and elders who came to join in the hot coaxing glanced at each other, their eyes full of helplessness!

In the end, Huang Ningyu said distressedly: "Demolition!"

A few people know, their bodies fly up to the four corners of the martial arts hall!

"Be careful to avoid!" Several people shouted, and then issued the strongest blow!

The walls of the entire martial arts hall collapsed instantly under the bombardment of several bigwigs!

Everyone has lingering fears!

Really, at the beginning, the Huang family was forced to tear down their martial arts hall that was one kilometer away.

It's simply past and present!

These two on stage are too strong!

At this time, the dust settled on the stage.

Everyone looked at the stage one after another, who it was, stood till the end!

After the dust and smoke cleared, everyone scolded in unison after seeing the people on the stage!

"by!"

I saw two people standing opposite each other in the ruins.

Although both of them were embarrassed, they were obviously unscathed.

The hearts of everyone are simply sad!

The two of you are playing dimly on the stage, and it's okay to let the dozens of people close to the martial arts stage fall on the spot!

Even the performance hall of the Huang family had to be demolished to make everyone retreat and take refuge.

But the two of you are in peace, which hurts one's self-esteem too much.

William and Lin Jiang laughed in unison.

There is a kind of heroic sympathy.

The two people are obviously equal in terms of physical strength.

But even if it is equal, it is enough to crush the people present.

In the hearts of everyone, the suffering is too much.

Physical martial arts is the mainstream of this world.

But look at today's century-old ceremony, the top three, one healer, one swordsman, and one swordsman.

Obviously, there is no such thing as a physical martial artist, which has completely lost the face of the physical martial artist.

What's even more exaggerated is that now a healer has a sword, and his physical and martial realm can kill the participants in the field in seconds.

This is even more slap.

It is clear that these two people are playing sports, and the sports that others have been pursuing throughout their lives are not as strong as these two people playing here.

Fortunately, at this moment, William flew out Long Live Honglian from his body.

He is ready to confront the enemy with his strongest strength.

The battle really begins now!

Everyone is even more sad, and the dozens of people who died just now are wronged.

In the next second, the person who just breathed a sigh of relief suddenly opened his eyes again!

by!

They saw that Lin Jiang also showed his weapon!

However, it is not the Demon Sword of Slaughter!

Instead!

Silver Needle!

Chapter 1232

Everyone thought of a terrifying association.

If it falls into the hands of this Wiliam, then with his cruelty and toughness, he can torture people to the point of surviving and not begging for death!

Don't offend this person!

This is the neat voice of everyone at this time.

At this time, Lu Yesheng was already on the screen.

Moreover, the final grand final also naturally appeared.

Dao Nianxin was seriously injured and unable to play.

Finally, it was Wiliam against Lin Jiang!

Everyone looked at these two names in a trance!

These two people, at the beginning, were the least favored among the ten.

Now, it's actually meeting the finals!

Two dark horses!

No, it's not a dark horse!

The strength of these two people has passed the test of iron and blood!

Lin Jiang defeated the craftsman!

Wiliam defeated Doutian!

Each became famous, a blockbuster!

Tomorrow, you have to watch it!

Those present have already seen the personalities of these two people.

Lin Jiang is crazy!

William Leng!

It's a wild victory!

Still win coldly!

For tomorrow, everyone began to look forward to it.

And William couldn't sleep at all that night.

It was the first time that he had this opportunity to watch other people's matches up close, especially after watching Lin Jiang's game against Artisan, William was excited.

It seemed like something was moved in my heart, and it couldn't be calmed down for a long time.

This shock has continued from yesterday to today.

William couldn't sleep at all, so he just sat up.

He walked outside and grabbed some wine in the self-service area of Huang's house.

Looking up at the sky, I saw the moon and stars in the sky, and the jackdaw bursts.

A loft, shining under the moon, is particularly conspicuous.

William slid, holding the wine and headed towards the top of the attic.

On the top of the building, looking flat, the sky is blue.

Looking down, there are thousands of lights like beans, bustling and leisure are in my eyes.

The night scenery is good.

William drank the wine bit by bit with the beautiful scenery in front of him.

But after a while, William's eyes suddenly wink.

He saw that in the courtyard under the attic, a figure was quickly approaching his side.

In a short while, that figure had fallen in front of William.

William looked at the person in front of him and smiled.

Lin Jiang.

Fortunately.

Lin Jiang looked at Wiliam in front of him, and was also taken aback.

He couldn't sleep either tonight.

After seeing Wiliam's last hand today, Lin Jiang had a faint understanding in his heart.

But when I think about it, I just can't grasp anything.

This feeling of scratching his heart made him very uncomfortable.

He simply got up and walked out.

Just standing in the courtyard, Lin Jiang couldn't help looking up at the moon, his eyes stunned.

Under the moonlight, on the top of the pavilion, there was a lonely figure drinking against the moon.

Lin Jiang recognized the figure.

With a thought, Lin Jiang moved his feet and flew towards the top of the pavilion.

He fell on it extremely lightly.

It really was Wiliam.

The two looked at each other.

Wiliam spoke first.

Say the first sentence when the two met.  
"Wiliam."

Lin Jiang arched his hands slightly, "Lin Jiang."

It's a acquaintance.

Wiliam didn't guard against Lin Jiang at all. After all, Liu Lang admired him so much, and he must be a man of love and sex.

He casually threw a few pots of wine to Lin Jiang.

Lin Jiang took it casually and sat down beside him.

The two were silently in the moonlight and drank wine for half an hour.

No one spoke a word.

When the wine was almost finished, Wiliam suddenly looked at Lin Jiang with a trace of confusion in his eyes.

Lin Jiang was also taken aback when he saw Wiliam's eyes.

That is a kind of dazed at the avenue.

“Lin Jiang, have you ever thought about the innate realm, is it a peak?” Wiliam asked suddenly.

Wiliam didn't know why, so he would ask Lin Jiang this question.

However, it may be that the two days of reading the master game gave Wiliam a deeper understanding of the realm.

Or maybe it was because Lin Jiang was one of the few confidants that Wiliam recognized in his heart.

It is strange to say that Wiliam still cited him as a confidant after he had said a word before.

This is not too simple to talk about.

But Lin Jiang was taken aback for a moment, and the faint comprehension from before came to mind again.

Wiliam was stunned when he saw Lin Jiang, but his eyes agreed, and he couldn't help but feel fascinated.

The Guwu world has the lowest external power and the highest chemical power.

And above Huajin, it is half-step congenital and congenital mystery.

All the realms Wiliam knew came to an abrupt end in the Congenital Secret Realm.

Even Wiliam has never seen a real congenital secret master.

Therefore, this innate secret realm seems to be a peak, which is not surprising.

But with this idea, after seeing Lin Jiang's shot yesterday, Wiliam had a faint urge to overthrow it completely.

Of course, Wiliam could almost see Lin Jiang's realm.

Just like myself, it is also a small success.

Same as Huajin Xiaocheng, but equally invincible at the same level.

Even the great master of Huajin is in their hands, and there is no victory.

Above them, there are four realms.

What Lin Jiangzheng thought of the opposite was that Wiliam actually started to have such doubts.

Lin Jiang looked at the moon without talking.

The two were silent again for ten minutes.

Finally, Lin Jiang sighed, “Innate realm is not a peak.”

It was an answer to Wiliam's previous question.

If someone hears the conversation between the two of them, they will definitely call them crazy and ignorant.

There are still four realms away from the congenital secret realm, so I am worrying about my future practice. Isn't this nothing to do?

But only Wiliam knew that before Lin Jiang, his confidant thought and confused.

Although it was only the first formal conversation, there seemed to be thousands of tacit understandings in the words.

This is a mutual recognition from the same realm.

Both of them are wise men.

In the road of ancient martial arts, each has different talents.

Wiliam nodded casually, and then asked: "Then you have thought about it, what do you cultivate in the secret realm?"

What are you practicing?

Lin Jiang's thoughts felt like sparks were knocked out.

External strength exercises, internal strength exercises.

Turn your energies and practice qi until the secret realm.

What are you practicing above the secret realm...

Lin Jiang took a sip of wine and spit out two words, "Practice blood!"

After hearing these two words, Wiliam's eyes suddenly burst into light!

"Do you really think so?" Wiliam asked.

Lin Jiang showed a wry smile. Wiliam's words indicate that Wiliam has already explored this road.

And I am ashamed, only when I saw Wiliam make a move today, I have an inexplicable understanding.

Just now, this kind of enlightenment was completely grasped by him.

Practice blood!

It is like Wiliam in front of him, raising needles with his body and feeding needles with blood.

What I practice is the unity of man and needle.

"Lin Jiang, what kind of blood are you in?" Wiliam suddenly asked again.

Lin Jiang's head seemed to be hit hard by the clock, and he suddenly felt empty!

Chapter 1236 Spear! shield!

The female head of the Hongchen Sword Sect was also stayed.

The old woman beside her couldn't help clapping her hands at this time, "Lin Jiang, this kid, really thinks very strangely. He dares to use this kind of nine-death method, and he really uses it."

"What's going on!" the female head asked immediately.

The old woman stared at Lin Jiang and said, "Did you notice the weird posture he just made?"

The female head nodded blankly. The posture just now looked like a great dancer, very strange.

The old woman exclaimed: "You know, the meridian points in the human body are extremely complicated, with many dead spots, but there are also many small and small gaps."

"Lin Jiang has calculated the trick of Long Live Safflower, so his posture is to bear the ten silver needles with the subtle gaps in his body. This way, it is naturally harmless."

When the people around heard this, they got goose bumps all over!

Before they thought Lin Jiang was crazy!

But now it sounds like crazy!

Use the tiny and invisible gaps in your body to hard-wire the long live safflower, what if you are not sure?

Isn't that a death!

Only Lin Jiang dared to make such a choice!

William shook his head, "Hey, you can think of this way, are you still a human?"

For a time, William also admired Lin Jiang very much.

This kid is even more mad than he is, isn't fate in his eyes?

Lin Jiang smiled and said, "It was just a momentary itch, asking you for advice on the silver needle technique. Now, I can get real."

After all, he stretched out!

A simple giant sword appeared in his hand.

No one knew where the Tu Shi Demon Sword came from.

However, seeing him take out the magic sword, everyone's hearts suddenly heat up.

Mom was fucked up, watched for a long time, and now I actually told us that the game has officially started.

This Lin Jiang is too awesome.

They all stared at William suddenly.

They were suddenly afraid.

Because Wiliam is also a masterpiece.

They were very afraid that after Lin Jiang took out the Demon Sword, Wiliam would also take out a sword.

Then he said he was also a swordsman.

This is so much fun.

Fortunately, Wiliam was finally a normal person, he nodded, "Well, then, fight hard!"

His long live Honglian, when his voice fell, suddenly flashed with a mysterious red light!

One hundred, do it all!

Qi Qixuan around his body!

Lin Jiang waved a sword gas casually!

Everyone's heart is stunned!

here we go!

The sharp sword aura flew towards Wiliam between the lightning and flint.

It's more than that!

Lin Jiang's magic sword danced wildly.

Sword Qi, overwhelmingly, flew towards Wiliam!

Inevitable!

When everyone saw this scene, they felt absolutely absolutely!

The previous long live safflower also blocked all the possibilities of retreat!

Now Lin Jiang, a tooth for a tooth!

Wiliam, what should I do!

This sword qi is not as small as the silver needle, it can be avoided with the delicate control just now.

At this time, Wiliam smiled.

Around his body, long live the red flower red light move again!  
Then, he hovered along Wiliam's body!

Turn faster and faster!

In the end, a hundred long live safflowers actually formed a wall of red needles in the eyes of everyone!

William was almost out of sight in the needle wall!

Sword energy comes in an instant!

“Boom boom!”

Sword Qi blasted on the rapidly rotating Long Live Red Lotus, making a sound of gold and iron!

And everyone exclaimed!

The sword energy was completely blocked by the needle wall in an instant!

“by!”

Everyone was speechless again.

They didn't even think that William would use this method to break Lin Jiang's sword energy.

His whole person is like a copper wall and iron wall, and there is no gap left for Lin Jiang.

Sure enough, it is the strongest spear, against the strongest shield!

At this time, an unexpected scene appeared!

Before Lin Jiang's sword energy, once blocked by someone, it would dissipate on its own.

But now the situation has suddenly changed!

His sword aura did not dissipate after being blocked by William's needle wall!

But like a ray of light, it is refracted like a mirror!

The sky full of sword energy, after being refracted, suddenly shot in all directions!

When everyone saw this scene, they all cursed.

Then one by one below suddenly flew like a dog!

Some people who were too late to escape were cut into flesh and blood on the spot by sword qi!

Everyone looked depressed!

What are they doing today!

Watching the game off the court, you can see a hundred lives!

Those two on stage, please be yours!

The female head opened her mouth wide, “Why doesn't Lin Jiang's sword aura disappear?”

The old woman pointed to Wiliam, and said with a wry smile: "How do you say these two people, they are both natural enemies and natural teammates."

"That Wiliam's inner strength profound energy seems to be called metaplasia, and it can breed inner metaplasia all the time. Lin Jiang's sword qi hits metaplasia, and under the circumstances, it is strengthened by metaplasia, so there is no Dissipated, but flew around."

After listening to the female head, she couldn't help cursing: "These two people are too abnormal!"

After Lin Jiang's sword energy was released, Wiliam's silver needle stopped spinning.

A hundred long live red lotus looks even more mysterious.

Lin Jiang suddenly became a little helpless, not expecting such a result.

Wiliam smiled, "It seems that I can't stand the people below."

Everyone's faces turned black, you know!

The doctors on the scene were not enough, and wailed.

"Then, make it real!" Lin Jiang said, rushing out towards Wiliam with the sword!

And Wiliam surrounded Long live Honglian on his side and rushed out!

While rushing, Long live Honglian kept shooting away from his side towards Lin Jiang!

Lin Jiang's sky bursts into nothingness!

The two clashed fiercely again!

In the dust and smoke, suddenly a sharp blood shot out!

Everyone lifted their spirits!

There are people injured!

who is it!

The dust and smoke cleared, and two figures appeared on the stage.

Seeing these two people, everyone couldn't help but stare.

At this moment, on Lin Jiang's arm, there was a scar that was deeply visible!

And Wiliam's chest was also cut with blood!

Both lose!

Seeing this scene, everyone couldn't help but be speechless.

These two people were evenly matched from the beginning, and I thought that they were injured at the same time!

When everyone looked at Wiliam and Lin Jiang's eyes, they couldn't help but exclaim.

At this moment, the two people's eyes were red, staring at each other, and both seemed to regard each other as a strong enemy.

Lin Jiang raised his sword and moved again!

Wiliam's Needles of Red Flower danced wildly with his body!

Before, it was the strongest shield, even Lin Jiangdou could not conquer it!

Now, Wiliam turned from defense to offense, as if to incarnate as the strongest spear!

The two people went out again!

One stitch and one sword, all blood!

Chapter 1237 Blood and tears are in the sky!

The people below are silly!

The two people on the stage are actually fighting fiercely now!

It's all about fighting for life!

Five minutes later, the two separated again.

And the bodies of two people can no longer be seen!

All blood!

His body was originally white, but now he turned into a bloody bully!

It is still impossible to tell the outcome.

And looking at the fighting spirit of the two people, it seems that today we have to separate the life and death.

Wiliam suddenly roared to the sky!

Long live the red lotus on him, as if he had opened up his wisdom, flew in all directions!

Everyone saw Qi Qi stepped back again, for fear of being accidentally injured again.

But Long live Guren stopped in front of everyone.

A hundred long live safflowers were inserted into the ground fiercely!

What is this going to do!

Lin Jiang's eyes stunned!

His body is flying away!

A magic sword, like a dynasty of ten thousand Buddhas, rushed down fiercely!

At this time, an amazing scene appeared on the court!

Following Wiliam's violent roar, the needle tails of the long live red lotus that had been inserted into the ground had been shining red light, but now suddenly burst out!

A hundred silver needles all emit a dazzling light!

The red light from the tail of the needle is like a red light from the ground straight into the sky!

One hundred!

A hundred red lights went straight into the sky!

The red light is gone!

At this moment, everyone's faces were pale!

Hidden in the red light, there are a hundred patters of blood!

Like a death ray, they shot towards Lin Jiang in the air!

Everyone was frightened!

What a mighty power this is!

Just at the periphery, everyone can feel the mighty pressure brought by the one hundred blood lines!

This is simply the infinite enhanced version of the previous Long Live Red Lotus Blossom!

This Wiliam actually uses heaven and earth as its flower bones, and wants to bloom a heaven and earth flower!

Lin Jiang, there is no place to hide in the air!

However, Lin Jiang laughed!

Hide?

It has never been the choice of the brave!

Are you blooming?

Then I will open my ghostly eyes!

The magic sword in Lin Jiang's hand grows in the wind!

A suffocating demonic energy suddenly burst out of Demon Sword!

This powerful demon energy formed a cloud like cotton in the midair!

Then, Lin Jiang's long sword slashed down!

The cloud group opened its eyes like a ghost, and suddenly shot out black gas from it!

Gas condenses in the wind!

Until the end, it became a solid line!

Everyone was so scared that they covered their hearts!

The evil spirit of Ling Ran!

Almost everyone has forgotten that the magic sword in Lin Jiang's hand is known as the Demon Sword of Massacre!

Since it is a magic sword, how can there be no magic energy!

When Lin Jiang used this devilish energy, his heart was open!

His thoughts returned to when he first saw Demon Sword.

At that time, I almost had to be infected by Shangxie's own devilish energy!

Later, Lin Jiang has been suppressing this demonic energy.

Never used this magical energy!

Now, Lin Jiang has not only used all his magic energy!

Moreover, using internal force forcibly, half of the power of the magic sword was unlocked!

A mysterious and strange sound rang in everyone's heart!

Everyone's heart beats fiercely!

Then, a terrifying force broke out from the two men as they separated!

Wash out the lead!

Rise from the ashes!

Everyone's eyes widened!

What is this strange sound of heaven and earth!

No one knows!

It seemed that only the old woman in the field realized what was going on.

For the first time, she showed a surprised look and shouted out: "These two people actually broke through together!"

Qi Qi breakthrough?

Everyone is getting goose bumps!

They knelt down to these two unworldly wizards!

Do not break or stand!

Let it die and live!

The two people actually broke through when their lives were dying!

Unexpectedly!

Qianqiu as proof!

And the power that burst out from them, this time, even the big men were deeply shocked!

Turning into strength!

Two people, Qi Qi broke through to Dacheng!

Chapter 1238

However, the strength shown by these two men can already be smashed!

Now break further!

I am afraid!

Under the consummation!

Invincible!

The faces of the heads of aristocratic sects present changed drastically.

Before, they felt that the two boys in front of them were strong but strong, but after all, their realm was too low to be a threat for the time being, so they didn't even take him in their hearts!

But now, we have to weigh it carefully!

Huang Ningyu felt very regretful!

He was thinking just now that after the game, he should look for these two boys to give them a good advice and let them give up their previous betting agreement.

but now!

late!

Phoenix Yufei, the world is hard to bind!

Kirin Deze is unbeaten forever!

The old woman on the side couldn't help but praise her!

She is like a creator who overlooks the common people, looking at everything on earth with interest.

She observes both Lin Jiang and Wiliam.

These two people just broke through to Huajin Xiaocheng before!

How long has it been!

He actually broke through again!

It's amazing!

But there was a kind of understanding in her heart.

The breakthrough of these two people, on the one hand, was because of their talents.

On the other hand, it is spelled out with the experience of giving up life again and again!

The world should have an explanation for their efforts!

But Lin Jiang and Wiliam looked at their bodies in surprise.

Just now, the self who had no strength at all seemed to have infinite strength now.

Surprise.

The two looked at each other and laughed in unison!

Since last night, when they were discussing the Dao for two months, that high-five.

Both of them felt that their realm was loosened.

Unexpectedly, today I actually broke through!

Rather than saying that this breakthrough is an improvement in strength, it is more an improvement in realm!

A higher understanding and pursuit of the martial art realm has led to today's breakthrough.

Both of them had surprises in their eyes, as well as their affirmation of each other.

The road to blood training, it seems, the bet is right!

Since the road to blood training is the right bet.

Then!

Just fight!

Fight for our blood!

From Lin Jiang's conversation last night, Wiliam realized that he should also have some kind of blood.

Let the world see it today!

Our blood!

Wiliam's eyes lit up with endless fighting spirit!

He yelled up to the sky!

Suddenly blood shot on the body!

The metamorphosis on his body is also full of sky again!

Lin Jianghan had a face, and the blood on his body was violent!

Blood to blood!

The people in the audience are numb!

These two people can be more crazy!

What is this going to do!

Must one die on stage!

The whole world was suddenly divided into two under the brewing of two people!

One piece is black, with blood red mixed in the black!

One piece is Qingbi!

Among the green blue, there is also blood red!

That is their blood!

Only they know each other, what this is doing!

Bloodline!

Completely awakened!

Suddenly, someone shouted out: "Look! Look! I rely on! This is going against the sky!"  
Everyone heard the sound and looked at it. At this look, they all cursed!

It's all because of my heart's upheavals that I can't hesitate!

What did they see!

They saw an unforgettable scene!

The sky of nothingness behind Lin Jiang was creeping slowly!

Wriggling!

After a while, a vague shape appeared in everyone's eyes.

what is this?

In the next second, the shape gradually became clear!

Angular!

Yes!

Suzaku!

Behind Lin Jiang, a red and black Vermillion bird that was hundreds of meters long suddenly appeared!

The power contained in this Suzaku is going to destroy the sky and the earth, and it turns out that the big men and others present have an urge to be subdued!

violent! Kill!

Eternal Vermillion Soul!

This Suzaku, which is hundreds of meters long, seems to be alive!

It opens its eyes!

One pair of wings!

Hundreds of meters underground suddenly collapsed!

A powerful coercion actually caused thousands of people on the scene to kneel down and smash their knees!

"Damn!" Suzaku raised its head and croaked, piercing the eardrums of countless people!

The scene is like purgatory on earth!

"Suzaku! This is Suzaku!" Countless people knelt on the ground tremblingly, unable to lift half of their strength!

And at this moment, a loud roar suddenly came from behind Wiliam!

Everyone looked intently and was shocked again!

Behind Wiliam, there was originally a green air filled!

At this moment, a strange beast appeared slowly!

Lion head!

antlers!

Tiger eye!

Moose!

Dragon scales!

Oxtail!

It turned out to be an ancient unicorn!

It is also hundreds of meters long, and the feet are green and red, and the eyes are angry!

With a roar of the unicorn, the situation changes!

A violent gust of wind caused some people to fly out on the spot!

Once the unicorn stepped on, the mountains and rivers fell apart!

The ground completely collapsed!

Everyone knelt down!

I couldn't help being shocked, to despair!

What kind of fantasy picture is this!

Holy Beast Suzaku!

Holy beast unicorn!

Everything is coming out!

Although everyone knows that these two sacred beasts are all phantoms formed because of their own blood mixed in their inner strength.

However, this coercion is also terrible!

Everyone can't even lift their heads, let alone look directly at the illusions of these two behemoths!

Qilin Suzaku's eyes are like an abyss hidden in evil, as if to swallow countless people into it, it is hearty enough!

Even the old woman's eyes widened, as if she had seen it for a long time!

"Sure enough, one is the ancestor of the eternal unicorn, and the other is the king of the ancient phoenix. He is really a natural friend and enemy." The old woman couldn't help saying.

Although she knew the blood of these two little friends, she still felt shocked when she watched it so close.

Even the big jackdaw who has been lying still on her body is constantly wailing under the pressure of these two wild beast illusions, as if begging for mercy, as if surrendering.

The old woman waved her hand, and several people from the Hongchenjian faction, who had been overwhelmed for breath, disappeared instantly and stood up.

Blood sprayed from the two people.

It takes supreme power to give birth to these two phantoms of heaven and earth strange beasts!

Lin Jiang and Wiliam are obviously forcibly catalyzing the awakening bloodline!

Both facial features began to ooze blood, but their expressions were grinning wildly.

"It turned out to be Suzaku, then I, Wiliam, don't have any regrets." Wiliam smiled and suddenly flew out of thin air.

Behind him a hundred meters unicorn leaps forward!

Take a step forward!

"It's a pity, it's a pity that this world battle, only this one!" Lin Jiang laughed, blood and tears streaming out of his eyes, extremely terrifying!

The Eternal Vermillion Bird behind Lin Jiang, with one wing, flew forward!

Seeing this scene, everyone's eyes were cracked!

The two ancient sacred beast visions are about to collide together!

"May the next life, fight with you again!"

Chapter 1239 What is sacred!

Wiliam actually had an inexplicable understanding of bloodlines from a very early time.

When Lantern Village was immersed in the blood pond, his Long live safflower began to mutate.

And when he first awakened Lin Qi in Lingyue Villa, he had caused a vision of the heaven and earth, and the Lin Qi shocked the sky.

But after each breakthrough, there is rarely such a vision.

Wiliam faintly felt that this kind of aura that could provoke the visions of heaven and earth was dominated by his own blood.

It can be seen that blood is a more advanced knowledge than internal force.

Today, two wild beasts appeared.

This completely confirmed Wiliam's guess.

To prove the truth by death is worthy of this life!

When the people in the audience saw the two wild beasts about to fight each other, their faces were pale with fright!

These two visions showed the supernatural power of heaven and earth from the beginning. This pair of bangs, I am afraid that no one can live in the presence!

It's crazy!

Do you really want ten thousand people to bury them?

The big guys on the scene yelled in unison: "Kill them with me! They are already infatuated!"

Especially Huang Ningyu.

He forcibly took a breath and flew towards Lin Jiang and Wiliam!

All those who still have a trace of strength do not hesitate at this moment!

After all, this is the lives of 10,000 people!

The female head of the Hongchen Sword Sect looked red with red eyes.

She is going to rescue Lin Jiang.

But he was held back by the old woman.

The female head looked at the old woman, and suddenly a chill came.

The old woman at the moment has eyes indifferent.

It seems that the lives of 10,000 people are not in the eyes.

Similarly, the lives of Lin Jiang and Wiliam were not taken into consideration.

The female head has always had a strange feeling towards this old woman.

It was as if she was a monster wandering in the world.

Always treat everything with an outsider's vision.

"You let go!" the female head angered.

But the old woman shook her head and said, "Hey, it doesn't work if you go. These two people have peeped into things that shouldn't be peeped in this realm."

"So, they must be sanctioned. Don't worry, these people can't kill them both, but what's next..."

As the old woman talked, the big guys had already caught up!

They don't have the least strength.

Furiously shot towards Lin Jiang and Wiliam.

But at this time, Qilin and Suzaku seemed to be provoked.

Roar together!

Those big guys just felt like they were hit hard by a sledgehammer.

The body vomited blood directly in the air.

Hundreds of people all fell to the ground!

Unconscious!

This shocking scene made everyone completely desperate.

Even the strongest have no way to stop these two lunatics.

It seems that today is dead!

And just when the two giant beasts were about to collide with each other, causing the sky and the earth to fall apart, a cold snort suddenly came in midair.

The sound is small.

But everyone can hear it.

The crowd raised their heads in amazement, trying to find this person.

However, the sky is muddy, where people can be seen.

The old woman sighed, "Come."

"Two worldly boys, violate the rules of humanity, damn it." The majestic voice said, a force that made heaven and earth sad, suddenly pressed down from the top!

Chapter 1240

The old woman stepped on the Jackdaw Ladder and walked gracefully and calmly in front of Lin Jiang in the air.

She casually.

The hand of the cloud turned into nothingness.

"Okay, I will give you a face today, but you have to be optimistic about these two boys, ho ho..." The threat in the man's words was obvious.

The old woman smiled casually.

She just wanted to wake up these two people and ask some things clearly.

As for the rest of the matter, she won't pay much attention to it.

After a sneer, the voice disappeared from heaven and earth forever.

After the old woman placed Lin Jiang and Wiliam on the ground, the bells on her body jingled suddenly.

When the bell rang, everyone woke up like a dream.

“Uh, what just happened?”

“Who won? I couldn’t remember what happened after they broke through?”

These people look at me, I look at you, their eyes are all confused.

They all lost their memory.

At the scene, there was a mess, and it was clear that there was a great battle.

The old woman woke up Wiliam and Lin Jiang with two fingers, and said to everyone with a smile: “They are both first. Huang Patriarch, distribute the reward for the first place.”

Both are number one?

Everyone was stunned.

Didn’t the two of them have a victory or defeat just now?

Everyone’s memory was missing for a while, and they obviously couldn’t believe the weird scene before them.

Wiliam and Lin Jiang opened their eyes weakly and glanced at each other, their eyes full of shock.

Huang Ningyu was yelled by the old woman, like a magic sound, nodded quickly and said, “The two are indeed tied for the first place.”

Patriarch Huang had said so, and the others had no objection.

A duel, played dimly and dimly, in the end there was no difference between the winner and the loser.

This battle is destined to go down in history.

At this moment, everyone’s eyes were scorching eager.

Prizes are awarded!

And both of them are first!

The Huang family is going to spend a lot of money this time.

Although Huang Ningyu was unwilling, but under the mind of the magic sound, he could only subconsciously let people take out the prize.

The prizes for the first place are very rich, and there are many rare treasures in it.

But Lin Jiang only fancied the Tianjue Iron Mother, and the other was led by the female head.

William seemed even more indifferent. He didn't even glance at the prizes. He closed his eyes and seemed to be remembering something.

After Huang Ningyu sent the top three rewards, the old woman suddenly said again: "The previous handicap should be honored now."

Suddenly, everyone wailed.

Before they did not value Lin Jiang and William at all.

Now, these two peerless big black horses stand to the end.

A large part of the people are so grieving.

Among them, the Huang family, their faces are as earthy!

They still remember that the previous handicap between Lin Jiang and William lost the Huang family a trillion!

Although there is money that other people have lost, hundreds of billions of dollars have to be spent at once.

How can the Huang family have this money!

The old woman seemed to have known that the Huang family had no money, and smiled softly: "Then use your Huang family's valuables to pay for it."  
Huang Ningyu's face is green!

Get the things from the Huang family!

So the Huang family has had to live a hard life for nearly a hundred years!

But there is no way, Miss Su's words are like a sacred decree, so that Huang Ningyu will not be able to resist half.

"Go, take out everything from the treasure house," Huang Ningyu said painfully.

William didn't care about this at first, but at this time, the old woman suddenly said to William: "You come with me, they have a good thing in the house, which is just right for you."

William was taken aback, not knowing why, he had an inexplicable trust in this old woman.

He immediately followed the old woman to the treasure chest.

But when I arrived at the Treasure Pavilion, I saw the old woman's hand gently raised.

The same thing glowing with cold light flew out of the treasure chest and hung in front of William.

Huang Ningyu's teeth broke when he saw this thing.

This is the treasure of the ruthless Huang family!

He wanted no one to know that the Huang family had such a treasure, so he planned to hide it privately and not take it out.

However, it was brought out by this inexplicable woman.

Who is this woman!

Why do you know that the Huang family has such a thing!

William looked at this thing curiously.

Like a blooming green lotus.

The green lotus was glowing in the air, and the air seemed to be filled with a fresh and pleasant smell.

“What is this thing?” William couldn’t help asking.

There are many treasures of heaven and earth in the “Impermanence Medical Classic”, but this Qinglian has no records.

The old woman smiled and said: “This thing is called Qiansheng Qinglian. It is a necessary material for refining rare treasures. The ruthless Huang family has assassinated and become famous over the years, largely because their daggers are so weird. Something has been added. Order the rebirth green lotus. But the rebirth green lotus they added, the quality is not as good as the one you see now. The long live safflower in your hand, if you add this thing to re-smelt, the power can be even higher. .”

Huang Ningyu heard tears coming down.

This woman knows everything!

The rebirth green lotus added by the dagger of the ruthless scorpion Huang family is not as simple as the one in front of him.

It’s not comparable at all!

The dying green lotus in front of us is passed down from generation to generation by the Huang family, and it is said to have a history of thousands of years!

Now, it was going to be sent out.

Huang Ningyu wanted to struggle very much, but in front of the old woman, there was always an indescribable sense of powerlessness.

After William heard this, there was a wave of turbulence in his heart, and he put away the rebirth green lotus, “Thank you, senior, for your guidance.”

“If you have the chance to meet a reliable person in the future, you will refine this rebirth green lotus and your long live safflower, and your strength will rise to the next level.” The old woman said again.

William nodded, “Well, I will.”

“This time your prize is just as good as this one. Others are of no use to you. You can go out with me first. I have something to tell you.” The old woman said, her body turned forward. Fly away.

William hesitated.

He wanted to see Lin Jiang.

After all, he and Lin Jiang had a lot of insights during this battle, and if they could communicate again, they might be able to enlighten their thinking.

The old woman seemed to have penetrated William's mind, and her voice floated from a distance: "You don't need to find him anymore, you will meet again soon."

William's heart shuddered, will meet again soon?

A faint loss filled William's heart.

Life has a confidant, and death without regrets.

Lin Jiang is undoubtedly William's most precious confidant in his life.

Let's go now, I don't know what year and month the woman will meet again soon.

William didn't think about it anymore, and settled on fate.

He took a strong breath and went after the old woman.
