

Dragon Husband

1391-1395

Chapter 1391

Such a deafening sound resounded in everyone's ears!

This is the first time Liu Lang has used his Supreme Golden Dragon bloodline in this outer world!

Those people who pierced the cloud and startled the dragon were actually under the traction of Liu Lang's blood and vitality, and their blood boiled involuntarily!

A ray of light also leaked out of their bodies!

To pierce the cloud and startle the dragon, six methods are precious!

Their fateful ability is dragon veins!

It's just that, although the person who wears the cloud and startling the dragon has a dragon vein, it has been diluted through generations, and it is no longer pure.

And only Liu Lang, with a pure golden dragon bloodline, can naturally mobilize their dragon veins.

And the reason why Liu Lang chose to join the Cloud Piercing Dragon is that they are the six methods and their status is noble.

On the other hand, although the blood of the sect is not pure, there are many experience techniques, which are still worth learning by Liu Lang.

It can be regarded as a blood counterpart.

It's just that Liu Lang's blood burst caused the people on the scene to scream in an instant.

Although they couldn't see what terrifying technique Liu Lang was.

But a thought has penetrated deeply into their minds.

It turns out that among the three, this scruffy man is the real great wit!

This hand has already shocked all four!

No wonder it can be accepted by the Six Methods!

William and Lin Jiang looked at each other, and instantly understood the meaning of Liu Lang's hand and what he said just now.

Today's limelight is up to him.

Liu Lang didn't really want to steal the limelight from the two of them.

Quite the opposite.

Liu Lang is thinking about both of them.

At the moment, the three of them have become the sweet pastry in everyone's eyes because of the relationship between the pythons and the sky.

It can even be said that it has attracted a lot of unnecessary hostility and jealousy.

With such a burst of blood, Liu Lang gathered all the light of the three on his body.

In this way, other people would only be hostile and jealous to Liu Lang, thus ignoring Lin Jiang and Wiliam.

Will Liu Lang be afraid of these hostility and jealousy?

He is not afraid, nor is the Piercing Dragon behind him.

Wiliam and Lin Jiang laughed bitterly together.

This eldest brother really thinks for the two of them.

Sure enough, everyone's eyes were on Liu Lang's body.

Those who are jealous have it, those who admire it have it, but it is more of a complicated look.

Qian Changhu slapped his head and immediately understood.

He whispered to the people around him: "It turns out that this man is really capable! It was he who caused the scream of the python, and the beasts came to congratulate!"

The people around nodded together, and they could see it no matter how stupid they were.

"As for the other two, ho ho ho, ridiculous." Qian Changhu said with a smile.

"Oh? How do you say?" the people around asked.

Qian Changhu said with an insight into the truth: "You all know with your toes, how can three great wise men appear at the same time! Everyone didn't know before, they were all deceived. So now there is a ridiculous situation.!"

"Xianghualixue and the imperial family didn't know the situation of the three of them. They thought that they were all capable people, so they judged people by their appearance and took the other two boys first. Or, the two sects People accept these two people because of their human feelings and sophistication. Anyway, the final result is that they chose one of three to directly miss the great wise person, and received two wastes! And now they probably dare to be angry and dare not speak, after all, in front of everyone My noodles can't be fattened by words, hahahaha!" This chapter is not over yet, As soon as Qian Changhu made the call, everyone was speechless.

It seems to be the case.

Xianghualixue and Yushizhi have suffered a dumb loss.

Thinking about it this way, everyone's hearts suddenly became more balanced.

The gazes they looked at Xianghua Lixue and Yushizhiren also became jokes.

On the contrary, far away, the beard on the boat looked at the golden light in the sky, his eyes sharpened suddenly.

Good guys!

It's really hidden.

If you don't call it, it's a blockbuster!

"Brother, among the five of them, isn't there one little Mengmei left who has not been accepted? We quickly accepted her, she is a weird skill, but it is worth training." Qian Changhu quickly said in order to please the hero of the waves. .

The person in charge's eyes lit up, "Really?"

"Naturally it is true." Qian Changhu blows up the previous artisan's performance on the python sky moat.

The person in charge immediately settled his mind and said loudly: "That little sister, I think you are alone now, and very pitiful, so let's have a place to live, no matter how you come to us, the hero of the waves."

Everyone looked at the craftsman again.

The craftsman shook his head, pointed at Lin Jiang and said, "Excuse me, I want to go with him."

Go with him?

That is to join Yushizhiren?

Want to be beautiful!

Nine sects and six methods will not appear at the Yingdu recruitment site once in decades.

This year is just an exception.

And he has taken in the waste in a miserable manner.

You little Nizi, although you have some skills, you still fall far short of the criteria for accepting apprentices.

Don't take your own humiliation, okay?

As expected, Su Emei glanced at Lin Jiang and said to the people present: "Yes, she also joined our imperial family, so don't worry about it."

In a word, the scene boiled again.

When did the threshold of Jiu Zong's apprenticeship become so low?

"Let's go away." Su Emei said, and took the craftsman's hand, and the two of them turned over and went directly to Baihu's back.

She looked at Lin Jiang, "Let's go."

Lin Jiang and Wiliam and Liu Lang looked at each other and said, "You go first, let's say goodbye briefly."

Wen Renqin immediately understood, and gave Wen Renqin a look.

"Well, let's go." Wen Renqing said immediately.

As the people of the Nine Sects and Six Laws disperse, the people on the scene are also uninterested and leave.

After a while, only three of them were left on the scene.

"Well, the next practice, let's have our own abilities." Liu Lang said with a smile.

"Okay, you big brother, you kept telling us, it turned out that you went to Six Methods." Wiliam couldn't help but vomit.

"Hahaha, that's not a surprise for you, right now, I've drawn your attention away, you can practice more attentively." Liu Lang said with a smile on his face.

"Well, let's make an appointment." Lin Jiang said.

Liu Lang nodded, "Well, one year later! One year later, we will meet in front of the Moon Water Flower Mirror!"

"Yue Shui Hua Jing?" Wiliam were puzzled.

"You will know later." Liu Lang looked unpredictable.

"Let's go." Wiliam nodded and stepped forward.

But at this time, Liu Lang suddenly grabbed Wiliam and said with a weird smile: "Hey, two brothers, have you seen this ancient tombstone? They have beaten it just now, but the three of us have beaten it. I suddenly I really want to see what happens if the three of us hit this ancient tombstone together, hehehe."

Chapter 1392 Colorful!

Wiliam and Lin Jiang were stunned.

Three people fight together?

interesting.

The ancient tombstone of this realm can test the current realm of a person, and even more can test the potential.

They already knew everything about the realm.

But this potential is a bit curious.

Just now Qian Changhu made the ancient tombstone grow by five meters, which made everyone think that his talent was not bad.

And the three of them are confident that each of them can make this tombstone about ten meters long.

If you add it up, it's a conservative estimate of 30 meters?

"Then come to have fun, anyway, now there is no one watching." Wiliam said with a smile.

The three of them understood, with blood and vitality wrapped in their fists, they suddenly blasted towards the ancient tombstone of the realm!

At this moment, LuojiHu and other group of cold boaters have already set sail back to voyage.

The beard's mood is pretty good.

At least it proved that he was extremely accurate.

From the beginning, I saw the extraordinariness of those three people.

And he still has expectations and regrets.

What I look forward to is what kind of storm these three people can make in this outer world in the future.

After all the accomplishments are complete, how many people will be trampled under the feet by these three people and become their emperor under the sea of blood.

Unfortunately, I know that these three people are extraordinary, but I don't know how extraordinary they are.

It's a pity that the Hanzhou Zhe is just a visitor in this world and can't stay for a long time.

Just as Luo Chi was feeling a little melancholy, suddenly his eyes went dark.

Eh?

blacken?

The huge python sky ditches, as if entering the eternal night.

But this dark night is only a brief moment.

The sky lit up again.

Luo Chi Hu just turned around and looked towards the outside world.

From this look, the beard that has not been seen in the big scenes after decades of living, directly squatted out with a violent roar!

His pupils were wide, and he couldn't believe what he saw before him!

A colorful beam of light rose to the sky!

Straight into the sky!

It actually washed that cloud in the sky completely!

I don't even know High Geometry!

And looking at the source of this colorful beam of light, the beard was shocked again!

It was an ancient tombstone from the realm!

The light of the colorful beam of light gradually dissipated, revealing the majestic and suffocating ancient tombstone!

Someone!

Ancient tombstone in the realm of hitting!

And let the ancient tombstone of the realm extend straight into the sky!

It's horrible!

Whose talent and potential can be so high!

I'm afraid there will be no one before and after that!

However, Hu Fu Zhixin on his cheeks, suddenly burst into laughter!

That's it!

That's it!

Well, no regrets!

"Return to sail! Hahahahaha!" The beard yelled violently, waking up the cold boaters who were still in shock.

Sail again!

And the sects who gathered at Yingdu for recruitment just now have already returned.

Suddenly seeing the sky and the long night, and then seeing the ancient tombstones straight into the sky, one by one, their faces were as earthy as they were scared!

what on earth is it!

Who is hitting the ancient tombstone of the realm!

All the sects ordered at almost the same time, "Go back! See who it is!"

The sound of breaking the wind struck towards the ancient tombstones of the realm!

Almost instantly, those sects had already arrived in front of the ancient tombstone of the realm. , They saw that there was only one person in front of the ancient tombstone of the realm.

Liu Lang!

Liu Lang seemed to have just finished punching and was slowly closing his fists to adjust his breath.

The people from the sect screamed: "You are the one who hit the ancient tombstone of the realm just now!"

Liu Lang showed a lazy smile, and said, "I'm sorry, but I'm a little bit itchy, and I disturbed you all. Sorry, I'm leaving now."

Itching for a while...

Disturbed...

What annoyance is this so much!

This is simply rubbing everyone's strength on the ground!

"Slid away." Liu Lang laughed, his body stretched, and he disappeared in front of everyone.

There is a crowd of people whose eyes are jealous and whose heartbeat is unbelievable.

The ancient tombstone of the realm should be slowly shrinking back.

Everyone looked up at Yunxiao.

How many meters is this?

Before Qian Changhu's five meters were in front of this, it was simply Haoyue Mochen.

In the past few decades, the man named Nie Lin once had a great ride.

And for thousands of years, everyone didn't know anyone who could beat the ancient tombstone of the realm until it was inserted into the sky without end.

Is this going to be a record in the annals of history forever?

And this record should have been grand and celebrated everywhere.

But why is it so hastily now.

Why does the record-setting owner feel like doing something wrong and slipping away?

The hatred in the eyes of a few people on the scene was overwhelming.

One is naturally Qian Changhu.

His light was deprived again.

And it is deprived to death.

This time the crossover recruits talents, he has lost his face, and only the highest five meters are left.

Now, these five meters are directly rubbed by friction to the point that they are unable to spit out.

The one who ate soft rice!

What did you use to extend the ancient tombstone of the realm!

Damn it!

And the other group of people are naturally the people with strange swords covering the sky!

They looked at the direction Liu Lang was leaving, their eyes frozen for a long time.

Three plagues of humanity!

It was such a sensation as soon as I entered the world!

If they can't get rid of their wings, they won't get rid of them if their wings are really hard in the future!

Killing intent one after another, circulating in their eyes.

Liu Langren was galloping in the air, and his heart was still beating violently at this moment.

Yeah curiosity killed the cat!

Just now the three of them were curious, so they slapped this ancient tombstone together.

Unexpectedly, the talents of the three of them are extremely talented, and the ancient tombstones directly rose into the sky!

And Wiliam and Lin Jiang were shameless enough. They made a decisive decision and shouted directly: "You slipped away! You stay and figure it out! We'll see you in a year!"

Liu Lang wants to slip too.

This coaxed such a big movement, those sects would definitely come back.

It's a pity that the reaction of his head melon seeds was half a beat slower than that of Wiliam and Lin Jiang.

I can only stay to clean up the mess.

Those two stinky boys, relying on their heads for good, both dared to cheat the big brother!

It doesn't matter!

He also said at the beginning that he would take the limelight for them.

As long as they can practice without distractions.

Liu Lang thought, his body quickened again.

William caught up with Xianghua's team quite quickly.

Said it is a team, in fact, it is the sister flower of Wen Renqing.

They were going to follow everyone back to see who made such a big move.

But he didn't expect William to appear suddenly.

"I'm leaving, take me to your place to see it." William said with a smile as if he hadn't noticed the ancient tombstone rising to the sky behind him at all.

Wen Ren looked at William strangely.

She is very familiar with William, how can she not know this kid's Xiao Jiujiu.

She said sourly: "This ancient tombstone vision, I'm afraid it can't escape you! Come on! Did you do it!"

William's heart shuddered and saw Wen Ren Qingqing staring at him coldly.

He straightened up his face immediately and said solemnly: "Wen people love, you can eat things, but you can't talk nonsense! Am I the kind of person who does good things without leaving a name? Absolutely not."

Chapter 1393

Wen Renqing heard this and rolled his eyes straight to the sky.

We are all in the outer world, can we have a face?

This kid looked like a guilty face.

And other people don't know, Wen Renqing doesn't know the talent of this kid, William?

It's too full to overflow.

Just looking at the way William Tiezui Zheng looked, it seemed that he was planning not to take the initiative, not to be responsible, and not to admit it to the end.

Scum man.

"Hmph, sister, don't look at the length, I'm afraid it's going to be in the annals of history. Such a big and capable person must be an extraordinary person, so it's not our turn to shed the flowers, don't think about it, go back. Father is still waiting at home." Wen Renqing said with an indifferent expression.

William smiled and quickly agreed.

Wen Renqing thought that William was embarrassed by his sister.

She deliberately delayed two steps, distanced herself from Wenrenqingqing, and whispered to William: "Don't take my sister's words to heart, she is like this, her bad temper can't be changed."

But Wiliam changed the subject as he pushed the boat forward and asked curiously: "You twins? You can tell me about your sect and your affairs."

Wen Renqing hesitated for a while, nodded, and said, "You know some basic information about our fragrant flowers. I will tell you about some of our sect's people's affections and sophistication."

"The current suzerain is my father, called Wenren Tiange. My dad is okay, but his character is a bit soft. My dad and two elder brothers were very difficult to deal with when I left. They were very strong. I don't know. What's going on now. Then the two uncles still have heirs, but they both go to the indecent hall." Wen Ren said in a low voice.

Wiliam nodded, and motioned Wen Ren to continue.

The sect of Outer Heaven and Earth is nothing more than the same, and the relationship inside is also complicated.

"The rest is nothing. Now my sister is the most talented person in the sect. She should have stepped into the sect for a long time. My sister has a high right to speak in the sect, and no one dares to provoke her. , Don't mess with her easily." Wen Ren said with heart.

"Tell me about you." Wiliam changed the subject again.

"You know something about me. Back then, my sister was very talented, she was obviously twins, but because of her talent, everyone only saw her and didn't see me. I was young and energetic back then, for Fighting for this breath, I secretly practiced the forbidden technique of the sect, which is what you saw before my ugly old lady for a while now. Later, the people in the sect learned that it was a capital crime to practice the forbidden technique privately, but my father and Sister tried her best to protect me, she just drove me out of the house and sent me to your side for a ten-year period. Within ten years, I will not set foot on the outside world." Wen Renqingxin now talks about the past, obviously a bit more relieved, and not young. Time was so rushed.

"Later, by chance, I met the monster Miss Su who was imprisoned by the imperial family. She imprisoned me in the mountain forbidden area and was rescued by your grandfather accidentally hitting it. Since then, I have entered the unicorn power. Probably that's it." Wen Renqing said finally.

Wiliam nodded, he understood a little bit. ,

"What are you two whispering? Hurry up." Wen Renqing turned around a little impatiently to look at Wiliam and the others.

Wenren stuck out his tongue and motioned to Wiliam to follow up quickly.

After Wenrenqingqing's explanation just now, Wiliam probably also knew that Wenrenqingqing was not a villain.

Otherwise, he would not try to protect his sister.

It's the character.

The three of them rushed all the way and came to a group of magnificent buildings.

These buildings are carved with beams and painted buildings, with ancient styles, and you can smell a faint fragrance of flowers standing at the door.

Wiliam looked up, and there were four quaint and vigorous large-character plaques hung at the gate.

A pair of couplets on the left and right, each said: You are quick to calculate your future, I count the peach blossoms and count the days.

The weird couplets are not atmospheric at all.

On the contrary, there is a breath of grievances from her daughter's family.

Is it appropriate to hang it at the door?

William complained silently in his heart.

"Go in." Wen Ren Qingqing seemed to see through her sister's return after a long absence, and she was close to homesickness.

She gently took Wenrenqing's arm, and the two lifted their feet into the door together.

William followed them, alive and well.

Entering the door, you see a peach blossom forest. At this time, it is early spring and the peach blossoms are blooming splendidly.

Fragrant flowers and blood, this fragrant flower should refer to peach blossoms.

Fragrant flowers ask right and wrong, one leaf invites heaven and earth.

How mysterious is this.

William couldn't help but look forward to it.

The three entered the chamber.

There are already many people in the chamber.

Everyone knows that today, the little princess who has spent much time comes back, and they are all waiting.

Seeing Wen Ren Qingxin and Wen Ren Qingqing coming back together, the middle-aged man quickly stood up, his eyes suddenly red.

"Love, I've suffered for you these years." The man walked two steps quickly to meet them.

William thought to himself, this person should be the Sect Master Wenren Tiange.

Sure enough, Wenren was enamoured with tears and called his father choked.

"Just come back! Just come back! Don't be stupid in the future, you know?" Wen Ren Tiange said comfortingly.

William noticed that many people's expressions were not so welcoming to Wen Ren's return.

When he thought about it, he knew why.

After all, Wenren Qingxin was wearing a sin body before, and now she is back, the Sect Master must train her in every possible way.

This touched the interests of other people.

Wiliam especially noticed that the eyes of the middle-aged man in Liangxie still had disdain and sarcasm.

And Wen Renqing, led by Wenren Tiange, walked to the two middle-aged men, respectfully greeting, "Wen Renqing pleased the uncle and the second uncle. It was the niece and ignorance that made the two uncles. I'm worried."

Nowadays, Wenren's advancing and retreating have a degree of knowledge and rationality, so naturally they will not give them any more handles.

For these two people, the uncle is called Wenren Tianyi, and the second one is called Wenren Tianqing.

They just nodded faintly, and said: "Knowing your mistakes can be corrected, and you can do it well. Let's learn it at home in the future, and learn more from your sister."

Other juniors looked at Wenren's heart, but they were jealous and hated.

Seeing that everyone's attention was on Wenrenqingxin, Wenrenqingqing moved his heart, and said to his father: "Father, this kid is the newcomer we recruited this time. What is his name? Wiliam?"

Sure enough, everyone's attention was suddenly diverted.

They looked at Wiliam one after another, and frowned when they saw that Wiliam was so young.

Strength is generally proportional to experience.

This kid walked quite sloppily through the back door, wanting to climb up our fragrant flowers?

Wen Ren Tianyi said indifferently, "Wiliam? I think this kid is also unremarkable. How many cattles can he have in such a young age?"

Chapter 1394

Wen Renqin hearted when hearing this.

She knew very well the temper of this kid Wiliam.

Very arrogant and can't be questioned by others.

Before Wiliam could speak, Wen Renqin immediately said: "Two uncles, Wiliam is very strong and talented. It is more than enough to join us."

But these words made the two elders sneer, "More than enough? What's the matter? What do you think of us as the sect of a cat and a dog? Boy, what is your realm? What is your potential? How about the previous realm ancient tombstone test?"

Wiliam looked at the two of them and said calmly: "The realm is to reach perfection, and the potential is unknown. Don't test the ancient tombstones of the realm."

“What! Didn’t you ever test the ancient tombstone of the realm just now? Wenrenqingqing, what is going on? Such a bad rule, you don’t want to correct it?” Wenren Tianyi immediately looked at Wenrenqingqing.

Wen Renqingqing still looked cold, and said lightly: “I believe in my sister’s eyes. Since she can lead a person to us through thousands of mountains and rivers, it means that this person must be extraordinary. After what level of ancient tombstone identification?”

There was an uproar in the surrounding people.

William also looked at Wenren Qingqing in amazement. He really didn’t know whether this young lady was protecting her sister, or was she hating herself.

This said, he has become even more targeted.

Fortunately, Wenren Tiange said immediately: “According to them, it is unbelievable that William can reach the consummation of kinetic energy at a young age. Meeting is fate, and Qingqing can capture him in full view. It’s a foregone conclusion, we don’t need to think about it anymore.”

The two elders were obviously not angry, but the Sect Master had spoken, and they could only endure this breath.

In the fragrant flower and blood, Wenren Tiange and his two daughters form a school of their own, while Wenren Tianyi and Wenren Tianqing are another school.

Now sitting and watching the opposite person are strong, they can’t help but feel unhappy.

“Okay, anyway, this kid’s ability, I will meet the real chapter in the future. Now we can start to discuss, three days later, we will fight for fame, right?” Wen Ren Tianyi said.

Wen Renqing explained to William in a low voice: “In fact, I have already said it roughly at the scene before burying the bones to fight for the name. I will tell you more in detail.”

There are generally two ceremonies for Yingdu recruitment.

The realm ancient tombstone test can let people see the strength and potential of a person, and it is also a direct basis for recruiting personnel.

But burying bones to fight for a name is to see a person’s battle strength more intuitively.

After all, many people nowadays are greenhouse flowers cultivated by the sect. Although the realm is high, they have not experienced wind and rain. The actual combat level may not be as good as some people with lower realm.

So after burying the bones to fight for fame, if the newcomer’s actual combat level is not high, it is likely to be kicked out of the sect directly.

In this way, the ancient tombstones of the realm are in charge of the test, and the bones of the tombstone are tested and kicked.

In this way, one in and one out can ensure that the people in the sect have the strength and confidence.

The objects of the burial quartet are newcomers who have joined the sect in the past three years. , Therefore, some people will participate in the fight for fame three times at most.

If the sect is kidding, the newcomer generally only needs to participate in the final year's burial of fame.

In this way, if you participate in the Zongmen after three years of experience, your strength will definitely be extraordinary.

Few sects are willing to let those who have just recruited directly participate in the fight for fame.

As a result, the strength of the newly recruited people is fine, and their vision is low, and it is easy to be embarrassed in the fight for fame, and this is to shame the sect.

Secondly, people who have just taken in are too easy to get frustrated inside, so it is easy to ruin a new person's life.

At this point, Wiliam probably understood the situation of burying his bones to fight for his name.

Wen Ren Tiange pondered for a while, and said, "Our nine sects generally rarely recruit people directly. Except for Wiliam, we have only recruited Li Nianyi in the past three years. Or let Li Nianyi participate this year. ."

Obviously this statement was already in Wenren Tianyi's expectation.

He pretended to ponder, and then said: "Li Nianyi only joined us the year before last, and he is currently practicing at an important juncture. Didn't we plan to let him participate again next year?"

"Then we won't send anyone this year?" Wenren Tiange said.

"That's not good, but I heard about it, because this year is the year of the nine ranks that only rotates once in twenty years. Nine zongs acted one after another, and the other sects below are even more eager to move. A blockbuster release signal. Like Yushizhiren, that Huqing will also participate in the fight for fame this year. We can't be weak from the beginning." Wen Ren Tianqing said.

"Well." Wenren Tiange had no clue for a while.

"Brother, I can't do it like this! Isn't Qingxin and Qingqing full of confidence in this Wiliam? Let him represent our ginseng flowers, so as to grasp his strength as soon as possible. If he is really capable, such people below There will be no doubts about his joining. And if he just climbed the dragon and attached the phoenix to come to us for gilding, then I would be embarrassed, we will not nourish the idlers." Wen Ren Tianyi said.

Wenren Tiange suddenly became more embarrassed, "But after all, Wiliam just joined us..."

"Let Wiliam participate." Wen Renqingqing suddenly interjected.

Wenrenqingxin suddenly looked at Wenrenqingqing strangely.

Wen Ren Qingqing did not care about Wen Ren's enamoured gaze, and said, "Uncle what he said is reasonable. We don't care for idlers, so let's let Li Nianyi join us. At that time, I, Wiliam and Li Nian will be one or three. Join together, I'm the leader, how about it?"

Wenren Tianyi frowned.

Li Nianyi was recruited by him, so he had some nepotism.

I didn't think Wenrenqingqing would not give him face so much.

However, it was he who asked Wiliam to participate in the first, so it was reasonable to say that Wenren Qingqing was also reasonable, and it was too obvious to refute it.

"Alright, then it's settled. Wiliam, what's your opinion?" Wen Ren Tiange asked Wiliam.

Wiliam handed over naturally, "All follow the instructions of the sovereign."

"Okay, Qingqing, take Qingxin and Wiliam to get acquainted with our fragrant flowers first, and tell them some rules. Wiliam, it will be up to you in three days. When the time comes, whether you go or leave it alone. Skill." Wenren Tiange said.

He also didn't really care about Wiliam, after all, he also thought that Wiliam had brought it back with love, so he was suspected of going through the back door.

Wiliam fell behind, and Wen Ren Qingqing suddenly whispered to Wen Ren in love: "You honestly explain to me, are you dealing with that guy?"

Wenren was taken aback for a moment, and quickly waved, "Sister, don't talk nonsense, there is nothing wrong."

But Wen Renqing's mouth twitched and said, "If you have lied to me, you will know if you try."

Wen Renqing said in his heart, "Sister, what do you want to do? Don't mess around."

Wen Renqing sneered and said: "There is no man who does not steal fishy, you will look at me in the dark later, and you are not allowed to come out!"

Chapter 1395

Wen Renqing still wanted to talk, but was immediately stared back by Wen Renqing.

Wenren will give up after thinking about it.

She has enough confidence in Wiliam.

Wiliam's affection for the white Feliicity is as deep as the sea.

Other women are not women at all in his eyes.

Wenrenqingxin is worried about Wenrenqingxin.

This guy Wiliam has a very high IQ, and my sister wants to test him, so don't try it yourself.

Well, if you think about it this way, my sister will be thirty years old this year.

In recent years, there seems to be no other object.

I really don't know what will happen to her?

The three of them randomly visited the fragrant flowers and drained their blood, and then came to a well-kept room.

Wen Ren Qingqing said, "Let you live in this room temporarily."

William nodded, not picking.

He said, "I'll go to the bathroom."

Wen Ren Qingqing and Wen Ren Qingxin nodded, their eyes were weird.

A minute later, William came out of the bathroom and found Wen Ren Qingxin and Wen Ren Qingqing sitting in a chair drinking tea.

Seeing William coming out, Wenren Qingqing stood up and said indifferently: "I have something to do, so I'll leave first. Ask Qingxin if you don't understand."

After that, she walked outside.

And William sat down opposite Wenren Qingxin, and poured himself a glass of water.

The two were silent for a long while, and Wen Ren asked heartily, "Do you have anything else you want to know?"

William said, "I won't think of it for a while, let's talk about it when I think about it."

"Okay." Wen Renqing said with a gentle smile, "Now, only the two of us are left, what do you want to say to me?"

William was taken aback, nodded, and said, "I should express my gratitude to you for being able to penetrate the fragrance and the blood this time."

"Nothing?" Wen Ren was taken aback.

"Yeah." William said calmly.

Wenren fell in love and said something, she looked at the room, and suddenly fanned the wind with her hand, and muttered: "The room that my sister arranged for you is really hard to say. It doesn't let the wind flow at all, and it smothers me."

As she said, she stretched out her hand to untie her coat.

In the early spring, women's clothes were still cold.

Wen Renqing was wearing a thin blue and white coat outside, and only a pure white tight-fitting base coat inside.

As soon as the coat faded, her graceful figure was immediately exposed to William's sight.

She threw her coat on the chair casually, and then sat down on the handle of William's chair.

William frowned slightly, but said nothing.

Wen Renqing asked suddenly, "William, what do you think of my sister?"

"How about what?" William asked back.

"Do you think my elder sister is pretty? I tell you, my elder sister is the dream girl of many people, but you can't take her idea." Wen Ren said coquettishly.

"You're not in love with people." William said suddenly.

Wen Ren Qingxin was taken aback, and immediately gave William a blank look, "I'm not Wen Ren Qingxin who is that?"

"Prove it." William said.

Wen Renqing said without hesitation: "How can I prove it?"

William said naturally: "My heart loves to have a vine tattoo on his mouth, and the hotter and hotter the body, the bigger and redder the tattoo, which is very interesting."

As soon as he said this, Wen Renqing's face turned white.

What a special thing!

damn thing!

Shameless man!

The woman in front of William was naturally affectionate.

The sisters used William to go to the toilet just now to quickly change each other's coats and pants.

Even the makeup and hair accessories were changed.

The two are twins, and when they were very young, they had the evil taste of exchanging identities to make fun of others.

So one minute is enough for them.

Even the two can imitate each other's eyes and tone of voice.

If it is not for someone who is familiar with the bones, it can't be distinguished at all.

At this moment, Wenren Qingqing wanted to kill William in his heart.

Good guys!

Just now my sister spoke for him, saying that he is a gentleman, and what the two of them have nothing to do.

What is it, people even know that my sister has a tattoo on her heart?

What are you talking about!

What's more, the hotter the tattoo, the more interesting it will be?

Such a shameful remark can be said!

It really depends on the superior dog than the man!

"Hahaha, I'm kidding, how could I doubt you? I can't forget the murderousness of your sister who walked out just now. I'm so angry that I will hug you." Wiliam smiled suddenly and stretched out his hand to pretend to hug. Smell of love.

Wen Renqing's head went down for a while.

Does this make you hug or not?

Let hug, this dog is much cheaper than Lu Zhan!

Don't let me hug, I haven't tentatively figured out what the relationship is between them!

Between entanglements, Wiliam's hands were already wrapped around her waist, "We are the only ones left, so let's do something that we usually love to do."

"You!" Wenren Qingqing's face flushed suddenly, obviously angry.

But at this time, Wiliam's previous enthusiasm suddenly faded.

He put his hand down from Wenrenqingqing's body, showing an indifferent smile, "Wenrenqingqing, I respect you as your enamoured sister, and your heart is not bad, so you are really willing to play this play with you. Keep going on?"

"You! Me! I'm not..." Wen Ren Qingqing was a little incoherent for a while.

She is also a domineering sister anyhow.

Those who usually say that they are indifferent bow their heads.

But I don't know why, but in front of this stinky boy, I feel suppressed everywhere.

The feeling of powerlessness that wanted to resist but couldn't find a reason to resist was too aggrieved.

"If not, then let's continue? Come on, open my clothes and have a look." Wiliam sneered.

"You're looking for death!" Wenren Qingqing finally couldn't hold it back, this is too dog!

"Admit it? Stop acting?" Wiliam asked.

"I ask you, what is the relationship between you and my sister! What stage have you developed!" Wen Ren Qingqing showed domineering, and asked angrily.

"Before answering, can you put your clothes on the boat? I am also fortunate for Sansheng to take the initiative to undress someone like you in front of me. I don't know if anyone will believe it." Wiliam said jokingly.

Wen Renqing bowed his head and saw that his graceful figure was really unobstructed!

Have you ever been stunned by a man in this life?

Her face flushed instantly, and she put on her clothes with one hand.

“Dare you! My old lady tear your mouth!” Wenren scolded passionately.

When she finally put on her clothes and just made up her face, showing a look of indifferent look at the world, Wiliam knew that Wenren had returned with affection.

Wen Renqing couldn't help asking: “I asked myself to look exactly like my sister, and she was perfectly dressed just now, and the tone of her eyes was even more fake. How did you see through me? Where did I show my flaws?”

Wiliam smiled slightly, took a sip of water, and said in his spare time: “You and your sister, the taste is different...”
