Chapter 1416

Earthbone Blood Crystal?

These four words seemed to have magical powers, and they attracted everyone's attention in an instant.

Wen Renqingqing and Su Emei have black lines on their foreheads.

Although these two voices were deliberately hoarse after being covered up, they could still hear them.

The two dogs are back!

The two men came out in two directions, one on the left and the other on the right, looking unrelated.

But it doesn't matter if they speak in unison, both of them are covered with black cloth, only revealing a pair of thief eyes.

Too wretched development.

After Wiliam rushed out, he realized that there was a voice synchronized with him, and thought there was an echo.

Looking closely, the person on the other side dressed up exactly like himself.

He was immediately happy, and instantly wanted to understand.

The eyes of the two met, conveying a very familiar and familiar meaning.

"Here is my brother."

"Brother is still stable."

But at the scene, they still pretended not to know each other and did not communicate with each other.

The people at the scene looked at the two masked monsters, all with suspicious eyes.

"Where did these two goods come from?"

"Which sect? Do you dare to show up? What kind of hero is hiding his head and showing his tail?"

"I think it was here to tease us."

When Wiliam heard this, he smiled slightly.

What the hell are these people talking about?

Is it because I don't want you to see it, okay?

If you see it, can you still do this business?

At the same time, Wiliam saw Wenren Qingqing's expression of grief more than death.

He quietly gave Wenren a look, motioning her not to move...

I'll move!

Wenrenqingqing suddenly rolled his eyes to the sky.

Come again!

Seeing that Wiliam and the others refused to reveal their identities, the people around suddenly asked, "What did you just say, do you have earth bones and blood crystals on your body?"

Wiliam nodded and said, "Yes, so I want to do a business with you."

"I don't believe it! We, a large number of masters, don't have a way to obtain the blood crystals of the earth bones, just rely on the two of you? First show us." Someone immediately said sullenly.

Lin Jiang flipped over, suddenly red lights flickered.

In front of him, there were a dozen pieces of blood crystals floating in front of him.

And Wiliam did exactly the same, also uncovering more than a dozen pieces of bones and blood crystals.

The air at the scene seemed to freeze suddenly.

Someone could even be heard swallowing secretly.

The eyes of those people suddenly turned red.

"What did I see! Thirty bones and blood crystals! My God! How did they get it!"

"Look, everyone, these earth-bone blood crystals are very unusual! Especially those red with purple! It seems that the ancient beasts of the innate secret realm can be condensed, and the quality is terrifying!"

"Innate Secret Realm, who are the two of them!"

The words Congenital Mystery blasted like thunder in everyone's ears.

Of the Earth Bone Blood Crystals in front of these two people, one-third of the quality has surpassed the best quality of Earth Bone Blood Crystals over the years!

And it's only ten yuan, which is too scary!

If this spreads out, won't it be robbed of madness!

Must get it! not over, !

William and Lin Jiang looked at each other, their eyes full of wonder.

Marvel at the fact that each other is indifferent.

Everyone is wrong, if these blood crystals are brought out, the value will be even higher.

Unfortunately, due to the rules of burying bones to fight for fame, they can only take one piece out.

And the two of them didn't want to take out more, so as not to be worried about by stronger people.

So the best way is to sell it directly on the spot.

Thought of going together.

"I understand, they were the last to show up here! So it must have taken advantage of the collapse of the buried ground, and the ancient beasts inside fleeing around inadvertently guarding the earth bone blood crystals, they stole it, otherwise it is impossible to appear so many at once."

Suddenly someone shouted.

The atmosphere at the scene was even more weird.

This statement has aroused the approval of most people.

You must know that burying the bones to fight for fame is a trial opportunity for newcomers.

Most of them are warriors who have reached the peak of Huajin Consummation.

And if there are half-step congenital warriors, they will be sent out by Zongmen Xueyang in the last year to strive for the greatest benefit.

Originally, they were still worried about whether these two people were innate secret realm warriors, and they were afraid.

Having said that, all worries have been broken.

It turned out to be stolen.

Then there is no scruples.

"Hey hey, the two children don't open their eyes, dare to show off the bones and blood crystals in front of us, come, come with me! Grab them!" Someone suddenly smiled, and then rushed out.

At this rush, Wenren Qingqing felt a little bit in his heart, and there was an inexplicably familiar sense of sight.

Besiege again?

But this time it was to besiege them both.

Can they hold it?

With this thought, she couldn't help but look at Su Emei.

Su Emei obviously wanted the same as Wenrenqingqing.

The two looked at each other with embarrassment.

"Should be able to hold it, think about Lin Jiang's performance in the cemetery barren valley, it's a bit scary, I'm afraid." Su Emei whispered.

Wenrenqingqing was also stunned, yes.

This dog was in the barren valley of the cemetery, but he chopped several ancient beasts in the innate secret realm.

One of those ancient beasts is arbitrary, and when he hears his love, he asks himself that he can only escape.

But this kid kills if he says to kill.

Now this group of people is far worse than the ancient beasts in the Innate Secret Realm.

It should be ok.

Sure enough, Wiliam and Lin Jiang looked at each other, their eyes full of banter.

Obviously everything was within their expectations.

Wiliam greeted the rushing people and said with a smile: "You people, don't use your brains to think about it. Why do we dare to show the blood crystals in front of you??"

The leaders who were standing not far away suddenly jumped wildly.

correct!

Before the two of them appeared just now, everyone was trembling and everyone was in danger, for fear that someone would say that they had bones and blood crystals on their bodies.

When they arrived, they went to fanfare, directly showing the bones and blood crystals, and the quality was terrifyingly high.

Are they not afraid of being robbed?

It should be not afraid, so confident.

But why are you so confident?

There are only two of them!

And we rushed over here, let alone seventy to eighty people!

Two people fight seven or eighty people?

To play?

But at this time, Wiliam suddenly took back the dozen or so pieces of blood crystals in front of him.

But his body rushed out, facing the group of people who rushed forward.

As he charged, he smiled and said: "Then you guess again, why do we cover our faces? Is it because the handsomeness makes you eclipse?"

Lin Jiang's body was stretched, and he kept pace with Wiliam, and laughed: "Of course it's because of covering his face to make people. I'm pooh, beating people, beating people can be irresponsible!"

"Please ask us scumbags to transfer, thank you!"

Chapter 1417

There was a chill on Wiliam's face.

The second brother's nasty taste has caused goose bumps.

You are a scumbag, I am a beloved, thank you!

But this was a casual joke of the two people after all.

Another important factor for them to mask their faces is that they don't want to get in touch with their own sect.

Whether it is hatred or jealous, it is not good for Zongmen and both of them.

At this moment, there was no fear in Wiliam's eyes.

Seventy or eighty people, what do they mean to him?

Wiliam probably touched the strength of these contestants from the beginning.

There are no half-step congenital warriors.

No, there is one, but the second brother's concubine, waiting for Lin Jiang to move not far away at this moment.

As for the team leaders, they are basically half-step innate martial artists.

It's just that they are not allowed to act casually because of the rules.

As soon as you make a move, you are out.

The loss is even greater.

So they are destined to be on the sidelines.

Wiliam and Lin Jiang are both in the realm of Huajin Consummation, one step away from half a step.

Because of their blood and their own cultivation techniques, each of them has mysterious inner strength and profound energy, and they also have magic weapons in their hands.

Invincible of the same order has no problems.

There is also room for cross-level challenges.

Therefore, looking at these seventy or eighty people, they are like ants, and they pose no threat at all.

The two rushed into the crowd instantly.

“Boom!” A fist!

With one hand, Wiliam knocked a mighty man in front of him and flew out.

This punch made everyone around him stagnate.

What a powerful coercion!

What realm is it in the end!

Which sect is it?

They suddenly reduced their contempt and began to hunt the two.

On the other side of Wiliam, the screams continued.

Lin Jiang didn't have his peerless magic sword, but also a pair of fists, as if he had entered the land of no one.

The group of people finally understood that, in terms of strength, these two people had no pressure to go head-to-head.

Some smart people are constantly mediating outside, wanting to see some clues from these two people.

For example, you can find which sect to find out which sect is from which the two of them came from.

But they soon became desolate.

These two people are just one punch!

In the face of absolute strength suppression, the two didn't need to use their own skills at all.

With big fists, you can swipe it anyway.

And they began to observe whether there were any flaws in the two of them that could be exploited.

But soon there were tears again.

What is going on with flaws all over!

But that's right. Of course, Wangbaquan is full of flaws.

It's just that the flaws also require them to go close and seize the opportunity.

No one can get close.

He was beaten out as soon as he got close.

After hitting, someone suddenly shouted: "We don't have to surround them all, some people go up and consume their strength! We will definitely win later!"

This group of people originally felt that besieging the two was not the right way.

But now, instead of being ashamed, I am proud to fully tap the advantages of the crowded tactics and prepare to fight the war of attrition.

After all, the combined physical strength of seventy or eighty people is always stronger than these two people. not over, !

The group of people had intrigue each other, but in front of the unified enemy, they broke out unprecedented unity and forge ahead.

After all, they didn't want seventy or eighty people to besiege the two, but they couldn't beat them.

How embarrassing it is to spread this out.

Lin Jiang laughed, "A group of young bastards have tactics when fighting, and they are incontinent and incontinent!"

When the group heard this, they all went up together, "Don't deceive others too much!"

They were divided into two waves, and about twenty people besieged the two, repeatedly consuming their physical and internal strength.

Another wave of people formed a big circle outside, enclosing them to prevent them from escaping.

At this time, Lin Jiang stepped forward.

Suddenly, a burst of pitch-black energy burst out of him!

This vigor was instantly wrapped in his fists, and the wind was alive.

What the hell is this!

Everyone didn't know what was going on with Lin Jiang's black anger.

But after the punches, they found that Lin Jiang's black energy seemed to increase his own BUFF.

This kid is more powerful.

exasperating!

But they didn't take it seriously, and the black energy could be consumed.

But Wiliam showed a weird smile.

Lin Jiang's black air is too familiar to him.

Inner Power Xuanjin-Nothingness!

The most terrifying part of Lin Jiang's emptiness is not to add some buffs to himself.

It's against the enemy!

Swallow.

The emptiness swallows the enemy's internal power frantically.

To give a simple example, for example, a person hits Lin Jiang with five points under normal circumstances.

However, under Lin Jiang's blessing of nothingness, half of the effort is needed, that is, a very strong effort to achieve the effect of the previous five points.

The other five points of force will be swallowed by Lin Jiang's nothingness.

This is also the reason why these people feel that Lin Jiang is black and angry.

Because they are full of strength now, and they are still not able to escape.

By the time they found out, the internal force was estimated to have been consumed almost.

Sure enough, after only five minutes, some people walked back out of breath, shouting loudly: "That's not right! This kid's black air is not right! I'm so tired! I can usually fight for a long time!"

Lin Jiang laughed and said contemptuously: "If you don't last, don't make excuses, okay?"

The man's complexion turned red, and the whole person was not good.

Killing is nothing but heartbreaking!

Not very harmful and extremely insulting!

But some people also see more.

The leader shouted loudly not far away: "You are careful, the black energy on this kid should be inner strength profound energy, which can swallow your inner strength, try not to fist directly with him as much as possible."

Although the team leader cannot directly participate in the hands-on, the tactical guidance is always faulty.

When those people heard it, they immediately lifted their spirits, "So this kid is so insidious! We use weapons!"

Suddenly, the sound of breaking the wind on the scene was endless.

But they overlooked one thing.

The use of weapons also requires internal force to be attached.

Lin Jiang's nothingness can not only swallow internal force, but also sword qi and sword qi.

However, the group of people also struggled, holding the mind to exhaust Lin Jiang's inner strength, and besieging Lin Jiang frantically. On the contrary, Wiliam was ignored by them, and the pressure was less.

After half an hour, the crowd was panting, and the people standing at the back panted one by one.

However, the results are also obvious.

Lin Jiang's emptiness has been weakened for several points, and the clothes on his body are also sweaty.

"Come on! This kid is starting to lose his strength! His inner strength is almost gone! The victory belongs to us! The blood crystals of the bones are beckoning to us!" Someone gasped and cheered everyone on.

The spirits of everyone were lifted up, as if seeing the dawn of victory right in front of them.

At this time, they heard a soft laugh.

"I'm sorry, Shengli showed his head, and saw that it was your little gangsters, and took a puck, and left you again."

Wiliam!

Wiliam suddenly exploded with a blue and green air, and rushed toward Lin Jiang to wrap up.

Lin Jiang, who was in it, shivered comfortably as if he had taken Shiquan Dabu pills, and let out a long whistle, "Cool!"

Chapter 1418

The people at the scene watched as the arrogance of Lin Jiang's body rose linearly under the enveloping of this azure aura, and their defenses almost collapsed.

"Damn!" everyone cursed.

What a special thing!

Do something!

Lin Jiang was valued by everyone because of his previous emptiness, but Wiliam was directly ignored.

Unexpectedly, it was this person who had been ignored by them, who was now showing a stunning scene.

What's the cyan air on him?

Seems to replenish blood and qi?

This is too much!

Bring your own nanny halo, how to fight?

However, after a while, Lin Jiang's spirit and energy returned to its peak state, and he laughed: "Come again."

Here's another yarn!

Everyone is infinitely complaining.

There is a deep sense of powerlessness.

Once, victory was so close to them.

Now, victory is so far away from them.

Can't fight at all!

William was also feeling the changes in his metamorphosis, and his mood suddenly improved.

It should be because of the relationship between the bones and blood crystals, the effect of my own metaplasia treatment has risen to a new level.

This is still the case without forging bones.

I believe that after the bone is forged, especially after refining the blood of the seniors in the future, one's own metaplasia effect can reach a higher level.

"Don't be afraid, everyone! It's the same thing! The inner strength of these two boys can be exhausted! We are crowded, not afraid!" someone shouted immediately, cheering on the people at the scene.

But the effect is very touching.

Everyone is still quite depressed.

These two boys, one comes with swallowing BUFF, and the other comes with healing effects.

Complement each other and match perfectly.

Everyone worked so hard for so long, once back before liberation.

However, everyone bite the bullet and continued to besiege the two.

Ten minutes later, the metaplasia on William's body flashed again.

The state of the two of them gradually returned to their peak.

The people at the scene burst into tears.

Someone really couldn't hold it anymore, and sat on the ground panting, "Don't hit it, don't hit it! This is still a wool! It's a bully!"

One person was like this, and a large number of people were immediately stopped.

These two are too shameless!

Well, seventy or eighty people besieged these two people, and the result was that they were too shameless and bullied.

Absolutely.

And everyone obviously felt that these two people were not only playing with their feelings, but also with their bodies.

If it were a normal fight, according to the strength of these two fierce men, there would have been numerous casualties on the scene.

However, no one died at the scene, and even the injuries were only minor injuries.

It was as if two tigers were teasing a group of little sheep.

This makes everyone quite powerless.

Those team leaders also watched, their faces turned black.

He was clearly beaten by hanging.

However, they couldn't make a direct shot, they could only be anxious by the side, at most weakly shouting cheer.

It's so irritating.

Wen Renqing and Su Emei glanced at each other, their eyes full of shock.

Seventy to eighty people beat two people, and they were beaten up.

Although they knew that these two bastards were extraordinary in strength, they didn't expect to be so extraordinary. not over, !

The inner strength in their bodies is so powerful.

At the same time, there was a word in the hearts of the two of them.

Wiliam and Lin Jiang both used their best housekeeping skills.

One has Long live the demon lotus, and the other has the evil sword.

If this is sacrificed, the people present may not even have the strength to fight back.

What the two of them didn't know was that Lin Jiang and Wiliam were the most powerful not only two magic weapons.

It's their blood.

Their blood is still unused for bullying.

As people at the scene gave up entanglement, the situation became more obvious.

Seeing that the situation is over, those people suddenly sighed, "If you don't fight, you won't fight!"

Those people all backed away.

In front of Wiliam and Lin Jiang, there was only one person left.

This person was probably on the top, and rushed over with his head buried, only to find that everyone around him had retreated.

He was left with a bachelor commander, very pitiful.

With his fist still held, he was about to punch Lin Jiang and Wiliam, and suddenly he felt that the atmosphere was a bit wrong.

The two people in front of them were full of banter.

He hesitated with his fist, turned his head, and suddenly discovered this tragic reality.

He was abandoned.

"You can't put down your fist?" Wiliam looked at the man in front of him jokingly.

But it's not their scented Li Nian who is working together.

Li Nianyi just bite the bullet and rushed out with the current.

After all, he also has no bones and blood crystals, thinking about fishing in troubled waters.

I didn't think of fish in troubled waters, and I felt it became the main force.

His scalp is numb.

These bitches!

Don't take me a bit when you step back!

He is embarrassed now, neither is entering nor retreating.

"A strong man of fragrant flowers! Come on! You are a member of the nine sects! You are our leaders and idols! Beat them!" The person behind him saw that he was a man of fragrant flowers, and immediately shouted without disgust.

Anyway, it's not to beat them, they still have the strength to cheer.

And they appropriately forgot that they had beaten the leader and idol from the fragrance of flowers before.

Li Nianyi's whole person is not good.

These bastards!

This is using yourself as a gun!

Am I that stupid!

Li Nianyi was completely shameless now, and sneered, "Don't disturb the two strong men, Yaxing!"

After finishing speaking, the body directly backed back to everyone's side.

"Cut!" Everyone suddenly made a mocking sound.

Li Nian didn't change his face, but he took it for granted.

Wen Renqing watched Li Nianyi getting more and more shameless, and shook his head.

This guy, compared with a dog, is really a huge difference.

Sure enough, there is a contrast to have a gap.

At this time, the atmosphere became awkward again.

After all, everyone here lost their faces to grandma's house.

Someone suddenly hesitated and said, "Hey, didn't you just say that their bones and blood crystals were picked up from the inside at the opportunity?"

The people at the scene looked at this person one after another.

"Then we should pick it up too?" the man said again.

A word to wake up the dreamer!

Everyone present stomped their feet and their chests.

Why did you forget this!

If you pick it up at the beginning, you won't be embarrassed now.

At this moment, the collapse of the Burial Ground is still continuing, but it is not as scary as before.

Looking around, there is a cloud of gray.

I don't know the danger.

But those people are red eyes, first come first served!

So a group of people rushed towards the ruins of the Burial Ground regardless of life and death.

William and Lin Jiang smiled at each other and stood quietly.

Less than ten minutes.

This group of people came back crying and screaming. The injuries on their bodies were terrifying, and they had obviously suffered a terrible attack.

One of them clutched his bleeding arm, and asked Wiliam and Lin Jiang awkwardly: "How do you sell the bones and blood crystals here?"

Chapter 1419

Following this question, the atmosphere on the scene suddenly froze.

Everyone looked at each other, but they didn't know what to say.

Wiliam and Lin Jiang showed unpredictable smiles.

"What the hell is going on with you? Didn't you go in and pick up the blood crystals? Didn't you find them?" A leader asked eagerly.

Did you find it?

These four characters are like big mountains, so that everyone can't breathe.

The newcomer to the sect of the leader explained quietly: "Don't mention it, it's too miserable."

Everyone just rushed into the buried ruins with the thought of picking up the baby.

Unexpectedly, the ancient beasts in the Burial Ground had become completely violent because of the collapse of the Burial Ground.

As soon as they entered, they were attacked by a large number of ancient beasts.

Not to mention seeing the Earth Bone Blood Crystal, several people were swallowed as soon as they met.

The crowd escaped with difficulty.

The angry roar of ancient beasts can still be heard in the buried ruins.

So pick up baby, no door.

The copy of Burial Ground was forcibly ended.

Everyone at the scene was silent.

What should we do now?

Really buy the blood crystal from those two people?

Isn't this back to square one again?

Everyone's face was lost, and the injuries on their bodies were in vain.

"I told you earlier. It's okay. Let's take a loss. Sell the bones and blood crystals on a first-come, first-served basis, while stocks last." Wiliam said loudly.

"For this plan, I think it can only be so. You can't go out empty-handed and let everyone watch the jokes." A team leader groaned and whispered.

You can't lose face twice.

"How do you sell the bones and blood crystals here?" someone asked Wiliam and Lin Jiang.

Lin Jiang and Wiliam glanced at each other, and Wiliam said, "If you say it's for sale, it's actually a trade. As long as you take out the treasures of heaven and earth equivalent to the value of the earth bones and blood crystals, or magic weapons of the gods, you can exchange them.

Sure enough...

Everyone fell silent again.

One person said: "But we are all newcomers. There are no natural treasures and magic weapons on our bodies. Can I fight the white strips first, and then give them to you after we go out..."

Wiliam wore a weird smile, "Do you think it's okay?"

Of course not.

Do not say whether the other party will admit it after going out.

Even if you will admit it, who will you give it to?

For Wiliam, for Lin Jiang?

Isn't that exposed?

"Then we really have nothing valuable." Someone said helplessly.

People like them carry at most what they have brought in the world before.

But if these things are placed in the outer world, they can't be put on the table.

Wiliam looked at these people faintly and said, "You don't have them, but your leader has them."

As soon as this was said, the scene almost exploded.

The leaders, all blushing with anger, were about to rush over to fight Wiliam.

damn thing!

He even hit them with attention.

Too shameless!

And to hear people's affection is to take a breath!

What a dog than!

What a chicken thief!

Counting everyone in, even the leader is not let go!

The rule of Burial Ground is that newcomers to the competition cannot carry the magic weapon lent by the sect. not over, !

But there is no rule that the leader cannot bring the treasure lent by the sect.

After all, the leader shoulders the glorious mission of forcibly taking the disciples to escape when encountering danger.

So on the contrary, they all carry Zongmen's treasures, and they are all big treasures.

What's more, the leader of the team has a higher realm, and the seniority in the sect is older, not to mention the little baby on his body.

This is a terrible match!

The abacus crackled.

At this time, Wenren Qingqing's head was struck by lightning.

by!

From the beginning, this kid hunted and killed the ancient beasts to obtain the blood crystals of the earth bones, and he had already considered it to be brought out to blackmail these people, especially the leader.

So he took away those blood crystals that were easier to find.

Take the way of others and leave others nowhere to go?

Then turned around and knocked on each other.

This calculation is terrible.

But isn't he afraid to push the leaders into anxieties?

wrong!

The leader did not dare to look impatient.

The situation is very clear now.

Don't ask them to buy earth bone blood crystals, they will lose the face of the sect after they go out.

This year is the year of the Nine Sects Ranking. To be ashamed of this festival, the sect must be furious.

And if you really encounter a few torn faces and fight for the bones and blood crystals, these two people will be beheaded here.

The person who rips his face and makes a move loses his qualifications and is just making a wedding dress for others.

Who would be so stupid to do such a practice of losing his wife and losing his troops?

Rely on!

Can't think about it!

The more I think about it, the more I feel that my heart is getting furry, the strength and integrity of this kid are unfathomable.

"Okay, okay, there is a queue for buying." Wiliam said loudly.

People of the sect, look at me, and I look at you.

Those leaders are heartbroken.

The pressure has all come to them.

But now the arrow is on the string and has to be sent.

Ever since, those people spontaneously formed two long lines.

At this time, Wen Ren Qingqing noticed a small detail.

There were four or five small sects who were reluctant and reluctant, and fell in the end.

They don't want to buy?

Wiliam and Lin Jiang obviously noticed this.

Lin Jiang made a look at Wiliam.

Wiliam naturally understood.

He pointed at the people in the sect and shouted, "Hey, why are you so slow? Don't you want to buy?"

"Huh?" The people from those sects were pointed out in this way, and they were suddenly under pressure that this sect shouldn't bear.

"Or, you already have Earth Bone Blood Crystals on your body? So you don't need to buy them?" Wiliam said astonishingly again.

The eyes of the people around suddenly turned red again.

If you can't beat these two bastards, isn't it possible that you can't beat these small sects?

"There is no such thing! We want to buy! Absolutely!" The sects immediately accelerated their pace as if they had eaten shit.

Their hearts are about to jump out.

by!

How does this kid know that we have got the blood crystal of the earth bone!

There are indeed a few small sects present, because of luck they have obtained the blood crystals of the bones.

But they dare not say clearly.

You will be robbed as soon as you say it.

So they deliberately slowed down and ranked last.

But now that they have been spotted, they can only swallow this fact.

You have to buy if you don't!

This is so strong to buy and sell!

Seeing the expressions of these sects that were more sad than death, Wen Ren Qingqing almost snorted and laughed.

The dog ratio is really amazing!

After this sentence, all sects, regardless of whether they have bones and blood crystals, will buy them.

"Well, that's good, but if you have bones and blood crystals, don't force it, leave it to those in need, okay? Let me see how many people withdrew." Wiliam was heartbroken again.

Who dares to quit?

The leader of the first sect took out a medicinal herb shining with colorful rays from his bag and said: "This is the Red Flame Spirit Grass that my sect has cultivated for hundreds of years. It is also the only treasure in my body, you see if you can replace it with an Earthbone Blood Crystal?"

A joking flashed in Wiliam's eyes, and suddenly he sniffed deeply, and said with a smile: "It's not that it's not too bad, I also smelled a very fragrant smell on you, more fragrant than this red flame spirit grass. Take it out, brother? Don't hide it, be brave!"

Chapter 1420

Wiliam said a word, like a thunder, which made this person's face pale!

How could this kid know!

Indeed, as this kid said, he still has a treasure on his body.

This treasure is the first treasure under the treasure sent by their Zongmen Town!

The identity of this person is the elder of the Zongmen, this time it happened to be his turn to lead the team down.

So he naturally carried a lot of treasures in his body.

Originally thinking, use a fairly fresh Chiyan Spirit Grass to send this kid who might have never seen the world before.

I didn't think it would be broken directly by others.

His face can't be sustained anymore.

"You, don't talk nonsense." The elder said in a grimace.

William smiled slightly, "Is it nonsense? You won't know if you look through the package."

The elder's face became paler.

The people behind were eager to watch the play, and shouted: "Yes, let's take a look after turning it out."

The elder was forced to be helpless, and he was completely overwhelmed.

He bit his lip and stared at William deeply and asked, "How did you know it! I asked myself if I never took out this baby before."

William pretended to say profoundly: "Hoho, by coincidence, I have a magic weapon in my body, which can detect all kinds of rare and exotic treasures, so there are no magic weapons in your body, I know all of them."

Speaking of this, his tone was cold, "Anyone who dares to deceive insincere, I will not sell a piece of bones and blood crystals!"

This immediately caused an uproar.

Unexpectedly, this kid had such a strange treasure on his body that he could detect other treasures.

But when everyone thinks about it, it feels reasonable.

After all, after this trip, aren't they just for treasure hunting?

With this kind of treasure hunting treasure, treasure hunting is much easier.

Maybe the two of them can get so many bones and blood crystals, it has something to do with this baby.

It's just that the people on the scene are also uncomfortable now, especially the team leaders.

Trying to hide and tuck it is probably very difficult.

If it's because of offending this kid that everyone can't buy the bones and blood crystals, wouldn't it be the target of public criticism?

While everyone was trembling, the elder bit his scalp and took out a transparent plant from the package.

As soon as the plant came out, everyone's eyes lit up.

Some people instantly exclaimed: "This is rebirth green grass! It turned out to be rebirth green grass!"

"I thought that they had a small sect, and even possessed the rejuvenating green grass! No wonder he refused to take it out!"

"The value of a rejuvenating green grass far exceeds the value of ordinary earth bone blood crystals!"

"The legend has it that the rejuvenation green grass can bring people back to life. As long as you take the rejuvenation green grass in one breath, you will be able to return to its peak state in a moment! It is a strange and wonderful baby of the gods!"

In the words of everyone, there is infinite envy.

William was also slightly taken aback when he heard what everyone said.

I didn't think it was a good baby.

William's nose has always been pretty good.

He did smell a strange fragrance just now, so he lied and gave everyone a warning.

Let them not be able to deceive him anymore.

This time, Bicao is born, hey, if Grandpa took the Bicao before he died, would he not die... not over, !
unfortunately.....

"Boy! I'll accept it! But if I hand over the rebirth green grass, you must give me a better quality earth bone blood crystal! Otherwise, I will lose blood." The elder said to William coldly.

William nodded, and immediately ejected an extremely high-quality blood crystal from the bone and flew in front of the elder.

The elder's face was overjoyed, but immediately dimmed again.

Although the quality of the blood crystals of the bones in front of them is higher than the quality of blood crystals of the bones produced in the past years.

But sending Huisheng Bicao was like a knife.

It's not going smoothly.

"So you see, I don't hesitate to win the blood crystals of the earth bones, whoever has a good baby, can be the first to win, there are not many high-quality earth bone blood crystals, and if you go out, there will be a team and personal ranking." William added again. A fire.

Those people are ready to move.

The people in the back wondered if this kid would sell out all the high-quality blood crystals.

This will not work.

So far, it can only be all-or-none.

But some people hesitated and said: "Hey, the treasure on my body is the ultimate treasure of the sect. If it is known that I exchanged the bones and blood crystals, I will definitely be held accountable by the sect. It is too difficult for me."

At this time, Lin Jiang on the side smiled and said: "What's so difficult? Just find an excuse to stop it. For example, you encountered a kind of swallowing beast here, this swallowing beast specifically devours magic weapons. You can't fight it. , Lost the magic weapon. But you have made up for it and found a good-looking blood crystal."

The people at the scene looked at each other after listening.

Well, it's very realistic.

I did encounter the treasure swallowing beast.

And there are still two.

The kind that is completely shameless.

"Okay, we have all thought about the reasons for you. You already have no worries. Be bold! The ranking outside is waiting for you!" Wiliam said again.

The people at the scene, like the monkeys beaten up with chicken blood, were immediately excited.

correct!

Now I can only fight for the last breath!

If you go out and get the team and individual first place, you can completely offset the loss of being slaughtered here.

Wiliam and Lin Jiang glanced at each other, everything was under control.

But Wen Renqing looked at the crowds in front of them, and couldn't help feeling a trace of envy in his heart.

How many treasures can be exchanged for these dozens of bones and blood crystals.

The revival of Bicao just made her heart tremble.

What's more, there are still some more powerful magic weapons.

This kid just came to Outer World, he took this opportunity to become a local tyrant.

No, you have to blackmail him severely after you go out.

At least half of his baby should be gone.

Otherwise, I will lose out this time.

Just thinking about it, her shoulder was suddenly touched.

Looking back, it was Li Nianyi, who looked expectant and committed.

Li Nian said falteringly: "Long princess, look, every sect has a leader to support you, would you like to help me..."

That expectation in Li Nianyi's heart.

Everyone took out the treasures to exchange for the bones and blood crystals. As one of the nine sects, he can't be subjugated, right?

Isn't the eldest father giving him a long face?

However, Wenren Qingqing's face was cold, and he cursed directly: "Fuck you!"

Shameful guy.

After a while, Wiliam and Lin Jiang had already exchanged the Bone Blood Crystals.

There are a few sects smug!

They spent a considerable price to obtain the bone blood crystals of very good quality!

"This time the team first and the individual first, it is definitely us! Otherwise, I will vomit blood on the spot." A leader with the most bleeding from the flesh-cutting shouted aggressively.

Wiliam smiled slightly and said in his heart.

Then he said: "Then let's go up quickly, but don't let the people above wait for a long time."
