Chapter 1431

It was Wen Ren Tianqing who provoked the Earth Bone and Blood Crystal just now, so he was under the most coercion.

The other elders, although they were a little bit out of breath, were still standing.

This scene shocked everyone on the scene!

This bone blood crystal!

What the hell is it!

There is such a power!

A strong congenital secret realm, said to kneel down and kneel down!

Wenren Tiange and Wenren Tianyi looked at each other, their eyes full of horror.

Four words yelled out from their mouths.

“Blood crystals are alive!”

As the leaders of the sect, they naturally know some secret things.

Although I don't know much, it is enough!

The blood crystal is alive!

Rumor has it that only the supremely powerful Bone and Blood Crystals can always contain active spiritual consciousness in their thousands of years of existence.

It is active spiritual consciousness!

Not Chaos Spiritual Consciousness!

If it weren't for active spiritual consciousness!

How could he respond to Wen Ren Tianqing's provocation!

At the same time, Wenren Tiange's heart was also rejoicing, he thought so too, but fortunately he didn't say it.

Otherwise, it will be ashamed in public like Wenren Tianqing!

Wenren Tiange immediately bowed deeply and arched his hands toward the bones and blood crystals.

Only then did the Bone Blood Crystal put away the sky full of blue light and changed back to its original appearance.

Wen Ren Tiange stared deeply at the blood crystal in Wiliam's hand, and never saw the contempt before.

Even his eyes were full of envy.

Not to mention other people.

Wen Ren looked at Wiliam in surprise, and didn't know how to describe this guy.

Wen Ren Qingqing stabbed his sister in the arm, and whispered, "Is this a good scene?"

She was so shocked that she was confused before.

At this time, Wenren Tiange coughed, and said, "It seems that Wiliam had a great adventure in the Burial Land. It is gratifying. Wiliam, how did you get this blood crystal from the bone?"

Naturally, Wiliam couldn't tell the truth. He said faintly: "When the Bone Burial Ground collapsed, the ancient beasts fled and avoided. I was lucky to have picked up this blood crystal from the bone."

"The buried land collapsed..." Hearing this word again, Wen Ren Tiange's heart still trembled.

And the envy in everyone's eyes is more intense, jealous to death.

Why are they so lucky...

"Wiliam, it's also a chance for you to get this blood crystal from the bones of the earth. You really made a face for us..." Wenren Tiange was talking, but he was interrupted by Wenren Tianqing. .

Wen Ren Tianqing said: "Wiliam, since you represent our Xianghua to fight for fame and win a good ranking, we will naturally have a reward for you. For the reward from the old man Qingfeng, we will choose one as appropriate. I'll give you a small part."

Wenrenqingxin and Wenrenqingqing frowned.

Why does this sound so wrong?

These rewards were clearly given to Wiliam.

In Wenren Tianqing's mouth, why was it broken into a small part for him?

This is sucking blood from Wiliam!

They were upset, and looked at Wiliam.

On the contrary, Wiliam had a calm face, as if he looked down on these rewards at all.

Among them, there is only the inexplicable Ming Wu Wenren Qingqing. not over, !

That's right, compared with the treasures that Wiliam extorted from various sects, these rewards are basically in the sky and on the ground.

However, the legs of mosquitoes are also meat, this dog is not a thing, I don't know how to cherish it.

Wenren Tiange was a little embarrassed to see the atmosphere at the scene, and he immediately rounded up and said, "These rewards are for Wiliam's fault. But there are many things in it that Wiliam can't use for the time being. Let's put them in the Zongmen first, and we will take care of them. , He will need it in the future, so he can use it naturally."

After Wenren listened to this intently, he could barely get rid of the breath.

But Wenren Tianqing began to be a demon again.

He stared closely at the blood crystal of the earth bone in Wiliam's hand, and said: "Boy, hand over this blood crystal of the earth bone, this is not your level can control."

"No!" Wenrenqingqing and Wenrenqingxin shouted out together.

And they all stared at Wen Ren Tianqing with gnashing teeth.

This is an old and disrespectful dog thing!

Shameless!

Wen Ren had a violent temper and stood up directly and said, "Sect Master! This blood crystal of the earth bone was obtained by Wiliam! According to the normal rules of our sect, we participate in the burial of the bone every year, and whoever is lucky enough to get the blood crystal of the earth bone means that who is the destined person. The blood crystal of the earth bone is given to someone to forge the bone. So this blood crystal of the earth bone belongs to Wiliam! You can't take it away!"

But Wen Ren Tianqing laughed and said: "Niece, you are so wrong! Wrong, we have the rules, whoever obtains the blood crystal of the earth bone will belong to whoever gets the blood crystal of the earth bone. First of all, this Did Wiliamli get the blood crystals from the bones? You don't hear him admit that they were picked up by him. The ones picked up are not considered to be obtained by experience. Then, in accordance with the general rules of burying the bones to fight for the name, the blood crystals from the bones Jing participated in the appraisal on behalf of the sect, so it is reasonable to say that the Bone Bone and Blood Crystal belonged to the Zong Clan! In the end, relying on this kid's energy and consummation in the garbage realm, there is such a deep blessing that can bear this Bone Bone and Blood Crystal? I am afraid that everyone is innocent. Sorry for his crime! Didn't you see that those sects were going to grab the bones and blood crystals just now? On him, it can only cause him the crime of killing. I think for his sake!"

Wen Ren Tianqing confided his head and covered his face with a reason, and it turned out to be silent on the scene.

Although it is a strong word, there is also a trace of reason.

This terrifying piece of earth-bone blood crystal is indeed something that Wiliam alone can have.

It must be held by more capable people.

The eyes of the young people who were still hardened in the room became even more scorching.

The biggest use of the blood crystals of the bones is to forge bones.

They all hope to compete for this piece of ground bone and blood crystal.

But Wen Renqing broke the sky and exploded with a dirty word, "Fart!"

She, who has always been arrogant, seems to be very angry.

Wen Ren flushed his face and said, "This bone blood crystal belongs to Wiliam, and no one has the right to deal with it!"

"Second princess, you are rebelling against the elders." Li Nianyi said quietly from the side.

As the most outstanding talent of the younger generation, he is obviously the most powerful competitor of this piece of bone and blood crystal.

Wen Renqing immediately glared at Li Nianyi.

"Sect Master, why don't you come to make a judgement, we believe that your standing high will definitely be considered for the long-term interests of the sect." Wen Ren Tianyi said lightly to Wen Ren Tiange.

He is putting pressure on the suzerain.

Wenren Tiange suddenly felt a big head.

He didn't want to make it difficult for his two precious daughters.

I don't want to make the elders in the family feel uneasy.

"Well, let's vote, it's the most fair and just." Wen Ren Tianyi said again.

However, Wen Renqing sneered directly.

Voting, fair and just?

Father and mother!

Once you vote, everyone will definitely support Wiliam's handing in!

Who is not jealous!

But at this time, Wiliam stopped Wenren from speaking emotionally, and said with a smile: "Since it is the order of the elders, then I will naturally do it. Come on, who do you want to give this bone blood crystal?"
