

Dragon Husband

Chapter 1434

Wenren Tianqing just wanted to behave.

Be a good teacher.

He is ready.

When the time comes to work without effort, it will stop here if you can move the blood crystal of this earth bone.

In this way, it can show the strength of his generation of masters, but also can keep the handle, and then put the blood crystals of the bones into the bag.

When Li Nian heard Ren Tianqing say this one by one, he was very excited.

My own backstage is quite hard!

Even the elders are willing to help themselves.

He cast a look at Wiliam contemptuously, and motioned that this is status, and this is identity!

Wiliam smiled without saying a word, but instead made a please gesture.

Prompt you people to continue to do it.

Li Nianyi kept his mind and grasped the Bone Bone and Blood Crystal again, his vitality flowing endlessly.

Wenren Tianqing stood behind him, pressing one hand on his back.

A wave of vigorous energy flowed towards Li Nianyi along Wenren Tianqing's hand.

Li Nianyi lifted his spirits, his face flushed.

"So strong! Elder, you are too strong! I can feel the power in my body as if it can break the world!" Li Nian yelled loudly, obviously wanting to slap Wen Ren Tianqing's ass.

Wenren Tianqing laughed, but said nothing.

Where is this?

The kid has never seen the world.

Was he shocked when he used only half of his power?

If he goes all out, he can't go to heaven?

But this is indeed the result Wen Ren Tianqing wants.

Li Nianyi regained his composure and re-grabbed the Bone and Blood Crystals under Wenren Tianqing's blessing.

However, an unexpected picture appeared.

The Bone Blood Crystal remained motionless.

Not even the green blue light before.

This is clearly provoking them!

Li Nianyi's whole person is not good.

The elders have helped themselves in this way, why can't they still not grasp the blood crystals?

With the passage of time, the people around gradually became anxious, and some familiar voices gradually came out.

Most of them are saying that Li Nianyi is not good enough, and that he is still not qualified. It might be better to let the elders help from someone else.

Li Nianyi is willing!

This is an opportunity finally won.

Can't let that kid look down!

"Elder! Come on!" Li Nian suddenly jumped out such a sentence in a hurry.

After speaking, he himself was dumbfounded.

Elder, come on?

Are you accusing the elders of not doing enough?

Or is he saying that he doesn't work hard?

by!

He quickly turned his head to look at Wenren Tianqing.

Sure enough, Wenren Tianqing's face was black!

Everyone around was talking about Li Nian, and even laughed at him.

"Li Nianyi is a little bit interesting, but he throws the pot to the elder if he can't do it!"

"Look at Elder Tianqing, his face is dark hahaha."

"If it doesn't work, just roll down. Is it interesting to take up time and resources?"

Li Nianyi frantically shook his head at Wen Ren Tianqing, indicating that he didn't mean that.

However, the words have already been spoken and cannot be retrieved at all.

Wen Ren Tianqing stared at Li Nianyi coldly, and his heart was too angry. not over, !

This kid who doesn't know what it is, is so mindless!

I helped him in this way, how do I close the scene now?

He thought for a while, seeing that the Bone and Blood Crystal was still moving, and decided to make another effort.

Otherwise, everyone really says they can't work hard anymore.

So he strengthened his energy output again.

Everyone obviously felt that Wenren Tianqing's body was stronger.

However, the Earth Bone Blood Crystal still did not move.

Now, even Wenren Tianqing was not calm anymore.

He had been bragging before.

Don't be too heroic if you are a car or something.

Is it going to be self-slapped again?

He doesn't believe in this evil anymore.

So he burst into energy, and the discussion hall was suddenly swept by a gust of wind.

Some people at a lower level at the scene could not even stand steady.

"Be careful! The elder is going crazy!" someone shouted in a low voice.

Wen Renqing looked at the calm Wiliam and whispered, "Are you confident?"

Wiliam nodded, "Man's arm is just a car."

In just a few words, Wiliam just returned what the other party said.

Wen Ren glared at Wiliam, thinking that this dog is really black-bellied.

Don't talk about fighting with him, you can't even quarrel with him.

I saw Li Nian trembling constantly, and the blue veins on his face burst out.

For a while, he had the meaning of picking up a rock and hitting himself in the foot.

I just said that the elders are cheering, but now the elders are really cheering.

But his body is about to leak oil.

All the energy of the congenital secret realm warrior passed to himself, and he felt that his body was about to explode.

But he can't persuade him, he can't say "Don't cheer elders."

Wen Ren admired Li Nianyi's face like riding a tiger now, and he couldn't help laughing.

This guy, if you don't die, you won't die.

He found all this by himself.

After a few minutes, Li Nianyi suddenly sprayed a mouthful of blood.

With this breath venting, his body was like a mountain torrent bursting a bank, and his limbs directly exploded into a cloud of blood mist.

His face quickly became decadent, and he couldn't take care of any more face.

Li Nianyi tried his best to shout loudly: "Elder don't cheer, I'm going to die."

As he said, his body fell backwards, unconscious.

Obviously the picture is very urgent.

But because of Li Nian's words, the atmosphere became a little more active.

Everyone's eyes were anxious, but they all laughed with a chuckle.

Li Nianyi is too funny, right?

Are you here to engage in elder Tianqing?

Wenren Tianqing's face was even more ugly when everyone laughed, and his whole body exploded, and he cursed, "Useless things! I'm coming!"

As a dignified elder, I can't take care of any face anymore!

Do it yourself!

The atmosphere on the scene stagnated, everyone's eyes widened!

"Second brother, what are you doing?" Wen Ren Tiange asked loudly.

"Huh! I don't believe in my dignified nine sect elders, and I can't get a piece of the earth bone blood crystal! I personally refine this earth bone blood crystal!" Wen Ren Tianqing said with a cold face.

"But you have already forged your bones." Wenren Tiange said immediately.

"What if the bones have been forged! I just scrapped the bones and blood crystals, and I can't let outsiders watch our fragrant jokes!" Wen Ren Tianqing said.

The people at the scene took a breath.

Wen Ren Tianqing, this is the rhythm of going crazy.

Even this kind of nonsense can be said.

This is a rare earth-bone blood crystal, he actually wanted to ruin it for the sake of a little face?

But everyone didn't dare to speak, and those who were qualified to speak were also aware of Ren Tianqing's methods.

Wen Ren Tianqing used all his strength, but unfortunately, just like Li Nian, he completely used the bones and blood crystals.

His eyes suddenly became vicious.

I saw him step back two steps, then turned his palm into a fist, and blasted toward the bone blood crystals!
