

Dragon Husband

Chapter 1438

William was stunned for a moment, and then he remembered that the things he had blackmailed in the Burial Ground were still stored on Wenrenqingqing's side.

Dare to feel that she came here just now for this thing, and telling stories or something is simply expressing feelings incidentally.

Wen Ren Qingxin looked over his head with great interest, and said with a smile: "This is what William has blackmailed from the place where the bones are buried, let me see what is some baby."

That's what she said, she really didn't have the excitement on her face.

After all, William's previous rewards could be ignored at will, indicating that William had a very high vision.

And William didn't even think of this bag of things just now.

It shows that William didn't care about it either.

It further shows that these things are not good.

William looked at Wen Ren's heart, and smiled: "You want to see, I'll pour it out and give you a palm."

As he said, Gulu poured the contents of the bag on the table.

Wen Renqing on the side was so distressed that his face was distorted, and he wanted to stretch out his hand but was embarrassed to stretch out his hand, "The dog is gentler than you! A little slower! That's right!"

She knows the preciousness of these treasures.

Compared with these things, the first prize for burying the bones and contending for the first place is scum.

She didn't want William to abuse these treasures casually.

And Wen Renqing glanced at the things that were poured out by William nonchalantly, and was even more sure that these were just gadgets...

Eh?

Huh!

Eh eh eh!

Wenren's heart-warming eyes were fixed on a gadget like on the table, and he couldn't leave again!

Suddenly she stood up excitedly, pointed at this little gadget, her face flushed!

"Hey! Look! This is! This is!" Wen Ren was incoherent with excitement.

When Wenren Qingqing saw that his sister finally showed this kind of appearance before the world, I couldn't be more proud of it.

She guessed that her sister was despising herself just now and she hadn't seen the world.

Now, it's her turn to die.

Wen Renqing asked deliberately: "This is, what is this?"

"That's right! That's what! What's this!" Wen Ren looked at the thing on the table intently, eagerly attacking.

The things are very familiar, but the name is stuck in the mouth, I want to say that I can't tell, and I'm not angry!

But she knows one thing!

What she saw was so precious!

When she was very young, she read an ancient treasure book in Xianghua Lixue, and the things recorded in it were very rare.

I didn't expect to see it here.

It was also because after many years, she could only remember the appearance and characteristics of this thing in ancient books, and the name could not be remembered for a while.

"Well, that's what, that's what." Wen Renqing looked at her sister's shocked look, and felt more comfortable in her heart.

Please continue, little sister.

Keep looking down!

Be bold!

Wen Ren reached out to grab the treasure in his memory, but when his eyes fell, he was attracted by something next to him.

"Damn! This is! What is this! Sister! Isn't this what!" Wen Renqing was shocked again, and grabbed her sister's hand.

Wenrenqing loves whether she is talking about this or that. not over, !

As long as I see my sister's pale face, it's very refreshing.

Next, Wen Renqing completely ruined the image.

She thought that the spoils that William brought back were not great.

At least in the big sect of Xianghualixue, it was even more ordinary.

After all, the Xianghua Lixue family has a great cause, and there is no such thing as a treasure.

However, Wenrenqingxin is now shattered.

Every time she sees the little gadget she thought before, she feels very familiar.

The kind that can't be called.

But knowing that it is precious!

Everything is true!

See right from left!

The combined weight of these things is enough to be comparable to the savings of the whole fragrance.

It's terrible!

These treasures were blackmailed by Wiliam from the Burial Ground!

Wen Ren looked at Wiliam strangely, his eyes changed.

No wonder!

It's no wonder he doesn't like the things he rewarded before!

Because the real treasure is here!

Sure enough, I am still too young and too simple!

Wen Renqing was crying, " Wiliam, is this really yours?"

Wen Ren Qingqing had watched enough of the scene, and answered Wiliam: "Yes, he did it by all means."

Thinking that she was in the burial ground at that time, her scalp was tingling with fright when she saw these babies.

Most of these things are the treasures of the sect.

"Let's talk about it, what do you plan to do with this thing?" Wen Renqing pulled the rhythm back, and once again wrote the four characters of love (knock), true (fraud), intention (stroke) and cut (sell) on his face.

Well, even Wenren's face was infected with these four words, and his eyes were shining.

She is really a good sister of love, and a good confidant of Wiliam.

Wiliam smiled slightly, he didn't care too much about these things.

After all, the harvest this time was great, at least when it came to the Innate Secret Realm, there was no need to worry about resources.

These things are just icing on the cake.

If the two sisters and Hua are interested, it would be a thank you to their sisters for their care.

So Wiliam grabbed two things at random with his left hand.

The right hand also grabbed two things.

Then just about to speak.

Wen Renqingxin and Wenrenqing broke the tacit understanding of the twins!

They grabbed Wiliam's hand from left to right.

Well, it was to grab the baby in Wiliam's hand.

Then he said in unison: "Since you sincerely want to repay us, if we refuse it, it will be a bonus! We are reluctant to accept this thing!"

Too reluctant.

So much so that his face flushed.

Ashamed and ashamed.

In order not to continue to feel ashamed, they very neatly put the things they got into their pockets and sealed them tightly.

Well, of course it is for the sake of keeping sight, not to prevent someone from breaking their promises.

Wiliam couldn't help but smile when she looked at the sister Huadu's upper body look.

Good guys.

When I was in the mundane world before, Wenren admired the imperial sister who fascinated the world.

When I came here to see Wenren Qingqing, I heard that she was an iceberg beauty at the beginning.

Who knows, tut tut.

Now they both have words written on their heads.

Wenren Qingqing: Be a layman.

Wenren loves his heart: Greedy and lustful.

Very interesting sister flower.

"Actually, I just..." Wiliam said to Sister Hua.

But the words were still not finished, the sister Hua looked at Wiliam vigilantly, "What do you want to do! Don't you know what makes a promise and a promise is difficult for a gentleman to follow!"

Wenren's language proficiency has risen sharply.

Wenren's affection is not unreasonable, "The water thrown out by the married daughter! It's really a bitch to get back the things sent out!"

Wiliam was smashed by the idioms and sayings of the two of them, and the whole person was a little overwhelmed.

He had no choice but to put away the treasures on the table, and said with regret: "Well, I wanted to say, I'll just take the four things just now, and give you all the others."

"Since the two elder sisters are so high-spirited and uncompromising, I will mobilize you to accept these treasures and it will be my secular life."
