

Dragon Husband

Chapter 1448

Hearing Wen Renqinxin's squeamish words, Qian Changhu floated again.

The beauty asks him to humiliate Wiliam?

Even if you don't ask yourself to do this, okay?

Then he received a wave of favors, perfect.

"Where?" Qian Changhu asked.

He didn't even notice that Wen Ren said that Wiliam was counting money over there.

Wenren loves to point at his fingertips.

It is an inner hall.

Qian Changhu immediately swaggered, and walked towards the inner hall like his six relatives did not recognize him.

He walked to the door, pushed it open, and shouted, "Boy, where to hide?"

As soon as the voice fell, he saw two people sitting in the door.

One of them kept a glimpse of the eight-character Hu, and was a little bloated.

But there is a charm on his face that makes people not irritable.

Seeing this man, Qian Changhu was stunned on the spot.

This person is not Liu Yuntian, the owner of Yuntian Auction House!

This Liu Yuntian, although his martial arts realm is not good, but his background is said to be terrifying.

That's why it is possible to open an auction house in this place, and basically few people dare to make trouble.

Who doesn't give him half a thin noodle?

Qian Changhu was able to get a top-notch loft because his elders brought him to Liu Yuntian.

Then he patted his chest and promised Liu Yuntian that they would win at least two treasures at today's auction.

In this way, Liu Yuntian reluctantly gave them an attic.

Seeing Wiliam and Liu Yuntian sitting here drinking tea, Qian Changhu's face suddenly turned pale.

what's the problem?

Wiliam, a little ant, how can he be on an equal footing with someone with a big background?

"Chairman Liu..." Seeing Liu Yuntian's anger even worse, Qian Changhu hurriedly bent over and bowed to Liu Yuntian to say hello.

"It's you? So courageous, even my Yuntian auction house dare to trespass, ho ho, it seems that the elders in your family still teach you the rules." Liu Yuntian said coldly.

Liu Yuntian's mood today is quite good.

When he occasionally got those treasures a few days ago, he had a hunch in his heart that today there will be a wave of auction frenzy.

I didn't expect the frenzy to come so fast.

He didn't see Wiliam until just now, and he also understood that Wiliam was the real behind-the-scenes seller of those things.

After the two talked, Liu Yuntian, who was good at observing words and colors, naturally discovered the extraordinary things of this young man.

Speak decently, neither humble nor overbearing.

There is even a faint appearance of a master.

Even if you can be called a dragon and a phoenix among people, even if your realm is not high now, it will become a great weapon in time.

So Liu Yuntian naturally became interested in friendship.

Of course he wouldn't be so stupid to ask how these things came from.

When Wiliam came here, he naturally wanted to broaden his contacts, so the two of them drank tea and chatted with each other.

I just didn't expect it to be interrupted by Qian Changhu.

Seeing Liu Yuntian's angry face, Qian Changhu's heart and liver trembled.

This is a big man who even his elders and even the sovereign dare not offend casually.

He shivered, and hurriedly bowed and apologized, "I'm sorry, I'm sorry! I don't know you are here. I just want to find this kid and settle accounts with him.

When Liu Yuntian heard it, okay, he still came to seek revenge.

Wiliam was young but was able to take out these treasures at once, and from his appearance, it seemed that there was more in stock.

How can quality customers be humiliated?

"William is my best friend, why? How do you want to settle accounts with him? I will listen too?" Liu Yuntian said unceremoniously.

Eh?

Qian Changhu was confused all over.

Best friends?

When did William become best friends with this big guy?

How long has he been here?

How can it be?

"I, I..." Qian Changhu didn't know what to say for a while.

And Liu Yuntian took a step forward and said, "Okay, don't you dare to say, are you? That's OK, before you settle the account with him, I will settle the account with you."

Qian Changhu's eyes widened in an instant, and he didn't know what the big guy was going to do with himself as a petty man.

"Before you and your elders came to me, and kept promised to take at least two treasures before I gave you the loft. But now I want to ask you, how many things have you taken?" Liu Yuntian shouted sharply.

"Ah! This, this..." Qian Changhu's head exploded all at once.

I didn't think there was such a thing...

This matter is said to be big or not, but it is definitely not small to say it is small.

After all, he spent 3000 Lingjing!

If there is no previous leverage, 3000 Lingjing is more than enough to buy two things casually.

So Qian Changhu quickly said: "But I spent 3000..."

"I don't care how much you spend, I will ask you, did you buy two things?" Liu Yuntian seemed to hold on to this.

Qian Changhu is very painful.

You can't forgive people, isn't this the method you plan to use against William?

"No, no..." In the end he lowered his head and admitted.

He doesn't deserve to be arrogant with the boss.

"Well, I remember, I will visit your suzerain in person another day, and ask him for advice. Why are the people of the Canglang Heroes so rebellious, even I dare to tease?" Liu Yuntian said lightly.

Qian Changhu knelt directly, tears bursting out of his eyes, "No! No! President Liu! I didn't do this properly. I was wrong. Next time! I swear to take three things at the next auction. ! What do you think?"

"You swear? Are you qualified?" Liu Yuntian completely suppressed Qian Changhu in his momentum.

Qian Changhu felt at a loss for a while.

Too much torment.

He just wanted to escape from this place of right and wrong.

"Never mind, President Liu, I think it will stop here for today. I have a good chat with you, and I will come to ask you and learn from you another day." Wiliam smiled slightly and said to Liu Yuntian.

At this moment, Liu Yuntian only needs this small step. He nodded and said: "Since Little Brother Wiliam has spoken for him, I will not pursue any more questions. I still have some good tea here, ready for you to come next time, we Taste the tea carefully."

With that said, he politely sent Wiliam to the gate.

The Wenren outside the door was in love, and the whole person was going to laugh.

It's so fun, right?

When Qian Changhu came out, Wen Renqin immediately pretended to be ashamed to be with the dog thief, and asked: "Big Brother Changhu, I wonder if you have humiliated the dog for others?"

Qian Changhu's face was even more ugly.

Which pot does not open and which pot!

He walked to Wiliam quickly and shouted sternly: "You stop! You tell me honestly, how did you indulge in President Liu! What kind of conspiracy did you use!"

Wiliam looked at him lightly, "Want to know? I wouldn't tell you."

He said he was going to move forward.

But where is Qian Changhu willing, he finally caught the right time, "Then, now we can settle the accounts? Didn't you follow me at the previous auction? Now, I have spent 3000 on the Netherworld silk yarn. Are you angry when Lingjing is taken down? Do you admit it?"

Wiliam smiled slightly, "I won't be angry enough. To be honest, I'm very happy."

"Happy? What are you happy about? Happy, you maliciously raise prices, and then kill a thousand enemies and hurt yourself by 800. I spend money and lose your face?" Qian Changhu's face was distorted.

At this time, Wenren Qingxin on the side finally stood up and spoke.

She coughed and said faintly, "Of course he is happy. Brother Changhu, don't you know? Wiliam took out the Netherworld silk yarn for auction. All of your 3000 spirit crystals fell into his pocket. ."

"Are you happy to hear this message?"
