

# Dragon Husband

## Chapter 1462

When Li Nianyi said so exaggeratedly, the people at the scene burst into laughter.

Everyone has heard some rumors more or less, saying that Wiliam eats soft rice, and that it depends on women to dominate.

But no one has dared to speak directly on such a big occasion.

Now that Li Nianyi has said it, where do people put Wiliam's face?

However, everyone who eats soft rice or not does not know, but everyone knows how powerful 10,000 Tianshan Lingjing is!

Even the current elders don't necessarily have so many Tianshan Spirit Crystals.

Not to mention Wiliam, a layman who just came here.

This can't be wrong.

Listening to the laughter of everyone at the scene, the faces of people who smelled of love turned black.

She cut Li Nian a thousand dollars in her heart.

This damn bastard.

You really don't know how to write dead words!

It's fine to slander my mother in public.

He even said that Wiliam has no money?

Ho ho ho, don't you know that Wiliam is now wealthy.

It's just that Wenren Qingqing didn't tell the story of Wiliam's wealth.

From her point of view, she didn't want Wiliam to squander the ten thousand Tianshan spirit crystals all at once.

Well, it doesn't matter whether dividends are paid or not.

The main reason was that Wiliam spent the money and would not stay in it for a day.

Well, I am still a sister who cares about younger generations.

Wen Renqingxin also shook his head at Wiliam.

Obviously the idea is the same as Wenrenqingqing.

Wen Ren Tianqing said with a sneer: "How? Now I know that the seventh floor of the library can not be entered casually, right? I advise you, or practice hard, in case one day, you become an elder. , You can enter for free, isn't it fragrant?"

The people at the scene laughed again.

In case one day, become an elder.

What if this should happen?

How old will the wasteland be one day?

Just relying on him, is also worthy to be the elder of the fragrant flower and blood?

"Have you laughed enough?" Wiliam was so angry that he said to everyone with a smile.

Wen Renqing was flustered when he saw Wiliam's look.

Doesn't this puppy really want to go in?

The people at the scene were taken aback and stopped laughing, wanting to see what this kid was going to do?

Wiliam looked at Wenren with affection.

Wenren Qingqing's eyes met and ten thousand rejections in his heart.

Don't kiss!

It's not easy to make money, do it and cherish it!

"Princess, pay the money." Wiliam said directly, ignoring Wenren Qingqing's eager eyes.

Wenrenqingqing is not good for the whole person.

This is ten thousand crystals!

There is still no heat in her body, and it is about to be handed over now...

My heart hurts, scumbag man!

Sure enough, men don't have a good thing!

But everyone was stunned.

Pay?

The eldest princess?

by!

This kid really dared to eat soft rice in front of everyone and hug a woman's thigh!

And he hugged it directly to the eldest princess!

How does this make the lord behave?

Some people looked at the Sect Master, but as expected, the Sect Master's face was ugly.

This kid, I'm used to wool, right?

It's on my family's head!

Dare to use my family's money to do your business?

Let everyone know?

Your kid is looking for death!

However, everyone forgot a very important thing for a while!

If it is normal to hear people's affection, is it possible to have ten thousand spiritual crystals?

Under Wiliam's gaze, Wen Renqing had no choice but to stand up.

Rao scolded him thousands of times in his heart, but he also knew that Wiliam's decision would not change.

She drew out a delicate purse in her pocket.

Then she threw the purse to Wiliam, stubbornly not going to look at the purse.

Can't bear it!

And Wiliam took his purse and threw it to Wenren Tianqing, "Now I can go in?"

Wen Ren Tianqing catches his purse abruptly. This is a little bit beyond his expectation. It is not going according to the rhythm?

Li Nian laughed loudly and said: "Hahahaha! Boy, are you deaf or stupid? My master just said it was ten thousand spiritual crystals! Why? Do you think it is a spiritual crystal? Just take a purse or find a woman Take it, you dare to do it!"

Wiliam looked at Li Nianyi, the corner of his mouth twitched slightly, and said, "You have the ability to find a woman to take it?"

Everyone's breathing was stagnant, this stepping on a horse!

Stunned!

He just said that I am proud of relying on women for food!

Wiliam didn't bother to waste time talking nonsense with these people.

He said lightly: "I will pay the money first, and I will go in tomorrow morning. Goodbye."

As he said, he strode away, ignoring the stunned expressions on everyone's faces.

After Wenren Tiange let Wiliam leave, he said with a sullen expression: "Qingqing! Do you know what you are doing? You can convict!"

He knew that the two women in his family had a good relationship with Wiliam.

Wiliam wanted to worship the eldest princess as his master just now, so he had to bear it after hearing Ren Tiange, after all, Wiliam gave an excuse.

But now!

Wiliam asked his daughter to pay in front of everyone!

Isn't this hitting him in the face of being a father!

However, the love that has always put the overall situation in mind, just like the evil spirits, really took out the money.

It made the people present feel that it was not their daughter who was raising Wiliam, but that Wiliam's soft rice was hard to eat, and he ate with confidence!

Can this be tolerated?

Feeling the ridicule in the eyes of everyone at the scene, especially the two elder brothers, he couldn't help but scold his daughter when he heard Ren Tiange.

Wenren Qingqing beeped the dog in his heart.

This little dog, what are you doing, just pat your ass away!

Then the mess was thrown to me to clean up!

Did my mother plan your ancestor's grave in her last life?

Let you ruin in this life!

Everyone who watched the scene was watching themselves, and Wenren Qingqing simply broke the jar.

Okay!

Are you trying to laugh at me?

Then let you understand a famous saying from the ages!

The clown actually sent me a few!

So she straightened her face and said in a cold voice: "Father, what a crime I have! This money is deposited with me by Wiliam, not my money!"

“Ho ho, when did you lie? Wiliam only came here for a few days? Where did he get the money? Don’t tell me, he brought it from the mundane world.” Don’t say Wenren Tiange doesn’t believe it, but he was there. The people don’t believe in the lie that is loved by others.

“Believe it or not! Anyway, I said, the money belongs to Wiliam, and I can swear to heaven!” Wen Ren said with a cold face.

People at the scene felt that the princess was led astray by Wiliamzhi.

So soon I learned to open my eyes and tell lies.

“Ho ho, even if the money belongs to Wiliam, then he expects to use a small purse of money to enter the seventh floor of the library? It’s just a wishful thinking!” Li Nianyi found another point of ridicule very well.

However, Wenrenqingqing didn’t give him a chance to sigh at all this time.

She also showed a slight smile and said to Wen Ren Tianqing: “Oh? Really? Little one’s purse’s money? Then ask the elders to open it and see, how much money is this little one’s purse?”
