Chapter 1471 Wiliam's Exit!

This sentence is shocking!

Many people lying on the ground pretending to be dead at the scene, Yigulu got up from the ground, their faces excited!

Some people even burst into tears!

It's finally over!

The hard days are finally going away!

That damn bastard finally gave it up!

If you don't come out, the underworld will be full!

This is definitely the worst wine they have ever drunk in their lives!

One drink is half a month!

Who knows how they survived these days.

Tears mixed with wine to drink together, how sour and sour!

And they will remember this day forever.

Not because of this historical record.

It's the prolonged drinking and suffering.

"It's really slowly extinguished! Sect Master was right before." Someone pointed to the colorful stone and said.

In a few seconds, the red light on the colorful stone turned from prosperity to decline, slowly returning to calm.

Wiliam is about to come out.

"Quick! Go to the sixth floor to greet!" Wenrenqingqing also rarely showed a trace of tension at this time.

Because normally, people who leave customs are unable to hold on.

So it is very likely to fall directly at the doorway from the sixth floor to the seventh floor.

Several seniors looked at each other, their bodies just about to move.

But at this time, everyone didn't care about the rules of the sixth floor, swarming toward the entrance.

They want to see with their own eyes, whether this dead ghost who made them drink to death is dead or not?

"Let them go and see. We're just waiting here." Wenren Tiange said to several elders.

They nodded suddenly and stayed where they were.

Wenren Qingqing took the lead and shuttled directly in Luo Tianmikong.

She soon arrived at the entrance to the seventh floor on the sixth floor.

I just saw that the door was slowly opening.

A messy person slowly appeared in her field of vision.

"Wiliam!" Wen Renqing shouted loudly, and rushed over, holding Wiliam who seemed to be trembling.

Behind her was the same nervous smelling heart.

The two directly supported Wiliam, one on the left and the other on the right.

I was afraid that Wiliam would die here on the spot.

And those who rushed to see this scene in front of them, don't mention how happy they were.

Wiliam at this moment looked too miserable.

His body has not been bathed for a month, and he has been under the supreme pressure for the past month.

There was a thick layer of blood scabs on his body, and the whole figure looked like a blood-colored mummy.

And his face, which was supposed to be pretty, is now in a ball, covered with blood stains.

It seems that this kid was tortured enough down below.

Although I don't know why, he can stay for 30 days.

But seeing him so miserable, everyone felt such a trace of human warmth in their hearts.

This is true.

After Wenren grabbed Wiliam with his heart, he saw Wiliam's body like this, his nose was sour, and he couldn't help but choked up, "Wiliam, can you hear me?"

With that said, the strength in her and sister's hands became a bit heavier, and they almost put Wiliam up in the air.

Wenren loved to know that Wiliam was a proud person, otherwise he wouldn't have been in it for 30 days.

Thirty days, he must have suffered, and his body must be on the verge of collapse.

Now let others see him looking like he is dying, he must be uncomfortable too.

Thinking of this, Wen Renqin tried hard again, for fear that others would see that Wiliam was about to die.

The people at the scene looked at Wiliam with playful eyes, as if venting their anger.

"Wiliam, don't scare me." Wen Renqing's tears fell on the spot.

But at this time, a soft cough came out of Wiliam's mouth.

"Well, two princesses, I am not dead inside, but I will be strangled to death by the two of you when I come out, can you let it go?" Wiliam said a little helplessly.

As soon as this was said, everyone at the scene was stunned.

This kid can even talk!

And what is said is so clear!

What's more, he was still joking.

It shows that Wiliam is quite sober!

What a special thing!

How can it be!

Didn't he come out until he couldn't hold it?

Isn't he dying!

Why does it now appear that he is normal except for his weakness?

You must know that after the elder of the Tianzong Wizard lasted for fifteen days, he was left with only a breath.

Afterwards, it took a year to adjust the interest rate before regaining the body.

why!

Why are all the rules, all the rules, all the experience applied to this kid, so inapplicable?

He is not human?

The sisters Wenren were also dumbfounded.

I didn't know that Wiliam looked so miserable, yet he could still speak.

As Wiliam coughed again, the two sisters woke up, and the strength in their hands was relieved.

With this loose, the two sisters found that although Wiliam was trembling, but standing still, he was steady!

It won't fall down at all.

When Wiliam was released, he stretched out in front of everyone.

Suddenly, the blood scabs on his body fell wipingly.

After a while, only a layer of stains remained on his body, covered with blood scabs.

And this is more than that.

Wiliam's body suddenly shook.

The stains on his body were shaken so randomly, turned into powder, and left his body.

With just such a hand, Wiliam's body looked much cleaner.

All the people present were dumbfounded again.

Special!

He is really not human!

What's the situation!

And if those elders come down, they will definitely be shocked!

Wiliam shakes this seemingly random, and the stain on his body turns into powder.

Seemingly simple, in fact it is advanced!

It would be impossible to achieve such an effect if it were not for the thorough control of the body's flesh and blood cells!

In other words, Wiliam's body tempered below this level!

He began to control the flesh and blood cells in his body!

At this time, Wenrenqinxin and Wenrenqinqing suddenly groaned and knelt down on their knees.

The people at the scene were taken aback.

Wiliam was the first to react, and said embarrassedly: "I'm sorry, the door forgot to close, and the domineering accidentally leaked to the side."

It turned out that the two princesses were too nervous Wiliam just now, and they didn't notice that the door on the seventh floor was closed.

Now their spirits relaxed, and the two of them were immediately crushed by coercion.

After Wiliam closed the door, he picked up a princess in one hand.

Both princesses are about to collapse.

Kneeling on their knees caught off guard, their legs were undoubtedly injured.

They came to rescue Wiliam, now they have become Wiliam to rescue them?

so awkward!

“Let’s go, go up.” Wiliam didn’t want to think so much, and took the lead, holding the two princesses, and walked forward.

The astonished people stood still.

Normal people come down to experience life and death, and they will be extremely tragic when they come out.

And this kid, who came down to travel?

Brushed a record by the way?

Saved the two princesses by the way?

Everyone looked at Wiliam’s eyes and didn’t know what it was like for a while.

At this time, they all had an idea in their hearts.

If those elders above saw that Wiliam not only fell down, but also helped the two princesses to go up, I wonder if Sanguan would collapse slightly?
