

Dragon Husband

Chapter 1480

I have agreed with Mr. Wuming.

we have a deal.

All right.

Up.

Wenrenqingqing and Wenrenqingxin heard these words, only to feel a gust of wind blowing over their heads.

The head is about to be shaved off.

Especially Wen Ren's heart, his head still reverberates with the passionate words of my sister just now!

"Do you think Mr. Wuming is so easy to talk?"

"The principle of the old man is as stable as Mount Tai!"

"Do you think I've stayed at home for so many years for nothing? I'm pretty sure!"

Wen Renqing had no other thoughts at all at this moment, and just wanted to ask her sister a word.

"Sister, does your face hurt?" Wen Ren asked faintly.

Wenrenqingqing is still in a daze at the moment, with a burning pain on his face.

Hit people but not face!

The puppy is too much for you!

I just finished talking on the front foot, you hit me in the face with the back foot?

Did I plan your ancestral grave?

"What the hell is going on! I don't believe it! Mr. Wuming is very ethical! Wouldn't you just want to lie to us and pull us in and then we have an accident?" Wen Ren Qingqing forced his respect.

"How can it be? If you don't believe it, go over and ask the old man for a while, let's go in in front of him." Wiliam said calmly.

Seeing that Wiliam's words are up to this point, Wen Renqing's heart is even more complicated.

Father, wake up, what's the matter with you!

How can anyone who has just entered the sect enter the forbidden area casually!

Although he is a man of amazing talent.

Although he is a man with a peak bloodline.

Although he is a little handsome.

although.....

I bother!

He is just a puppy!

What so many but!

Wenrenqingqing's brain followed the paste, completely unable to stir.

"Wiliam, did you see the old man just now? What happened?" Wen Renqing was not too shocked by this.

Because she always thought that Wiliam was a miracle person.

What kind of rules and experience can be broken in front of Wiliam.

"That's how it is." Wiliam drank a sip of tea to moisturize his throat before he whispered.

Two hours ago.

Wiliam packed his luggage and went straight to the back mountain.

Soon I came to a dilapidated small house.

Wen Ren Wuming was sitting at the small stone table in front of the house drinking tea and steamed buns.

Seeing Wiliam coming, the old man greeted him happily, "You are here, I'm waiting for you, so I can't eat it. Come on, I'll get you some steamed buns."

Wiliam didn't pretend, and sat down, picking up the steamed buns and eating them with a sip of tea.

This tea is strong enough, so bitter that even Wiliam slapped his tongue.

Maybe the elderly like to drink this kind of strong tea.

While eating steamed buns, Wiliambian said casually, "Lu Lingfeng is my grandfather."

"Ho ho, have you figured it out? Don't watch out for me?" the old man asked with a smile.

Wiliam shook his head, "The old man has a good temperament. I can't treat the gentleman's belly with a villain, so I just tell the old man to forget it, and I still want him."

"Want to enter the Taohua Wanzhangyuan?" Wen Renwuming was enough to get it straight.

Instead, Wiliam was stunned.

"Yeah." Wiliam nodded.

"Then you first talk about why you want to go in?" Wen Ren Wuming said.

"My grandfather can be regarded as a living dead now and needs me to save him. This is also one of the purposes of my coming to the common people's territory, or to fragrant flowers. Since my grandfather has been inside, I suspect that he has left me a clue in it. , I want to check it out." Wiliam said honestly.

He also mentioned what happened with his grandfather some time ago by the way.

He heard that Ren Wuming shook his head, "Brother Ling Feng is too good at calculating, so why bother?"

"Do you know why I guessed the relationship between you and Brother Ling Feng?" The old man suddenly asked again.

Wiliam shook his head.

"It's your way of divination. Your grandfather and I have talked deeply. He is a very interesting brother. Well, now I want to come, just like you, very clever. I talked about divination with him at the time, and he was divination. The Tao is not as good as you, but I have been deeply researched on some of the principles, and I was amazed." Wen Ren Wuming said.

Wiliamzheng answered the conversation, but he was thinking that Grandpa had completed the "Impermanent Medical Classics".

At that time, Wiliam didn't think how powerful he was, but the more advanced he got, the more terrifying his grandpa felt.

Being able to supplement the "Impermanent Medical Classics" in the realm of Huajin has greatly benefited Wiliam now. Grandpa is definitely not an ordinary person.

Grandpa is limited by his realm, and may not have deeply practiced the "Impermanence Medical Sutra", but grandpa knows the principles of the Xia Zhong best.

"He mentioned at the time that the techniques of divination have the same goal in different ways, and in the end they all have to fall into the five elements of heaven, earth, and the five elements. This is the great way. And you, practiced this very well. At that time, when you were dividing Wenren Tianqing, I felt the slight changes in the elements of the five elements of heaven and earth. I was curious, so I wanted to learn from you." Wen Ren Wuming didn't have the air of an old man at all, so he directly said that he wanted to learn from Wiliam.

Wiliam nodded, "I'm naturally deeply honored. But you have to wait for me to enter Peach Blossom Abyss and come out, do you think it's okay?"

"Well, when it comes to this, you still don't ask me whether I agree? I am the guardian of the forbidden ground?" Wen Ren Wuming immediately squeezed the air.

Wiliam looked at the old man strangely.

The old man's frame was held for less than two seconds, and he smiled again: "Okay, I won't tease you. I knew you were going in, because your grandfather told me when he left that he has a grandson who is a genius and genius. , I will definitely come here, and I will definitely go to Taohua Wanzhangyuan."

Wiliam nodded, knowing his path a long time ago, grandpa is indispensable for paving the way.

"Then do you know what clues my grandfather left in Peach Blossom Abyss?" Wiliam asked again.

Wen Ren Wuming shook his head, "I don't know, all I know is that your grandfather only came out of it in one breath at the time. If it weren't for me to rely on the old man to save his life, he probably wouldn't be able to go back."

"Then do you know what is dangerous inside?" Wiliam tirelessly.

"Then I don't know, I haven't been in it myself, I only know that our grandmother is sleeping inside." Wen Ren Wuming said.

"Okay, I see, can I go in then?" Wiliam finally asked.

"Well, yes, your grandfather made an agreement with me a long time ago. He said that you would owe me a favor, and if I need you in the future, if you can spare any effort to help me." Wen Ren Wuming said.

"it is good."

"Don't you ask me what I need?"

"No need to know."

"It will make it difficult for you."

"Well. I don't believe in the old man, I'm trusting in my grandfather. Since he made such a promise, I dare to agree." Wiliam smiled slightly.

"Good boy, you guys, old and young, are really conspiring in the air, and I have convinced you too. No matter, you can go in at any time, and I will not see it." Wen Ren said that he left Xiaoshi. table.

After Wiliam finished this, he took a sip of tea and looked at Sister Wenren, "Since it is your ancestor's place, I want to take you in together. Maybe there is any chance?"

Wen Ren's eyes lit up, but before he had time to agree, he heard his sister categorically saying: "I'm not going!"
