Chapter 1489 part 1

Chapter 1489

"Give up?" The Peach Lady seemed to be surprised, and asked immediately after Wiliam's words.

Wiliam nodded, sitting cross-legged, "Well, give up."

"Why? Can you give me a reason?" Peach Lady seemed to be hung up with curiosity.

"Hoho, because your question is ridiculous. I want me to point my heart, and I have to give an answer. I and Fengxue die alone, and the other lives, what kind of shit question? Others I don't know, but if I and Fengxue die, one person will die. , One person definitely won't live alone. So it's impossible for whoever you want to lose his life, and there is no answer to the question." Wiliam even sneered and said mockingly.

"Um..." Lady Taohua didn't seem to have expected Wiliam to give such words, she didn't know what to say.

After a long time, Lady Peach Blossom said, "So, you answered all three questions incorrectly."

"So." Wiliam asked with a cold face.

"That's why I asked three times, you lost." Peach Blossom Lady's tone became indifferent again.

"Well, I lost." Wiliam nodded and said.

However, when the three words "I lost" were uttered, Wiliam's head bounced!

His eyes changed from clear to blurred, and gradually returned to clear from the blurred.

A trace of ecstasy slowly overflowed from his eyes.

So, I lost.

Well, but I won the bet.

Sure enough!

Wiliam raised his head again, looking at the square peach blossoms, still shining.

"So, are you ready for death?" Lady Peach Blossom's voice came again.

"Well, if I sink here completely and my mind is totally unconscious, you kill me, but within a single thought. But if I noticed it, would you still be able to kill me here?" Wiliam's mouth turned slightly. Aroused, showing a faint smile.

"What do you mean?" Peach Blossom Lady asked.

"What do you mean, this ridiculous game should be over, how many years have you lived, and it's still so boring, is it appropriate?" Wiliam said lightly.

"You! What on earth are you trying to say?" There was a dull expression in Lady Peach Blossom's voice.

"Let's get out, get out of your world." Wiliam said.

Lady Peach fell silent.

"How did you detect it?" she finally asked.

"So, you also admitted that you didn't wake up, this is just your dream." Wiliam still said calmly.

Dreamland!

This is exactly what Wiliam guessed!

From the time Wiliamzhang entered the Taohua Wanzhangyuan, he was curious about this forbidden area.

Especially Sister Wen Renqingqing and the book he read in Luo Tian Mikong all mentioned the same thing.

It is Taohua Wanzhangyuan is the place where Lady Taohua sleeps.

The word "sleeping" is nothing ordinary people have read.

But Wiliam had an extra heart.

He has experienced the illusion of guarding the mountain forbidden area, knowing that it would be reckless to break into another forbidden area rashly.

Since Lady Peach Blossom is asleep, what's the danger there?

After Wiliam entered the Taohua Wanzhangyuan, why did he overlook the whole world?

It is to eliminate physical hazards.

Seeing that there were no ancient beasts here, Wiliam's guess was more certain.

1489 part 2

If there is no physical danger, it can only be a mental danger.

And the dangers on the spiritual level are nothing more than a few.

Asceticism is one of them, which can psyche people's minds.

Wiliam felt something was wrong in his heart after seeing the tips left by his grandfather.

Mind and ask three times, one thought of life and death.

The thought of death and life is a mystery.

The four words left by grandfather speak for one thing when you can think of life and death.

Unless this world is completely dominated by Lady Peach.

She is the god of this world, so she can achieve life and death.

The answer is ready to come out.

Mind and ask three times, you will enter the illusion under the cloth of Peach Blossom Lady.

However, in contact with the fact that Lady Peach Blossom was sleeping, Wiliam could not hardly guess that this illusion was actually Lady Peach Blossom's dream.

Dream killing, Lady Peach is the god here.

But there is one condition for dream killing.

Wiliam has experienced illusion, so he also studied it specially.

The prerequisite for dream killing is that the person being killed is completely unaware that this is an illusion.

If you equate this with the real world you are in, then Lady Peach is the true god of dreams.

And if it is noticed, Lady Peach's dream is equivalent to being broken.

This kind of thing has a basis in reality.

If you perform deep hypnosis on a person, and then constantly suggest that this person you are being burned by the fire, you will be burned to death.

And this person is not burning in reality.

But in the end he will still die, and there will even be signs of burns on his body.

Replaced by dreams, dreams are hypnotizing people, and a thought to kill is a hint of burning fire.

If Wiliam was really unconscious, it would be normal to be killed by a thought.

"This is my dream, but to be more accurate, this is my heart." Lady Peach said lightly.

Heartland?

Wiliam was stunned when he heard this word.

He has seen this word!

In Luo Tian Mikong, he understood and mastered the Seven Realms of Seeking Immortals.

Among them, the second state, the state of mind building, can increase longevity, return to youthful appearance, open up the mind, and achieve the effect of building foundations.

Mind, is this dream in front of you?

Or in other words, everyone's mind is different, and the mind of Peach Lady is able to open dreams.

As long as the dreamer is not aware of it, then she is invincible in the world.

However, build a state of mind.

How strong is Peach Lady's cultivation base!

"How on earth did you break my mind?" Seeing that Wiliam hadn't answered her question, Lady Peach asked again.

She was indeed curious.

Wiliam was the second person to break her mind in so long.

Although the previous one was broken, it still experienced nine deaths.

There is no such calmness in this kid.

Moreover, this kid is very interesting.

Three questions and three answers, interesting.

"I was defensive against Taohua Wanzhangyuan from the beginning, but I didn't know that this would be your heart. I was wary of entering your dreams at first, but later I discovered that if I want to go down, You have to enter your dreamland and complete your so-called three questions." Wiliam simply sat down and whispered.

"If I choose to face it, there is only one choice before me. The biggest threat to the illusion or dream is that people enter without knowing it, so the manipulator is invincible in this sense, right?" Wiliam asked.

"Yeah." Lady Peach replied simply.

"So what I have to deal with is to find an opportunity after entering your dreamland and realize that this is your dreamland." Wiliam said.

"Well, but it's difficult, isn't it?" Lady Peach also said.

"It's very difficult, so I did two things before entering the Mind-Mind Questioning, one of them..." Wiliam said with a slight smile.

"I hypnotized myself first."
