

Dragon Husband

Chapter 1491

At this moment, Wiliam completely abandoned all calculations.

With the most sincere feelings, he is begging Lady Peach.

I don't know whether it was the sentence "to let a woman who really loves peach blossoms open her eyes to see peach blossom again", or "to make a silly woman in love worthy of being loved by this world again" this sentence touched the heartstrings of Peach Lady.

Wiliam could only hear this world, and unexpectedly there was a whimper.

"Boy, this kind of you is even more annoying!"

Wiliam remained silent for a while, and finally confirmed: "So, do you agree? If you can rebirth, I am willing to pay any price."

"Hoho, okay, my Lady Peach Blossom is not an unbelieving person. Since you have caught your mouth, then I will give you a chance. Willing to pay any price, this is what you said." Lady Peach Blossom's voice rang. Up.

"Yeah." Wiliam nodded heavily.

"However, first you have to do something. I want to see. Now that you know that this is my dream zone, how do you get out of the dream?" Lady Peach, with resentment, seemed to be deliberately testing Wiliam .

There was a slight smile on Wiliam's face, "Since I guessed it before I entered the dream state, do you think I would be prepared?"

"Oh? I'm more and more interested in you, let's talk about it." Lady Peach smiled gloomily.

"First of all, confirm one thing. Before I entered the Three Questions, I didn't have a dream, right?" Wiliam asked.

"Yes." Peach Blossom Lady replied.

"The second question, my body is still in place, right?" Wiliam asked again.

"Correct."

"The last question, since you said this is the heart domain, there must be a certain range, right? It's similar to a protective cover?" Wiliam asked at last.

"Yes, I can tell you very clearly. My mind is very simple. It covers the two of you directly, and the scope is not large. But don't underestimate the scope, but the dream can transform three thousand worlds. Without external force to wake up, even if you know that you are in a dream, you still can't get out of the dream. Boy, I want to see how you break your dream." Peach Blossom Lady smiled.

In the end, it returns to a game.

William still smiled, shook his head, and said, "Lady Peach Blossom, you always underestimate me. Do you remember a sentence I just said? I said that before entering Zhixin Three Questions, I did two things. The first thing is to set a hypnotic point that must be passed. Have you ever thought about it. The second thing I did, what did I do?"

If Lady Peach had a real body at this moment, her eyes widened in disbelief.

This kid said such a sentence casually.

But I didn't expect the real ultimate move, waiting here!

"You!" Lady Peach was speechless for a while.

"So, watch, how can I break my dream. Well, time is almost up." William smiled, stretched out one hand, and snapped his fingers gently.

"Boom!" A clear voice suddenly sounded.

A ripple appeared in front of William's eyes, and he only felt that his eyes were dark, and they immediately lit up again.

A silver needle was inserted in the palm of his hand, flashing red.

William raised his head and looked around.

The weird peach tree with the words Grandpa engraved on it was not far behind him.

William said faintly: "The second thing, before I entered the Three Questions of Zhixin, left a silver needle outside and gave instructions. As long as I snap my fingers, the silver needle will pierce my palm."

Everything was under William's control.

From the hint left by his grandfather, William had a foreboding that he would enter a dreamland or something.

So he did two things.

One, set cue points.

Second, leaving a silver needle on that weird peach tree, there is no dream together.

The reason for staying on the peach tree is that since that tree can write for Grandpa, it means that Grandpa is already in a state of being out of dream when he is by the tree.

The peach tree was the only place where William felt that he would not be shrouded in dreams.

These two things seem to be independent of each other, but they are progressive.

Only by setting a hint point can William perceive the dream and snap his fingers to the second thing.

The reason why Wiliam asked the three questions about Lady Peach was to confirm whether the preconditions were ripe.

There is no dream before the three questions of the heart, and the person who enters the dream is still in the same place, and the mind is like an energy shield.

In this way, Wiliam could be sure that the needles he had left outside were not shrouded in it, and he was not far away from the needles.

He snapped his fingers, and Yinzhen received the previous order and went to pierce Wiliam's palm.

And to pierce Wiliam's palm, on the one hand, it would inevitably pierce the heart, and on the other hand, it would also give Wiliam a tingling sensation, which was equivalent to a forcibly awakened by external force.

In this way, the purpose of double insurance is achieved.

Now, Wiliam looked at the familiar scenery around him, confirming that he had successfully escaped from his dream.

"You won, as you said, I still underestimated you after all, you are too good at calculating." Lady Peach had to admit this fact.

"Take that woman and follow this path to the end, and you can see me." Lady Peach said again, returning to silence.

Wiliam hugged Wenren, who was already showing signs of life, in a hurry. Without any hesitation, he ran down the road with his legs open.

The surroundings are still full of fragrance, and the peach blossoms are still coquettish.

But Wiliam ignored it.

Not knowing how long he ran, Wiliam was panting.

Finally, the scenery in front of me changed completely after turning a corner.

A small valley appeared in front of him.

The birds and flowers in the valley are very elegant.

And in the middle of the valley, there is a very simple little hut.

Lady Peach Blossom should be there.

Wiliam quickened his pace and entered the small valley.

When he was about to enter the small hut, he was suddenly attracted by the special scene in front of him.

By the side of the small hut, there was a small peach tree.

The tender buds of the little peach tree are red flowers, but one meter high.

The magic is that there is a snake growing on the little peach tree.

The snake is not long, and it's all golden yellow.

The snake's body just wrapped around the little peach tree, motionless.

William walked over and took a look, only to realize that the snake wrapped around the peach tree, whether it was a snake or a peach tree, was not real.

It is a sculpture.

It's just too realistic to look at, and it's unforgettable.

Why is there such a weird sculpture here?

William thought casually, and continued to walk towards the small hut.

But at this time, the door of the small cottage opened automatically.

A fairy-like woman dressed in palace costumes slowly walked out.

Her eyes stared at William just like that, showing a wretched smile.

"Little guy, what you said, in order to save this woman, you are willing to pay any price."
