

Dragon Husband

Chapter 1494 My Body Is For Your Use

The resentful spirit of Lady Peach became completely violent.

In other words, she is no longer the body of resentful spirits.

But simply resentment and hostility!

These resentments and hostility were even worse than before, and they flooded Wiliam almost madly!

“Roar! Roar!”

Wiliam’s body was already broken and precarious.

It’s like a small dam, which itself is about to collapse.

Then a torrent rushed over in an instant with lightning speed!

In an instant, Wiliam’s body completely shattered.

A big peach blossom bloomed from his heart.

Evil, gloom!

The body of Lady Peach suddenly became but invisible!

The last wave of resentment hit, because the resentful spirit controlled it, so it was like a long stream.

But without the control of the Wraiths, this wave is like a scourge, and it is raging.

But it disappeared quickly, probably within a few minutes.

If Wiliam could sustain this wave of crazy resentment, he might still survive.

It’s a pity that Wiliam couldn’t hold it anymore.

His flesh and blood, under the impact of this wave, almost completely shattered.

At this moment, he was like a blood-cut man, covered in white bones.

Even internal organs are visible!

If this continues, it will not survive at all!

Even Wiliam felt extremely desperate for a moment in this wave of shock.

No meat, no blood...

Do you really want to die here today?

Can't die, can't die!

Still enamoured!

And grandpa is not awake!

There is still a blizzard!

There is still no father!

How can these regrets and obsessions be explained by a suicide note!

How can it be filled by a last word!

If you want me to die, you can!

Dear dear!

Dead beloved!

Dead heaven!

Dead earth!

Immortal treacherous!

Immortal and cowardly!

Lao Tzu!

Unicorn of Destiny!

A strong will to survive, when Wiliam's body was about to shatter, burst out from the depths of his soul!

"Roar!"

A wild beast roar, roared from his throat.

Loud!

A trembling scene appeared!

Wiliam's body slowly grew bleeding!

But, it's not human flesh and blood!

Blood is blue blood!

The meat is green meat!

And on top of this flesh and blood, a layer of horny grows slowly!

Like scales, one by one, one by one, covering the whole body instantly!

Even on his forehead, there are two bags protruding, and two things like antlers grow in a flash!

William opened his eyes!

Glaucous in the eyes!

Those black resentment and hostility were swallowed up in an instant!

"I am grateful to the emperor's will, and the world can learn from it."

"My physical body is for your use."

"very good!"

"I don't think you, this kid, can be transformed into a Lin in such a lowly realm. I have to say that this is all good fortune."

This old voice was the azure unicorn deep in William's mind.

If there is a powerful person present, it will definitely be shocked!

The bloodline inheritor will have a certain chance to inherit the power of the ancient beast.

In the cognition of this world, the strong in the innate secret realm can summon the vision of the ancient blood beast to a certain extent.

But if you want to be an ancient beast, this kind of probability is even more incomprehensible!

The conditions are extremely harsh!

Except for the bloodline to be infinitely close to the ancient beast, the cultivation base must at least reach the third stage of the Qixian Realm, the Feiyun Realm.

And what about William!

In the early days at Lu's house in Beiluo, he awakened the Qilin bloodline.

At that time, he was just a mid-stage warrior of inner strength.

But abruptly awakened with the supreme bloodline, and did what the Congenital Secret Realm could do.

Now, what can only be done by a strong Feiyun Realm, William has done it again in the Realm of Huajin Consummation.

No, William just appeared in the form of a unicorn, and could no longer restrain his own realm, and broke through to the half-step innate peak in one fell swoop.

And he was only one step away from the Congenital Secret Realm.

This step depends entirely on whether he wants to step out at the moment.

William could no longer hear what Tianqing Qilin said in William's mind.

As the resentment and hostility on his body disappeared, William's eyes went black and he fell into a coma.

The unicorn scales on his body slowly disappeared in his body.

I don't know how long it took before William woke up quietly.

Is it dead?

This was his first thought when he woke up.

As for the unicorn body that appeared before his own death, he was so confused that he didn't remember very clearly.

He just felt that his whole body was so painful that he couldn't move.

William barely opened his eyes and found himself in a strange place.

He was lying on a small bed.

Beside the bed, even lie down to hear people's heart.

"Love," he yelled weakly.

"You are awake." A soft voice appeared in his ear.

William turned his head and saw a woman in palace clothes sitting on a wooden chair not far from him.

"Lady Peach Blossom?" William asked slowly.

The woman smiled with a smile, "Well, it's me. Thank you, too, for withstanding my millennia of resentment, so that I can wake up."

"You're welcome, this is a fair deal." William specifically mentioned the deal, and glanced at Wen Ren Qingxin beside him.

"Good boy, I'm still hiding things up to now. Don't worry, I promise you, I will do it naturally. Before you wake up, I have planted my blood for this lovely little woman." Peach Blossom The lady looked at William amused.

"Bloodline? Not the root of grandmother?" William keenly grasped the mystery in her words.

"Well, blood. I passed on my blood to her. Now my blood is flowing in her blood, and the blood is infinitely close to me. As for why not the grandmother's root, first, the grandmother's root For her, the utility is useful because it is not inherited by blood. Secondly, the root of the grandmother is still useful if I keep it. Anyway, isn't your purpose to save her?" Peach Blossom Lady laughed.

"Thank you." Wiliam wanted to get up and thanked Lady Peach.

"You lie down. Boy, I really didn't expect you to survive. That is my grievance for thousands of years. Even if it is a person who seeks immortality, it will be a life of nine deaths. However, you are beyond my expectation. Yes, you have the blood of the ancestor of the eternal unicorn. Hoho, if I knew you had the blood of the four emperors of my monster race, I wouldn't dare to offend you. I can only say that everything is God's will." Lady Taohua held a glass of water, Sent to Wiliam.

Wiliam took a sip of water, and it was so cool.

"How about? Do you regret it now?" Lady Peach asked again, her eyes sly.

She said so deliberately.

But Wiliam shook his head and smiled reluctantly: "Just to bear the pain with my physical body can save the life of my heart. It's already very good, I don't regret it."

"Fool. She is stupid and you are stupid." Lady Peach looked at Wiliam with affection, as if her elders were pitying her younger generations.

"By the way, I know you want grandma's roots. Do you still want it now? Would you like to make another deal with me?" Peach Blossom Lady asked again.

"About the python?" Wiliam faintly had a guess.

Lady Peach knocked Wiliam on the head, "Really smart. Well, about the python. Her name is Petite Rou, a stinky woman I love and hate."
