

Dragon Husband

Chapter 1499

When Wen Renqin came out, he was already at a loss, and when he was asked so suddenly by his sister, the whole person was stunned.

However, she reacted quickly and immediately shook her head and said, "No."

She winked wildly at her in disregard of Wenren Qingqing.

Wenrenqingqing followed his sister's words, and his heart was cold.

You can't walk down the stairs, now it's over.

"Wen people love! Have you forgotten how you were punished for violating the rules many years ago? No thought, no thought, many years later, we fragrant flowers and painstakingly merciful to let you come back, you still don't know how to repent! Sin! What should you do!" Wenren Tianqing shouted sternly at Wenren.

Wen Ren knew that the incident of trespassing on the forbidden area had been exposed, and he didn't dare to refute, he shrank his neck and stood helplessly behind Wiliam.

Even Wenren Tiange couldn't keep Wenren's love at this moment.

"And you kid! We really led the wolves into the room! Your name of waste blood has already made us notorious, and we didn't think that you were still brave enough to break into the forbidden land, we shouldn't let you in at the beginning!" Wen Ren Tianqing still swears righteously and courageously. write.

He stood at the commanding heights of morality, and this time he scolded him with iron shoulders!

"Wiliam! You can plead guilty!" Wen Ren Tianyi also asked coldly.

Wiliam nodded, "I plead guilty."

In any case, it was discovered after breaking into the forbidden ground.

It is impossible to deny it.

And Wiliam didn't want this to affect Wen Ren Wuming.

"Ho ho, I don't think you're so easy this time, so I don't even quibble! Okay! Now that you are convicted, you will die!" Wen Ren Tianqing shouted loudly.

"Second brother, everything is in accordance with the rules." Wen Ren Tiange looked at Wiliam with extremely complicated eyes.

"Huh, according to the house rules? That's more in line with my intentions!" Wen Ren Tianqing seemed to have thought of this, but revealed an incomparable surprise.

Wenrenqing's lips moved, and finally he could not speak.

"Wiliam, you trespassed the forbidden land and committed a terrible mistake. Now I will punish you with clan rules. You must not use internal force or other magic weapons to receive ten palms from the law enforcement elders. After ten palms, you will live or die, and you will have your destiny. Do you have any questions?" Wenren Tiange said to Wiliam.

Wiliam was taken aback for a moment, then nodded, "There is no doubt."

Wen Ren Qingqing's face changed in an instant.

There is no internal force and magic weapon to protect the body, and the body alone is used to pick up the ten palms of the law enforcement elders!

Don't talk about ten palms, one palm will kill you!

And what makes Wen Ren feel so angry is that the law enforcement elder is Wen Ren Tianqing!

Therefore, Wenren Tianqing was excited when he heard that he could teach Wiliam a lesson.

If Wenren Tianqing makes a move, he will definitely fight to death!

This time Wiliam said nothing to escape to heaven.

Wen Renqing saw Wiliam's face indifferent, and when he saw Wenrenqing next to him, his face was also indifferent.

Qingqingxin mentioned her throat, and the two of them were so calm, she felt like a pair of male and female dogs in front of her!

"Love! Wiliam is crazy, are you crazy too! Don't you persuade him! Let him beg for mercy from Daddy!" Wenrenqing lowered his throat, and even pinched Wenrenqingxin's arm secretly.

But Wen Renqing said with a strange expression: "Sister, I don't know why, I feel like Wiliam will not die..."

"What the hell! I know you have been blindly trusting him! But you don't look at the current situation! Who is the one who shot!" Wen Renqing became even more impatient.

But Wen Renqing shook his head and whispered, "Sister, it's not like that. If I believed him blindly before, I have nothing to say. But this time is different. Regardless of whether I believe in, I just feel, Wiliam will not die, and the harm he will receive will not be very serious."

"What do you feel like!" Wen Renqing became more and more unable to understand her own sister. After entering the forbidden area once, she became nagging after she came out.

"I said it was a woman's intuition, do you believe it..." Wen Ren said weakly.

She didn't even notice one thing herself, how horrible her current woman's intuition is.

"It's fine, I'll take you. Let's watch it first. Later, if the puppy has any shortcomings, I will go to my father to intercede. But your own punishment is still not coming. You quickly think about how to break it. Anyone who can be acting like a baby or being cute or playing like a spoiled child will go." Wen Renqing said in a low voice.

"Well. I feel it, I won't be punished." Wen Renqing said again.

Wen Renqing was about to speak, and Wenrenqingxin immediately made up his knife, "A woman's intuition."

Wenren Qingqing wanted to scold me, my old lady is also a woman, but my old lady feels that you will die very ugly!

They are all women, so why are you so arrogant?

"Hoho, Wiliam, stand up! Just now that all the children of the sect are here, I will give you ten palms in the name of the law enforcement elder! If you dare to violate or resist, I will kill you on the spot! As long as you can Hold my ten palms, whether to go or stay, listen carefully and respectfully." Wen Ren Tianqing said arrogantly.

Everyone's breathing was stagnant.

Still holding ten palms, whether to go or stay.

It seemed generous and gave Wiliam a way out.

But there is nothing convincing at all.

And Wiliam really stood up.

The atmosphere at the scene was stagnant.

Everyone could tell that Wiliam had been at odds with the two elders.

Now like this, the elder is ready to kill.

But he was also confident, who let this kid break into the forbidden ground without permission.

At this time, someone looked at Wenren Wuming again.

One person was also found trespassing on the forbidden area that year.

However, the people who were heard had no power to protect him, and in the end he was only expelled from the sect.

Will there be any guarantee this time?

Wenren Wuming's brows were low, and he didn't have the slightest reaction.

It seemed that he didn't care about the life and death of the young man in front of him at all.

Wenren Tianqing also breathed a sigh of relief.

As long as there is no sound at all, this kid is dead today.

This bad breath can finally be released in person.

Wiliam looked at Wenren Tianqing lightly, and said, "Come on."

Wenren Tianqing showed a weird smile and has already begun to mobilize his internal strength.

He is a warrior who has stepped into the congenital secret realm!

But in front of him, he was just a waste of blood.

One palm can kill him!

However, Wenren Tianqing would not end with such a quick palm.

He had already thought about it.

To torture this kid slowly!

One palm is not enough to relieve your breath!

For the tenth palm, give him a great pleasure!

Thinking of this, he reduced his internal strength a bit, planning to use only three points in the first palm.

Ho ho, a three-point effort can make him break his veins!

So he shouted, "Boy, take my first hand!"

A horrible coercion spread out along Wenren Tianqing's body and gathered in his palm.

With this palm, wind and thunder bursts fiercely on Wiliam's heart!

Very vicious!
