

Dragon Husband

Chapter 1500 God's Prophecy

Seeing that this imposing palm turned out to be like lightning, and Wiliam looked calmly accepting it, he was very anxious when he heard the people's affection, and shouted, "Puppy is more careful!"

And what accompanied her sound was the voice of Wenren's heart.

Wen Renqing's voice seemed a little weird, "I feel it, Wiliam will fly out, and then smile."

"Laughing at your sister..." Wen Renqing couldn't help but yell, is this what people said?

But halfway through the conversation, she was dumbfounded.

Because she saw what happened before her eyes.

Wiliam did not resist Wen Ren Tianqing's hand.

This palm indeed hit Wiliam's heart, causing Wiliam's body to fly upside down and fall to the ground.

However, in the next second, Wiliam actually stood up immediately, and then he really laughed.

He smiled, he smiled.

Wen Renqingqing was like seeing a ghost. Look at Wiliam and then Wenrenqing.

God reaction?

God prophesied?

The reaction of the people at the scene was exactly the same as Wenrenqingqing, all of them were dumbfounded.

This palm looks too majestic, even if it hits a half-step congenital warrior, it will vomit blood for three liters.

But Wiliam actually didn't even spit, stood up casually, and even flicked the dust off his body?

Wenren Tianqing's whole person is not good.

This kid, he could feel that Wiliam had resisted half a moment ago, and his fist had directly touched Wiliam's body.

But why, there is no harm at all, but it seems to be tickling others.

Where is the problem?

Wiliam stood up, smiled slightly, and shook his head, "This is what the law enforcement elder can do? I think it's normal."

This tone is extremely arrogant!

Others don't know, Wiliam still doesn't know about himself?

Wiliam would also vomit blood if he received this palm before setting down the forbidden ground.

But now is different.

Wiliam's body had reached a terrifying toughness after experiencing the hardening of the peach blossoms of resentment.

This kind of tenacity, but even Peach Lady was surprised.

Peach Blossom Lady said that Wiliam's current strength of masturbation can already be compared with the first Nirvana cultivator in the Seven Immortal Realms. And even if the cultivator in the Nirvana Realm wanted to kill his flesh and blood, it would take a lot of effort. As for the warriors below Nirvana, it is estimated that standing and letting them kill will not be killed.

Wen Ren Tianqing had only entered the Congenital Mystery a few years ago, and coupled with only three points of strength, it was hell to be able to hit Wiliam with a flower.

"You!" Wenren Tianqing only felt the blood churning in his body, he was alive by this kid!

I was so lucky to be unobstructed under this palm, and I dared to speak arrogantly!

Wen Ren Tian Qingqi returned to his anger, but still left an eye on it.

He released his internal strength to see what realm Wiliam had reached now.

But this investigation, he was stunned again.

Can't see Wiliam's martial arts realm!

What a special thing!

It's ridiculous!

Before, I could still see that this kid was in the realm of Huajin Consummation!

I can't see it clearly this time!

How can you not see clearly?

This is unprecedented!

Wenren Tianqing naturally didn't know that Wiliam carried the roots of his grandmother, which had the effect of covering prying eyes.

“Boy, just now I wanted to show mercy to you so that you wouldn’t be so uncomfortable. If you thought that you didn’t appreciate your feelings and uttered wild words, then it’s no wonder my subordinates were not merciful!” Wen Ren Tianqing shouted sharply.

And Wiliam smiled again.

He hooked his index finger and middle finger towards Wenren Tianqing, as if saying, come here!

Wenren Tianqing is about to jump with anger!

wanna die!

I won’t keep you!

This time, he mobilized his internal forces again!

And it uses all the internal energy!

How strong is the strongest palm of the congenital secret realm warrior?

Just look at this day, faint thunder!

Just look at this place, the wind is blowing!

Just looking at his palm, it seems to have turned into a great hammer!

Now, even Wenren Tiange’s face changed!

Everyone could tell that Wenren Tianqing moved all his power.

For Wenren Tiange, I dare not underestimate this palm!

Not to mention taking it physically!

Wiliam, it’s really over this time!

Everyone felt a sense of breathless suffocation in the power of this palm.

“I feel it, Wiliam will still have trouble, and spit out by the way.” Wen Ren’s heart-warming voice rang weakly.

In the shock, sympathy, ridicule, or worry of all people, Wen Ren Qingxin is simply a clear flow in the world.

Wen Renqing couldn’t help but pinch his sister.

What a dear sister, it hurts people regardless of the enemy and me!

“Take it to death!” Wenren Tianqing finished his momentum, and his palm was like a thousand Buddha dynasty, and he stamped it on Wiliam’s heart!

It didn't even hit Wiliam. Everyone felt that the wind was turbulent. The bluestone slab on the ground had already cracked every inch and turned into a sharp knife. With Wenren Tianqing's palm, they attacked Wiliam together!

"boom!"

"Boom!"

With a stone in your palm!

All hit Wiliam's body!

Wiliam's body was like a cannonball, flying upside down!

Hit a mountain behind him fiercely!

He was embedded in the mountain, almost invisible to him!

And the entire majestic mountain seemed to be a little sensational with Wiliam's terrifying recoil.

"Wiliam!" Wenren's love has broken through the world, and she has called Wiliam as a puppy comparison. Her eyes are fixed on the mountain, seemingly worried.

And her teeth were clenched tightly, as if they were about to crumble.

This palm makes people get goose bumps all over!

The children of the sect present at the scene usually have no chance to see the warriors of the Innate Secret Realm take action.

After all, reaching the level of innate warriors, most of them are leaders of the sect, and they will not easily make a move at all.

Not to mention an innate secret realm warrior with all his strength!

This shot, reorganize the three views!

It turns out that the innate secret realm warrior is terrifying!

Everyone just felt cold in their backs. Just imagine what happens when you hit your hand with this palm?

It should be wiped out!

Can Wiliam live now?

Live a ghost!

If he could live like this, Wiliam would be the body of a fairy!

But in the midst of everyone's shock, something even more shocking happened.

That mountain, suddenly rustling began to fall.

Wiliam!

Dead!

impossible!

That is the strongest palm of the Innate Secret Realm!

Not to mention that the two of them are two great realms!

It is that the Sect Master dare not to bear this palm with his body!

And Wiliam was dead!

The body of a fairy?

Everyone saw that from the place where Wiliam was embedded, it began to crumble every inch.

Then, Wiliam walked out slowly.

He first shook his neck and muscles and bones all over his body, then spit out a mouthful of foam on the ground lightly.

Only then stepped down from the mountain and stood in front of Wenren Tianqing, his eyes still joking, "There are still eight palms, did the law enforcement elders use all their strength this time? If there are none, then I'm really looking forward to it, come on.!"
