

Dragon Husband

Chapter 1510

The grandmother's voice fell.

There was silence for a full two minutes!

Then there was an amazing scream!

What did they hear!

They heard one of the most incredible words in their lives!

Wen Renqing not only saw his grandmother when he trespassed the forbidden land this time!

And actually got the inheritance of grandmother's blood!

Second generation successor!

This title made everyone present sluggish!

Everyone knows what it means to be a second-generation successor!

The fragrant flowers and blood have been passed down for nearly a hundred generations, and the blood has been very thin from generation to generation.

Therefore, they can only rely on the diluted blood produced by the grandmother's roots to open the veins and inherit the divination.

Now, there are second-generation heirs!

The blood is infinitely close to the grandmother!

In other words, if the children of Xianghualixue want to open the veins in the future, it is enough to find Wenren to get a drop of blood.

And it's not just enough, the effect of Wenren's blood is close to the grandmother, and the effect of opening the pulse is tens of millions of times better than before!

And by this, a very terrible fact has been extended!

Wen Ren poured his heart and body with the blood of his grandmother, from now on under one person, above ten thousand!

The whole fragrant flowers must be respected by smelling people's hearts!

Thinking of this matter, everyone looked at Wenren admired in amazement.

A minute ago, they also wanted to punish Wenren, who thought she was guilty of sin, and that she made mistakes again and again.

But after a minute, what kind of shit is guilty, what is wrong again and again!

Doesn't exist at all!

She was transformed from a sinner and rode on everyone's head!

Wenrenqingqing looked at Wenrenqingqing with incomparably complicated expression, and for a moment he forgot to say congratulations.

She thought of one thing.

When Wiliam was about to go to the forbidden ground before, he called them to the sisters!

However, because Wen Ren Qingqing hesitated for a while, he dared to go on with the overall situation.

She was still rejoicing just now, fortunately, she would have been convicted together.

Now, my sister actually went down there, and she had a great opportunity to directly inherit the blood of her grandmother.

All sins become merit.

Wen Renqingqing couldn't help thinking, if he had it this time, too.

Will there be adventures...

However, all the ideas are useless.

It's too late.

Wen Renqing is not jealous of his sister.

She was just annoyed by one thing.

In the matter of believing in Wiliam, he is far from having a sister who has come decisively.

It can be said that this opportunity of my sister is absolutely inseparable from Wiliam.

That puppy is better than...

Thinking of this, Wenren Qingqing's mind is more complicated.

"Grandma, you, what you said, but it's true..." Sect Master Taishang only felt dry and could not believe this fact at all.

"What? Don't believe what I said?" Peach Lady asked back.

"Faith! Believe! Believe! This is the great blessing that our grandmother bestows on us! We are grateful!" The Supreme Sect Master immediately bowed to the ground and bowed.

Others followed suit, but their expressions were extremely complicated.

“Tian Ge, Wen Ren poured his heart and body with the grandmother’s blood, and immediately established her as the Young Sect Master! Five years later, you say you are in her, do you have any objections?” The Supreme Sect Master said lightly.

Hearing Wenren Tiange, he immediately nodded, “Be careful to follow the instructions of the Supreme Sovereign! Everyone listens to the orders, and I will be my young Sect Master who is devoted in the future! Her order is my order! Everyone must look forward to it!”

“Yes!” Everyone nodded and said yes.

Wenren looked at this scene of worship in front of him with all his heart, and felt like a world away.

Although she felt that this scene would appear in the secret.

But when she really appeared, she was still deeply moved.

She knows, where did all this come from?

Unfortunately, that person is no longer there.

William, you gave me two new lives.

Once, let me go from death to rekindling of life.

Once, let me go from a sinner to a status honor.

Kindness without saying thanks.....

“Qingxin! Thank you grandmother! It’s your grandmother who gave you a new life!” Wenren Tiange couldn’t help saying that Qingxin was still in a daze.

Wen Renqin immediately woke up, and banged his head three times in front of Peach Blossom Abyss.

“Now, is everything clear?” The voice of Lady Peach swayed slowly.

“Thank you for your kindness!” Everyone knelt and thanked.

“Oh, there is one more thing. Who is that?” Lady Peach said suddenly.

Everyone was stunned, who was that?

who?

At this time, a breath suddenly enveloped Wenren Tianyi.

Now everyone knows who is who?

It’s Wenren Tianyi!

Wenren Tianyi successfully attracted the attention of his grandmother.

For a while, everyone looked at Wen Ren Tianyi with envy.

Is it possible that because the elders are loyal, do they have a great opportunity?

Wen Ren Tianyi himself was shaking with excitement.

Fortunately, I was admonishing to death just now!

This is the chance to come by myself!

If you can get the opportunity like a sweet little girl, you will be able to reach the sky in one step!

Well, the breath on the body is so warm.

Grandma's voice is so gentle.

Perfect!

"Are you the elder who has fragrant flowers now?" The voice of Lady Peach Blossom came over again.

"Exactly! Please ancestors!" Wen Ren Tianyi said loudly.

"You are loyal to Fragrant Flowers, and even more admonishment to protect the blood heritage, your heart is commendable." Said Lady Peach.

"Don't dare! This is what I should do as a child of Xianghualixue! My grandmother's blood is flowing through my body. Maintaining the blood inheritance is what I must do! In my heart! The blood is greater than the sky!" Wenren Tianyi said righteous words.

At this moment, everyone's looks changed.

Peach Lady actually admired Wen Ren Tianyi's loyalty in maintaining blood inheritance.

Next, it should be a reward!

Envy cried.

"Yes, not bad, for your loyalty, I think about what rewards should I give you." Peach Lady said quietly.

"Maintaining blood is the responsibility and obligation of my generation! Don't dare to ask for any rewards?" Wen Ren Tianyi still clenched.

But his eyes revealed supreme expectations.

To be rewarded, to be rewarded!

This is my grandmother!

Any reward will benefit you for life!

Wenren Tiange saw this, and felt entangled in his heart.

Why he.

Wenren Tiange usually relies on the identity of the first old Zhang, and he is domineering, and he takes care of everything and everything.

If I am rewarded now, I will listen to him in the future...

Hey, it's all fate...

At this time, Lady Peach Blossom's voice floated, "I thought, given that you are so persistent and so attached to my blood inheritance, let you be a blood elder. From now on, you will concentrate on serving the little girl with love, and take full responsibility for the blood inheritance. As for the other affairs within the sect, you don't need to worry too much."
