

Dragon Husband

Chapter 1511 Ascend to the sky in one step!

“Huh?” The people on the scene were completely confused.

reward?

What a thoughtful reward!

The kind that is so caring to be completely powerless to refute?

You know, Wenren Tianyi is the first elder who has spent all his life.

On weekdays, you have to deal with everything, everything depends on his face to do things.

Now, Lady Peach actually wants him to be an elder in blood?

Just care about blood heritage?

The blood inheritance of Xianghualixue is dedicated to the inheritance of Buddhism.

And Bu Mai, it is very important to say that it is the inheritance of the blood of the grandmother.

But the decline of Bu Dao is something that has been recognized all these years.

To hear that Tianyi specializes in the inheritance of the veins is equivalent to directly overhead him.

Is this horse riding a reward?

It is not too much to say that it is a seizure of power.

However, what made everyone speechless was that Wenren Tianyi's words were too righteous and righteous.

The blood inheritance has been elevated to an extremely noble position.

Now, let him manage such noble things, what can he say?

When I said that, I hit myself in the face.

In one word, it is to upset the ancestors.

Wen Ren Tianyi's move was simply self-defeating, and he felt like he was shooting himself in the foot with a rock.

Sure enough, Wenren Tianyi was like taking a mouthful of hot shit, and his face flushed suddenly.

“Grandma...” He fell on the ground, trembling, and wanted to make the final struggle.

He had no idea that the reward would be like this.

Don't do it?

Isn't the first elder incense?

What does it mean to be an elder in the blood?

“Why? No? Are you unwilling to work for me, or don't want to contribute to my heritage?” The grandmother's voice suddenly fell indifferent.

“Presumptuous! Wenren Tianyi! Since you have proposed that the inheritance of blood is higher than the sky, now your grandmother is so important to you, you still don't thank you!” Sect Master Taishang suddenly shouted.

“Don't dare! Thank you for your gift! I will definitely serve the Young Master Qingxin and do a good job of blood inheritance!” Wen Ren Tianyi's teeth were about to be broken.

Dare he not follow?

This matter, if you say it all, you should answer it!

Being an elder of the blood, in addition to managing the blood line inheritance, there is also one thing to serve Wenren's heart!

He is the first elder!

On weekdays, I always use my chin to see and hear people's hearts.

And even if Wen Renqin is already the Young Sect Master, he can still sit on an equal footing.

And now, he wants to serve a little girl Wenren Qingxin.

What is not a slave!

Wenren Tiange on the side heard the grandmother's reward, and his heart was inexplicably rejoiced.

This reward is simply not too good.

It can be predicted that from then on, Wenren Tianyi's status in the sect has plummeted, and there is no substantive right to speak.

And he had to look at his daughter's face to act.

The grandmother is too great.

With a casual sentence, it will solve the power struggle that Xianghua has spent the past few years.

“It's so good. I went to bed. From now on, the little girl and Wiliam can go in and out of the Taohua Wanzhangyuan at will. As for the others, I won't see them. If you have anything, you can tell me through them.” Lady Taohua said again. .

The people at the scene broke through the glasses again!

What the hell!

Lady Peach Blossoms is actually willing to let Wen Renqingxin and Wiliam go in and out of Peach Blossom Abyss at will!

And everyone else is gone!

This is undoubtedly once again raising Wenren's position to an unspeakable height!

From then on, Wen Ren Qingxin is the spokesperson of the grandmother!

Wen Ren Qingqing has adjusted his mentality at this time, pulling his sister's sleeve with excitement, and whispering: "Sister! You are amazing! From now on, your sister and sister will hug your thigh, you have to cover your sister!"

Wen Ren Qingxin smiled, "What did the elder sister say, I am still not your sister? Do I still want to listen to you?"

Wenren Qingqing was taken aback for a moment, and his expression became weird.

Well, although my sister's status has skyrocketed.

But the younger sister is still the younger sister at fault!

Um!

Still listen to what my sister said!

Be a good and affectionate sister.

"By the way, what about Wiliam? Why didn't you see him?" Lady Peach Blossom's voice suddenly rose again.

This question made the audience bewildered.

Everyone was still immersed in the shock of Wenren's supremacy status, and they thought that Wiliam would suddenly come.

"Wiliam, he, he..." Wen Ren Tiange's face suddenly turned bad, and he was a little afraid to say it.

Because from the words of Lady Taohua, it is clear that the grandmother did not blame Wiliam.

On the contrary, he has a kind of appreciation for Wiliam.

Otherwise, Wiliam would not be allowed to enter the Taohua Wanzhangyuan at any time.

However, they didn't know before!

They all condemned Wiliam as a sinner before!

Still thinking of killing Wiliam, he was also expelled directly now.

At this time, Wen Ren Tianyi's body trembled.

He suddenly remembered something.

When he asked Wiliam to hand over his disciple token, Wiliam's inexplicable words.

"Remember, you took the initiative to take the token, and you have to return it later, but it's not that easy."

It's impossible!

Wiliam had long known that Lady Peach Blossoms appreciated him, and he would definitely let him stay in Fragrant Blossoms.

If this is the case, then he committed a serious crime!

Actually kicked him out!

No wonder the kid said it was so easy to return.

It seems that he is about to start putting on airs.

For a time, Wen Ren Tianyi's mind was very tangled.

"Back to grandmother, Wiliam left the fragrant flower and drained his blood." Wenren Tiange didn't know how to answer, and could only give a vague answer in the end.

This answer did not directly explain the reason for Wiliam's departure.

Whether to leave on their own initiative, or to be expelled.

The people at the scene obviously also knew the meaning of Wenren Tiange's words, and they were silent.

It depends on whether the grandmother wants to delve into it.

However, what is surprising is that the grandmother did not continue to ask questions.

She just sighed, "He left, well, you are not lucky enough to keep him. Also, he is a dragon and phoenix among people, and with your small platform, you can't keep him. Forget it. ,I am leaving."

After speaking, there is no sound in the sky.

The majestic breath of the grandmother also disappeared without a trace.

Everyone knows that the grandmother has fallen asleep again.

It's just that everyone is still immersed in the grandmother's last sentence for a long time and can't be calmed down.

Wiliam left, it was fragrant flowers and blood that were not blessed.

He is a dragon and a phoenix among people, and the fragrant flowers and blood are too small to keep him.

As a dignified grandmother, she actually admired Wiliam so much.

This is unexpected to everyone.

For a while, everyone was thinking whether it was right or wrong to expel Wiliam.

Only Wenren Tianyi breathed a sigh of relief.

I don't think that grandmother doesn't study it deeply, so it would be great.

One less thorn in the flesh.

Who is the dragon and the phoenix? What kind of bullshit.

My fragrant flower and blood without him, is the great fortune.

At this time, Wenren looked at Wenren Tianyi intently, with a little resentment on his face.

"Wen Ren Tianyi, I seem to remember you just said a word."

"Even if Immortal Daluo came over today, it would be hard to get rid of my sins!"

"Grandma, is it so useless in your heart?"

"Grandma, are you still there? Come out to preside over justice, okay?"
