

Dragon Husband

Chapter 1513

This kind of anxiety made Wenren Tiange even tremble fiercely.

However, when he carefully thought about it, he couldn't remember how this kind of anxiety came from!

He could only blame Wiliam for this uneasiness.

This kid, who specially caused Xianghua to provoke trouble, is the best one to go now.

"Dad, what should Wiliam do? He doesn't have any relatives or friends here..." Wen Ren said weakly.

Wenren Tiange's face became cold.

Which pot does not open and which pot!

"He committed a serious crime and was expelled from the sect as a matter of course. My grandmother has no opinion on this matter, so you don't need to talk about it anymore." Wen Ren Tiange said lightly.

Although Qingxin's position is supreme now, in front of him, she is still a daughter.

"But..." Wen Renqing was not reconciled yet.

But he was immediately stopped by Wenren's affection.

Wen Renqing saw that his father was getting angry, and shook his head to Wen Renqing, motioning for a long-term plan.

"Love, after inheriting the blood of your grandmother, what changes have you made?" Wenren Tiange asked again.

He knew that the grandmother's bloodline was extraordinary.

Wen Ren thought for a while, and said dazedly: "Realm, now I have directly mentioned the half-step innate late stage, but there is still a long distance from the innate secret realm. I am afraid that there is no extravagant hope in a short time."

This sentence surprised everyone present!

You know, when Wen Renqing came back, he was completely consummate.

After inheriting the blood of the grandmother, he directly mentioned a great realm!

How terrible!

What everyone never expected was that this was just the beginning of the inheritance of the grandmother's blood.

There is still a large part of the blood in Wen Renqin's body that has not been fully refined.

When it is completely refined, any innate secret realm will be at your fingertips.

"Good! Good! Good! Hahahaha! Devotion is really deep!" Wenren Tiange was in a good mood.

Unexpectedly, after leaving the sect for so many years, when she came back, she not only surpassed her sister in status, but also caught up with her realm.

"Also, there is another weird place about my sister." Wen Renqing couldn't help but say.

"What else?" Wenren Tiange felt even more excited.

"I can't say anything, but I feel like I can see a lot of things that are about to happen, maybe it has something to do with my grandmother's body." Wen Ren said with a puzzled expression on his face.

"What are you talking about!" A person suddenly rushed to Wen Renqin, his tone was extremely excited!

Surprisingly, Wenren Wuming has never asked about the world.

"Ah? I just feel, I don't know the truth or not." Wen Ren said weakly.

"Hahahaha! Sure enough! Sure enough! God bless the fragrant flowers and blood! Budao revival!" Wen Ren Wuming seemed to be crazy, and laughed.

"Unnamed uncle, what is going on?" someone asked.

"Hahaha! It seems that you still don't know anything about your grandmother's bloodline! Our fragrant and bloody veins can only be opened by using the blood of the grandmother. Now the heart directly inherits the blood of the grandmother, and her veins are complete. Different from ordinary people, that is to say, she doesn't need any fragrant flowers to ask right and wrong, but can directly see what is about to happen. This is a peeping secret!" Wen Ren Wuming laughed.

Peep into the secret!

These four words, like a heavy hammer, blasted into everyone's heart.

Everyone looked at Wen Ren Qingxin in amazement!

Compared with peering into the heavens directly, Xianghua asked right and wrong, it seemed a bit LOW!

Wen Renqingxin is about to hang up!

A person who can peer into the secrets of heaven, let alone the nine sects, will cause a great shock in the entire common people's territory!

The future of the common people's territory must have the name of being loved by people!

And behind Wenren's heart, is the fragrance of the flowers!

This is Budao revitalization!

This is the glory of fragrant flowers and blood!

“Love! What do you think of our fragrant future?” Wenren Tiange asked immediately.

Wen Renqing wanted to roll his eyes on the spot, but held back.

“Dad, my head hurts...” Wen Ren said helplessly.

She had peeped into the secrets several times before, all of which happened in front of her eyes, and they all came true.

But she still felt groggy in her head.

As if peeking into the secrets of heaven would consume her soul.

Now my father asked about the future of Xianghua’s blood.

Wen Renqing wanted to say that I can’t see even if I stare out my eyes and tear my soul apart.

“Tian Ge, don’t ask questions like that! This kind of ability to look at the secrets of the heart will definitely consume soul power. Now she has just acquired this ability and has not been able to fully adapt. But I believe that in time, with the realm of love With continuous improvement, her ability will be extremely against the sky!” Wenren Wuming educated Wenren Tiange.

A generation of suzerain, was trained to be submissive, “Yes! Yes! Yes!”

“However, I have always had a feeling of uneasiness in my heart.” Wen Renqing couldn’t help but said again.

“Huh? Uneasy?” Wenren Tiange was taken aback, wanting to say that I had this feeling just now, can I also peep into the secret?

“I can’t say it, but in the past two months, something very important to us will happen, and we will be ruined like the end!” Everyone who Wen Ren said with heart was stunned.

The reputation is ruined!

It’s like the end!

What the hell!

Obviously we are just about to take off!

Your secret is not reliable!

Everyone at the scene fell silent.

Wen Renqing hurriedly said, “This is not what I saw. I don’t have the ability to use it. I just feel it. It’s not true.”

The people at the scene let out a sigh of relief.

It's so scary.

Enthusiastic!

Be careful the liver is about to pop out.

"Okay, Qingxin, you should go back and rest quickly, and have a good chat with you for the father." Wenren Tiange also breathed a sigh of relief and said with a smile to Wenren's heart.

Everyone just dispersed.

But only Wenren Wuming, his face still has incomparable sternness.

Although Qingxin girl has the ability to use, but her feelings, can't she take it seriously?

Wenren Wuming, lost in thought.

On the other side, Wiliam walked casually on the street after leaving the fragrant flower.

Um, where do you go next?

The eldest brother and the second brother are definitely not suitable, right?

The younger brother is always just the younger brother?

At this time, a figure suddenly appeared in his head.

A smile appeared on Wiliam's face.

Well, that's a good place to go.

So he turned around and headed towards that place.

Not long after, he appeared at the door of Yuntian Auction House.

But immediately, his eyes flicked.

A slightly fat middle-aged man stood at the door, as if he had been waiting for a long time.

The person at Yuntian Auction House, Liu Yuntian!

When Liu Yuntian saw Wiliam, he immediately laughed, and walked towards Wiliam with a stride, and said as he walked, "It seems that I am betting right, you still come to me!"
