Chapter 1524 Divine Weapon!

The group of people who escaped from the battlefield of bleeding and tears rested on it, and suddenly felt a sudden shock under them!

A weird thought came to everyone's mind.

The battlefield of blood and tears collapsed.

Such a large area collapsed, let alone people, even those ancient beasts would die to death.

"Wiliam!" Song Hanyu's eyes on the ground were suddenly wet.

Chen Zhongyan sneered, "Will it be too late to call out now? Hoho, do you think he can survive until now? He will be torn apart by the wave of ancient beasts just now."

But as soon as the voice fell, they only felt that a figure fell directly in front of them from the bottom up.

Take a closer look!

It was Wiliam who had been torn apart in their mouths just now.

Seeing Wiliam, the people at the scene looked like a ghost, their eyes widened, unbelievable!

How can it be!

Those are eight ancient beasts of the innate secret realm level!

And Wiliam is just a person born with a waste of blood, unable to hold up to the slightest bit of cold just now!

How could it escape from the mouth of eight powerful ancient beasts!

Wiliam in front of him is a man or a ghost!

"Wiliam!" When Song Hanyu saw Wiliam, his face showed ecstasy after a brief shock.

Wiliam stepped up to Song Hanyu and carefully counted points on her body, "Don't move, Aunt Song, you are still very weak."

People at the scene, look at me, and I look at you.

Wiliam in front of him was clearly an individual.

So how did he escape from the dead?

"William, how did you escape?" Song Hanyu asked everyone's doubts.

William said casually, "Oh, it's actually lucky. The bloody and tearful battlefield didn't know why it collapsed. The ancient beasts were chasing me, but they all turned around and they probably escaped."

The people at the scene held their breath, feeling that this reason seemed impeccable.

After all, in front of life and death, escape is the most important thing, right?

William and the ancient beast weren't a life or death feud, there was no need to die together.

"You really stepped on shit, it's not dead." Someone said with a weird expression.

"Do you still have a conscience! William attracts those ancient beasts for you. You want him to die in the mouths of the ancient beasts, don't you? Are you still human? Is that how you treat the savior?" Song Hanyu's expression was on his face. Flushing, so angry that Qiqiao makes smoke.

I have never seen such a shameless group of people!

Simply embarrassing Jin Yu Volley!

If there was no injury at the beginning!

If Jinyu Volley is still in his control!

How could such a shameless wicked barrier breed!

Suddenly, Song Hanyu had a strong idea in his heart!

Jinyu volleys, can't fall because of this!

She wants to regain control of Jinyu Volley!

This is the first time in several years that Song Hanyu has such ambitions, sweeping away the decadence and haze before!

"Ho ho, he came out alive, that's what he can do. What kind of life-saving is he talking about? As a member of the team, he just made the contribution he deserves." Someone said lightly, there was no way to release the former suzerain. In the eyes.

"Okay, Aunt Song, don't talk yet." William helped Song Hanyu get through an internal force first. ....

Of course, there was a trace of metaplasia in the internal force, helping Song Hanyu to recover from his injuries.

Then, William placed the thing in his hand in front of Song Hanyu with his other hand in full view.

Just now everyone was paying attention to the fact that William was still alive, and they didn't even notice that William was holding a lot of things in his arms.

Now William put the thing in front of Song Hanyu. After ten seconds of silence on the scene, it suddenly exploded!

“Fuck! What’s that in his hand!”

“Isn’t that some of the treasures we wanted to get just now! Why did they appear in his hands!”

“It must be those ancient beasts fleeing, and then he happened to see these treasures, so he brought them out.”

“Hahahaha! Not bad, not bad! A small trash can actually make such a big contribution, this time it finally did not take care of him in vain.”

A few people were beaming, and they were about to reach out and grab those things.

And Song Hanyu’s expression suddenly changed after a brief period of horror.

She forcibly lifted a sigh of relief, and the sword in her hand swept away, and the hands that the few people stretched out seemed to have been electrocuted, and quickly shrank back!

“Song Hanyu! What are you doing!” someone shouted at Song Hanyu angrily.

“What are you doing? Hoho, I’m going to ask, what are you doing?” Song Hanyu’s expression was extremely hateful!

“Wrong, these are the things you didn’t get just now? Now they were brought out by Wiliam.”

“According to the rules set by the Sect Master this time, whoever gets it will have it. Now these things are in Wiliam’s hands. Who do you think they belong to?”

“You still have the face to say that you didn’t take care of him in vain? In addition to taunting him all the way, did you really do something to take care of him! On the contrary, he rushed over when you were alive and dead, and took his own life to explain it for you. Wai! Now you can stand here and say cold words, think about whose credit it is?”

“You still have the face to grab these things? I’ll put the words here today! Who of you dare to touch this thing, I will immediately report to the Sect Master to see what the Sect Master said and the rules it has established are not counted!”

Song Hanyu directly roared the grievance in his heart.

Questions, every fact!

The faces of the people present are extremely ugly!

hateful!

I didn’t think Song Hanyu was waiting here!

Their eyes were fixed on those things placed in front of Song Hanyu, and their mood was extremely complicated!

Don’t be jealous, it’s fake!

Even Chen Zhongyan was panting heavily, his face sinking like water, and said nothing.

But what Song Hanyu said made them feel jealous.

The Sect Master didn't know why they gave this order, but they didn't dare not listen to the Sect Master's words.

They were triumphant with the previous order, but now the order has become a hooping spell, which clamps their heads tightly.

Want to grab, but dare not grab.

For a time, Chen Zhongyan even gave birth to a weird thought to kill these two people.

However, the next second he vetoed it again.

Although Song Hanyu no longer serves as the lord, he is not someone he can move.

Chen Zhongyan was deeply jealous of the background behind Song Hanyu.

Especially the background related to Liu Yuntian.

Chen Zhongyan doesn't know who Liu Yuntian is behind him, but he knows one thing and he must not provoke Liu Yuntian.

In other words, you can't provoke Song Hanyu.

Could it be that you really just watched this rubbish take all these treasures into your arms?

At this time, Wiliam seemed to notice everyone's different thoughts and smiled.

He flipped through the treasures in front of him, digging out a sword with a faint purple light and suffocating aura, and handed it to Song Hanyu, "Aunt Song, I think you use a sword, right? The sword looks pretty good. I give it to you. Thank you for taking care of me all the way."

The scene burst again in an instant!

Special!

This sword is just good!

The eyes of the people present were so cruel, and they could tell at a glance that this sword was the most glamorous among the dozen things.

At least it's a magic weapon!

A magic weapon that everyone admires, just saying that is not bad, and then it is easy to give away!
