

# Dragon Husband

Chapter 1548: Prophecy

Hear Wiliam's name. The atmosphere at the scene suddenly cooled down.

The muttering sound disappeared instantly.

Everyone seemed to have a tacit understanding, and they all looked at Wenren and fell in love with each other.

The name Wiliam is simply a taboo in the hearts of everyone.

It is undeniable that when thinking about the roster just now, many people thought that Wiliam was the first ranking in the mind.

After all, that is a man who can easily defeat even the innate secret realm martial artist, and he is young enough to make people feel chilling!

If you look at the rules of the points match, Wiliam is doing his part to not let a bug level exist, and he can definitely keep the position of the nine sects with the whole fragrant flower!

However, this time is different!

Wiliam had already been expelled from Xianghua.

Moreover, everyone knew that Wiliam was already a thorn in the eyes of the two elders.

Whoever dares to mention this name on this juncture is just looking for death.

But now, Wen Renqin came forward.

It is estimated that the people who were present at the scene dared to mention it, after all, she was too popular recently, and no one dared to offend her.

Seeing the embarrassing atmosphere at the scene, Wenren Qingqing seemed to be venting anger, and he felt better for no reason, and said: "Yes, when shall we go see him?"

"Okay, okay, shall we go tomorrow?" Wen Renqing immediately clapped his hands as if there was no one beside him.

When these two sisters sang and made peace, everyone's hearts were disturbed.

Wiliam Wiliam Wiliam.

They seem to be stunned, and there are these two words in their heads.

And the more you think about it, the better!

Some of them even started to imagine that if Wiliam had not been expelled from the sect, what would happen if Wiliam's representative Fragrant Flower and Blood Ginseng were added to this Nine Sect Qualifying Tournament?

Not only will he lead Xianghua Lixue to keep the position of the nine sects, he may even lead Xianghua Lixue directly to the top of the nine sects.

After all, the current Jiuzong didn't even hear that anyone could put the elders on the ground at such a young age.

Many people's expressions began to show a trace of yearning.

The more I think about it, the better.

The two elders saw everyone's expressions in their eyes, and their expressions became even worse.

Wenren Tiange was also moved.

He couldn't help but said, "Wiliam shouldn't have joined other sects yet, right?"

Wenren Tianqing's violent temper said immediately: "Don't forget, everyone, Wiliam was expelled from us a long time ago, a good horse won't turn his head back, are we going to invite him back! What's your face!"

Hearing Renren Tiange feels uncomfortable.

Had it not been for these two people who made trouble and targeted Wiliam everywhere, how could he get to where he is today!

He couldn't help but said: "I'll ask you, is it more faceless to recall Wiliam, or is it more faceless for us to fall out of the nine sects?"

A big hat was buttoned down, and the people at the scene stopped talking.

Which one is more important can be seen at a glance.

"Dad, do you really want to call Wiliam back?" Wen Renqing asked with a tick at the corner of his mouth.

Wen Ren Tiange took a deep breath and said, "Wiliam is helpless here. After all, we have taken him in. Although there are many misunderstandings, the relationship between Zongmen and him is still there.

## Dragon Husband 1548 Part 2

Wenren Qingqing forced himself to roll his eyes, spitting out sh\*t sect feelings in his heart.

For Wiliam, it is estimated that the two sisters who really have feelings.

As for the sect, it is good for him not to retaliate.

“Otherwise, just call Wiliam back, we need him.” Wen Ren Tiange finally set the tone, “And the speed must be fast! It is estimated that no one knows that Wiliam is powerful, no one will invite him. We have to rush Take care of this before the accident!”

In Wenren Tiange’s heart, there is actually a very selfish thought.

Even if Wiliam refuses to return to the fragrant flower, he definitely can’t let him join other sects!

Otherwise, Wiliam would turn from a help to a disaster.

So act fast!

Wen Ren Tianyi’s face was pale, knowing that the Sect Master had already made a decision.

He immediately smiled and said: “It seems that at the beginning we said that he was born with waste blood, and he turned into the largest smoke bomb. It is estimated that everyone thought he was a waste, and no one would recruit him at all. This is our Xianghua. The blessing of the blood.”

The muscles on Wen Ren Tianqing’s face trembled, and he wanted to say something, but Wen Ren Tianyi glared back.

But when I heard the emotions on the side, I couldn’t hold back this time and rolled my eyes directly.

Good guy, spread the message that Wiliam is waste, and now he has the face to say that this is a blessing.

When Wiliam heard this, would he shoot him to death on the spot?

“Since it is God’s will, we will quickly find a way to recruit him back!” Wen Ren Tiange patted the table and finally made the final decision.

But Wen Renqing also said leisurely: “Everyone, I remind you one thing, have you forgotten what Wiliam did and said before he left?”

Everyone’s heads buzzed, and suddenly there was a picture of Wiliam leaving.

At that time, Wen Ren Tianyi was furious and insisted on expelling Wiliam from the sect on the spot.

He even did one thing and asked Wiliam to hand over his disciple token.

And Wiliam also handed it over.

This incident was very pleasing to the mind at the time.

Think about it now, it’s creepy!

Because Wiliam said a word when he handed over the disciple token!

“Remember, you took the initiative to take the token, and you have to return it later, but it’s not that easy.”

I thought it was the scene that Wiliam found for himself, but in the current scene, it is almost terrifying to think carefully!

Did Wiliam already know that the people of the sect would invite him back again!

He had already reached this point!

So I laughed so strangely, and left so coolly!

And if it is true, then Wiliam would be too scary!

Can a person's mind be calculated so far!

Moreover, is he ready, just waiting for the people who expelled him to come and beg him, so that he can get revenge!

Even Wen Ren Tianyi fought a cold war!

impossible!

"Could it be that Wiliam knew that our nine qualifying matches would be forced to invite him back?" Someone weakly said the most suffocating speculation in everyone's hearts.

"Sect Master! You have seen it too, Wiliam has dug a hole long ago waiting for us to jump! We were almost fooled! Can't just follow his wish so easily!" Wen Ren Tianqing shouted immediately.

Wenren Tiange's scalp was numb, and for a while, he felt scared of that young man!

"No, he should be just talking about the scene! He values himself too much and thinks he will come out sooner or later. Sooner or later we will feel that it is a pity to expel him. It must not be because of the nine qualifying matches! Otherwise, he is too godly! I know how long it took him from the time he left to the nine qualifying matches! No matter how powerful he can plan to this point? I'm sure! He has a long-term plan. Staying in the green hills, not afraid of firewood, is definitely not for this time! "Wen Ren Tianyi forced a calm analysis!

At this time, Wiliam's image was actually a bit of a myth, and everyone was suppressed, and everyone should not be allowed to think highly of that kid for no reason!

Everyone's eyes gradually cleared, and Wen Ren Tianyi made a lot of sense. Wiliam should be saying that this will happen in the future instead of now.

However, Wenren smiled heartily.

The smile was weird.

"Then let me remind you one more thing. You should all know that I can look into the future for a short while with the blood of my mother? On the night Wiliam left, I also said a prophecy."

"I said, in just one or two months, something very important to us will happen, and our reputation will be ruined like the end!"

"At the time I was still rather vague and didn't understand the real meaning. Now you think about it with my predictions at the time. Is Wiliam really counted as nine qualifying events! Is he really just talking about it!"

"You guys, I'm afraid I don't know at all. Wiliam's resourcefulness is 10,000 times more terrifying than his martial arts!"
