

Dragon Husband

Chapter 1549

The people at the scene were dumbfounded!

Last second, I felt that Wenren Tianyi made sense, and everything was just the steps that the kid found himself.

But when people heard that they said so, the collective panic.

Is there such a scary person in the world?

However, they did not dare to doubt Wen Ren's words, because she represented Lady Peach Blossom.

"This! This!" Even Wenren Tiange was a bit speechless.

If Wenren's predictions come true, this doomsday may really be the nine qualifying matches.

Imagine, without the help of a super bug like Wiliam, it is really too difficult for Xianghua to keep his position in the nine sects.

Does losing the position of the Nine Sects mean the end is coming?

"It seems that we must act. Only by winning Wiliam can we break this prophecy!" Wenren Tiange finally decided!

Everyone nodded without hesitation.

However, Wen Renqing's brows still frowned.

She held a word in her heart and didn't say it.

A prophecy is called a prophecy because it will come true.

Will it be broken so easily?

"Qingqing, you are doing things more steadily, otherwise you will find Wiliamtan first, and you will bring him over at all costs." Wenren Tiange said again to Wenren with love.

The reason why he called Wen Renqin who had a better relationship with Wiliam was because he felt that Wen Renqin would turn to Wiliam.

He doesn't say good things to the sect.

But Wenrenqingqing is different, she has a strong outlook on the overall situation.

Wen Renqing glanced at his sister, and could only helplessly agree, "It is okay to go, but I have no idea about success or failure. I can only do my best."

This is what she said in her heart.

“Nothing! Do your best. What do you need our assistance for? Or what request that kid makes, just tell us.” Some elders said.

Wenrenqingqing is actually quite uncomfortable in my heart.

They have to ask people to come over for help. It's still such a big help, but their attitude towards Wiliam is still high, full of the pride of the superiors.

It's too polite to shout one by one.

It took some time to find out that Wiliam was in the Yuntian auction house. Wenren Qingqing left for yesterday's auction house the next day.

She also quickly met Wiliam.

What surprised her was that Liu Yuntian and Song Hanyu stood in the room behind Wiliam.

Wen Ren Qingqing smiled at Song Hanyu and said respectfully: “Hello Aunt Song.”

There was no way to reduce respect because of the decline in Aunt Song's status over the past two years.

Song Hanyu and Wen Renqingqing are old acquaintances. She smiled and said, “It's Qingqing girl, are you here to find Wiliam? Come in.”

She said that she took Qingqing's arm and pulled into the room.

“You go out first, I'll talk to Qingqing alone for a while.” Wiliam said to Liu Yuntian and Song Hanyu.

When the two heard this, they immediately said: “Okay, I'll let someone prepare some tea and cakes, you guys talk slowly.”

Then he went out.

And Liu Yuntian also looked back at Wenren Qingqing, and there seemed to be a trace of resentment in his eyes.

It seemed that Xianghua's despicable behavior towards Wiliam was counted as Wenrenqingqing's head.

Dragon Husband 1549 Part 2

**But Wenrenqingqing is not aware of it at all.
She just felt very shocked!**

What did she see just now!

One of the double pride, although her status is not as good as before, she is still a woman worthy of her respect!

There are also the president of Yuntian Auction House, the vice president of Jinyu Lingkong, and it is rumored that there is a mysterious man behind him!

They should give Wiliam face so much!

No, not to give Wiliam face, but to listen to Wiliam's words!

Let them out in one sentence!

Even if your own father came, these two might not be so polite, right?

Wiliam has a very high status in their hearts?

How long did he know this couple?

Wen Ren looked at Wiliam up and down with affection, and he was still the same as before, without seeing any changes.

But why does it feel that he has gone through all the vicissitudes of life in the past few days?

"What are you looking at? It's said that I'm a man you can't get, don't bother with me, sit down." Wiliam joked casually.

Wenren Qingqing has a black line, well, it must have been an illusion just now.

This puppy is still the same as before, very narcissistic!

I didn't see him for a few days, and I wanted to be polite with him and talk about what I have seen and heard in the past few days, but now it seems unnecessary.

Wenren Qingqing sat down on the chair and went straight in: "You should know what I am doing here, right?"

"In order to get me." Wiliam said lightly.

Wenren Qingqing's forehead throbs.

In order to get me.

This sounded something wrong at first, and it was indeed the sect who wanted to get him.

But carefully consider why it is so unpleasant!

It feels that I have come to find him so hard to get his young and strong s*x?

Bah baah baah!

shameless!

"Can you speak well?" Wenren Qingqing felt that he really had to dig this Yazu grave in the last life, and he would have to explode it when he saw him!

"Am I wrong?" Wiliam asked back.

Wenren Qingqing's head buzzed, and a charming smile suddenly appeared. She stretched out her small lilac tongue, licked her bright red lips, fluffed her hair with her little finger, and unbuttoned a shirt, revealing a bit of snow. Finally, Said in a voice full of the smell of the royal sister: "Lie down, my little brother."

William's face turned black, is he still addicted?

It's full of aggressiveness!

"Talk about business." William sat in a precarious manner without squinting.

Wenren Qingqing showed a triumphant smile, and then untied another button, and then said: "My family asked me to come and invite you to go back, on behalf of Fragrant Flower, Blood Ginseng and Nine Seasons Qualifying."

Direct enough.

Williamqiang couldn't bear to watch Wenren Qingqing, this girl is too beautiful!

He said: "Go back and let the two elders come in three days."

Wen Renqing looked at William strangely: "Sure enough, you have your own plans. I'll just ask you, will you return to the fragrance of flowers?"

William shook his head, smiling without saying a word.

"Okay, I'll let those two people come over to you, what do you like. The answer to this question, you know and I know." Wen Ren Qingqing was not angry, and directly agreed to William.

She was still upset about what the two elders had done to William.

The sin deserves it.

If someone in the sect saw Wen Ren Qingqing actually approaching William, they would definitely curse your overall view!

Wen Renqing said that she stood up and walked outside, but turned her head back, "Are our sisters still your friends?"

William smiled slightly, "The fate of the two sisters, William will go through the water and fire without hesitation."

"Well, my little brother is great." Wen Renqing returned with a charming smile, and opened the door and walked outside, as if coming over this time was just a perfunctory matter.

Just walking outside the door, she saw Song Hanyu who had been waiting not far away.

Song Hanyu was dumbfounded when he saw Wenren's affection.

Because Wenrenqing's clothes are still unbuttoned with two buttons, it looks like a thrilling beauty of pure desire.

"Qingqing, you, you, you and him..." Song Hanyu couldn't say a whole sentence for a long time.

Wen Renqing easily buttoned the button, and threw a word out of breath while walking forward.

“That man is good, but too fast. It is not a good thing for a man to be too fast.”
