

Dragon Husband

Chapter 1550

Wen Renqingqing walked so lightly, leaving Song Hanyu dumbfounded.

Wen Renqingqing's last sentence is too strong!

Unexpectedly, Wiliam is such a Wiliam!

Song Hanyu looked at Wiliam's room blankly, but for a moment he dared not go forward.

I was afraid of hurting Wiliam's fragile heart.

But she also thought of one thing. It seems that Wiliam's relationship with Wen Renqing is quite unusual.

This is a major discovery!

In the future, I will be a little better about Wenren.

Wen Renqing returned to the sect and found that everyone was waiting in the chamber.

Seeing her come back, everyone frowned, coming back a bit too soon.

"Qing Qing, what happened?" Wenren Tiange asked.

Wen Renqing shook his head and said, "Wiliam said, three days later, ask Tian Yi and Elder Tian Qing to come to him in person."

As soon as the words came out, everyone at the scene looked at both of them.

Wenren Tianqing's face is ugly to the extreme!

Could the meaning of Wiliam's words be more obvious!

Obviously, they wanted the two elders to be humiliated in the past!

"Too much deception! I don't think that this kid has such a small mind, he will be rewarded! Do we have to recruit him for such an unhealthy villain! If it is recruited, it will be a disaster!" Wen Ren Tianqing shouted sharply.

Others looked at each other and were afraid to speak.

In all fairness, Wenren Tianqing had counted on Wiliam many times before, and even tried to put him to death with hidden weapons.

Wiliamzhen's death by him was a blessing in misfortune.

Wen Ren Tianyi also attacked Wiliam many times in an attempt to punish him with morals.

The behavior of the two elders towards Wiliam was shameless.

It is only natural for Wiliam to take revenge.

Wiliam had spoken out before, and it was easy to withdraw the disciple token, but it would be difficult to return it again.

Now Wiliam said that letting the two elders pass by himself was just a practice of the words at the time.

Wiliam didn't have any conspiracies and tricks, instead, he was arrogant and upright.

Wen Ren Tianqing scolded Wiliam for being wrong.

"Tian Yi, you forcibly took away the token of Wiliam's disciple and broke Wiliam's last contact with us. All this is your own responsibility. So three days later, you and Tian Qing must go there. I don't care if you persuade you. He still begged him. I only hope that you can bring Wiliam back in three days." Wenren Tiange was tough once.

The haze between Wenren Tianyi's eyebrows is even worse.

He also didn't expect that things would develop to this point!

Damn nine qualifying matches, how come this ridiculous rule came out!

Ask him to ask Wiliam to dream!

A mediocre kid who just defeated Tianqing with conspiracy and tricks, really considered himself a strong one?

I'm afraid I don't know the heights of the sky at all!

"Sister, what do you think? Will they go?" Wen Renqing returned to his sister and asked in a low voice.

Wenren's eyes were in a trance, as if seeing something.

Then she knocked her head in a bit of pain, and whispered: "It's getting more and more dead."

Only these few words shocked Wenrenqingqing.

She didn't know if she wanted to continue to defend Wiliam.

Dragon Husband 1550 Part 2

And in these three days, with the help of Liu Yuntian, some of Wiliam's small messages, like tiny threads, flew into the sects.

All the sects thought that they had heard a great secret, and they started planning without revealing each other.

Wiliam stared at the bowl of dragon tiger soup in a daze.

He looked at Tang, and at Song Hanyu who was sympathetic in front of him, confused.

Does Aunt Song have any misunderstandings about me?

Three meals a day with dragon and tiger soup?

This is to make me go to heaven!

“Aunt Song, do you have anything to say?” Wiliam asked bitterly, breaking the silence.

Song Hanyu sighed and said with an unbearable expression: “I have nothing to say, it’s all in the soup.”

What the hell are all in the soup!

Wiliam murmured, “Do you have any misunderstandings about me?”

Song Hanyu hurriedly waved his hand, “Wiliam, Aunt Song is also here. Back then, Uncle Yuntian was like you for a while, nothing.”

Wiliam was stunned, why am I nothing?

“Later, I used a secret recipe to stew dragon tiger soup for him. After a while, he regained his glory. It’s very useful. Drink it quickly, or it will be bitter when it gets cold.” Song Hanyu gave an empathetic example and expressed understanding.

Wiliam’s face is green, and I don’t know what Aunt Song misunderstood.

“Aunt Song, I’m in good health!” Wiliam said that he was fierce and fierce.

“I understand! You drink first. Hurry up! Don’t disappoint Aunt Song’s kindness. You will thank Aunt Song in the future.” Song Hanyu brought the bowl to Wiliam’s face, so touched that Wiliam started to cry.

He drank it helplessly, and Song Hanyu left with satisfaction.

As a healer, Wiliam naturally knew what was in the dragon tiger soup.

It’s not bad for the body.

But the only side effect was Wiliam’s dry mouth.

It’s too tonic, and I feel my heart is burning and my temper has become dry.

That’s how Wiliam came over the past three days, and she couldn’t hold Aunt Song’s warmth, and how to explain it, she was just like someone who came over.

It seems to be trying to maintain a man’s self-esteem.

William didn't know what to say.

Three days later.

William's trail news has been completely fermented, and the various sects are casually calm on the surface, but they are already flowing under the guise.

Liu Yuntian has been so busy these days, he has only done one thing.

And William was also mad, feeling that he would explode if he didn't vent.

this day.

Xianghualixue sect.

"Tian Qing, Tian Yi, are you ready? Today, no matter what, give us a satisfactory answer!" Wen Ren Tiange said to the two.

Wen Ren Tianyi nodded faintly, and said, "We will definitely not let you down."

After that, he really took Wen Ren Tianqing to leave the fragrant flower and bloody door in stride.

Wenren Tianqing was full of unwillingness, and grabbed Wenren Tianyi outside the door, "Big brother, are you crazy! Are you really going to beg that kid! Have you forgotten how we treated him before! Now he has The opportunity to retaliate must be a different trick to humiliate us! How can we follow his wishes like this! No! I can't do it!"

Wen Ren Tianyi showed a sneer, "Please? He deserves it too?"

"Then what are we going to do? He would never come back with us without begging him." Wen Ren Tianqing was stunned.

"The Sect Master just asked us to give an answer, but he didn't say that we must bring William back." Wen Ren Tianyi's expression slowly became cruel.

"It's not a friend, it's an enemy!"

"If you can't get it, then it's completely destroyed, so that others won't get the slightest benefit!"

"This! That's the satisfactory answer I want to give!"
