

Dragon Husband

Chapter 1552

Wiliam's body was about to explode these days, and his temper became very aggressive.

He backed away, escaped Wen Ren Tianyi's attack, and then rushed straight up!

He didn't have any defense, his fist was like a violent wind, madly pounding Wenren Tianyi.

It seems that only such a hearty fight can vent the heat of the body.

Wen Ren Tianyi laughed coldly: "Do you think I am the same as Tian Qing? Then you are ready to die!"

When he talked, he also chose the most rigid method, and fisted with Wiliam!

"Boom! Boom! Boom!"

There was a crackling sound from the fists of the two!

The floor in front of them is also directly turned into powder!

Wen Ren Tianyi thought he could be unscathed by relying on the realm of the Innate Secret Realm.

But soon he discovered that he was naive!

The aura on Wiliam's fist was the same as before, half a step of innate peak!

But hit Wenren Tianyi's body, it hurts to death!

This is what he didn't think of.

Soon, he also thought of how Wenren Tianqing had lost the battle.

Can't compete with this kid for physical strength and internal strength!

The weird azure aura on this kid's body seemed to be constantly replenishing power.

Thinking of this, Wen Ren Tianyi's face was ruthless, and a yellow light flashed in front of him!

Wiliam's fist just felt bang against a steel plate, making a squeaky sound.

He backed away and looked at Wenren Tianyi.

At this moment, Wenren Tianyi's body was filled with yellow streamers.

These yellow streamers immediately turned into a delicate small tower and fell into Wenren Tianyi's hands.

The corner of Wiliam's mouth twitched slightly.

I have long heard that there are three magical soldiers in Xianghualixue.

I have seen a purple butterfly blade on Wenren Tianqing before, which is a sharp weapon for assassination.

Now I have seen a magic weapon.

However, this god soldier turned out to be a pagoda, and it seemed to be able to turn into a stream of light to attach to a person's body.

It should be a defensive soldier.

Wiliam wanted to try this defensive magic soldier.

So without a second word, he continued to rush towards Wenren Tianyi with his bare hands.

Wenren Tianyi sneered, "Idiot! Can't you see my Minghuang Dadi Pagoda!"

Minghuang Dadi Tower!

It is the magic weapon owned by Wenren Tianyi.

Usually it looks like a pagoda, which can be turned into a pagoda and attached to the owner's body.

This is an extremely powerful defensive magic weapon!

In the entire nine sects, there are generally three types of divine soldiers.

Offensive magic weapons, such as swords and various sharp weapons.

Auxiliary magic weapons, such as those weapons used by Can Jian Jiutian to forge their swords.

There are also defensive soldiers.

This kind of magic weapon specializes in defense, and the number is very small among the nine cases.

After all, everyone seeks to kill.

And Wenren Tianyi's Minghuang Earth Tower can be regarded as the king of defensive magic soldiers among the nine sects!

There is no defensive magic weapon that can be compared with the Minghuang Dadi Pagoda.

If the offensive magic weapon blooms in a hundred flowers, each has its own merits, then the defensive magic weapon Minghuang Dadi Pagoda is one of the best.

This is also Wenren Tianyi's biggest reliance!

With Minghuang Dadi Pagoda, he will always be invincible!

Dragon Husband 1552 Part 2

Seeing Wiliam rushing over like a stunned child, Wen Ren Tianyi was mocking him for his lack of eyesight, and he didn't even know Minghuang Dadi Pagoda!

Let him run into a wall, damp out his arrogance, and watch him feel discouraged and desperate.

Wiliam's fist was close, and the Minghuang Dadi Pagoda didn't even turn into a tower suit.

It's just that his figure soared, turning into a big yellow tower of the same height, lying between the two.

Wiliam also looked like a second stunned child, unexpectedly he had no choice to go around, but was stubborn in front of him!

"Boom! Boom! Boom!" The strong roar rang again.

Minghuang Dadi Pagoda is like an unattainable mountain, rejecting everything in the world.

Wiliam's fist hit the Minghuang Earth Tower, only a little ripple appeared.

There is no way to even make the Minghuang Earth Tower tremble a little bit.

Obviously, this Minghuang Earth Tower cannot be broken at all.

But Wiliam is a bull who can't die before the Yellow River!

Regardless of him, he still attacked with punches and punches.

Fortunately, his fist was wrapped with vigor, otherwise his fists would be broken directly.

Seeing that Wiliam was doing futile things, even beginning to pant, Wen Ren Tianyi couldn't help laughing.

Wenren Tianqing beside him leaned forward and backward with a smile!

He was watching Wiliam like a fool, "Hahahaha! This kid doesn't cry without seeing the coffin. Does he really think he can break the Minghuang Dadi Pagoda? There is nothing he can do with even this first-level pagoda shape, let alone the state of the tower. ."

"Boy, do you know what my elder brother this pagoda is? I reluctantly tell you that this pagoda is called the Minghuang Dadi Pagoda, which is a defensive magic weapon."

"I'll tell you more generously, this magic weapon is extraordinary, the strongest defensive magic weapon among the nine sects! Do you know how Xianghua Lixue ranked among the nine sects back then? Hahaha! The Minghuang Earth Tower played an absolute role! Individuals can break this pagoda, so my big brother will always be invincible!"

"Even a few years ago, when Shuangjiao Yaoshi, the two of them did not dare to say that they could break the pagoda. Now you know how powerful it is! Are you sad? Never despair? Hahaha!"

Wen Ren Tianqing laughed at Wiliam frantically.

They have 100% confidence!

Among the current nine sects, there is no magic weapon that can break the Minghuang Earth Tower.

But Wiliam turned a deaf ear and continued to punch frantically, sweating down his body.

“Oh, is this unbelief in evil or something? Or is it that you can’t live up to the face now?”

“I also told you compassionately. As long as you kneel and call us grandpa three times and nine times, we can also forgive you and let you be loyal to us. This is our last mercy!” Wen Ren Tianqing said with a smile again .

Wiliam’s punching speed was slowly slowing down, as if he was out of strength.

“Why? Can’t it last? Didn’t you also have magic soldiers before? Just the silver needle, come on, show it? Isn’t it awesome? Why don’t you even dare to release magic soldiers now? Anyway, you don’t have a face.” Wen Ren Tianqing mocked arrogantly, feeling comfortable like never before!

Wiliam’s fists were getting slower and slower, and finally stopped slowly.

All his clothes were wet with sweat, and he looked embarrassed.

However, he showed a cheerful smile, as if talking to himself, “I finally vented out, almost suffocating me.”

After speaking, he looked at Wenren Tianqing and said with a smile: “What did you just say? You want to meet my magic soldier?”

As soon as the voice fell, Wiliam pinched the center of his eyebrows, as if pulling out from the center of his eyebrows!

A strange and terrifying red lotus appeared in Wiliam’s palm!

“Then, as you wish!”

“I will teach you a word by the way, the only thing that can defeat magic is magic.”
