Chapter 1555 Nine Powers

When Liu Yuntian thought of this, he couldn't help but shiver!

This Wiliam is in the next big game!

All the people in that room are onlookers of this game.

And Wenren Tianyi is a chess piece in Wiliam's hand!

A chess piece that caught the eye of the onlookers.

Before Liu Yuntian reported that Wiliam had defeated the elder Xianghualixue, he was actually worried.

He heard about it, but he hadn't really seen it.

He was worried about Wiliam.

Presumably normal people would report this with suspicion.

Even if they come to visit, they still have a questioning mind.

But now!

What could be more shocking and more convincing than letting them witness this rumor with their own eyes!

Even this time, the opponent is stronger than Wenren Tianqing, and there are these nine strongest defensive soldiers!

But in Wiliam's hands, like an ant, life and death were just a matter of thought.

People in that room, want to blow up!

As Liu Yuntian was thinking about it, he heard the sound of breaking the wind coming swiftly outside!

In the blink of an eye, at least thirty people came to this meeting room.

The eyes of these people looking at Wiliam were filled with incomparable heat!

There are even those who can't restrain themselves, still panting!

I can't wait to take Wiliam home in his pocket now.

"Everyone, please sit down and let me introduce it to you." Liu Yun Tianrao had experienced strong winds and waves, and had not seen the eyes of so many masters, he bit his head.

In any case, everyone finally sold Liu Yuntian's face, sitting on the chairs in the living room one by one.

But their eyes never left Wiliam.

They wanted to see how this very young boy defeated the long-established elder.

Even, they still have a word choked in their throats.

Is Wiliam's weird lotus flower a supernatural soldier?

If it really is, it would be terrible!

And if it was before, everyone might have a heart of murder and treasure.

But at this moment, everyone has no such thoughts at all.

Not to mention that Wiliam is now the plug-in in everyone's eyes, and can help the sect to maximize its brilliance.

Wiliam's strength lies here, who dares to have absolute confidence to kill Wiliam.

"Well, as you can see, the one who easily defeated Elder Wen Ren Tianyi just now is Wiliam, who has been in the limelight recently." Liu Yuntian pointed to Wiliam and said to everyone.

Everyone's expressions became weird.

The name Wiliam is indeed in the limelight.

But it wasn't because he was as strong as before.

It is notorious.

What a natural waste of blood, eating soft rice.

Anyway, none of them is good.

Fragrant flowers and blood are really brain-dead!

More than guilty of death!

"Wiliam, I also recommend you to you." Liu Yuntian said to Wiliam again.

Wiliam nodded, and Liu Yuntian began to introduce them one by one from left to right.

After listening to the introduction, Wiliam finally had a general understanding of Jiuzong.

As the name suggests, Nine Sects are the strongest nine sects in this small world.

Among them, the head of the nine sects is a sect called the Dugu Hongshi.

This lonely lion is said to be the bloodline of the victorious beast, the lion.

Very cruel.

What they sent was an old man with white hair but an unusually burly figure.

It is the elder of the sect.

Obviously, this elder is also very high-ranking, and everyone around him is keeping a distance from him.

But for some reason, when Wiliam saw this elder, he felt instinctive and kind.

Fortunately, the elder Tianqing in his heart explained: "Hoho, it's just the descendants of my bloodline that I don't know how many generations later, you naturally have a deeper bloodline suppression on them."

Wiliam understood it right away. Just like Long gave birth to nine sons, the sons were different, and Qilin estimated that it was the same.

The Hongshi should be one of the descendants of the unicorn, but the blood should be mixed to a very rare level.

It's not just Wiliam who feels this way. That elder is always pretentious, and he is very unhappy when the sect sends him over.

I had to come here in person for a rumor that sounds so ridiculous and false.

Even if Wiliam defeated Wen Ren Tianyi just now, the elder was shocked and shocked, but still maintained his own arrogance.

But now, face to face with Wiliam, just looking at each other, this elder has an impulse to cast his five bodies on the ground.

This feeling is carved into the bones, deep into the soul!

He finally got rid of this shameful thought, but he didn't dare to look at Wiliam again.

This kid, it seems that there are other mysteries in his body, even I almost said.

The elder thought weirdly.

The second sect of the nine sects is called Han Xing Wang Qing.

Wiliam's eyes lit up when he heard the introduction of this sect.

I have been paying attention to inquiring before, and I didn't think it would take any effort!

This Han Xing Wangqing sect turned out to be a descendant of Emperor Wang's blood!

Wangdi was so infatuated, didn't he say that he was dead?

Chunxin took out and worked hard to create the blood-forgetting clan and the secret blood dependence.

Now this place is expected to be descended from the blood of the emperor?

It seems that the story I heard at the beginning has a deep inside story.

Wiliam didn't have time to struggle with these things, because when he heard Emperor Wang's name, Wiliam thought of the woman who was like a gust of wind.

Don't know how that woman is getting along with the wind and snow now?

Feeling relieved in my heart?

This time Han Xing Wangqing also came to an elder.

She was a woman who looked thirty-four, but Liu Yuntian made it clear that the elder had reached the elder age.

It seems to be a masterpiece.

Wiliam looked at this woman, but felt a deep cold.

It seems that there is no emotion in the eyes of this old woman, and some are just like confusion and emptiness like the vast deep space.

This sect seems to be very secret.

Wiliam, the third-ranked sect, is very familiar with it.

Yushizhi is famous for being Yushi, and the pinnacle of Yushi is Yushi.

And another secret that is not passed on is to control people. Before, Wiliam thought that the word control refers to overriding others.

I don't think it really means literally, creating people!

The highest-ranking rootless spirit man, thinking that Wiliam's head is a bit big, his heart is still a little uncomfortable.

I dare not imagine that my cheap daughter, Xiao Wangqing, was made.

Hey, if you think about it this way, whether Miss Su will have something to do with Han Xing Wangqing, after all, the secret blood of the bloodline of the Emperor Xiao Wangqing that she created is dependent on the blood of the Emperor Wang.

Wiliam shook his head slightly.

Wiliam was familiar with those who came from the imperial family.

Surprisingly, it was the Huqing who had taken the second brother Lin Jiang before, named Su Emei.

She has a seductive face and her face is also unique.

She looked at Wiliam, only smiled, nodded, and finished her greeting.

Wiliam also nodded, just about to look away.

But suddenly I felt a voice rang in my ears, "Boy, it's no wonder Lin Jiang admires you so much. Let's have a chat when everyone is gone. You can't wait to get that beautiful wife named Fengxue here from the Anaconda continent. Come on, I can help you."
