

Dragon Husband

Chapter 1559

Among the nine sects, the people with Qijian Zhantian could not hold back, and said first: "William, you are capable of being seen by all of us. As a sign of sincerity, on behalf of Zongmen, I can promise that as long as you join our Qijian Zhantian, Zongmen I would like to send out two magic weapons!"

As soon as this was said, everyone at the scene was silent.

Finally, I didn't have to work hard on Lingjing.

A person like William could not be measured by the spirit crystal for a long time.

Like what Spirit Crystal said by the hero of Canglang, it is laughable and generous.

The two magic weapons are also generous.

You must know that like a fragrant flower and blood, the entire sect has only three magic weapons.

It just depends on William's motionlessness.

However, some people shook their heads with playful eyes.

It's ridiculous, the magic soldier may be very strange in the eyes of ordinary people.

But to William, he was equally dismissive.

The fascinating red lotus he had just now was far superior to an ordinary magic weapon.

Therefore, the two magic weapons were still unattractive to William.

Sure enough, William just smiled and didn't speak.

But Qi Jian Zhetian said that, directly blocking the entrances of those small sects.

The people of the Xiaozongmen looked at each other.

The concubine can't do it.

One shot is two magic weapons, where can they get them out?

And Qi Jian Zhetian's screening, only the other nine schools are left to compete.

The old man in Yi Nian Prison pondered for a while, stood up and said, "If you are willing to join us in Yi Nian Prison, we can take out three pills to show our sincerity."

With that said, the people on the scene took a breath and looked at the old man in a black robe in horror.

Even Liu Yuntian's eyes widened.

He knew that Wiliam might still not understand what the elixir of return to dreaming was, and quickly explained in Wiliam's ear: "This time the elixir of dreaming of dreams is terrific! This is the unique medicine of Yi Nian Immortal Prison, and it is not an exaggeration to say that it is an elixir. . As long as there is one breath, even the weakest one, taking a pill back to sleepwalking in the elixir, you can guarantee immortality. In recent years, how many people have come to ask for pill, and those who think of immortal prison are rejected. It is said to refine one pill. It takes twenty years to return to the Dreamwalking Immortal Pill! And the entire One Thought Immortal Prison, only six pills are kept for self-protection. I have been in the auction business for many years, and only people who thought about Immortal Prison took it out more than 20 years ago. It was auctioned once, and it caused an unprecedented sensation at that time! Tens of thousands of spiritual crystals were sold in one shot!"

When Liu Yuntian said this, Wiliam also knew the value of this pill.

With this pill, it is equivalent to three lives. Isn't it fragrant?

However, in Wiliam's heart, he was still unmoved.

On the one hand, he possesses peerless medical skills, and the later chapters of the "Impermanent Medical Classics" can even bring souls back to heaven.

And more importantly, Wiliam didn't want to.

Wiliam walked all the way, but when it was not a life or death experience, he made a way out of blood and tears.

What he relies on is the will and courage to live to death.

Once he had this kind of medicine, he might have dependence and lost his sharpest will.

Therefore, this pill is very beautiful to others, but it is like a tasteless to Wiliam.

1559 Part 2

Seeing Wiliamzhen speaking, the people at the scene stared at him.

This doesn't move your heart, is there something wrong with your brain?

The idiot who was defeated by Liangmu Gong also stood up and said: "Since the medicine stone can't make you tempted, what about the machine? We are willing to use the power of the whole family to create a set of stone armor for you. I guarantee that the quality is definitely not mine. Sovereign's voice under the armor of gold and stone."

There was another exclaim at the scene.

crazy!

In order to win over this Wiliam, the people of Jiuzong were crazy!

Jinshi armor, this is the treasure that the good wood gong loses the lord only!

Although Jinshi armor is not a magic weapon, its protection ability is far above that of a magic weapon!

In terms of body protection ability alone, the gold and stone armor is close to the Ming emperor's tower, which was fragrant and bloody before.

And although it is called armor, it not only has the ability to protect the body, but also the ability to transform various forms unique to Artisan.

Attack, defense, everything.

It's not an exaggeration to say that a piece of golden stone armor can be compared to two Minghuang Earth Towers!

So far, the good woods have only one piece of stone armor, because the conditions for making stone armor are too harsh.

The right time and place are indispensable, and the materials made alone will make people stunned!

It is estimated that Liangmu Gongzu only collected a set of materials for so many years, so this promise was made.

However, Wiliam still didn't speak.

The reason is the same as that of returning to the elixir of dreams.

With the help of external forces, after all, there is less confidence and more dependence.

Seeing that Wiliam didn't speak, the idiot sighed and said, "You think about it again. This is really the greatest sincerity our sect can show."

Wu Diancang on the side had already been stunned.

He seemed to be experiencing a dream.

Return to sleepwalking elixir, Jinshi armor.

These are the treasures he can't even think of!

Now, it's alive.

As long as Wiliam nodded, these treasures are at your fingertips!

Now when I think about it, it's shameful that I actually bid 10,000 Lingjing!

At the same time, he was shivering, not understanding what magical powers this Wiliam had, making these people crazy!

What's more frightening is that there are still a few sects that don't have to come up with a bargaining chip.

What horrible offer will they have next?

Can Jian Jiu Tian's Jian Lao and Yu Shi Zhi Ren Su Emei obviously didn't plan to make an offer anymore.

The sword veteran of Can Jian Jiu Tian knew that Wiliam would not join Can Jian Jiu Tian, after all, he had already invited it once before.

But the friendship between Can Jian Jiutian and Wiliam lasted, enough.

More importantly, one of their two arrogances is back, so I'm not afraid.

Su Emei knew that Wiliam would not join the imperial family. Although Wiliam and Lin Jiangqing were the same brothers and sisters, one enchantment in one sect was enough. Two words would be too turbulent.

Lin Jiang is not a fuel-efficient lamp either, he has always been on the line for trouble-making.

Everyone looked at the remaining sects that had no bids.

Red and thin tall buildings, Hanxing Wangqing, and the leader of the nine sects, the lonely lion.

Han Xing Wangqing and Dugu Hongshi stood up. As if they had discussed beforehand, they directly threw a sentence, "If you join our sect, you will be the youngest elder in the history of the sect."

In a word, enough!

All the courage, all the arrogance, all the affection, are in it.

In his twenties, the elder who directly boarded the first two sects of the Nine Sects!

The people at the scene turned pale from fright!

If those things outside of the body can bring real benefits to Wiliam, this position of elder can bring to Wiliam an unparalleled fame in his lifetime!

And when the husband is alive, isn't he just supporting Yulong and collecting the famous share of Guanshan Fifty States!

Now, Wiliam should be tempted!
