

Dragon Husband 1560 Part 1

Chapter 1560

I have to say that the bargaining chips given by Han Xing Wangqing and Dugu Hongshi are too tempting.

Enough to make everyone crazy.

If the chips they opened today were passed, it would cause nine shocks.

Wiliam's reputation will also be thoroughly established.

To put it bluntly, everyone joined the sect, on the one hand to improve martial arts, on the other hand, to make a difference.

And the elder who became the strongest sect, who is still so young, has a lot to do in the future, and it is possible to become the sect master!

Everyone looked at Wiliam with scorching eyes, and their thoughts of competing with these two sects for Wiliam were dispelled in their hearts.

And Wiliam still didn't speak, just lowered his head and drank a cup of tea in his hand.

This look confuses many people at the scene.

They couldn't understand Wiliam more and more.

What is this kid thinking?

In terms of material, medicine, and equipment, Wiliam remained motionless.

Now in terms of fame and fortune, he also looks like a ghost.

What does he want?

What can make him tempted?

Han Xing's brow wrinkled slightly and said to Wiliam politely: "Wiliam, you should know what the position of elder represents. The meaning of our two elders is even more extraordinary. To put it mildly, Our elders go out, the other seven sect masters will be polite to three points, I hope you can think about it."

Wiliam arched his hand towards them slightly, indicating that he knew it.

At this time, someone looked at another person.

The only person present who is qualified to make a statement but has not made a statement.

He is also the most evil person in the audience, Su Hongxiu, the sovereign of the red and thin tall building.

From the very beginning, Su Hongxiu had been looking at Wiliam, and his eyes became hotter as he went to the back.

This kind of heat even made many people around feel it.

Everyone is used to it.

After all, Su Hongxiu, as the lord, usually has a special nickname called "Mrs. Food Color".

Rumor has it that this beautiful woman in her thirties got married at an early age, but her husband died violently on the night of the wedding, three consecutive deaths.

She is still a virgin today.

But she is a person who has a bold style and has a special habit of male s*x.

I like to admire it in front of my eyes.

As a young man, Wiliam was handsome and handsome, so he naturally caught Su Hongxiu's eyes.

Although everyone is not ashamed of Su Hongxiu's lustful nature, there is no one who dares to say.

Who made her cultivation base?

Before the two arrogances fell, Su Hongxiu could compete with them.

It can be said to be a very outstanding woman in the younger generation.

Seeing that everyone was looking at him, Su Hongxiu smiled slightly, stood up, the focus of his body swayed slightly.

She chuckled and said, "It seems that everyone is waiting for someone's exit."

A mouth, the voice is full of magnetism, there is a special alluring power, and the posture of the imperial sister is instantly full.

"Then I won't let you down. Wiliam, if you are willing to join our Red Thin Tall Building, I am willing to commit myself to you. You are the husband of the Red Sleeve Tall Building and the only one officially joined by the Red Thin Tall Building. How about a man? There are beautiful women like clouds in our red and thin tall buildings. Looking at them is a kind of enjoyment." Su Hongxiu lightly covered his lips, seeming to be laughing.

1560 Part 2

And everyone was shocked by this sentence!

Depend on!

All the husbands in the village are out!

Really riding a horse is Su Hongxiu's style!

Very evil!

Actually wanted to marry Wiliam this way.

Think about it, it's a man who is sure to be tempted.

Although Su Hongxiu is arrogant, he still guards himself like a jade, let alone this point.

She is also beautiful and beautiful, and she has a pure and lustful feeling, which makes people want to stop.

More importantly, she is a suzerain in Jiu Zongli, and she has a high status.

And the red and thin tall buildings are indeed beautiful like clouds, let a man in, who can hold Yingyingyan next to you every day!

The caring person frowned.

Su Hongxiu's bargaining chip seems absurd, but he is very clever!

Let Wiliam become the husband of the suzerain, with his name and profit.

More importantly, there is one point that no one else had thought of before—beauties.

This is how much you understand a man to come up with this idea. It's like rubbing a man on the ground!

However, there is a taboo in it.

Seeing Wiliam not speaking, Su Hongxiu smiled again, "Little brother, are you afraid? I'm afraid that I will die on the wedding night. The beauty of my mouth will be blessed?"

With that said, the hearts of the people at the scene beat fiercely. This is killing people and punishing their hearts.

"People can give you a promise. As long as you promise to join the red and thin tall building, you will never die. On the contrary, on the wedding night, they will make you want to die." Su Hongxiu spoke boldly, when The face of everyone was actually molesting Wiliam.

This remark made many old people feel blushing.

shameless!

Chi Guoguo's beauty plan!

But they dare not say anything.

Who can make people have beautiful people, there are more beautiful people...

Innate advantage!

Su Hongxiu saw that Wiliam hadn't spoken yet, and walked towards Wiliam.

She just greeted Wiliam and got closer and closer.

Until the two people were only one foot apart, Su Hongxiu's face slowly moved towards Wiliam.

The two were about the same height, Su Hongxiu exhaled like a blue in Wiliam's ear, and whispered, "Little brother, are you not moved?"

Wiliam took the initiative to take a step back and smiled: "My heart is moved, but I'm sorry, there is someone in my bed, or that sentence, I am the man you will never get."

Are you kidding me?

Has Wiliam seen fewer beauties in his life?

Bai Fengxue, Li Chunfeng, Wang Qingmian, and sisters Mulan, Wen Ren Qingxin, whichever is the master of the flower of a city.

Of course, Wiliam also admitted that Su Hongxiu had an evil temperament in front of him, enough to attract 99% of men.

Who doesn't love sister Yu.

She can arouse every man's desire to conquer.

However, Wiliam felt the wind and snow in his heart, and no longer tolerated other women in this life.

This is a very simple choice.

Su Hongxiu smiled even more when he heard Wiliam's words, as if he became more interested in Wiliam.

"Interesting little brother, then you have to be careful next. When people make promises in front of so many people, it is already hard to reap the water, so they will definitely get you. Well, I can't get your heart. Those who get you can do it too." Su Hongxiu patted Wiliam's cheek lightly, and said in an intimate but threatening tone.

Wiliam smiled back at her.

Woman, you are playing with fire.

At this point, the nine sects were not there except those who had spent their lives, and everyone had made their position clear.

But Wiliam didn't even feel excited about any of them.

Now everyone is not calm, a man who is not close to women and does not seek fame and fortune, is he still a man?

Could it be that a woman disguised herself as a man?

“Wiliam, just say it directly, how can you join the sect? If you can be satisfied, we will satisfy you at all costs!” Someone finally lost his breath and said depressedly.
