

Dragon Husband 1562 Part 1

Chapter 1562

Su Emei's eyebrows drooped suddenly, "Isn't it?"

She felt like she was being critically hit again.

But she didn't ask any more, the more she asked, the more her heart hurt.

The two chatted a few more words at random, and Su Emei said goodbye and left.

And at this moment, in the sect of fragrant flowers and blood.

Wen Ren Tianqing added more enthusiasm to what happened at Yuntian Auction House.

Of course, a lot of details were processed, which infinitely magnified Wiliam's shamelessness.

Hearing that Minghuang Earth Tower, the strongest defensive soldier of the nine sects, was damaged, Wenren Tiange's expression became extremely ugly!

Not only him, everyone is angry!

This is the Minghuang Dadi Pagoda!

It was so damaged in Wiliam's shamelessness!

How can this shame be tolerated!

"Sect Master, you have also seen that, I kindly invited Wiliam back to the sect, but that kid not only showed no face, but also shot directly, relying on some despicable means to damage the Minghuang Earth Tower. This is no longer hitting me in the face, this is hitting the face of our entire sect! We will never die with him!" Wen Ren Tianyi also changed the gloomy style of the past and said angrily.

The mood of the people at the scene was immediately stirred up.

"That Wiliam is really shameless! Sect Master, you can be the master of this matter!"

"Huh! Do you really think we are afraid of him! I suggest that you directly send a master to kill him! Otherwise, it will be a curse to keep it sooner or later!"

"That kid clearly knows that the Nine Sects qualifying match is coming soon, so he doesn't need to join us. Instead, he ruined the Minghuang Dadi Pagoda at this juncture. This is to put us to death! If this continues, we will be in the Nine Sects. It's dangerous in qualifying!"

In the end, this person's statement touched everyone's heart and hit the most vulnerable part of everyone's heart!

In the last Nine Sects Qualifying Tournament, the biggest reliance on Xianghua's blood was the Minghuang Dadi Pagoda.

Now that there are no soldiers, their status is even more memorable.

A group of people were filled with righteous indignation, only the sisters of Wenren stood on the sidelines with cold eyes.

"Sister, what do you think about this?" Wen Renqing asked her sister habitually.

Wen Renqing couldn't even use the sixth sense, she said directly: "Those two bad old men are very bad! Listening to those two bad old men talking nonsense, I still don't know the character of Wiliam? If it weren't for what they did. How could Wiliam deal with things that are incompatible with the laws of nature? There must be fraud in it."

Wen Renqingqing had also dealt with Wiliam before, and Wiliam clearly told her that he would not return to Xianghua to drain his blood.

That being the case, Wiliam would definitely not kill them all.

Therefore, Wenrenqingqing also felt that something was wrong.

And a group of people are still pressing against Wenren Tiange, wanting Wenren Tiange to make a decision as soon as possible and punish Wiliam in order to save face.

Wenren Tiange was obviously too angry.

But fortunately, Wen Ren came forward and said, "I think this is a bit weird, so, father, decide not to rush, I ask someone to go out and inquire, see if there is any other information?"

Wen Renqingxin's position within the sect is now higher.

When she said that, Wenren Tiange, who was roasted on the fire, immediately said: "Okay, I will give you an hour.

Wenren Tianyi and Wenren Tianqing on the side showed a joking smile.
Inquire?

What information can you find out?

When they met Wiliam, there were no outsiders present at all.

You can only go to Wiliam for information?

And Wiliam, as the culprit who damaged the Minghuang Earth Tower, can everyone be convinced by what he said?

On the contrary, if the sisters approached Wiliam to inquire about the information, they would have committed the crime of the two and the tiger seeking skin.

In this way, Wen Renqing's newly consolidated position will immediately become turbulent.

This is a great thing.

Therefore, Wenren Tianqing said: "Okay, for an hour, we will be waiting here, how can there be falsehoods in what our brothers say!"

Wen Renqing winked at this sister.

The two walked out the door together holding hands.

In fact, the two of them don't need to go out and find someone to inquire.

It's a phone call.

"Hey, Puppy, you did a good job!" Wen Renqing greeted Wiliam's family unceremoniously on the phone.

Wiliam had just finished talking with everyone at this moment, and when he returned to his room, he received a call from Wenrenqing to inquire about crime.

A pile of black lines on his forehead, "Have you taken explosives?"

"You used despicable means to damage the Minghuang Dadi Pagoda of our sect. Let's talk, how do you pay for it!" Wenren Qingqing is aggressive, but there is a jokingly coquettish tone in Wenren's tone.

Wiliam Yihan, "How did those two bad old men report to you?"

When I heard the bad old man, the Wenren on the side laughed with a sneer.

"Qingxin is here," Wiliam said on the phone.

"Well, just now, Elder Wen Ren Tianqing said that you took advantage of the fact that you secretly calculated Wen Ren Tianyi, and then you did not know where you called many masters to besiege him. In the end, he was defeated. He destroyed the Minghuang Great Earth Tower when he was unable to resist." Wen Ren's head leaned forward and said simply and rudely.

The more Wiliam heard it, the more ridiculous, "You believe it?"

"Believe a ghost! Bad old man is very bad!" Wen Ren said angrily.

"What the hell is going on? Puppy?" Wenren Qingqing is still pretty general, and he doesn't continue to gag.

"Actually, you made the wrong call. They didn't believe me when you asked me, but if you ask a big figure in the Nine Sects, you should already know what's going on. Hoho, if you notice in advance, you will be surprised when you understand it." Wiliam said with a smile.

Wen Ren Tianyi had no idea that in another room, the big men watched the battle between Wen Ren Tianyi and Wiliam all the way.

Um, those words before the war were also heard word by word.

Wenren Tianyi keeps saying that he wants to seize power or something. I don't know how he feels when he hears Wenren Tiange?

"Ha, there is such a thing! For nothing!" Wenren Qingqing became interested as soon as he heard it, and hung up the phone decisively, leaving Wiliamfeng in a mess.

Wen Renqingqing naturally called Su Emei, her good girlfriend.

And Su Emei did her part to tell the story of that time, including Wen Ren Tianyi's rebellion, and the nine following seizures seizing pearls.

After listening, Wenrenqingqing was also messed up.

She couldn't imagine that a puppy in her eyes was now so horribly snatched!

The price offered by the other party is too scary!

Wenrenqingqing feels that if these costs are spent on her, will she be unable to hold her back, and will lose her temper?

Absolutely can't hold it, be a shameful mistress!

However, Wen Ren Tianyi actually said in front of everyone that he was going to seize power, which was fun.

Thinking of this, she and Wen Ren looked at each other intently, turned back into the door, and planned to have a good time with this bad old man.
