

# Dragon Husband 1567 Part 1

## Chapter 1567

"Why is it three watch tonight?" Wen Ren Tiange asked cautiously.

Wu Qixiong said confidently, "Don't you know? The kid will announce which sect he will join in the next day. As long as he announces the sect he will join tomorrow, he will definitely be protected by the supreme sect, after all. BUG no one wants to be compromised in such a critical period. So after tonight, it will be difficult for us to find a chance to do it."

"As for the three shifts, this is interesting. I have grasped this kid's weird habit based on multiple eyeliners. The boy likes to walk out of the Yuntian auction house at three shifts, and then punch on a nearby hill with no one. These days, thunder cannot be beaten, this is the trajectory of action. Therefore, the time of the third watch is a perfect opportunity for us to kill people!"

Hearing Wenren Tiange, he suddenly gained a bit of confidence, and he didn't think that Wu Qixiong was so rough and fine, that he even understood Wiliam's peculiar hobby.

It seems that killing Wiliam this time is inevitable.

"Well, according to what you said, I will send three masters at the edge of the Yuntian auction house to respond to you." Wenren Tiange immediately clapped.

"Okay! That's the deal. After tonight, our two sects will be good brothers!" Wu Qixiong said brazenly.

Wenren Tiange smirked, "You're welcome."

"Then I'll leave first. You should know where I am going, Brother Renren." Wu Qixiong showed a mysterious smile and got up to leave.

Wenren Tiange nodded, seeing through without telling it.

Where else can Wu Qixiong go, he must be lobbying other sects to join this beheading operation.

Well, there is a very appropriate code for this operation, called Operation Land Chasing.

After Wu Qixiong left, Wenren Tiange pondered for a long time, and finally called his servants and said, "Let all the elders come to me right away."

The man took the order and was about to go out, but was called back again.

Wen Ren Tiange was confused, and said lightly: "My two daughters, there is no need to notify."

Both of these daughters were of the kind who turned their elbows outward when dealing with Wiliam.

Don't let them know.

Otherwise, go to vent the news.

Not long after, multiple elders have gathered in the Chamber.

Of course, people like Wenrenwuming, who are like idle clouds and wild cranes, will not participate.

After hearing Wenren Tiange's purpose of Wu Qixiong's coming here, everyone's expressions were shocked, and their eyes became extremely complicated.

"I know what everyone is worried about. We still want our fragrant old faces. Therefore, this action is absolutely confidential. Wu Qixiong also promised that we will never reveal our identity. Even among several sects, we will not know each other's identity. Identity. You can rest assured about this." Wenren Tiange broke through everyone's entanglement.

With that said, everyone's expressions were relieved, and they suddenly became filled with indignation.

"For something like Wiliam, I can't wait to kill him and hurry up!"

"We Xianghua has worked hard to take him in, but he has committed such a rebellious behavior. It is already a serious sin. Killing him is a gift to him!"

## 1567 Part 2

"Sect Master, I absolutely support your decision! That kid made our sect lose face. If we don't teach him a lesson, he will ride on our head instead."

Everyone says you and me, but the stand is surprisingly unanimous.

Kill Wiliam! Find a face!

"Okay, that's the decision. I decided to send three people over. They must all be warriors in the Innate Secret Realm. Whoever invited them on their own initiative. After this is done, remember a great contribution!" Wenren Tiange said.

The people at the scene suddenly looked at each other again.

Slaps are comfortable, but if they move really well, everyone has to weigh it up.

After all, that kid has lost the two elders in a row, and his strength lies there.

In the end, three people bite the bullet and stood up, because Wenren Tiange's eyes have been wandering around them.

These three people are Wenren Jinzhong, Wenren Miaodu, and Wenren Changshan.

The three people have two characteristics in common.

A few years ago, he just entered the realm of congenital secret realm warrior.

Another feature is that the three of them belonged to the faction who heard about Rentian and Rentianqing before.

The expression in the eyes of the suzerain couldn't be more obvious, and the three of them were asked to take the initiative to take the initiative and make meritorious deeds.

Otherwise, there will be absolutely no good fruit to eat in the future.

"The three of us are willing to share our worries for the lord!" The three headed by Wenren Jin Zhong said bitterly.

"Okay, very good! Then look forward to your triumphant victory!" Wenren Tiange was very satisfied with the knowledge of these three people.

After everyone left the scene, the faces of the three of them were obviously drooping.

The three of them gathered together, filled with outrage, "The Sovereign is obviously using us as gunmen! Although he vowed to say that we will not reveal our identity, it is simple to say, but it is very rare to do it. Once you use your stunts, you don't know which one belongs to. Is it from the sect? And I'm telling the truth, it's very disgraceful. If people find it out, it's bound to laugh. After all, so many masters besiege a hairy boy, it's still quite an improper reason, and the three of us won't be human after it spreads out. NS."

"This is also the most insidious part of the Sect Master. We are not humans inside and outside."

"So the best way at the moment is, since we are required to cover up and black clothes, we will find the most ordinary night clothes that can't reveal our scented signs. On the other hand, there are so many masters anyway, we don't At the juncture of life and death, you must not expose your unique knowledge, otherwise you will wait to be laughed at in your next life! You can paddle as much as you can. The purpose of this trip is to kill Wiliam next, and hiding your identity is the most important."

The three hit it off and immediately separated to prepare.

On the other side, Liu Yuntian and Song Hanyu are together.

Song Hanyu seemed very worried.

Liu Yuntian took a deep breath and couldn't help asking: "Han Yu, are you really determined to do this?"

Song Hanyu also drank a cup of tea, frowning and said: "This is the best way I can think of, I have decided. I will go find him now."

With that said, Song Hanyu walked out, and Liu Yuntian hurriedly followed.

"But, do you really have the heart to give it away?" Liu Yuntian seemed a little unwilling.

"If you hand it over, it depends on who is giving it? If it is him, I have no regrets, and I believe that he will not let me down!" Song Hanyu seemed to have made up his mind completely.

The two of them headed to Wiliam's room.

The door of Wiliam's room was open, and Wiliam's voice came from inside.

When Song Hanyu and Liu Yuntian entered, they happened to see Wiliam hanging up the phone in their hands.

"Wiliam, who are you calling?" Liu Yuntian asked casually.

The corners of Wiliam's mouth made a nice curve, showing a meaningful smile.

“Ho ho, a very interesting call.”
