## Chapter 1580

Wiliam would smile back, but the veins on his forehead had already begun to faintly beat.

There is no problem for him to go up and down the fire.

Just don't deal with women, OK!

When everyone was gone, Wiliam rubbed his head, looking like he was unlovable.

Song Hanyu walked out of it and whispered, "Wiliam, are you okay?"

Just now when she was inside, she saw the elder of Dugu Hongshi attacking Wiliam unexpectedly.

She was scared and silly at the time.

What was even more unimaginable was that Wiliam actually held it.

Moreover, the soldiers were able to hold it without a bloody sword.

Song Hanyu still couldn't believe this fact.

Seeing Wiliam's desperate look now, he felt that Wiliam was a little smoky.

But she didn't know that Wiliam didn't have lingering fears because of resisting the pressure of the elders, but because of the enchanting woman.

"Nothing." Wiliam smiled at Song Hanyu.

"Wiliam, I'll take you to the sect today. Today I have to submit the list. If you participate on behalf of our sect, you still have to report to the master, my master." Song Hanyu said.

Wiliam nodded, "You can arrange it."

Song Hanyu went to make arrangements immediately.

In the afternoon, Song Hanyu, Liu Yuntian and Wiliam went to Jinyu valley.

This is the second time Wiliam has come.

Many people were already waiting in the hall.

At the top of the hall, sitting an old man with white beard and hair and a face like dirt.

He looked drowsy and seemed indifferent to anything.

Wiliam just looked at his expression and frowned slightly.

And below the old man, sat a person Wiliam knew.

Jin Yu Volley's deputy suzerain, Chen Zhongyan.

Chen Zhongyan was looking at Wiliam with arrogant eyes. There was no change in his attitude because of Wiliam's recent rise to fame.

"Sect Master, I brought Wiliam here." Song Hanyu respectfully reported below.

Liu Yuntian naturally sat next to Chen Zhongyan, and he was also a veritable deputy suzerain.

"You're Wiliam, you are really impressive and young and promising." The Sect Master seemed to be struggling to open his eyes, and what he said was vague.

"Sect Master, Wiliam finally agreed to join us in the Golden Jade Volley. We have a lot to do in this nine-segment qualifying competition!" Liu Yuntian said from the side.

However, Chen Zhongyan on the side immediately sneered, "There is a lot to do? Deputy Sect Master Liu, where do you have the confidence to say this?"

Chen Zhongyan only heard of Wiliam's deeds, and did not have the strength to see Wiliam with his own eyes.

Moreover, she still hasn't told the public about Song Hanyu's recovery of strength.

Chen Zhongyan naturally has no confidence in the nine qualifying matches.

Moreover, everyone knows the current situation of the sect.

The old sect master's body is almost dying, and the next sect master can only be produced between Liu Yuntian and Chen Zhongyan.

The two have a strong competitive relationship.

So Chen Zhongyan naturally targeted Liu Yuntian everywhere.

Just as Liu Yuntian was about to speak, Chen Zhongyan blocked him again, "Our Jinyu volley strength is on the table and everyone can see it. Even if Wiliam joins in, it's just a matter of help, let us It won't be too embarrassing to lose. I don't know what you said is promising and what can be done? Can you guarantee that our Jinyu volley can rush into the ranks of the nine sects? Or do you think the old sovereign is too old and fooling around here.

Liu Yuntian's face suddenly became ugly.

He wanted to tell all the events of the past two days so as to slap this villain in the face!

I want to tell Song Hanyu's strength recovery together!

However, now is obviously not the best time.

The old sect master looked helpless, he looked at Liu Yuntian and motioned Liu Yuntian not to get angry.

Chen Zhongyan looked at Wiliam again and said in a cold voice, "I knew you were not easy. From the last time Deputy Sovereign Liu forced you to go to the battlefield of blood and tears, I noticed that it was gilded in the past, right? What, now Have you used nine qualifying matches to gild again? We Jinyu Volley owes you?"

"Vice Sovereign Liu, this behavior called solicitation is actually gilded. How much did Jinyu spend in the air?"

Chen Zhongyan aimed at Wiliam and Liu Yuntian everywhere.

"I joined Jinyu Volley this time and didn't ask you to pay anything. You can rest assured about this." Wiliam said lightly.

The corner of Chen Zhongyan's mouth ticked, "Oh? Isn't that gilded? Then I ask you, each sect has only three places to play, and you will take one as soon as you come. Many people think there will be opinions on this matter, right? Then can you assure me that you can take our Jinyu volley into the ranks of the nine sects?"

"Chen Zhongyan! You're too much!" Song Hanyu on the side finally couldn't help it, and shouted coldly!

This Chen Zhongyan is really a villain through and through!

Wiliam was invited by her with great difficulty. Chen Zhongyan didn't figure out the truth of the matter, so he just ranted here and was aggressive!

Song Hanyu felt that if he was Wiliam, he would shake his head and leave!

Wiliam never owes Jinyu Volley anything!

Instead, the front foot was given to so many magical soldiers, and the back foot healed himself!

Which is not great kindness!

Why bother here!

"I'm too much? You can't guarantee it, but I can make a guarantee." Chen Zhongyan's words suddenly changed.

"Huh?" Song Hanyu was stunned, wondering what medicine this guy sold in the gourd.

With a confident smile on his face, Chen Zhongyan said: "This time the nine matches, the person I sent will definitely be able to reach the final three! Even if we can't enter the nine as a whole, we still have the honor of one person, don't we? "

"Oh?" Sect Master, who has been sleepy, opened his eyes and hummed like a spirit.

Chen Zhongyan smiled and said: "My lord, they dare not swear, I dare to swear to the sky, the person I chose is definitely a dragon and a phoenix among the people, and shoulders the glory of our golden

jade volley for the next twenty years. If the person I choose is no one If I have reached the final three, then I am willing to immediately dismiss the position of deputy sovereign!”

With that said, the people at the scene immediately looked at Chen Zhongyan with surprise.

What big person did the deputy suzerain find?

He, who has always valued fame and fortune, actually bet on his identity and status for the rest of his life!

“Who are you choosing?” Sect Master asked in a muddy voice.

The people at the scene were also suspicious.

Because this list of players is in the hands of the two deputy suzerains, outsiders don't even know it.

Chen Zhongyan clapped his hands, “Come out.”

A figure slowly appeared on the scene.

And Chen Zhongyan's voice also appeared in due course.

“Chi Zhan. I believe everyone has heard of this name ten years ago.”

“Chi Zhan!” These two words caused a big wave on the scene!
