

Dragon Husband 1587 part 1

Chapter 1587

Li Nianyi really wanted to cry.

He didn't know until last night that he was in Wiliam's group.

Moreover, the task received was very clear, to consume Wiliam's stamina as much as possible.

In other words, Zongmen didn't have the victory or defeat in his eyes at all, just let him be cannon fodder.

Li Nianyi played against Wiliam once before. At that time, he just thought that Wiliam was a bit wretched and won inexplicably.

But later, he witnessed that Wiliam directly abolished Elder Wenren Tianqing, and he almost freaked out at that time.

From then on, Wiliam left an indelible shadow in his heart.

Now he was facing Wiliam again, still in the open.

What to do to lose decently, waiting online, very anxious.

Wiliam smiled slightly when Li Nian didn't speak.

To win is to win. How to win at that time is an art.

Wiliam was about to speak, when Li Nianyi suddenly laughed loudly, "Hahahaha, I can see Wiliam Shaoxia here today, Li Nianyi deeply admire!"

The people at the scene were stunned.

What the hell?

What kind of scenes are this?

Before the game starts, shouldn't they talk hard to each other?

Why are you boasting about the other party?

Even Wiliam couldn't figure it out for a while, wondering what was wrong with this?

When Li Nian saw Wiliam revealing a puzzled look, he continued to look calm and calm.

He first danced a punch on the stage.

Anyway, the referee still didn't call for the start of the game, and he was not afraid of Wiliam's attack.

This set of punches is quite a masterpiece.

The woman in the unknown place suddenly clapped to Li Nian.

After hitting this set of punches, Li Nianyi suddenly bowed his hand to Wiliam, "I, Li Nianyi and you are also heroes and cherish heroes. I don't want to make others cheaper in today's battle, so what does it matter if I let you win!" Remember, this one between us will definitely come! Not here, not today! But on a higher stage! I am waiting for you!"

Some righteous remarks directly stunned everyone!

Those who are not aware of this place can't bear the turmoil in their hearts when they see this place!

This man named Li Nianyi is really too MAN!

First of all, he comes from Xianghualixue, Jiu Zong!

And being able to represent Jiuzong in the battle, the strength and identity are already there!

And that set of punches just now is indeed a bit capable!

Just such a person with great identity and strength, he was honored, and admitted that Wiliam from the small sect was a hero!

And for the rise of this newcomer, willing to give way!

What a glorious festival!

And what he said is so handsome!

Our battlefield is not today, not here!

And on a higher stage!

It's so exciting to hear it, okay!

man!

Real man!

have a look!

The way he turned and left the stage was shining!

All of a sudden, everyone's image of Li Nianyi has increased by a large level!

Even the impression of Xianghua's blood and blood has changed a lot in an instant.

At first, seeing Li Nianyi violating the admonition, he immediately acknowledged the counsel, and the anger of hearing Ren Tiange came out.

Dragon Husband 1587 part 2

This fool!

How did you explain to him before!

It's not enough to consume a little physical strength now!

Are you still punching on stage?

How embarrassing is this horse riding!

Especially after hearing the words of the second incomparable in the back, Wenren Tiange almost fell to the table.

And just when he wanted to signal the people of the sect to train him, he suddenly heard the voices of people around him.

"This kid is so sweet and sweet? Not bad, he has a sense of integrity, he seems to be a personal character!"

"Yes, I don't think that the young people who are so scented with blood are so arrogant, Wenren Sect Master, you have taught well these years."

"This is called Li Nianyi, isn't it? It's worth paying attention to in the future."

These people who praised Li Nianyi are no lack of nine tycoons.

But these words have a ridiculous meaning, and you can't know it after hearing Renren Tiange.

Listening to these people's comments, the anger in Wenren Tiange's heart gradually subsided.

That's it.

This kid can be regarded as slapped righteously.

As long as you don't throw away the sweethearts, it's fine.

What is required of him.

When Wiliam heard Li Nianyi's words, he couldn't laugh or cry.

Isn't this pretending to be too much?

Leave directly after speaking?

Don't leave yourself a little room for dialogue?

What a talent!

However, Wiliam had nothing to say if he stirred up like this.

William felt that this was the worst miscalculation in his life.

Li Nianyi is an individual talent!

And Li Nianyi did this, although he made Xianghua's face a lot, but he was at a loss to beat the people of the alliance.

They looked at each other and didn't know what to do for a while.

It was too natural for Li Nianyi to admit defeat, too arrogant.

How does this make them admit defeat?

And we have collectively surrendered in the previous round, now do it again?

How can I surrender now to break through Li Nianyi?

Ask for several fresh and refined reasons?

This group of people who still didn't appear on the scene all looked at Li Nianyi with murderous eyes, and wanted to cut him a thousand times!

This is too high for the starting point of admitting defeat!

Young people don't speak martial arts!

The scene fell into a brief embarrassment.

Bai Hetian hurriedly came out to make a round and said, "Since Li Nianyi admits defeat, then William advances. William will rest. Please ask the next group."

After being engaged by Li Nianyi, the people who followed didn't dare to admit defeat at all.

Because admit defeat but Li Nianyi, the tortoise grandson.

So what can I do?

I can only fight fake matches!

Thinking of this, this group of people cried secretly.

Fighting fake matches in front of so many masters and suzerain?

Is it okay to see through at a glance?

By that time, I would really shame the Zongmen.

In any case, you have to fight with real swords and guns for a few minutes...

As a result, the second round of the tenth division, under Li Nianyi's unintentional thrust, slowly returned to the right track...

William watched this scene amused, and slowly shifted his gaze to other places.

At this time, he noticed that some second games in other regions started slowly.

One person caught William's attention.

In that competition area, as the referee broke out the name and sect of that person, after a brief astonishment on the scene, there was a sudden call of overwhelming voices!

Unexpectedly, I can see him again in the rest of my life!

Unexpectedly, he actually appeared here!

Can you see the masterful sword aura again?

Can you see the heroic figure again!

He is dead!

He actually came back!

He crawled out of hell and officially stepped onto such a big stage today!

One person slowly walked onto the ring.

One step, a sword gas!

When standing on the stage, the sword qi was soaring, and the four directions were killing!

"Who will fight me!"

This person is surprisingly one of the double arrogance!

Xu Tongyin!
