## Chapter 1588

With this shout, anger rushed into the sky!

Everyone was watching Xu Tongyin, who had returned domineeringly for two years, and suddenly forgot to continue applauding and shouting.

Xu Tongyin, back!

The most arrogant man is back!

Someone bit his head and stepped onto the stage.

This person is just a disciple of the small sect, and is usually considered a personal thing within the sect.

But when placed in such a place, especially when placed in front of Xu Tongyin, the nine double arrogances, it suddenly looked like a quail, trembling all over.

It's so uncomfortable!

In the first game, I actually met a big man who had come back from the dead!

How to fight this special?

However, this person is a bit spine at any rate, and he didn't admit defeat on the spot.

After the referee gave an order, this person rushed to Xu Tongyin directly.

Xu Tongyin laughed loudly and made a move with one hand!

"Wow!"

A sound of breaking wind strikes!

I don't know where, at the speed of lightning and flint, a big sword that is as dark as ink flies!

This big sword blasted the man heavily.

That person didn't even have time to react!

The body was directly blasted out of the ring and fell to the ground fiercely!

And all this is just within a second!

The expressions of the people on the scene, from surprise to astonishment, couldn't change their expressions.

This is too fast!

Is this the absolute strength of Shuangjiao!

One trick to kill!

There is even a trick!

Just drew an epee, from the beginning to the end Xu Tongyin just raised his hand, and the game was over!

Terrifying strength!

Xu Tongyin two years ago, I am afraid that he has no such momentum at all!

He used to be just a strong man!

Now, I'm afraid it will be called the tyrant's spirit!

He seems to be an epee!

Suppress others out of breath!

The people at the scene looked at Xu Tongyin dumbly, and suddenly there was an overwhelming roar!

This kind of enthusiasm lasted for two minutes!

On the spot, the referee can't stop it, the people of the sect can't stop it!

Only let the people below make waves!

The people of Can Jian Jiu Tian saw this scene, their eyes were red!

For this scene, they waited too long for too long!

The blood and tears they have tasted in the past two years have been rewarded by Xu Tongyin's raised hand today!

The nine-day prosperous age of Can Jian is here!

Especially Xu Tongyin's father, the eight-foot man is always in tears!

As both a father and the lord of a sect, which status determines his expectations of Xu Tongyin, it is as high as the sky!

The bad news two years ago broke his heart and soul!

Now, everything is back!

"Boom!" A dull voice swept the scene like a wave of water.

The roaring noise suddenly stopped.

This voice was made by Xu Tongyin.

Xu Tongyin was just simple, with the black epee in his hand sticking to the ground.

Just such a movement, like a heavy punch, severely strangled everyone's throat.

"Unbearable." Xu Tongyin said lightly, and then slowly left the ring with his sword.

Vulnerable!

The people at the scene felt their heart was hit hard!

So arrogant!

So arrogant!

Xu Tongyin is even more arrogant than before!

On the rostrum, the three referees hadn't looked down on the little players in these nine qualifying matches.

But after seeing Xu Tongyin, the three of them stood up together!

Subsequently, the sect masters of other sects also stood up.

The sect masters who have a good relationship with Jiuzong Canjian smiled bitterly: "Sect Master Xu, it turns out that Linglang is still alive! You really played a good game of chess, and it was so miserable to deceive us!"

"This time, Can Jian Jiutian seems to be planning to win the third place. With such heroes as Xu Tongyin, we old stubborn people are afraid that we will abdicate."

Xu Ben showed an arrogant smile and said, "Inuzi also returned by luck. To me, it is better for him to be alive than anything else."

There is hope when you live, isn't it?

"Let's wait and see! Xu Tongyin's return this time will surely be a blockbuster and create another miracle!" said multiple sect masters.

At this time, in another division.

Song Hanyu appeared silently.

To say that she appeared silently, is not to say that no one knows her.

But no one cares about it.

Everyone knows that she is Song Hanyu!

Everyone knows that she was once one of the double arrogances, surpassing all her peers.

However, today is different.

If Xu Tongyin's fall makes people feel sorry, then Song Hanyu's fall is a kind of mockery.

It's better to be alive than to be dead.

What's more, Xu Tongyin came back alive.

And defeat the enemy with a blockbuster move!

The momentum is even greater than ever!

This is in line with people's expectations for Shuangjiao.

But Song Hanyu was just a shame of walking.

After being compared by Xu Tongyin, everyone felt that she was even more pitiful.

Seeing all kinds of eyes cast from all directions, Song Hanyu only found it ridiculous.

She also had a panoramic view of Xu Tongyin's appearance just now.

She was also amazed by Xu Tongyin's amazing talent.

Can Song Hanyu not do this?

No, she can do it confidently!

However, Song Hanyu is not that kind of arrogant character, and he is destined not to do such a arrogant thing.

What does it matter?

mercy?

ridicule?

Then use easy victories to declare my return.

Xu Tongyin, Wiliam, let's watch.

Opposite Song Hanyu was a man from a small sect.

He looked at Song Hanyu contemptuously, and saw that Song Hanyu was still holding a big apple in his hand.

He laughed and said: "It's really embarrassing! I always thought that there was only one shame left in Shuangjiao, but I didn't think I just saw the return of the king Xu Tongyin. Now, there is really only one

Shuangjiao left. Song Hanyu, are you ashamed of yourself? Do you still dare to be proud of yourself? You still have the face to eat apples here?"

The words are very sharp, if Song Hanyu before, would definitely feel unable to come to Taiwan.

But now, strength is her confidence.

She didn't even take out the Zishuang that Wiliam gave her.

He just looked at the man who wanted to taunt her and asked, "Can we start?"

"Ho ho, why can't you wait so much? Do you see that the contrast between Shuangjiao is too obvious now, and the face is staying here, and you want to leave soon?" The man's mouth is also very cheap, "Okay, then I will do it." you."

"Hahaha!" He even opened his arms and laughed loudly, "I really don't know why your sect will send you again, it is clear that the realm has fallen to a terrible level, and it is so aggressive!"

"Okay, then I will personally declare the complete fall of another double pride in front of everyone today!"

As he spoke, the referee had announced the start of the game.

However, the beginning also means the end.

The man was almost still in a joke, his body was not moving.

But an apple vacated!

An electric figure flashed across in an instant.

Man, fall down!

There was silence at the scene!

Everyone wants to see that apple again, the apple is long gone!

When I went to look for Song Hanyu's figure again, I saw that there were still people in the same place!

She had rushed out of the crowd and appeared on the seat far away.

An apple in his hand is already half eaten!
