

1590 part 2 Dragon Husband 1590 part 1

Chapter 1590

Chen Zhongyan couldn't help but shivered, and said involuntarily: "Nothing, nothing."

After he finished speaking, he was stunned.

He used to be so polite to Song Hanyu before.

What's wrong now?

Just stared at her?

This can't be done!

With such complicated thoughts, Chen Zhongyan fell into a period of confusion.

On the other side, Wiliam's third round of competition began again.

This time Wiliam was facing someone with a strange sword covering the sky.

This person also wants to repeat the old tricks, and wants to delay time.

However, Wiliam didn't plan to play anymore.

Two minutes.

Under the extreme dodge of the opponent, Wiliam still kicked the opponent out of the field in just two minutes.

However, with the magical performance of Shuangjiao before, Wiliam's performance can't attract much attention.

It's just that the faces of the strange swords covering the sky, the fragrant flowers and the heroes of the Canglang are a little bit uncontrollable.

They have taken great pains, fighting the risk of not wanting face, and concentrated all the elites in the tenth division.

Unexpectedly, so many people encircle and suppress one person, but they still can't come down.

If this is known to the truth, wouldn't it be laughed off?

So they gave the dead order to the rest!

No matter what method you use, you must kill Wiliam on the field!

Otherwise it's too an eyesore this guy!

How can the world be as expected.

They think so, but can those individuals do it?

Everyone who knew Wiliam noticed one thing.

After Wiliam came out of these three rounds, on the one hand, there was basically no damage, and even his energy and spirit were intact.

On the other hand, more importantly, the bottom of Wiliam's pressure box is not there at all!

Everyone knows that he has the Long Live Demon Lotus who is suspected of being a supernatural soldier.

But so far, he still hasn't used it.

Those individuals simply did not have the strength to force out Wiliam's magical soldiers.

There is no one who can fight.

And Wiliam took time to pay attention to someone.

That Chi Zhan.

Chi Zhan used a pseudonym in this application.

Wang Xiaoming.

A very unremarkable name.

And his iconic red cloth blindfold was replaced with a black veil to cover himself.

Chi Zhan has already played two rounds.

During these two rounds, he was hiding his strength.

They fought fiercely for about ten minutes each time, and finally won by a narrow margin.

This makes people think that this guy is a child of luck, don't want it if you are lucky.

But because of this, no one noticed him.

Wiliam smiled, this guy is a little bit clever.

You know that counterfeiting matches also require acting skills and strength.

This guy can hide from everyone's eyes and create the illusion of a narrow victory, which is already very powerful.

I just don't know where he can go.

In the fourth round, Wiliam defeated his opponent with ease, and in the next fifth round, he only needed to defeat another opponent to qualify from the tenth division.

At this point in time, the scene finally ushered in Song Hanyu's second appearance.

Compared to the first time nobody cares, this time it can be said that everyone's attention has been gathered.

1590 part 2 Dragon Husband 1590 part 2

Even some competition areas just stopped playing first, all of them were looking at Song Hanyu's competition area.

Song Hanyu still appeared on the stage slowly.

She looked around and cast scorching eyes, and smiled slightly.

This is what it should be!

Her opponent this time is still a small sect person.

This small sect person can't force Song Hanyu's strength at all.

And Song Hanyu just floated past easily.

That person also didn't even have a reaction, and was sent out of the ring directly.

Still electric flint.

But this time, everyone saw it clearly.

Song Hanyu has absolute strength!

At this speed, I am afraid it is better than herself two years ago!

The name of double pride is worthy of the name!

On the scene, overwhelming applause and cheers broke out!

Dance for the return of these arrogances in this nine qualifying match!

For this strange woman who has asked for a second time to reach the top for two years!

On the other side, what used to welcome Song Hanyu's arrival was a hearty victory by Xu Tongyin!

This time Xu Tongyin was against one of the nine sects, a master of Han Xing's forgiveness.

As the second-ranked sect of the nine sects, the people sent are absolutely powerful.

However, even so, in front of Xu Tongyin, he could not walk for five minutes.

Xu Tongyin's style of play is completely different from Song Hanyu's.

Song Hanyu is fast to the extreme speed, vividly interpreting the world's martial arts, only fast and unbreakable.

But Xu Tongyin is quiet!

Still as quiet as a mountain!

He just stood on the spot, waving the heavy black epee in his hand at will.

Han Xing's forgotten lover has no chance to get close at all.

Until the end, because of a little negligence, Xu Tongyin seized the opportunity and smashed out of the field with a sword!

If Song Hanyu is a gust of wind!

Then Xu Tongyin is Dashan!

Every movement and silence are also the pride of double pride!

At this moment, no one doubted the strength of their double pride two years later.

And an idea came to everyone's heart.

This time the nine qualifying matches will be completely shuffled because of the return of these two arrogances!

Can Jian Jiutian now has enough strength to reach the top three!

And Jin Yu volley entered everyone's field of vision again after a lapse of two years.

Because there is Wiliam, the youngest player with a great reputation.

And because of Song Hanyu's return!

Jin Yu volleyed in the Nine Sects Qualifying Tournament, I was afraid that he was going to enter the position of the Nine Sects with an absolute dark horse.

Now everyone is beginning to wonder which sect will be so bad and be squeezed out of the nine sects.

Everyone's eyes fell on Xianghualixue and Qijian Zhetian.

Because of these two sects, the situation so far is the most complicated.

Except for the seeded players, they are all in the tenth division.

Especially Fragrant Flower's blood has already lost two people.

Somehow Qi Jianzhetian had reached the end, waiting to decide the promotion place with Wiliam in the last match.

Everyone turned Wenren Tiange's face pale.

His heart finally began to tense.

Things are not as simple as he thought.

Even if he was careless, Xianghua lied his blood to fight for nine cases, and he couldn't even go to the back!

What should I do!

Wen Ren Tiange looked at Wiliam with complicated eyes, and a feeling of regret suddenly grew in his heart.

This young man looks so radiant.

But why do you want to fight against him!

Xianghualixi is still his benefactor!

Is he so kind and revengeful!

Thinking of this, he looked at his daughter not far away, and was impressed.

He nodded slightly towards Wenren Qingqing.

Wenrenqingqing was not far away, frowned, and suddenly sighed softly.

What can she do?

One side is his father and sect.

One side is his friend.

In this world, the law of peace and security?

Thinking of this, she strode in one direction.

If there is no double perfect method, it can only be like this...
