

# 1594 Dragon Husband 1594

## Chapter 1594

Wen Renqing was full of her sister's life and death at this moment, and for a while she had forgotten Wiliam's current situation.

When he arrived at a place where there was no one, Wen Ren said with his heart, he saw Wiliam staggering and almost fell to the ground.

Wen Renqing hurriedly helped Wiliam up and said guiltily: "I'm sorry, I'm sorry, I forgot that you were also..."

Wiliam stopped Wen Renqing and continued to speak, and said weakly: "Find a room, hurry! Otherwise your sister won't last long."

Wenren understood his heart and said immediately: "We also have arranged rooms here, we will go over immediately."

With that, she picked up her unconscious sister on her back and flew towards her room.

When he arrived in her room, Wiliam said directly to Wen Ren, "You go out and guard."

Wen Renqing was very relieved of Wiliam, nodded immediately, and walked outside.

Since Wiliam can say these things, it means that he has absolute confidence in saving his sister.

This is already very good.

And Wiliam was in the room, laying Wenren Qingqing flat on the bed.

On the other hand, he divided his heart into two uses, and on the one hand he divided out a third of the silver needle to suppress the poison on his body.

On the other side, all the silver needles were injected into Wenren Qingqing's body.

Although Wen Ren Qingqing was still in a coma, she couldn't help but choke when the silver needle entered her body.

A full hour passed.

Wiliam was already wet with sweat.

His face, mixed with blood and sweat, became extremely hideous.

On the face of Wen Ren Qingqing, a slight blush slowly appeared, indicating that the poison from her body had been plucked out by Wiliam.

Finally, Wiliam snorted softly, "Get up!"

The silver needle on Wen Renqing's body flew out directly, returning to Wiliam's body.

William stopped paying attention to people's affection, sank his mind, and concentrated on dealing with the poison on his body.

I don't know how long it took.

William's face was pale and slowly opened his eyes.

Then he opened his eyes and looked at each other with a pair of beautiful eyes.

Wenrenqingqing doesn't know when to wake up.

Although she was very weak, she still opened her eyes stubbornly, and stared at the landing leaves motionlessly.

"Wake up?" William said lightly.

"Why?" Wenren Qingqing had no answer to William's words, but asked again.

She woke up very early just now.

After waking up, he found that the poison on his body had almost disappeared.

And to be able to do this in such a short time, Wen Renqing knows that only one person can do it.

Opening her eyes, she saw William.

Seeing William's face mixed with blood and sweat, she felt a suffocating guilt.

This is a arrogant, handsome face.

At this moment, because of her, it became muddy and terrifying.

She knew that William was healing himself.

During this period, William's expression kept changing, and he looked extremely painful.

This kind of pain on the skin feels the same.

She apologized to William even more.

She wants to know why...

"Why, your heart is good. If you don't want to embarrass your sister, stand up, and I naturally don't want to embarrass you and let your sisterhood affect you." William said casually. These words were like a bolt from the blue sky, and it was so explosive that they couldn't recover for a long time.

She looked at William stupidly, as if looking at a monster.

"How do you know..." Wen Ren Qingqing muttered to himself.

This time the poisoning, the secret between the lines, only Wenren Qingqing and Wenren Tiange know!

How did Wiliam learn about it!

Wiliam shook his head, still pale, "It's easy to guess it."

"In order to stop me, you will inevitably adopt both soft and hard methods. This has been demonstrated before, either by asking me to join the sect or sending someone to assassinate me. But there is still no way to stop me."

"Then you will just watch me promote from the tenth division alone, and slam the faces of your sects under your feet? You shouldn't just sit back and wait for the fact that face is more important than anything else."

"I was thinking before, what else do you have until I see you appear in front of me. This is very unreasonable."

"Why unreasonable!" Wen Renqing couldn't help it anymore and asked directly.

Wiliam breathed a sigh of relief, and said, "The first one is unreasonable. Why are you?"

"The second unreasonable thing is what you said."

"The first unreasonable one should not be you appearing in front of me. If you want to persuade me to join you, or use secret tricks on me to completely lower my guard, you are not the first person, but your sister. Wenrenqingxin, she knew me earlier than you and had a better relationship with me. We can't deny this. So it's the biggest unreasonable not to send Wenrenqing people to come over."

"As for the second one that is unreasonable, what you said. Once you come over, you will bring up the old things and let me join you again. I remember telling you before that I will not go back. You should also know that I can do what I said. Arrived. So you mentioned this matter again, just casually finding a reason to conceal what you really want to do."

"Then, you seemingly accidentally gave me a bottle of water."

So far, the chin that smells affectionate is on the ground.

This evildoer!

Is this what ordinary people can think of in an instant?

Damn it!

"The bottle of water you gave me, I drank the problem the first time, but I didn't say..."

"Because at that time, I was thinking why you came."

"The facts are also easy to infer. You are stiff on behalf of Tao."

"As a joint operation of several sects, it is bound to come up with the safest course of action. So the first person who came to me at that time should be your sister. At that time, you should not be willing to let your sister do this kind of thing, so you should After paying a certain price or an absolute promise, in exchange for their agreement, it is up to you to implement this plan."

Wenren Qingqing's expression became more and more weird.

He knew that Wiliam was very intelligent, but he was still stunned every time.

“So, knowing that you have suffered untold grievances in it, and these things you did for your sister, and even later I saw that you were willing to pay for your life because you owed me. I have no complaints against you. .”

“Qingxin is a good sister, and you are a good sister.” Wiliam said at last.

Wenren Qingqing heard this, tears rained down.

Why is this puppy better than...

There are people in the world who know her so...

The grievances, sadness, and pressure that Wen Renqing had accumulated during this period of time did not dare to tell others.

She hugged Wiliam and burst into tears!

“sorry Sorry!”

“I’m sorry, Wiliam...”
