

Dragon Husband 1603

Chapter 1603

“Isn’t it because of Song Hanyu? Then what’s the reason for him? Inspiration?” Wu Qixiong asked Hu Yixiao, his eyes widened.

Hu Yixiao didn’t want to sell him anymore, and said directly: “Ho ho, naive! His real intention is to let everyone on the scene give him a testimony! Testify that he is standing in front of us! So, again, again. To kill him, is it easy for people to think that we did it?”

“What! That’s the case! I knew he was not a good thing!” Hearing this, Wenren Tiange stood up directly from the chair with an angry expression on his face!

I didn’t think this Wiliam was so treacherous!

Actually used everyone to give him a proof.

In this way, if you assassinate him, you will be burdened with unprecedented pressure!

Not to mention it is easy to be guessed.

Even after guessing it, this monstrous pressure is not something that a few of their sects can bear.

First of all, the sects that Wiliam had allied must be held accountable.

What’s more terrifying is that you will be held accountable by the Dugu Hongshi!

After all, the organizers of this competition are them, and they have to show some attitude.

Wen Ren Tiange and Wu Qixiong cursed for a while, and this assassination plan could only be stranded again.

Since Wiliam can’t be killed, there is no need to discuss the others.

After the two cursed for a while, they left directly.

After they left, Hu Yixiao, who had been sullen, gradually revealed a hint of smile.

“Two idiots.” Dugu Hongshi sneered.

It seemed that falling out of Nine Sects really didn't affect him at all.

It also seemed that Qijian Zhetian didn't fall out of nine cases at all.

"You have to take revenge and hate yourself." Hu Yixiao said with a sneer, playing with the fingers on his fingers.

The next day, the game continued as usual.

After Wiliam fell into the loser group, he still had a smooth ride.

Almost no one is Wiliam's opponent.

Therefore, he has also overcome all obstacles, has been standing at the first place in the loser group, and is constantly welcoming new people who have fallen into the loser group.

Soon, the game came to an end.

However, there are still two people in Jinyu Lingkong, which makes everyone feel more and more that this sect is unfathomable.

And that person named Wang Xiaoming also completely entered everyone's field of vision.

Before Wang Xiaoming's acting skills were very good, every game was promoted by fluke or narrow victory.

So everyone just thought that Wang Xiaoming's luck was too good, and he bumped in all the way.

But the farther behind, after some interested people observe, the more he feels that this man is unfathomable.

With each narrow victory, how small is the probability, first of all, it can't pass through mathematics and metaphysics.

Those who are interested can even see that the rhythm of the game has actually been brought by Wang Xiaoming.

How Wang Xiaoming wants to win and what attitude he wants to win, he has already done all the calculations.

So this Wang Xiaoming is very powerful!

Where did this kid come from!

I have never heard of it before!

Is Jinyu Volley's current background so strong!

As the person who pulled Chi Zhan into the sect, Chen Zhongyan was in a very good mood these days.

His right to speak in front of the suzerain is also getting bigger and bigger.

Even the Sovereign began to fantasize, and in the end it was the two men who made the finals.

But Chen Zhongyan still has another concern.

That is from Song Hanyu.

Song Hanyu thought that his strength had been completely restored, which made him feel very complicated.

However, what happened yesterday made him feel at ease again.

Song Hanyu, a fool, took the initiative to provoke those sects.

Although it only represents an individual's identity, it is also sufficiently criticized.

In the morning when Jin Yu volleyed for a meeting, Chen Zhongyan immediately started catching this and spraying Song Hanyu.

Song Hanyu knew that this incident would affect the sect, and from the beginning to the end there was no positive refutation of Chen Zhongyan.

The Sect Master sighed when he saw this scene.

He wanted Jin Yu to enter the ranks of the nine sects volleyed and gracefully.

Rather than making enemies on all sides.

Song Hanyu's doing this undoubtedly discredited the sect.

Chen Zhongyan took advantage of this once-in-a-lifetime opportunity and put forward a bold hypothesis.

Chi Zhan reminded him of this assumption.

Because now Jinyu Volley has two people in the winner group.

Then, the two people are likely to not make it to the finals, and they will meet first.

Infighting, this is a very real problem.

The question raised by Chen Zhongyan is, if Wang Xiaoming and Song Hanyu meet, who should they protect?

Chen Zhongyan said boldly: "I think that according to the current situation, we should cut the red!"

He naturally magnified Song Hanyu's stain again, and then continued to mobilize: "You have seen the strength of Chi Zhan, and every game is within his absolute control."

"Although Song Hanyu has completely recovered his strength, he is now carrying a lot of hatred. Entering the back with such a posture, I am afraid that it will arouse more intense jealousy and hatred from other sects."

Originally, Song Hanyu wanted to fight hard on reason.

Because she finally got to where she is today.

Who doesn't want to go forward and bring the sect into the nine sects with his own hands.

But the old suzerain is old after all.

He was extremely conservative and chose to believe in Chen Zhongyan, placing all his beliefs on Chi Zhan's body.

The final decision is that if two people meet unfortunately, Song Hanyu directly surrenders and recommends Chi Zhan for promotion.

And if Song Hanyu really has the ability, he can naturally show off in the loser group, and even continue to reach the finals as the number one in the loser group!

Song Hanyu opened his mouth, and finally chose to compromise.

At this point, Chen Zhongyan looked like a victorious person, and finally raised his head again in front of Song Hanyu.

As for William, it was simply not within their scope of consideration.

Even if William is already number one in the loser group, even if William has shown great strength in the loser group.

But the previous confession has become a place in everyone's hearts.

This kid is hard to make a big deal.

So Wiliam didn't even accept the invitation for the morning meeting.

After the meeting, Song Hanyu quickly went to Wiliam.

He also told Wiliam about the contents of the conference research.

After listening, Wiliam's mouth suddenly twitched.

Seeing Wiliam laugh like this, Song Hanyu instinctively felt something was wrong.

This kid must be calculating something again!

Is there anything else he doesn't know but he completely masters?

Song Hanyu asked unwillingly: "Wiliam, why are you laughing?"

Wiliamzheng answered Song Hanyu's question directly, but looked at Song Hanyu with interest, and asked slowly: "If you are really up against Chi Zhan, do you really decide to surrender directly?"
