

Dragon Husband 1617 part 1

In the sky, thunder continued to roar.

A flash of lightning reflected every shocking face.

Can Sword Nine Heavens Sword Emperor?

As Xu Benliu yelled the word Sword Emperor, everyone at the scene fell into a kind of irritability and panic.

Everyone couldn't help but think of the legend about the Nine Heavens of Remnant Sword.

The person who founded the sect in Can Jian Nine Heavens is known as the Sword Emperor.

In the thousand years of development of Can Jian Jiutian, ten seniors with the title of Sword Emperor have appeared.

Among them, the one called "Jiaore Sword Emperor" is the most powerful.

Rumor has it that one sword once blocked a million soldiers at the peak of his prosperity!

And this person's most powerful move is the unity of human and sword.

The Sword Emperor is a sword and a human being!

The Jiao Hot Sword Emperor left his own blood heritage when he fell.

In these hundreds of years, someone has obtained the blood inheritance of other sword kings.

But no one has ever obtained the inheritance of the strongest sword king.

Today, Xu Tongyin did it!

He has done something unprecedented once again!

Now that he looks like this, he is clearly accepting the blood inheritance of the Jiao Hot Sword Emperor.

Once he successfully completes the inheritance, his strength will increase a lot.

The entire Nine Heavens of Remnant Sword saw their Sect Master worshipping their son, and heard the word Sword Emperor, how could they not understand!

At this moment, Xu Tongyin no longer represents himself.

It's a personal conquest of the Jiao Hot Sword Emperor! This time, Can Jian Jiutian accomplished this eternal feat in front of everyone.

Had it not been for Wiliam's strength to force Xu Tongyin to perform supernormally, and arouse all his arrogance and fighting spirit, he would never have done this!

Xu Tongyin in the court was scorched and black, like a sword, cleverly unworkable, and an epee without a sharp edge.

"Clang!" Xu Tongyin let out a long cry, and it was a clanging sword!

He rushed directly to Wiliam!

This time, Wiliam's frost could not stop Jiao Hot Sword Emperor Xu Tongyin!

He is like breaking a bamboo, using his body to directly break the ice and move forward.

In the blink of an eye, he had already arrived in front of Wiliam.

Wiliam's Long Live Demon Lotus had already been waiting for him.

However, Long Live Demon Lotus pierced Xu Tongyin's body, but it seemed to have pierced into a piece of dead wood, instead of making a harsh sound.

Sometimes it seems to be pierced into the gold and iron, and it doesn't stop.

Xu Tongyin's eyes were dark, and he stretched out his hands and slashed towards Wiliam!

With this cut, Wiliam resisted with all his might, and his body was also blasted out fiercely!

Get an absolute advantage in one blow!

This is still Xu Tongyin's half-inherited state!

Jiao Hot Sword Emperor, really well-deserved reputation!

Of course, many people know that Xu Tongyin played in this half-inherited posture because of respect for Wiliam.

William forced out the strongest him.

If Xu Tongyin spends more time waiting for the end of the inheritance, it would be somewhat unfair to William.

It's good now.

It seemed that William's half-inherited Jiao Hot Sword Emperor had no power to fight back.

Of course, this is based on the fact that William has already exerted all his strength.

The two people on the field can really be said to be achieving each other.

William made Xu Tongyin's breakthrough and blood inheritance.

And Xu Tongyin used the strongest self to constantly force another strongest William.

Dragon Husband 1617 part 2

As for how unfathomable William's strength is, it depends on Xu Tongyin today.

Xu Tongyin stood there, waiting for William to stop.

He said: "William, you don't have to give in to me anymore. Let's really fight with me!"

His voice is full of the voice of gold and iron.

It seemed that he was no longer alone.

William spit out blood foam on the spot, and looked at Xu Tongyin with a smile: "Well, if that's the case, then I'm not welcome."

Before, William used Xu Tongyin's fighting style to fight against the enemy.

What if you use Shang Luye's best combat method?

What will happen to the end?

Xu Tongyin was full of expectations, and rushed up again.

This time, Wiliam's eyes seemed to reflect the whole world.

Not like human eyes.

"A dangling shot on the left, the real intention is my right shoulder." Wiliam muttered to himself as he watched Xu Tongyin who was approaching with these ghostly eyes.

His body shook slightly at the moment Xu Tongyin cut off his left hand.

Xu Tongyin's move has started, and sure enough, before his left hand has been cut, his right hand has been stretched out, and he cut straight to Wiliam's right shoulder.

And Wiliam had already escaped, Long live Demon Lotus pierced his right palm fiercely!

There was no bleeding, but Xu Tongyin's eyebrows were already deeply wrinkled.

Feed the enemy first!

How can this be done!

Xu Tongyin boasted that there was no flaw in the flickering move just now.

But Wiliam could see through it?

Incredible!

He still didn't believe it, and continued to rush towards Wiliam!

This time, Wiliam appeared directly where he was heading, and hit Xu Tongyin's unstretched left hand with a fist!

"Wow!" All the people at the scene stood up!

Wiliam expected the enemy to take the lead, this scene looked very strange!

It seemed that Wiliam's moves had been waiting there for a long time, just waiting for Xu Tongyin to bump into him.

And Xu Tongyin really smashed into it, without a little bit of strength!

This Wiliam!

Is it a fairy?

How can this be done!

"Is this another strength of yours?" Xu Tongyin said with varying degrees of wounds in his hands now, standing on the spot.

Wiliam nodded, "Small carving skills are not enough."

What Wiliam uses is the seventh chapter mocking wind in the "Medical Classic of Wuchang"!

Laughing at the wind can count people's future for a short time.

This is also the first time Wiliam has used it on the battlefield.

When using it, staring at the opponent with both eyes, can see the opponent's next move in a profound and profound way.

This ridicule is actually similar to the bloodline of the peach blossom lady who Wenren's favorite.

However, Wen Renqin's bloodline is more against the sky, and you can see a farther future and ending.

Wiliam couldn't do it. He could only see the actions that would take place in the next few seconds.

Of course, there is nothing wrong with this.

See where it is used.

Just like now, Wiliam can be used for short-term opponents.

But it's not good to hear people love it.

In terms of practicality, Wiliam's mockery is even better than Wenren's bloodline.

The people at the scene could no longer describe Wiliam in words.

This kid, I don't know, I was shocked when I saw it!

They were all playing before!

How many tricks he has to press at the bottom of the box are not useful!

Just like now, the ice of Long Live Demon Lotus, and the strangeness of his eyes!

I have never seen this before!

Xu Tongyin, you have to come on!

The people on the rostrum could no longer sit still.

This battle is destined to go down in history!

Even if it is a hundred years and a thousand years!

This battle is destined to be on the list!

Moreover, this is only the semi-finals!

And what kind of sparks will come in the final finals!

Chi Zhan not far away, his eyes were cold, and he was secretly proud of it!

let's hit!

let's hit!

The more fierce you fight, the better it will be for me!

Whether it's Wiliam or Xu Tongyin!

Show off your so-called strength to your heart's content in this game!

No matter which of you enters in the finals, your strength has been seen through by me, and your physical strength has been completely unsupported.

When the time comes, why do you fight me!
