

# Dragon Husband 1621 part 1

Chapter 1621 One Finger!

Three seconds!

Chi Zhan's body just rushed out of the air.

Then suddenly he stopped abruptly in the air.

His body, under Wiliam's understatement, was like fireworks, directly blooming with bloody brilliance!

"Ah!" everyone on the scene exclaimed!

What's happening here!

Does Wiliam's finger have magical powers!

Can you kill someone in the air?

Chi Zhan didn't even hum, and slammed his body to the ground, completely losing consciousness.

Three seconds!

The victory is divided!

This!

This is the most interesting final of the nine qualifying matches!

It is also the shortest finals ever!

The three-second result broke the time of all nine previous qualifying finals!

Created an almost miraculous record.

Wiliam, I didn't just talk about it before.

He said three seconds, that's three seconds!

He said no need to rest, no need to rest!

He does what he says!

The people on the podium stood up directly, and they couldn't believe what they saw before them!

What does Wiliam mean!

Could it have already surpassed human power!

Even those who are strong in wonderland can't kill people in the air with just one finger!

The eyes of Song Hanyu and Jin Yu Lingkong were even more round.

They were still worried about Wiliam just now.

Now, it's just a breath of time, and the victory or defeat is already divided.

From hell to heaven is nothing more than that!

At this time, the hearts of the people in Jinyu Volley were extremely complicated.

that's all?

The Jinyu volleyed people came to the end.

And with a three-second match that shocked the world, continue to write the legend!

Wiliam!

Will be loaded into the golden jade volley forever!

No!

Included in the history of the entire Jiuzong!

"Impossible! This is impossible!" someone shouted out first.

This person is surprisingly Hu Yixiao, the Sect Master who covers the sky with a strange sword.

Hu Yixiao's abacus was extremely successful, and all sorts of things went well in the middle.

But when it comes to the last step, it is the most critical step!

There is such a terrifying error!

How can he believe it!

Three seconds!

Is this something that humans can do!

Wiliam must have moved something!

He rushed out of the rostrum first, and flew directly to the arena. He was about to attack Wiliam!

However, Wiliam was already full of people standing in front of him!

Jin Yu volleyed, Can Jian Jiu Tian, and even Su Hongxiu, the wife of food color.

They topped the front and protected Wiliam behind him.

“Sect Master Hu, what do you mean? Why? Can’t afford to lose? Still want to kill people in public?” Su Hongxiu said meaningfully.

“You fart on horseback! This kid is obviously the murderer! I’m going to make him pay for it!” Hu Yixiao’s entire face turned hideous and his eyes were red.

Chi Zhan is his life’s hard work!

Back then, Hu Yixiao, under the pressure of all the people in the world and the insiders of the sect, decided to take the red sect privately!

What I fancy is Chi Zhan’s antagonistic ability!

And the facts are just like what he saw, Chi Zhan easily passed the Nine Sects Qualifying Tournament, quite like a king.

## Dragon Husband 1621 part 2

However, there are only three seconds to face Wiliam!

In an instant of three seconds, he defeated his thousand-day plan!

How could Hu Yixiao not collapse!

He still doesn’t understand how Wiliam did it!

But Su Hongxiu, who was on the opposite side, sneered coldly: “Yes, Wiliam killed Chi Zhan, it was wrong. But don’t forget, the two of them are competing players, and the rules of the game are life or death. I believe You are also full of

murderous intentions towards Wiliam, right? If you killed Wiliam, would you feel guilty?"

"Also, everyone may have noticed that this person is not Wang Xiaoming, but the infamous Chi Zhan a few years ago. That beast whose hands were stained with blood from his relatives. Wiliam killed him, but for heaven. To walk the way, to speak for the innocent people who died under his hands. Why is it wrong to kill him?"

"I'm going to ask you, when Chi Slash was full of evil, and now you appear in your strange sword to cover the sky, do you hide something ulterior? When we questioned your sect, you said he had already Flee, ho ho, now it seems that you are lying to all the people in the world."

Su Hongxiu seemed to understand the inside story very well, and said the doorway inside in a few words.

Hu Yixiao's face suddenly turned pale.

Chi Zhan is his biggest secret, and now it is made public, it's not bad!

Sure enough, the audience on the scene also made surprise sounds.

"He turned out to be the murderer back then! Damn it!"

"I've seen him upset for a long time. I've been provoking Wiliam just now, and now he's dead, so happy! Wiliam did a beautiful job!"

"Qianjian Zhetian, this is a place where dirt is hidden! Is this kind of sect worthy of nine sects!"

The spears were directed at Qijian Zhetian.

Hu Yixiao shouted: "Shut up all of you! I will naturally give you an explanation about Chi Zhan's thing later! I only want to know one thing now, what shameful trick this kid has done, let us Of the players died on the spot!"

"He must have cheated! I won't forgive him if he cheated! Wiliam, tell me your despicable means!" Hu Yixiao said loudly.

With this said, the voice of the scene questioning Qi Jian Zhetian was suddenly much lower.

After all, Wiliam's three-second miracle is now everyone's greatest interest and doubt.

Everyone doesn't believe in gods, so Wiliam is very likely to cheat.

It is very possible that Chi Slash had been poisoned beforehand.

“Cheating? Ho ho.” At this time, a sneer appeared.

When everyone saw it, it was Xu Tongyin who was a little pale and covered in bandages.

Xu Tongyin slowly walked up with the support of the Zongmen.

He said: “Actually, when you doubted Wiliam that you could defeat the enemy in three seconds, I totally believed it in my heart.”

“Because, I also lost at this point. This is the biggest reason why I gave up.”

“Look at Chi Zhan’s body carefully.”

Everyone was led to look at Chi Zhan’s body.

From this look, there was another exclamation on the scene!

“What’s hiding in his body! There seems to be red light!”

Red light!

Sure enough, in Chi Zhan’s body, red light was shining slightly.

Wiliam casually move!

A few silver needles flew directly from Chi Zhan’s body and returned to Wiliam’s body.

Chi Zhan died under Wiliam’s Long Live Demon Lotus!

The cause of Chi Zhan’s death was finally found out.

“See it? Do you know why I gave up? Because at that time, Wiliamshen had also planted silver needles in my body at that time. It stands to reason that people who have reached our level are in their bodies. We would notice something. I didn’t even notice it at the time. It wasn’t until the last moment that I realized that I was completely under Wiliam’s grasp, so I gave up. Chi Zhan is just like me.”

Xu Tongyin looked at the people around him and sneered: “Now, is Wiliam still cheating?”
