

# Dragon Husband 1622 part 1

Chapter 1622 The Truth!

The scene was quiet.

Everyone feels like Xu Tongyin makes sense.

If Chi Zhan died under Wiliam's magic weapon, this really didn't mean that Wiliam cheated.

The key is how Wiliam planted the Long Live Demon Lotus in Chi Zhan's body?

"Nonsense! Then I'm going to ask, why is Wiliam's silver needle in Chi Zhan's body? I don't believe that Inland Leaf planted the silver needle in those three seconds just now. This is just in full view. Everyone is watching! So Wiliam must have calculated Chi Zhan beforehand! This is Chi Guoguo's cheating!" Hu Yixiao immediately caught the loopholes in Xu Tongyin's words, and refuted it confidently.

"Well, what Sect Master Hu said is very reasonable." Wiliam said suddenly.

The people at the scene were taken aback.

Wiliam, is this going to blow himself up?

Even boasting that the other party is justified?

What is this operation?

Even Hu Yixiao was stunned.

Did this kid take the wrong medicine?

"Okay, then I will tell you how to get the silver needle on Chi Zhan's body. Wrong, the silver needle on his body was indeed planted before." Wiliam said lightly. .

Hu Yixiao looked happy!

Without thinking of Wiliam, he immediately admitted it.

This can scare the Jinyu volley people pale!

If this were the case, Wiliam would not only be cheating!

It is a very serious sin to count the players before the game!

It is even possible to be directly deprived of the position of Nine Sects!

Liu Yuntian and others were about to scold Wiliam, but Song Hanyu stared back.

"You are still a man, dare to admit it!" Hu Yixiao said with a sneer.

Wiliam smiled back and said, "Yes. Dare to be a real man, don't you? Sect Master Hu, are you a man? No matter, then I will just elaborate on how the silver needle on his body came from, right?"

"Do you remember the match I played with Wenren a few days ago?"

Wiliam suddenly pulled Wenren Qingqing out.

After Wenren Qingqing not far away heard it, his face suddenly turned pale with a bit of excitement!

"I understand! I understand!" Wen Ren said excitedly, grabbing his sister's hand.

"Understand, just go ahead and say it. He needs someone to prove it." Wen Ren scratched the palm of her sister's hands intently.

Wen Renqing nodded, then walked away and jumped over.

"Let me talk about it." Wen Renqing appeared in the sight of everyone, and said lightly.

"Do you still remember the previous nine sects and even other sects rushing to rob Wiliam?"

Wen Renqing sent Jiu Zong berserk to Wiliam, and then Wiliam told him about the assassination of Wiliam the other night.

After that, the whole scene was blown up!

"Damn! Such a great message!"

"No wonder Wiliam was pale at the time and gave up the game. It turned out that he was poisoned and assassinated again!"

"The strange sword covering the sky, the hero of the Canglang and the Fragrant Flower are simply not human! In order to win the game, they used such despicable means! They also sent people to assassinate, is this worthy of becoming the nine sects?"

In an instant, these three sects suddenly became the object of criticism.

Hu Yixiao's face turned pale on the spot.

What we did at the time was really disgraceful.

Although it was done in conjunction with Xianghua Lixue, the trick of Chi Zhan hidden behind Qijian Zhetian to reverse the situation was tantamount to completely offending Xianghua Lixue.

Now Xianghua Lixue jumped out and said everything at the time. He really didn't want any face anymore.

The jade and the stone are burned!

Hu Yixiao wanted to get angry, but he felt weak when he thought about it.

Fragrant flowers have fallen out of nine sects, what face do they need?

"Hu Yixiao, you did such a despicable thing! It's too much! You don't deserve to be called Jiu Sect!" Even the righteous people among the Nine Sects began to speak up.

Hu Yixiao knew that he couldn't hide what happened at the time, and simply said: "It was just an accident at the time! But don't change the subject. What I asked just now was when Wiliam killed Chi!"

Hu Yixiao kept telling others not to change the subject, but he cleverly pulled the subject back.

This is going to grab a sore spot and hit it to death.

However, Wen Renqing said: "Sect Master Hu, you are confused! The person you sent at the time, was it Chi Zhan who took the lead?"

Hu Yixiao's heart sighed!

Just seen through?

impossible!

Chi Zhan never showed his face from beginning to end!

And at that time, in order to cover Chi Zhan, Hu Yixiao deliberately let one of their own seed players directly wrapped in bandages to abandon the game, creating the illusion that that person was injured by Wiliam.

With this move, Hu Yixiao thought that he would kill two birds with one stone.

It can not only paralyze Wiliam and others, but also make way for Chi Zhan's appearance.

Unexpectedly, it was recognized by a little yellow-haired girl.

"At that time, Wiliam showed that the enemy was weak and injured the paralyzed Chi Zhan. At that time, he planted silver needles in Chi Zhan's body. It was for today's outbreak. Wiliam, am I right?" Ren looked at Wiliam with affection.

"It's rare to be smart once." Wiliam affirmed lightly.

It is another painful roll of eyes to attract people's affection.

"So, if Wiliam injured Chi Zhan and planted silver needles in his body, it was entirely for self-preservation. If Wiliam is considered cheating like this, then please also investigate your unscrupulous assassination of Wiliam in order to win the game. Sin, right?" Wen Renqing took advantage of the situation to counterattack, and brutally sent Hu Yixiao to the army.

"You! You! You!" Hu Yixiao was speechless for a while.

Now, the truth of the matter is clear.

Chi beheaded to assassinate Wiliam, then Wiliam counterattacked, and planted a silver needle in his body without knowing it.

Now that Chi Zhan is facing Shang Wiliam, he can naturally be easily countered by Wiliam.

Wiliam planted silver needles in him, just to keep him alive for a few more days.

Today, it is time to take his life.

In it, Wiliam was the target of the assassination, and there was no guilt at all.

After the people at the scene understood the truth, they scolded the people who covered the sky with strange swords for being despicable and shameless.

Hu Yixiao suddenly had trouble riding a tiger!

Unexpectedly, this kid is so amazing!

From that night on, he set up everything!

Just waiting for Chi Zhan to fight him?

What a terrible layout!

How could he think of so much!

Is he a human!

It's ridiculous!

I always feel that everything is under my control!

Unexpectedly, someone stood at a higher place and looked down at him.

Everything he did was nothing more than a gimmick in William's eyes.

There was a deep sense of powerlessness in Hu Yixiao's heart.

At this moment, he admitted that he was completely inferior to the young man in front of him.

At this moment, Song Hanyu on the side suddenly slapped his head, as if thinking of something.

"I got it! I got it!"

"William! It turned out to be like this!"

"You really are a monster!"

She really thought of another thing!
