

Dragon Husband 1630 part 1

Chapter 1630

William knew from the first contact with the Dugu Hongshi that the Dugu Hongshi was descended from the azure unicorn.

It's just that I didn't know at the time whether the Dugu Hongshi still existed.

Until he first stepped into the Duguhong Lion Sect, he saw the statue of Duguhong Lion.

The sky green unicorn pointed to William, and there was still a trace of body aura in the statue of Duguhong Lion.

That is, still lingering alive.

William's bloodline can easily suppress the bloodline of Dugu Hongshi by nature. This has been verified by the previous elder.

That's why he dared to speak out the rhetoric of one person against one case.

Fighting for blood, how can Dugu Hongshi beat William?

Everything is under William's control.

However, everyone at the scene had their scalp numb, and their eyes looked strangely at William in the sky.

What an exaggerated and weird picture this is!

This lonely lion statue is alive! Don't say it!

Kneeling down at the tiny dusty William!

This kid, where is it sacred!

Can make the eternal lion so humble!

That's Hongshi!

How many people have a fabulous existence in their hearts!

The Dugu Hongshi people are even more frightened.

Is this picture an illusion?

Many people rubbed their eyes vigorously, trying to wipe Wiliam's figure from their eyes.

However, this is a fact, which cannot be rebutted.

Wiliam was in the air, and he was adored by Dugu Hongshi, and asked indifferently, "Dugu Hongshi, kneel on me, can you be convinced?"

"Roar..." A roar that resounded through the world but not half of the hostile and violent roar sounded from Dugu Hongshi's mouth.

As if to say—

When my king comes, the minister kneels down to the king, of course!

My father is born again, the son kneels to his father, it is justified!

"Alright, step back and go to sleep. I will find you again when I have time. We are one family, and I won't treat you badly." Wiliam moved casually.

Gang wind is back!

Dugu Hongshi raised his head boldly, and his body gradually recovered to its original appearance.

The sky above Hongshi's head slowly gathered dark clouds.

When these pictures gradually returned to normal, some sounds slowly appeared on the scene.

Everyone looked at the red lion statue exactly like before, and they only felt that they were experiencing a fantasy.

However, on the shattered ground, the kneeling Duguhong Lion Sect people were all proclaiming that all this had happened.

"I didn't think I was wrong just now, is Dugu Hongshi kneeling down and worshipping this kid?"

"How could it be wrong? I can see it clearly. The lion Duguhong responded with a word from this kid. And the people of the Lion Sect of Duguhong worshipped for a long time, and the statue didn't respond."

"Who on earth is he! He can even make the Dugu Hongshi beasts surrender? That's too awesome! I have never seen it before in my life!"

People at the scene talked about Wiliam, and Dugu Hongshi's face was green.

They knelt for a long time, kneeling the lonely lion.

Dugu Hongshi was kneeling on Wiliam.

What a special thing!

Everyone has mixed feelings, especially Bai Jianxing.

It won't be possible for him at once.

The scene suddenly fell into a deadlock.

Dragon Husband 1630 part 2

And the people on Wiliam's side looked at Wiliam, their eyes flickered, it was an inexplicable admiration and admiration!

Terrible boy!

The people who said before that they would make the Dugu Hongshi kneel, they are now kneeling!

Said that they are not even worthy of the qualifications to kneel, only the ancestors come out to be worthy.

As a result, the ancestor came out and knelt.

This kind of miracle that is rare in thousands of years, this kid did it with his hands up.

What secret is there in him!

This feeling of being directly above the head of the nine sects is not too magical!

Song Hanyu's eyes are red at the moment!

It turned out that Wiliam was waiting here!

No wonder he is not afraid of the lonely lion, no wonder he fights alone and does not change his face!

It's no wonder that he said that the people in Jinyu Volley were not worthy of participating.

It turns out that his hole cards are so terrible!

In front of Wiliam, Jin Yu volleyed nothing!

Song Hanyu was also deeply moved at the same time.

Since Wiliam is carrying such a precious treasure, nowhere can he go to this common people's territory!

He is willing to succumb to the golden jade volley, but also to be slandered and slandered by all villains.

It's all because of her and Liu Yuntian's sincere treatment!

In Song Hanyu's heart, Wiliam's image was elevated again.

"How is the game going now? Who won it?" Someone commented below.

"Isn't that obvious enough! Wiliam said before that one person fights one case! Now all the people of the lonely lion are kneeling on the ground, of course Wiliam won!"

"Yes, he is the one who even the ancestor Dugu Hongshi can order to kneel down, this time Dugu Hongshi is breaking ground on the head of the ancestor!"

The voices of the people below could easily reach the ears of Bai Jianxing and a few elders.

Bai Jianxing was about to speak. The former Supreme Elder faced Wiliam with his fists in his hands, his body slightly bent, "Senior, please come down and speak!"

This predecessor stunned everyone.

How could the young Wiliam, who doesn't know how old, became a senior here?

However, the people of Can Jian Jiutian showed a weird smile.

The predecessors are too familiar with this sound.

At that time they called Wiliam the same way.

This Wiliam, wherever he goes, he is qualified for the current generation!

Wiliam slid his body and fell in front of this supreme elder.

This Taishang elder looked peaceful and quite righteous.

The supreme elder respectfully bowed his hand to Wiliam, and said modestly: "Under Bailan Emperor, the elder Tian, who is a lonely lion, has never heard of your name. I dare to ask the elders for their surnames. Where is the dojo?"

Wiliam smiled slightly, stretched out his hand not to hit the smiling man, the white and blue emperor looked pretty good.

"Senior dare not be, just call me Wiliam."

"Senior Wiliam, I'm always puzzled in my heart, I'm sorry, how did you wake up my ancestor of the lonely lion? Do you also have the blood of the lion?" Bai Landi is not a hypocritical person, and asks directly. road.

Wiliam shook his head, and said, "I am not of the blood of a Hongshi lion."

"Then what do you..." Bai Landi's eyes showed a trace of doubt.

But at this moment, he saw Wiliam's eyebrows suddenly light up, revealing a small delicate tattoo.

As soon as this tattoo came out, Bai Lan Di was struck by lightning!

His body trembled in an instant, and his eyes flashed with excitement!

His old body seemed to burst out infinite energy at this moment.

Bai Landi turned around, the old but loud voice resounded through the audience!

"All the disciples of Dugu Hongshi listen to orders!"

"Kneel down!"

After a loud command, Bai Landi took the lead to kneel down to Wiliam.

Although the people of Dugu Hongshi have all kinds of emotions in their hearts, but facing the orders of the Supreme Elder, who dares not to follow!

A few seconds later, all the people of the lonely lion knelt down to Wiliam.

Emperor Bai Lan's body was still trembling, and he threw his five bodies on Wiliam, sounding like a bell!

"Lu Zu is here!"

"Please be merciful! Let us be the blood of the lonely lion!"

"Recognize the ancestor and return to the clan!"
