

Dragon Husband 1634 part 1

Chapter 1634 Heaven and Earth Dragon Scales

There is nothing wrong.

Standing on the stage, the person whose temperament has completely changed at this moment is full of energy, it is Wiliam's eldest brother Liu Lang!

Liu Lang has never seen Wiliam again since joining Cloud Piercing Jinglong.

This is the first time they met since the last time they parted.

There were a few chances that Liu Lang wanted to meet Wiliam in private.

But he received Wiliam's eyes, and the tacit understanding between them made Liu Lang quickly understand the look.

Wiliam was telling him not to see each other temporarily.

Although he didn't know what tricks Wiliam was playing.

But Liu Lang is still very confident and interested in Wiliam's plans.

He wanted to know what exactly Wiliam would do.

As for Wiliam's passing through the five stages and cutting six generals until the finals, and letting the lonely lion appear to kneel down, Liu Lang was still very calm in his heart.

He knew that Wiliam could do this.

Until the end of this, the people who hated Beihe martial arts were involved, and looking at Wiliam's expression, Liu Lang knew that Wiliam's strategy was over.

Wiliam counted him, and now it was his turn to appear on the stage.

So Liu Lang chose to come forward without hesitation.

The people at the scene looked at Liu Lang again, all of them exaggerated, and they didn't know what to say.

This vicissitudes of life seemed to be a different person in an instant.

He was a cynical prodigal before, but now he is a ruthless devil!

In this way, he is like a person with the Six Laws!

And everyone was even more surprised by a title in Liu Lang's mouth.

Little brother!

William, is Liu Lang's younger brother?

What a special thing!

Unexpectedly, there is still such a relationship between the two!

No one knew it before!

If it's a younger brother, isn't the relationship even closer than the relationship between Nie Shuangxing and Hu Yixiao's uncle and nephew?

Another guy who can hide!

With that said, everyone began to admire William and Liu Lang inexplicably.

Since the two people have this kind of relationship, why bother with William's journey along the way!

Can you mix in the top three easily?

But Williamzhen exposed this relationship, but walked over step by step.

He also used his own strength and his fairness and justice to once again conquer the audience.

Had it not been for Hu Yixiao to reveal the relationship between Nie Shuangxing at the last moment, presumably the two brothers would not announce their relationship!

Thinking about it this way, and comparing it with Hu Yixiao and Nie Shuangxing's arrogant affiliation, William and Liu Lang's affiliation obviously became fair and just right away.

What are those two dog things!

And some other people on the scene suddenly patted their heads at this time, and they suddenly realized.

"I remember! I remember! I finally know what the referee's background is!"

“When we were welcoming Naxian before, it was him. Wiliam had another young man, and the three of them attracted the sorrowful beasts to congratulate him! I will never forget this wonderful scene in my life!”

“Yes, yes! That’s him! Wiliam has joined Xianghua Lixue, a man named Lin Jiang has joined Yushizhiren, and this judge is the piercing dragon who has joined the Six Methods! He is the only one present in the room. People who joined the Six Methods, why did I forget all of a sudden!”

Dragon Husband 1634 part 2

“They seem to be three brothers. Today, Lin Jiang, who is imperial ruler, is missing, otherwise it would be more fun.”

“Unexpectedly, how long has Liu Lang joined the Chuanyun Jinglong to be sent directly to be the referee, indicating that his status in the sect is also very high. This is interesting.”

Song Hanyu’s eyes lit up all of a sudden!

When Liu Lang revealed his true face, Liu Yuntian was already very excited.

It was not until Liu Lang completely disclosed the relationship between the two that Liu Yuntian grasped Song Hanyu’s hand tightly and said excitedly: “It’s steady! It’s steady! This time it’s steady!”

Song Hanyu’s face gradually turned ruddy.

She would never have thought that Wiliam would hide a hand here!

This is the real draw from the bottom, this is the real fatal blow!

Wiliam’s abilities are too great, and his network of connections has been extended to the Six Methods.

But what Song Hanyu didn’t know was that it was not Wiliam’s arrangement for Liu Lang to appear here.

It’s just a coincidence.

It’s just that Wiliam cleverly used this coincidence to maximize the value of his second brother.

The faces of Hu Yixiao and Nie Shuangxing changed.

Nie Shuangxing immediately looked at Hu Yixiao, his eyes full of violence.

It seems to be saying, why don't you tell me such important information!

Hu Yixiao's face collapsed in an instant, and he waved his hand hurriedly and said, "I didn't know before..."

Hu Yixiao really didn't know.

But Hu Yixiao is the person who most should and most likely know.

After all, Wiliam Linjiang and Liu Lang had already clashed with Qi Jian Zhetian when they were in the world.

It's just that when the next person reported it to him, he didn't care about it at all.

I didn't notice the relationship between Wiliam and Liu Lang.

At this moment, Hu Yixiao regretted that his intestines were all blue, and immediately looked at Nie Shuangxing with helpless eyes, and signaled his uncle to quickly think of a solution, what can be done.

Nie Shuangxing's brows furrowed, feeling very unhappy in his heart.

He didn't know the relationship between Wiliam and Liu Lang.

If you know it, that's not the case.

Will definitely greet Liu Lang in advance.

Now that Liu Lang is right now, it must be because he is upset that he is making his own decisions, which makes him lose face.

The two sects of Beihe Weiwu and Chuanyun Jinglong, speaking of Chuanyun Jinglong's strength, are even better.

Before Nie Shuangxing was just bullying Liu Lang, a hairy boy, so he was using his power to suppress others.

If he really wants to do it, Nie Shuangxing still has to calculate in his heart, he has the ability to let the sect support himself with the strength of the whole sect.

This Liu Lang is obviously a second stunner, and can't go hard with him.

Can be sent to be a referee, there must be some forces within the sect.

Nie Shuangxing regretted it a little bit, and he didn't want to get to know the background of Liu Lang earlier.

I am very passive now.

Forget it, let's not go head-to-head with this kid, just say a few words, let this scene not be so ugly, and I won't fail to come to the stage.

After discussing it privately with him later, presumably this kid won't lose face.

After all, they are all six methods. See you when you look up.

Nie Shuangxing was thinking, and suddenly saw Liu Lang looking at him.

"Liu Lang..." Nie Shuangxing said quickly.

But when the words were not finished, Liu Lang interrupted directly.

Liu Lang took a step forward, his body shone with golden light, and went straight into the sky.

In the sky, there was originally a gray area.

But under Liu Lang's qi piercing changhong, the gray clouds in the sky seemed to be torn into pieces.

Gray, slowly turning to gold.

In the blink of an eye, the sky above their heads even continued to spread outside.

The golden fragments of clouds are like pieces of dragon scales!

world!

They are all dragon scales!

"Come, I will meet you." Liu Lang said proudly.
