

Dragon Husband 1645 part 1

Chapter 1645 Tang Monk Meat

Reflexively, Wiliam covered his clothes and looked at the two beautiful women in front of him with a vigilant expression.

The two women also looked at Wiliam in surprise, a touch of embarrassment between each other.

"Then what, I just wash it myself, you can go out." Wiliam's eyes were somewhat unnatural.

However, the two women across from each other suddenly laughed out loud together.

"New uncle, you are not shy anymore, are you?" One of them teased Wiliam.

How could Wiliam admit it?

He took the two women outside with one hand, and then the door was closed and locked, and he was done in one go.

These little fairies always want to eat Tang Seng meat?

Will they be given a chance?

Want to be beautiful!

Wiliam put water in the room, and after hurriedly washing, put on the clothes they had prepared and went out.

When I went out, I saw the two women still standing at the door.

When they saw Wiliam, their eyes widened, and they looked left and right. They felt that the Wiliam in front of them was not the same as the one before them.

"Beauty is out in the bath, so handsome!" one of the women said with a smile.

"You never get tired of it, this thin skin and tender meat." The other also said.

Okay.

Hum Ha, the second general, Ben Bo Er Ba, Bull Ben.

"Let's go." Wiliamzhen paid attention to their ridicule, but said lightly.

The three went to the chamber again.

This time Su Hongxiu was already seated in the chamber.

There was an empty spot next to her, obviously for Wiliam.

Seeing Wiliam coming, she smiled and waved: "Little Lulu, come and sit down."

Wiliam was not polite, and sat beside Su Hongxiu.

After sitting down, Wiliam realized that something was wrong.

This Su Hongxiu was wearing something wrong.

Before attending formal occasions, she wore a bright red tight skirt and her figure was perfectly presented.

Now as if she had returned home, she changed her clothes.

It's still big red, but it's a bit too loose.

Hanging loosely on her body, with her fragrant shoulders exposed, it feels like her clothes will slide down along her slippery shoulders at any time.

This is not the most important.

The most important thing is that this dress looks like a hotel bathrobe.

Whenever she dared to stretch her waist, Chunguang would be exposed.

Wiliam sat next to her, and as long as he glanced over, he could see things that shouldn't be seen along the loose clothes.

Isn't this woman too bold, so many people are there, there is a gap in it?

Wiliam felt a little uncomfortable all over.

"What? There is a problem with people's dressing?" Su Hongxiu leaned to Wiliam's ear and asked in a low voice.

Wiliam tightened all over, and said lightly: "It's a bit too presumptuous. There are so many people."

His expression was cold, but his tone was somewhat trembling.

Unexpectedly, Su Hongxiu giggled, and the flowers trembled so much that Wiliam could only look at the rice bowl in front of him without squinting.

“People think there is something wrong. They are all women here, what are you afraid of? Afraid of being seen by them?”

William wanted to say that you usually don't feel anything wrong if you don't wear clothes here.

But today there is an extra-blooded man.

Don't treat me as a man...

“Well, people believe that Xiao Lu Lu is an upright gentleman, and he won't look around casually, watching some Chunguang that shouldn't be seen.” Su Hongxiu whispered in William's ear again.

This enchantress.

Test me?

Test me?

If the person in front of her was Bai Fengxue, she would no longer be able to scream.

“Okay, let's open the table.” Su Hongxiu joked, then ordered.

The wine and vegetables were already prepared, and while serving the dishes, Su Hongxiu began to introduce William to the people sitting at their table.

At this table are basically the deputy masters and hall masters of the red and thin tall buildings.

There are three deputy suzerains of the red and thin tall building, and the other two are kind-eyed old women.

They looked at William with kind eyes, as if they were looking at their grandson-in-law.

And William observed for a while, and saw that the eyes of the deputy sect master of these two flavors were a little drowsy because of his advanced age, but they were still clear.

Obviously an upright person.

As for the other deputy suzerain, how many people make people uncomfortable.

Sun Qing'er was sitting on the other side of Wiliam, staring at Wiliam with envy and hatred.

Wiliam already knew Sun Qing'er's unusual love feeling, and now his eyes were gradually numb.

Sometimes Wiliam wanted to tease Sun Qing'er, and put his arm around Su Hongxiu, would Sun Qing'er jump up directly.

But this is just thinking about it.

As for the other hall masters, they are not very old.

All of them are pretty and charming, which is amazing.

It seems that this red and thin tall building is a sect that captures all the beauties from all over the world.

Whoever looks good will be the head of the hall...

The expressions they looked at Wiliam were all full of incomparable curiosity, and some even had a little admiration.

After all, Wiliam's performance in the Jiuzong Qualifying Tournament has now spread all over Xiaojianghu.

Who doesn't know Wiliam now?

He has strength, he is clever and witty, and the key is to be handsome.

If this is ten years younger, he still won't be fascinated by him.

Look, some of the young girls outside the chamber are already peeking at Wiliam with stars flashing in their eyes.

After looking at it briefly, Wiliam had some preliminary comments on this red and thin tall building in his heart.

Overall, this is a pretty good sect.

The women in the sect are basically cheerful and optimistic, and relatively simple.

Originally, Wiliam thought that all of them were women's sects, and some intrigues were indispensable.

But Wiliam found that this problem was basically absent after observing it.

The main reason is that Su Hongxiu's personality charm is too strong, these women are like little stars, gathering towards Su Hongxiu's bright moon in this round.

Because they share the same beliefs, they radiate the same light.

And one more thing, Wiliam thought that their sect was named Red Thin Tall Building before, and there was always a miserable sense of resentment.

After all, people who are green, fat, red and thin, go up tall buildings alone, are full of a different kind of sadness.

Will the women here be like a bitter woman one by one.

But after the observation, there were none, all of them had positive energy.

After understanding, I realized that Su Hongxiu was really amazing.

She protects the entire red and thin tall building alone, so that they can live carefree.

The red and thin tall buildings are the ivory towers of women in the rivers and lakes.

After understanding this, Wiliam became more interested in the woman Su Hongxiu.

Mysterious woman, her personality charm is too strong.

After drinking three rounds, all that should be talked about, Wiliam picked up the wine glass, and for the first time began to respect Su Hongxiu seriously, "Sect Master Su, I toast you a glass."

Su Hongxiu straddled the chair, one long leg was unobstructed, as if it would glow, making it hard to remove his eyes.

She looked at Wiliam with a blurred look, and lifted her glass, "Xiao Lulu, let's talk, is there anything I can do for you?"

Wiliam also seemed to have known this woman was extremely smart.

He did not refuse, but said straightforwardly: "I want your sect to help me take in someone."
