

Dragon Husband 1646 part 1

Chapter 1646

The people at the scene were stunned.

Good boy.

This is just coming, ready to go through the back door?

Want to cram people into the red and thin tall buildings?

Sun Qing'er immediately sneered and said, "Mr. Lu, you may not know that we have very strict restrictions on recruiting people in the red and thin tall buildings. First, we do not recruit men, and then even if we recruit women, we must look good and behave. Good. In the end, of course, this woman must have a certain martial arts foundation or martial arts talent. These three conditions are indispensable."

"Here, not all cats and dogs can come in."

Facing Sun Qing'er's cynicism, Wiliamzhe spoke, and Su Hongxiu spoke first.

"Qing'er, don't be rude." She first scolded Sun Qing'er, then turned to look at Wiliam, and said, "Although Qing'er is a bit rude, but the few conditions she just mentioned are indeed for us to recruit disciples. The hard conditions. In recent years, there have been basically no exceptions."

Indeed, it should be the case. The number of people in the red and thin tall building sect is the least among the nine cases.

Su Hongxiu alone supported it.

Wiliam watched Su Hongxiu still talking, Su Hongxiu laughed, and said: "But if you want to come in, people can make an exception to let you in. I said it before, you see it now, right? Our beauty is like a cloud, living here happily like a fairy, who doesn't know this is a paradise for men."

The cold sweat on Wiliam's forehead came out.

Men's paradise...

Hell is almost the same.

I couldn't stand it when I first came here for more than half an hour.

Sometimes too many women are cumbersome.

How to say it in one sentence.

Women will only affect my speed at drawing swords!

"Just make an exception anyway, your rules are nothing but..." Wiliam silently wiped the beads of sweat on his forehead and whispered.

"Hehe, idiot. Don't you understand? People are the biggest rule of this red and thin tall building. Will you come?" Su Hongxiu said with a smile.

"I haven't joined your ranks yet, I'm from my side." Wiliam said lightly.

I don't know that Su Hongxiu's face is stern, "If it's not you, then I'm a little embarrassed. We must follow the rules."

"Moreover, they will be more strict, maybe they will wear small shoes, who let you introduce them, they must have a good relationship with you. They are not happy. Who are you?" Su Hongxiu wrinkled his nose Said.

"It's my wife." Wiliam told the truth.

He had planned it a long time ago, and when these nine qualifying matches were over, he was ready to bring Fengxue here to reunite.

But one of the biggest problems with Fengxuelai is where she will be placed.

Although he was with Wiliamneng at all times, Wiliam didn't know where he would go next stop.

Moreover, there were too many enemies in Wiliam, and the danger of the wind and snow following him increased.

Therefore, the biggest purpose of Wiliam's visit today is to inspect this red and thin tall building.

See if it can be used as a shelter for the wind and snow.

It seems that this place is pretty good now.

If the wind and snow came here, with Su Hongxiu's care, he would have a good time here.

Dragon Husband 1646 part 2

And Wiliam absolutely didn't believe that Su Hongxiu was the kind of woman who would wear small shoes.

Her pattern is so big that Wiliam can't see through it.

"Your wife? You actually have a wife? It's uncomfortable, I want to cry! Do you still want to stuff your wife into a rival here? You think so?" Su Hongxiu pretended to be heartbroken and questioned Wiliam.

Everyone at the scene also looked at Wiliam strangely.

Unexpectedly, unexpectedly, this little milk dog was actually bettered by others.

They have curiosity again.

What a powerful and wise woman can take this little milk dog down when he is ignorant.

And the suzerain is right.

Isn't it two hundred and five to send his wife to the rival of love?

But Wiliam smiled slightly and drank the wine in his glass. "Then this is the thing to do. I will bring someone to you in a few days, and I will have to work hard for Sect Master Su in the future."

Wiliam did this, on the one hand, to facilitate the wind and snow and protect it, on the other hand, he also used the wind and snow as a shield.

This Su Hongxiu's gaze was too aggressive.

If you are a little weaker, you will fall into it.

Wiliam moved out of Bai Fengxue and revealed the fact that he was married, just to let Su Hongxiu retreat in the face of difficulties and stop making unnecessary struggles.

Again.

I will always be the man you can't get in bed.

Seeing Wiliam drank the wine calmly, and then his attitude was so lightly downplayed, Su Hongxiu's eyes flashed with a gleam.

She also drank the wine in the glass with a smile.

She also came interested.

I want to see what Wiliam's woman looks like.

This red and thin tall building is so good.

But if you are not careful, you may be broken into pieces.

Both people are very close to this topic, so let's talk about it.

The next step is to change the cup.

These women usually don't drink much.

In a short while, Wiliam fell to the ground by himself.

Especially that Sun Qing'er, at first arrogantly looking for Wiliam to break his head.

As a result, she was the first to fall.

This wine is not good.

After being drunk, unlike other people, she fell to sleep in silence, she just rolled around there.

She almost completely lost the face of the entire Zongmen.

In the end, Su Hong's sleeves were not angry, and Sun Qing'er threw her out, and others sent the drunk Sun Qing'er to rest.

Gradually, only Wiliam and Su Hongxiu were left at this table.

Su Hongxiu's face was slightly red, and his eyes became more blurred.

While drinking, she admired Wiliam like an artwork.

Seeing that Wiliam couldn't do it anymore, she urged her to drink.

How do you say that.

What are you looking at!

Look at you!

It's all in the wine!

I don't know how long it took, even Wiliam couldn't hold it anymore.

Su Hongxiu suddenly stood up from the chair and stretched greatly.

The loose red bathrobe was pushed down a little, revealing the snowy fragrant shoulders.

She graciously pulled the bathrobe up again, and looked at Wiliam, "I'm almost drinking, right?"

Wiliam's face was also a little red, and he stood up and said, "Well, it's almost the same, it's enough."

Su Hongxiu nodded, showing a charming smile, "Since I have almost drunk, now it's time for business."

"On business?" Wiliam was taken aback, his head still a little overwhelmed because of the drinking.

He just felt that Su Hongxiu now seemed a little different from just now.

Su Hongxiu's beautiful face approached Wiliam, and a finger gently dragged Wiliam's chin, exhaling lightly in his ear, "Well, business. As for the business, what are you talking about..."
