

Dragon Husband 1648 part 1

Chapter 1648 You have lost me!

William's head was suddenly stunned.

What kind of dragon gate formation is this riding on a horse!

Why are so many people coming up!

During the nine qualifying competitions, all the members of Dugu Hongshi entered, and William didn't feel any fear.

However, now dozens of people stood up and walked towards him, and at this moment William admitted that he was cowardly.

He looked left and right, thinking to see if anyone could help him.

The people of Dugu Hongshi and Canjian Jiutian were obviously unable to count on them.

They can't wait to drink themselves down.

Not even Xu Tongyin.

At this time, he saw Qin Shengzhong who was a little lonely not far away.

Qin Shengzhong, the jade-faced Asura, was tall and big, and he was quite imposing when he sat alone.

Should be quite drinkable, right?

If he thinks of owing himself a favor, he should be able to come out and help him stop drinking, right?

William was thinking, it was a coincidence at this time.

Qin Shengzhong just raised his head.

Ok.

Just because I saw you one more time in the crowd...

Just this one.

The eyes of the two met.

William's eyes were full of incomparable distress signals, hoping that Qin Shengzhong could read them.

However, the upright Qin Sheng was heavy, and after his eyes met William's, he seemed a little cramped.

Qin Sheng lowered his head again for the first time.

Obviously, on the one hand, he is not adapted to the current environment, and is a bit isolated.

On the other hand, he obviously doesn't like to meet people's eyes either, which makes him a little embarrassed.

William was not reconciled and continued to stare at Qin Shengzhong.

As if having telepathy, Qin Shengzhong finally raised his head, as if he mustered up the courage of this life.

The eyes of the two met again.

William nodded slightly this time, motioning for this girl to come and help.

Qin Shengzhong didn't know if it was after a battle between heaven and man, and finally he slapped the table heavily and stood up!

William's heart immediately rejoiced.

The reinforcements are coming!

But the next second, he was stupid!

After Qin Shengzhong stood up, he walked towards the place where the wine was placed.

Then, then...

He's not holding a glass of wine.

Not with a jug of wine.

Not even holding a jar of wine.

Instead, ride a horse!

Carry a bottle of wine!

For today's banquet, Can Jian Jiutian piled up a lot of wine beside him.

The biggest weight of their wine was the wine jar that Qin Shengzhong was carrying.

This wine jar is half as tall as Qin Shengzhong, and as thick as a big tree!

The people on the scene were dumbfounded!

This F*cking!

And so much drinking!

This momentum is fierce enough!

Qin Shengzhong was originally wearing a tinkling armor, but now he is carrying the wine jar, and he feels that his footsteps are much heavier.

The footsteps of dong dong dong covered the sound of calling friends and companions at the scene, and everyone looked at Qin Shengzhong stupidly.

I don't know if this man is a Dionysian or what!

Qin Shengzhong walked straight to Wiliam, and put the wine jar on the ground!

His eyes were still a little unnatural, but he still mustered up his courage and said to Wiliam, "Wiliam, I respect you!"

Look, look!

Dragon Husband 1648 part 2

Others are offering a cup to Wiliam, and this product is a container to Wiliam!

The eyes of the people at the scene were about to fall.

And Wiliam, like a bolt from the blue, his whole head is blank!

He just reacted at this time!

This Tie Hanhan will be wrong, okay?

He used his eyes to signal to him to come and stop the wine!

It's not to signal him to come over for a toast, okay?

Got it wrong!

Do it all over again!

If God gave Wiliam another chance, Wiliam Juebi wouldn't look at this Tie Hanhan!

You are so embarrassed!

Did I send you alone to make a toast?

He came up with a bottle of wine!

After a brief stupor, the people at the scene broke out with earth-shattering shouts!

"Sect Master Qin Shao! Awesome!"

"Drink! I've never seen anyone drink directly from a vat! Sect Master Qin, please accept our knees!"

"Wiliam, we can't be cowardly! Let's face it!"

A group of people, like eating melons is not a problem, desperately fanning the flames.

Qin Shengzhong still didn't dare to look at Wiliam, he turned his head slightly, and said again, "Wiliam, our entire clan owes you a favor, so on behalf of everyone in the entire clan, I respect you!"

Wiliam's tears were about to burst out.

He really wanted to say, what kind of s*it!

I don't want it, can't it!

Wiliam showed Qin Sheng's embarrassed expression again.

I was thinking in my heart, I will give you Tie Hanhan one last chance!

Pay attention to Laozi's eyes!

I hope you can understand, retreat in spite of difficulties, give me a step down!

Looking at Wiliam's troubled eyes, Qin Shengzhong suddenly looked thoughtful.

Wiliam thought to himself, it's not bad, with a little understanding, so it's not impossible to carve dead wood.

Qin Shengzhong suddenly bowed his hands to Wiliam heavily, "I'm sorry, I didn't think about it carefully."

After speaking, he turned around and left in front of Wiliam.

Wiliam breathed a sigh of relief.

not bad.

Then.....

Qin Sheng returned to the place where the wine was kept.

Without further ado, he picked up another bottle of wine.

dong dong dong!

The sound of his heavy footsteps echoed again.

He came to Wiliam again and put down the wine jar.

At this moment, everyone has a feeling of going back in time.

Wiliam's whole body is about to explode, what is this for?

Qin Sheng clasped his fists with both hands, and said apologetically to Wiliam, "I'm sorry, I forgot to get you a bottle just now. I don't have any experience, so please don't take offense."

Wiliam hurried out tens of thousands of swear words in his heart.

He and I*!

Boy, you are helpless!

I won't give you another chance!

You have lost me!

Wiliam looked at Qin Shengzhong with disgust, but the people at the scene were even more excited.

"Good good! Fight, fight!"

"This is definitely the coolest mutual blow I've ever seen! Drink up!"

"Sect Master Qin is really a role model for my generation!"

Qin Shengzhong looked at Wiliam again.

At this time, Wiliam moved!

With the last of his strength, he straightened his body and pierced through the roof, and the person flew away!

"I appreciate everyone's kindness! I have something important to do, so I can't stay for a long time, so I will leave!" Wiliam said with a pretense of escaping.

Only a fool will admit that he can't drink anymore, and he still has to talk about the scene.

He stepped on the roof and flew for a full five minutes before landing on a quieter roof, and he was gradually relieved.

What a bunch of neurotics!

Drinking with them can drink up cerebral thrombosis!

Fortunately, I was resourceful and ran fast enough!

And he was still terrified when he suddenly heard a sound of laughter coming from the room under his feet.

"Oh, Wiliam, why did you come to our sect? How did you know that our sect was here? How did you know that my room was here? Why didn't you go through the main entrance and go to the roof? Are you trying to do something despicable, shameless, and dirty to others? What's the matter? Dabaa..."
