

Dragon Husband 1651 part 1

Chapter 1651 Return

Because Su Emei kept urging, Ling Yu Jinniang, who didn't know what to eat, swallowed a few mouthfuls, and his body suddenly grew bigger.

He returned to the giant he had seen yesterday.

She opened her mouth, and a gust of wind hit Wiliam and Su Emei again.

Just as Wiliam was about to dodge, he heard Su Emei say, "Don't dodge, obey Lingyu Jinniang, she won't hurt us."

Wiliam reluctantly put away his energy and chose to trust Su Emei.

This gust of wind directly lifted Wiliam and Su Emei's bodies.

Towards Lingyu Jinniang's mouth.

This is to eat us all!

Wiliam couldn't help but feel some dismay in his heart.

What's the matter with eating into the stomach?

Wiliam was swallowed by a monster in the forbidden area before, and the psychological shadow will never be forgotten in this life.

too disgusting.

However, Wiliam just thought that someone had already entered Ling Yu Jin Niang's belly.

When he entered, he suddenly felt a different place.

First of all, he didn't feel a fishy smell.

Then his eyes lit up, and his body fell to a soft spot.

Su Emei took out a few night pearls as if she had already prepared it.

Suddenly, everything in front of him appeared in Wiliam's eyes.

tsk tsk!

Where is this in a man's belly?

Where Wiliam was, there were no internal organs.

It's a very empty place.

The floor of this place seems to be composed of a special fabric, which is very comfortable to step on.

"It's amazing, isn't it? You never thought that Ling Yu Jinniangu's belly was like this, right?" Su Emei said to Wiliam jokingly.

Although she was shocked when she first came in, she was obviously frightened.

Wiliam ignored her and began to take a serious look at everything around him.

It's amazing.

The kung fu of controlling people in the world is really impressive.

A Lingyu Jinniangu, she looks exactly like a person, has her own thoughts, and can eat.

But the internal structure is completely different.

How exactly is this done?

Wiliam even thought about when he was free to come over to steal a hand from the teacher.

At this time, the space they were in felt a shock.

"Sit firmly, Lingyu Jinniangu took off." Su Emei said again.

Good guy, take off, you are flying a plane.

Wiliam was powerless to complain.

However, it was the first time in my lifetime that I flew such a plane.

There is no sun and moon in the belly.

I don't know how long it took, even Wiliam was a little groggy.

His body shook again.

Airplane, bah!

Ling Yu Jin Niang

going down.

It should be coming.

William's heart was suddenly tense and anxious.

Leaving though only for a few short months.

But to William, it seemed like a lifetime away.

After all, Cang Mang Continent and Cang Sheng Territory are still very different.

Cang Python Continent is his hometown.

He's used to everything here.

Now coming back again, William has a feeling of being close to the nostalgia.

I don't know how the wind and snow is now?

Do you have a husband who wants to be far away?

Dragon Husband 1651 part 2

A strong longing spewed out as the destination got closer and closer.

William couldn't wait to see Feng Xue.

"Boom!" William's body shook violently, knowing that Ling Yu Jinniang had already landed.

Above their heads, a ray of light appeared.

William and Su Emei smiled at each other and jumped up together.

That was Ling Yu Jin Niang's mouth.

The two jumped out of Ling Yu Jinniang's mouth, and the strong sunlight made them unable to open their eyes.

After getting used to it, the two opened their eyes and looked at this familiar land.

Behind them, Ling Yujin's body slowly shrank.

Finally, the buttocks sat on the ground.

She looked lethargic, as if she was overexerting.

"Su Emei, carry me." Ling Yu Jinning murmured, and jumped up on Su Emei's back.

"I'm going to sleep, you guys can play by yourself." Ling Yu Jinning said, her eyes closed, and the slight snoring had already come out.

Falling asleep is so fast.

William and Su Emei looked at each other before looking at the surrounding environment.

It's an empty land with no people around.

Fortunately, William was well prepared, took out the mobile phone he had used here before, and turned on the navigation mode.

He glanced at the navigation, and he already knew it.

This is not far from the Medicine Knife Family where Feng Xue and the others are now.

If the two of them do their best, they will be there in no time.

William was not going to call Bai Fengxue.

He wanted to give Feng Xue a big surprise.

And then in exchange for a big hug!

Su Emei obviously had the same thoughts as William, and did not contact anyone.

The two people spread out and ran with all their strength.

Both carry the joy and joy of seeing loved ones, friends, and relatives.

I also fantasize about the surprise when friends and relatives see them.

But no one would have thought that there was a massacre happening at the door of the Medicine Knife family.

At this moment, the family of Medicine Knife is full of anger.

Dao Xiaofeng, the head of the Medicine Knife Family, leaned on crutches and looked angrily at the large group of people in front of her.

Behind Dao Xiaofeng, stood a bunch of peerless beauties.

Snow White is naturally inside.

There are also Sister Qing, Sister Tian Tian, Gu Xinyu and others.

They even showed their weapons.

Just to deal with this wave of uninvited guests in front of me.

Standing directly opposite this group of people is a middle-aged man.

If Wiliam was there, he would definitely know him.

This person is the spokesperson of Qijian Zhetian in the mundane world.

It was also Huang Lingqing who was scared off by the three Wiliam brothers.

Behind Huang Lingqing were all the disciples stationed here by Qijian Zhetian.

In this world, if there is a sect that is more powerful than the Medicine Knife family, it is the group of people who have a sword that covers the sky.

People who usually have a sword that covers the sky are not allowed to shoot at will here.

Because they are not from here at all.

They are called the guardians of the humane order by the people here.

Now, this group of guardians of the humanitarian order has openly violated the rules that have existed for many years, and even took the initiative to show up!

He also came to the Medicine Knife Family, and kept saying that he wanted to represent the strange swords far away to cover the sky and punish the Medicine Knife Family.

We have to exterminate all the people here as an example!

With such an arrogant behavior, how could Dao Xiaofeng not be angry!

How can those women who are in good spirits not be angry?

“Guardian of the humane order! You can think about it! Do you know that the current behavior is a provocation to the whole humane!” Dao Xiaofeng shouted righteously.

However, Huang Lingqing had already taken the lead, and it was a sure thing to kill the Medicine Knife family.

He paid no attention to Dao Xiaofeng at all, but put his eyes on the women who were like flowers and jade behind Dao Xiaofeng.

He showed a wretched smile, "I don't think it's necessary to kill them all now. These women are really watery, I think, these women are left for our brothers to play with, and the rest are all destroyed. Bar."
