

# Dragon Husband 1668 part 1

## Chapter 1668

Su Emei's eyes narrowed, and she grabbed Wiliam's sleeve, "Wiliam, what do you mean? Do you want to seek revenge for the person with the sword that covers the sky?"

Wiliam smiled slightly, more than revenge!

The word revenge can no longer describe the killing intent in his heart at the moment!

Damn strange sword covering the sky, dare to do something to Feng Xue!

Now that you have done it, bear the price paid for it!

"Fengxue's revenge, of course, must be avenged!" He Tiantian said through gritted teeth.

She has always been a person with clear grievances. Seeing Feng Xue being bullied like that, she was also very angry in her heart.

Isn't it revenge!

How to beat it!

Just be happy!

Besides, come over there, isn't that dead ghost there?

Afraid of a ball!

Seeing that Wiliam didn't speak, Su Emei sighed.

He knew that Wiliam had already made a choice.

She said slowly: "Okay, I know, you are a respectable person over there, and it doesn't make sense to cover the sky with a sword, I believe your friends will definitely help you, I will try my best to convince the people who control the world to help you too."

Su Emei was thinking in his heart that Wiliam was now in the land of the common people.

As long as Wiliam wants to deal with the strange sword covering the sky, the people with the broken sword Jiutian and Dugu Hongshi will stand by Wiliam's side for the first time.

Maybe the people from Lanshan Zhige will also help Wiliam.

In this way, three sects should be more than enough for one sect.

It would be better for Yu Shizhi to plunder the array in the past, which would add prestige to Wiliam.

However, she suddenly saw Wiliam's eyes flickering, and then she heard Wiliam's icy and biting voice, "It's just to deal with a strange sword that covers the sky, it doesn't take so much trouble."

"It's enough for me to step on the sword to cover the sky!"

"Sister Emei, just do as I say."

One person beats one case!

Wiliam once again released rhetoric.

Su Emei's whole person is not well.

She thought that Wiliam would ask other sects to help him.

Never thought that this kid had no intention of asking for help from the very beginning!

He wanted to pick that sect by himself!

This word...

Su Emei seemed familiar.

During the nine-sect qualifying competition, Wiliam also released the words of one person fighting one sect.

But after the fact, everyone knew that Wiliam was a bit tricky.

He just happened to meet Dugu Hongshi, and he just happened to be suppressed by blood.

So one man and one case can be established.

But now, the situation is completely different.

First of all, this is not a qualifying match. If one person fights one case, the opponent will not be merciful at all.

Secondly, Wiliam would not have the advantage of bloodline suppression against Qijian covering the sky.

The most important thing is the last point!

This time Wiliam was not talking about a war!

But a flat one!

A battle, there are winners and losers!

And step down a case, eternal undefeated!

This is much crazier than before!

He is only one person, how can he do it!

Su Emei thought that Wiliam had been swept away by hatred and was getting angry.

He was about to persuade Wiliam when Li Chunfeng stood up, gently pulled La Su Emei's shoulder, and whispered, "Let him go, he always has his reasons for doing things. Since he said so, you must be sure to win."

## Dragon Husband 1668 part 2

Chunfeng! Why are you so used to him!" Su Emei was going to be furious, who was the person she met.

However, Li Chunfeng looked at Wiliam, sighed, and said, "Don't think about it, Feng Xue has been rescued, and there will be no danger to his life, how could Wiliam use his life to fight at this time? It's an uncertain battle."

Su Emei's breathing stagnated, and she never thought that she could explain it like this.

It seems reasonable too.

Li Chunfeng shook his head and said, "Moreover, it is more important to him. This time, he is bound to go to Qijian to cover the sky."

"He wants to give Feng Xue an account when he wakes up, otherwise, he will have no face to face the pain and suffering Feng Xue has suffered."

Su Emei looked deeply at the woman in front of her who was also charming but full of tenderness, and a string seemed to be touched in her heart.

Su Emei silently glanced at Gu Xinyu, then quickly turned her face away, for fear of attracting attention.

She resisted the complicated emotions in her heart and said, "Okay, I hope what you said is true. Let's go. We will break through the air according to the previous plan, and this time we will not go to the sky."

Saying that, she greeted everyone and entered Lingyu Jinniāng's belly again.

And Wiliam was the last to enter.

He turned his head and glanced at the Cang Python Moat.

At this time, the Cang Mang Moat has long since lost the majesty of the stormy waves hitting the shore before.

But a little more calm.

It seems that this chasm that divides heaven and earth has lost its former splendor.

Wiliam turned and knelt down towards Cang Python Tianzhu, and kowtowed three times deeply.

Only then did he jump straight into Ling Yu Jin Niāng's mouth.

After a while, everyone felt a tremor in Ling Yu Jin Niāng's stomach.

Su Emei opened his eyes and said, "It's here."

She took everyone and left Ling Yu Jinniāng's stomach in an orderly manner.

The place where everyone came out was the sect where they ruled the world.

Everyone who has never been here in the past is looking at everything around them curiously.

"Wiliam, how are they going to arrange it?" Su Emei looked at Wiliam with complicated eyes.

Wiliam said casually: "I'll take them all to Canjian Jiutian first, and then I'll take them to the red and thin high-rise building or Lanshan Zhige in batches. That's for later. You have more important things. do it."

Su Emei knew what Wiliam was talking about...

She nodded, "I'll report to the sect master, and I'll go to Qijian Zhetian to send a message. When do you plan to go?"

Wiliam looked at the sky and said, "There is no moon tonight, just twelve o'clock tonight."

"Okay, I hope what you do has your reasons." Su Emei also knew that she couldn't persuade Wiliam, so she turned and walked towards the sect.

There are still five hours until twelve o'clock in the evening.

Inside the Qijian Zongmen Gate, a banquet was being held roaringly.

Hu Yixiao's face was flushed, he threw the wine jar and shouted loudly, "Huang Lingming, what's the matter with your brother? Haven't there been any good news yet?"

Huang Lingming also drank indiscriminately. He raised his wine glass and went to Hu Yixiao, patted his chest and said, "Sect Master, are you worried about my brother's work? Besides, how many people in this world can stop my surprise? The master of the sword covers the sky. Moreover, our soldiers are very fast, and they have no time to respond hahaha. I think my brother will report to us soon, don't worry! It's all right! I guarantee it with my life!"

"Well, it's a small thing, but it can make me vent my grievances, hahaha, come on, keep drinking!" Hu Yixiao's expression also improved after hearing this.

In his opinion, in Cang Mang Continent, no one can compare to Huang Lingqing.

Slaughtering a small family is full of people, but it's just a little effort.

"Hoho, it's such a hot banquet. It's just a coincidence, Sect Master Hu, someone just asked me to come over and say that at twelve o'clock tonight, I'm going to come over and ask for a drink." In the sky, appeared out of thin air. A cool voice.
