

Dragon Husband 1669 part 1

Chapter 1669 Battle!

Hu Yixiao's eyes narrowed, and the drunkenness on his face disappeared in an instant.

He raised his head and looked to the sky.

I saw that the sky was pitch black, and it looked very strange.

No moon tonight.

"Who!" Someone at the scene immediately started drinking.

A little light suddenly flashed from the side of the sky.

is a firelight.

And with this firelight, the people at the scene finally saw the person coming.

It was Su Emei who controlled the world.

At this time, Su Emei was riding on her white tiger, holding a fire in his hand.

Su Emei's face was indifferent, looking at the hustle and bustle of the scene, like a spectator detached from the world.

"Su Emei! What are you doing with my sword to cover the sky?" Hu Yixiao asked coldly.

"What are you doing? Didn't you say it just now? I'm just here to spread the word for one person. Someone is coming over at twelve o'clock tonight to ask for a drink." Su Emei reiterated this sentence.

"Who?" Hu Yixiao suddenly had an ominous feeling in his heart.

"William." Su Emei said these two words lightly.

"William?" Hu Yixiao was stunned for a moment, not thinking that it would be William.

But when he thought about it, he suddenly burst out laughing.

When Wiliam came over, he must be uneasy and kind, and there is a high probability of coming to seek revenge.

That also proves from the side that something big must have happened in the land of the common people.

Most likely, his whole family has fallen under Huang Lingqing's hands.

How wonderful hahahahaha!

Hu Yixiao burst into laughter, "Hahahaha, it seems that you all already know. Hmph, I just want to let that kid know, offend me with a sword that covers the sky!"

"I think you made a mistake? You sent someone to kill Wiliam's family, but by coincidence, we arrived too. Are you wondering why the people over there haven't reported anything to you after a day has passed? News?" Su Emei's mouth drew a wonderful arc.

Hu Yixiao's face stiffened, "Impossible!"

"It's impossible, you'll know when Wiliam arrives." Su Emei was too lazy to explain a lot of things to Hu Yixiao.

She just came to summon.

Oh, by the way, look at the hot coax.

Hu Yixiao said on the surface that it was impossible, but in his heart he already believed it eight points.

If Wiliam really went to the land of the common people, and now he wants to seek revenge, it means that he is not injured.

With such confidence, there is a high probability that Huang Lingqing and the others were plotted against them.

That kid Wiliam has a lot of tricks!

That waste Huang Lingqing can't do anything well!

But that kid must have the confidence to dare to come over.

It should have united those sects!

Good guy, I have just fallen out of the Nine Sects, and you are ready to nibble on the whale!

Aren't you afraid that the world will be ridiculed!

"Hoho, come out wherever the people from Canjian Jiutian and Dugu Hongshi are!" Hu Yixiao said with a frown.

Su Emei was about to say that Wiliam came alone.

But just as he opened his mouth, he suddenly saw a fire not far away from him!

"The people from the Nine Heavens of Remnant Sword are here!" A majestic and hearty voice sounded.

In the light of the fire, Xu Tongyin's resolute face was smiling.

Dragon Husband 1669 part 2

Standing beside him was Xu Benliu, the sect master of Canjian Jiutian.

And behind him, a blaze of fire was all people from the Nine Heavens with a Canned Sword.

It is densely packed, it looks like the entire sect is moving!

Not to mention Hu Yixiao was stunned, even Su Emei was dumbfounded.

That's right, she couldn't get angry when she came to the Qijian to cover the sky, so she told several sects that Wiliam planned to step on the Qijian to cover the sky alone.

Of course, he also mentioned the contemptible deeds of Qijian Zhetian.

But she never thought that the people from Canjian Jiutian came so quickly!

It's on your front and back feet!

Could it be that they really plan to stand up for Wiliam?

Su Emei's heart was a little uneasy.

Because Wiliam said that he had to do it alone.

If the people from Canjian Jiutian stand up for what they say, that's fine, and go all out to help Wiliam, will Wiliam blame me for this tip-off?

And Hu Yixiao just shouted casually just now, as if he expected the enemy to take the lead,

I never thought that this shout really called out a sect person!

This is the head of the newly promoted Nine Sects, the Remnant Sword Nine Heavens!

If you help Wiliam, Qijian Zhetian will lose a lot tonight!

He was thinking about how to build the stairs.

At this time, the other side suddenly lit up with a fire.

“Looking for us? I’m sorry, it’s a little late? Let you wait.” An old but powerful voice sounded.

It is Bai Jianxing, the suzerain of Dugu Hongshi!

Su Emei’s scalp was numb.

This is really coming!

It doesn’t matter if you have one or two meanings, you Dugu Hongshi are also dispatched from a sect!

Aren’t you afraid of scaring people?

And so many people are not afraid to trample the roof of others!

Because the people of Canjian Jiutian and Dugu Hongshi are all standing on the roof of other people’s sect buildings.

Hu Yixiao’s face became even more ugly.

But, it’s not over yet!

“Hee hee, it’s really hot, let’s join in the heat, too.” A lazy but infinitely charming voice rang out.

Then, right in front of them, a fire also appeared.

In the firelight, Su Hongxiu, who was wearing a red dress, looked particularly charming and moving.

Behind her are all the people in the red and thin high-rise buildings.

Three sects!

Hu Yixiao never imagined that even the red and thin high-rise buildings that were both good and evil had come here!

Could it be that Wiliam really had an affair with Su Hongxiu!

Miscalculated!

Now the three sects have directly surrounded the sect with the sword covering the sky!

The situation is not optimistic for them!

Now that Qijian Zhetian is really fighting against these three sects, it is not as simple as a heavy loss!

There is no possibility of the entire army being wiped out!

Cold sweat came out along Hu Yixiao's forehead.

He was already thinking, is there any way out...

This Wiliam is really a grandson!

I dare not come!

Called so many people here!

villain!

Absolute villain!

The three parties in front of them have been surrounded, and it seems that they cannot be forceful...

Hu Yixiao couldn't help turning his head back.

It's only in that direction...

He hadn't finished thinking about it, and suddenly there was a fire in the place where he was looking.

A man with a handsome face but with scars appeared in the firelight.

But it was Lanshan Zhige's jade-faced Shura Qin Shengzhong.

Obviously, this battle also frightened Qin Shengzhong.

He didn't think of looking at the fire from the other side, as if it was New Year's Eve.

He looked behind him again, and there was a little bit of fire, although there were many, but compared with the three parties in front of him, there was still a little gap.

With an embarrassed look on his face, he quickly picked up the phone and shouted into the phone with a bit of shame: "Dad, I have a few people with me, so hurry up and call a few hundred more people over here, you won't lose if you lose... .."
