

Dragon Husband 1688 part 1

Chapter 1688 Fragrant Flower Leaking Blood's Backbone

There was a burning sensation on the face of the person who was fragrant and drained.

They looked at the dog-like man in front of them in disbelief, with all kinds of feelings in their hearts.

Is this really their venerable suzerain?

Where did he lose his face as the former nine sect masters?

Wiliamqiang is stronger, but as for flattering others?

Moreover, when I didn't see Wiliam just now, the Sect Master clearly had some righteous words!

People are unpredictable!

Even Wen Renqin and the two sisters looked at their father in disbelief, and couldn't believe that this was the father who gave birth to them and raised them!

However, Wen Ren Tiange turned a blind eye to everyone's embarrassed eyes, as if only Wiliam was left in his eyes.

He smiled and led the way ahead, preparing to lead Wiliam to the place where the grandmother of the back mountain was sleeping.

Wenren let out a sigh and followed Wiliam's side.

She didn't know why her father became like this.

Is it for the sake of saving the blood of the fragrant flowers and compromising?

Should not.

A manly man should have blood flowing in his heart.

It seemed that Xiang Hua Li Xue had fallen out of the position of the Nine Sects, which was a huge blow to Wenren Tiange.

Since then, his father's spine has disappeared.

Fragrant and bloody spine is also gone.

Now it's Wiliam.

In the future, there will be more people who will make their once arrogant father bow down.

Wen Renqin's heart ached for no reason, and when he raised his head to look, he happened to meet his sister's eyes.

The two sisters had a tacit understanding since childhood, and they should think the same, their eyes were full of sadness and helplessness.

poor person must have something mean.

It was his own fault for his father to become like this.

From the moment he planned to deal with Wiliam, it was destined to be like this.

Soon, everyone came to the entrance of Peach Blossom Wanzhangyuan.

Wen Rentiange stopped, turned around and said to Wiliam with a smile: "Wiliam, I'll take you here, you and your wife can go in together, I'll be here, if you need anything, look for it at any time. I."

Wiliam nodded, said thank you, and dragged Feng Xue directly into Peach Blossom Wanzhang Yuan.

After Wiliam left, the flattering smile on Wen Ren Tiange's face gradually disappeared.

He patted his face and seemed to dislike that smile.

Then, he said to everyone: "You go back first, I'll be here to guard."

Wen Renqin wanted to say that she would also stay and watch, but was pulled by her sister.

Wen Renqing shook his head slightly towards Wen Renqing, signaling Wen Renqing not to stay.

However, others said one after another: "Let's stay too and wait together."

"Shut up for me!" Wen Ren Tiange suddenly yelled out, but it turned out to be the opposite of the servile maid just now.

The people at the scene were completely stunned, not knowing why the suzerain had become so moody.

The air seemed to freeze, and no one dared to say a word.

Wen Ren Tiange turned his back, as if escaping from something, and remained silent.

After a long time, he muttered to himself: "How long will it take to see my ugly appearance! How much shame do you have to leave before you leave? Get out of here!"

Dragon Husband 1688 part 2

The people at the scene suddenly felt a turmoil in their hearts.

They looked at the back of the sect master, and their eyes were red for a moment.

After Wen Rentiange finished saying this, he stretched out a hand, as if covering his face.

He walked slowly, slowly towards the nearest point to the door, and stood there silently.

For a time, Wenrentiange's footsteps seemed a little staggering to everyone.

His back is full of a silent sense of bleakness.

Wen Renqing's eyes were flushed, and he took his sister's hand and said softly, "Let's go, let my father be here alone, he will feel better."

As one of the former nine sects, as the former nine sect masters, after falling out of the nine sects, Wenren Tiange was obviously under the greatest pressure.

Regardless of his fault or not, no one else can criticize him for his current choice.

He was just using his own way to give Xianghua a breath of blood.

While Wiliam and Feng Xue were walking in the abyss of peach blossoms, Feng Xue was immediately attracted by the scenery here.

Aside from those dangers, this is indeed a paradise.

It can make everyone who is in love look forward to it.

Moreover, since Wiliam came in, this place seems to be alive.

The danger that Wiliam experienced here before is gone.

All that was left to them for this pair of butterflies in troubled times was the blossoming of flowers all the way.

Feng Xue held Wiliam's hand while admiring the scenery along the way.

I have a strange feeling in my heart.

It seems that just walking and walking like this, two people can live forever.

This is a very mysterious feeling.

After a while, the two came to the deepest part of the Peach Blossom Abyss, where the Lady Peach Blossom slept.

The sign of the flower and snake love is still there, as if telling something.

Before Wiliam could speak, the door of the small house where the Peach Blossom lived was automatically opened.

A gentle voice came from inside, "You finally came."

Hearing this sentence, Wiliam felt a mixed feeling in his heart.

He took Feng Xue's hand, bowed respectfully to the small house, and then said, "Well, I'm here, and so is my wife."

"I know, come in, I'll wait for you inside." Peach Blossom Lady's voice came.

Wiliam took Feng Xue's hand and walked into the small room.

After entering, they saw at a glance a woman with an attractive but sad expression sitting in front of the table in the log cabin.

She is Peach Blossom Lady.

The Lady of Peach Blossom motioned Wiliam and the others to come over, and said with a smile, "As soon as you stepped into the Peach Blossom Abyss, I woke up. Come and taste the peach blossom stuffing I just made."

On that small table, there was a jug of wine that looked rough in appearance, and three glasses.

The wine in the glass is pink and crystal clear, which makes people feel very beautiful at a glance.

Moreover, because of these three glasses of wine, the aroma of wine and peach is overflowing in this small house.

William took Feng Xue and sat next to Lady Peach Blossom.

Lady Peach Blossom was not in a hurry to drink, but looked at the woman beside William with interest.

“Are you William’s wife?” Lady Peach Blossom asked gently.

Feng Xue actually didn’t dare to look directly at Madam Peach Blossom from the first moment she saw her.

It’s like doing something wrong.

At this time, she raised her head, took a breath, and looked at Lady Peach Blossom.

“Well, Mrs. Peach Blossom. I asked William to bring him here to visit you. My name is Bai Fengxue, and I’m William’s wife.” Feng Xue’s face turned slightly red.

She didn’t drink, she looked like she was drunk.

Madam Peach Blossom looked at such a snowstorm, and suddenly smiled, “Why are you William’s wife, you are now...”

“And my wife.”
