

Dragon Husband 1723 Part 1

Chapter 1723 I'm sick

Hearing Wiliam's words, everyone at the scene was stunned.

Is Qin Zhanxiong really sick?

This can't be done!

A person lying in bed for more than a year is either sick or old.

But Qin Zhanxiong was only in his fifties, so he was in his prime.

And if it's pretending to be sick, it won't do him any good.

After Su Qingshan heard Wiliam's words, he laughed outright, with a playful expression on his face.

He was naturally proud that someone had verified his words.

On the other hand, he also despised this young man even more.

Say what is not sick, just pick up people's teeth and wisdom.

Qin Sheng walked over, pulled Wiliam's shoulders, and asked in a low voice, "Wiliam, you are not mistaken, right? How is this possible?"

Wiliam shook his head and said with a smile, "I checked your father's pulse carefully just now, and it beats steadily and powerfully. Obviously, it's not illness that caused him to be immobile."

"What the hell is that? Why am I getting more and more confused!" Qin Shengzhong asked Wiliam blankly.

Qin Nuoshi also came over and looked at Wiliam with a dissatisfied face, "You kid, don't talk nonsense here and make up mysteries, what do you want from us, Lanshan Zhige, do you think I don't know?"

The scene was obviously a mess.

"Be quiet and listen to him!" Although Qin Shengzhong didn't know what Wiliam was talking about, he intuitively told himself to trust Wiliam.

After all, Wiliam's character is quite strong.

The scene was finally quiet, and they all looked at Wiliam.

Wiliam looked around and said lightly, "Sect Master Qin is not sick, but his heart is sick."

This time, the scene that had just quieted down exploded again.

Qin Nuoshi seemed to want to punch Wiliam, "You are courting death! Dare to curse my father in public!"

Wiliam gave up slightly, looked at Qin Nuoshi coldly, and said again: "Also, this kind of heart disease is caused by you."

Um?

The people at the scene became more and more confused by what Wiliam said.

How did they make it!

For the past two years, they have racked their brains and tried their best for the Sect Master's illness!

Damn this kid!

Qin Sheng stepped in front of Wiliam, protected Wiliam, and stared coldly at the people in front of him.

"Qin Shengzhong! Do you still want to protect this kid?" Qin Nuoshi looked at Qin Shengzhong furiously.

Qin Shengzhong looked indifferent, but asked calmly: "I think, even if he speaks wildly or makes mistakes, he still has the qualifications."

"Are you crazy!" Everyone stared at Qin Shengzhong with wide eyes.

Qin Shengzhong just asked, "do you know who he is? Do you know his name?"

Qin Nuoshi immediately laughed and looked at Wiliam maliciously, "I don't care who he is! Even if Lao Tzu came over and slandered my father and all the brothers present, I would never forgive him!"

The people at the scene also spoke out to support Qin Nuoshi.

After all, Qin Shengzhong's performance just now disappointed everyone.

Facing everyone's doubts and clamor, Qin Shengzhong also laughed.

There were four words in his mouth.

“His name is Wiliam...”

“I don’t care if he’s called Wiliam or Lu Ri! I...” Some people started ranting after hearing Qin Shengzhong’s words.

Dragon Husband 1723 Part 2

But when he sprayed, his mouth closed and his eyes widened.

Lu what?

Wiliam!

This name is so familiar!

No, I can’t say I’m so familiar!

It should be said that it is printed in everyone’s soul!

After all, they also heard about the nine qualifying events.

It can be clearly said that there is no full support from Wiliam!

It can even be said that there is no Wiliam’s opposition!

Lanshan Zhige couldn’t sit in the position of the Nine Sects at all!

It was not Qin Shengzhong, but Wiliam who single-handedly sent Lanshan Zhige into the Nine Sects.

The biggest benefactor in the history of Lanshan Zhige said a few words or two to slander Lanshan Zhige, is there a problem?

No problem at all!

Even if Wiliam pointed at Qin Zhanxiong’s nose and cursed his mother, Qin Zhanxiong probably wouldn’t get angry for a while.

Everyone was dumbfounded, staring blankly at Wiliam, speechless.

Never thought that the benefactor in their hearts would grow up like this.

so young...

Qin Nuoshi's expression suddenly became embarrassed.

Just now he was irrational to Wiliam over and over again.

He also said that the King of Heaven will never forgive him when he comes.

It is not the King of Heaven who has come now.

But Wiliam.

For Lanshan Zhige, Wiliam, who is more important than Tianwang Laozi.

"Wiliam, which Wiliam? Is that Wiliam?" Someone still couldn't believe it, whispering in a low voice, all eyes on Wiliam.

Qin Sheng nodded and said heavily: "It's the Wiliam you thought! The Wiliam who pulled our Lanshan Zhige into the Nine Sects with one hand."

Speaking of this, Qin Shengzhong's waist straightened inexplicably!

It was as if the resentment just now was completely poured out.

I want you to be rude to Wiliam just now!

What is a sea god doctor!

Compared with Wiliam, it is nothing!

See if you dare to be rude to Wiliam!

"It's really him, he actually came to our sect!" Those people confirmed Wiliam's identity, all of them were surprised, and their expressions became respectful.

The people who stopped Ge in Lanshan were a group of rough old men, and they didn't have so many twists and turns in their hearts.

They only know that whoever is kind to them must respect and repay!

This is the most basic principle of being a human being.

"So, Wiliam said a word or two, what's wrong! What's wrong!" Qin Shengzhong's voice became louder.

He now has the feeling of a fox and a tiger.

Relying on Wiliam's kindness to Lanshan Zhige, he is full of confidence.

At this moment, looking at the expressions of these people at the scene, Qin Shengzhong felt more comfortable.

Even Qin Shengzhong found a sense of vanity and satisfaction.

These eyes, these people have never been so devoted to themselves.

Now, when one person attains the Tao, the chicken and the dog ascend to heaven.

"Wiliam? What Wiliam? What the hell are you guys playing! Are you planning to change the subject?" Su Qingshan on the side was unhappy.

Because no matter where he goes, he will always be the focus.

However, after Qin Sheng re-introduced Wiliam's identity, this focus was completely broken.

Everyone's eyes were on Wiliam, and no one looked at him at all.

This feeling of being ignored made Su Qingshan feel humiliated.

So he was very unhappy.

Seeing that no one was taking care of him, he snorted coldly and said as if he was going to leave: "Okay! Stop Ge in Lanshan! I remember it! I'm leaving now! I will never take your suzerain's injury again. Let's go!"

This time, the threat worked.

Immediately someone looked at him.

Qin Nuo Shi!

Qin Nuoshi just turned his head and glanced at it, quickly cupped his hands, and said, "Go slowly, don't send it."

His face turned back again, and his eyes fell on Wiliam again!
